Benefit He Received from Paine's Celery Compound.

With Perfect Nerves and Good Blood He Has Won the Highest Position in His Calling.

On December 14, last, the proprietors of Paine's Celery Compound found the following letter among their mail:

"I have had no correspondence on the subject; they did not know Mr. Musham, except by reputation. Like every testimonial of this great medicine that was ever printed, it came to me unsolicited and unsought. The proprietors of Paine's Celery Compound have never found it necessary to manufacture or edit any testimonial. They have never found it necessary to manufacture or edit any testimonial.

"Gentlemen—Your remedy, Paine's Celery Compound, is all that you claim for it, and is certainly a boon to humanity. I have tried it, and have secured great benefits from it when suffering from indigestion or its companion, nervousness. I am told that many of the boys in the department are using Paine's Celery Compound with very satisfactory results. I can heartily recommend Paine's Celery Compound for those who suffer from lack of energy, nervousness, indigestion and similar ailments. Yours truly, W. H. MUSHAM, 'Fire Marshal' Chicago, Ill., Dec. 11, 1901.

Correct Diagnosis, Followed by Correct Treatment, Means Success.

Many Men Treated for a Weakness Which Never Existed.

In the largest proportion of cases of lost vitality, premature, and the urethra and prostate gland, caused by a contracted disorder or too often repeated and too long-continued excitement, so react on the organs that a condition of diminished vitality and function is induced. Our knowledge of the morbid changes in the organs themselves is quite clear and full, but how these changes operate on the nerves and spinal cord center are mysteries to the medical profession. Whatever the morbid change may be, however, a malle of the above-mentioned and well-defined morbid conditions, it seems that even the unprofessional patient must understand that stomach-brugging will not cure, but efforts directed toward repairing the damaged tract will restore. In practice such is the case, as the treatment on these lines never fails to accomplish the desired result. Colored chart sent on application.
