

ATTACK UPON TAFT

Patterson Says He Misrepresented the Situation

FOR CERTAIN MOTIVES UNKNOWN

Colorado Senator's First Speech on the Philippine Question—Denounced the Commission's Sedition Laws.

WASHINGTON, Feb. 20.—With the exception of a few minutes given to routine business, the Senate today devoted its entire session to the Philippine question. Patterson, one of the minority members of the Philippine committee, delivered his first extended speech in the Senate, and was given a most attentive hearing. He discussed principally the sedition laws enacted by the Philippine Commission, vigorously attacking the authority of the commission to enact and enforce such laws. He maintained that Congress alone had the power to put in force enactments of that character. He compared information furnished by the executive department with the statements of Governor Taft in his testimony before the Philippine committee with respect to the capabilities of the Philippine people, and declared with some heat his belief that Governor Taft misrepresented the true situation in the islands for motives unknown. He asserted that approximately 600 of Christians in the Philippines were Protestant Christians, the cruelties practiced on them by the American authorities would have to stop, as no member of Congress would be able to withstand the wrath of the Methodists, Baptists and Presbyterians of this country.

Administration Policies in the Islands.

The Proceedings. At the conclusion of routine business consideration was resumed of the Philippine tariff bill. Patterson, a member of the Philippine committee, the Senate discussed the treason and sedition laws enacted and enforced as tyrannical and oppressive. He maintained that the decision of the United States Supreme Court seems to indicate that when the question was presented unqualifiedly to that court it would be held that the bill of rights would be extended to the Philippines, and that they were as a fact entitled to the limits of the Constitution of the United States. He maintained that when the question finally should come before the Supreme Court it would be held that the rights of free speech and a free press in the Philippine Islands would be protected fully and beyond any doubt. He said that it was a "new and strange sovereignty" which the Philippine Commission sought to enforce such laws as had been put in effect in the Philippines, and he challenged the authority of the commission to test such laws.

LONG MAY SOON RESIGN.

Now That the Schley Case is Settled, He is Ready to Retire.

WASHINGTON, Feb. 20.—Now that the Schley matter has been settled officially, it is understood that Secretary Long feels that because they had to carry out the project cherished by him to retire to private life. However, this is not expected to ensue at once, for there is not certain knowledge as to what may follow in Congress, notwithstanding the fact that the administration stands that the case is now settled beyond revival. Therefore, it is understood that the change in the cabinet will not take place until next autumn.

SCHLEY CASE CLOSED.

Secretary Long Believes the Matter Has Been Brought to an End.

WASHINGTON, Feb. 20.—Secretary Long, referring to the President's statements upon the appeal of Admiral Schley today, said: "I have no comment to make on the President's bill upon the appeal of Admiral Schley, except to express my appreciation of its thorough, conscientious, straightforward character. It is, in my opinion, a gratifying that the Navy Department has received the following personal note from the White House announcing the President's action in the case of Admiral Schley: 'White House, Washington, Feb. 19, 1902.—My Dear Secretary: The President requests me to state that after a full and most careful consideration of the appeal of Admiral Schley and of the answer submitted thereto by the Navy Department through you, he has made the enclosed memorandum on the case which he directs shall be filed therewith, and the case closed. Very truly yours, 'GEORGE B. CORTLEYLON,' 'Secretary to the President.'"

Rich Strike of Silver Ore.

HELENA, Mont., Feb. 20.—The United Smelting & Refining Company's smelter at East Helena has received a shipment of silver ore, which is believed to be the richest ever made in the state. The ore assays 200, and is approximately one-quarter silver. The shipment is made from the London mine, at Nichart, which is owned by William Mueller. The strike is said to be phenomenal, great quantities of the ore being found, being so malleable as to be almost cut with a knife.

New Political Party.

ST. LOUIS, Feb. 20.—The Allied party of Missouri, which was organized at Kansas City last September, and which, according to J. H. Cook, of Carthage, its state chairman, is composed of "public-ownership men from both wings of the Democratic party, the liberal wing of the Socialist organization, Bryan Democrats and Silver Republicans," met here today for the purpose of adopting a platform and selecting a state ticket.

Bound for Manila.

CHICAGO, Feb. 20.—The Second and Third Battalions of the Twenty-ninth United States Infantry, numbering 800 men, left Fort Sheridan today, bound for Manila, P. I., where they will be commanded by Colonel T. F. Fox in command. The regiment will sail on the transport Meade, March 1.

Fire at La Fayette, Ind.

LA FAYETTE, Ind., Feb. 20.—Loeb & Hahn's dry-goods store was destroyed by fire this morning. Loss, \$200,000. The Journal and Call newspaper offices were seriously damaged.

EDUCATION OF INDIANS

ONSLAUGHT IN THE HOUSE ON THE PRESENT PRACTICE.

Motion Made to Strike Out the Appropriation for the School at Carlisle.

WASHINGTON, Feb. 20.—The House spent the day working on the Indian appropriation bill. Forty-two of the 62 pages were disposed of. Several amendments were adopted, none of much importance. The appropriation for preliminary work on the reservoirs for the Gila River Valley went over on a point of order. Smith (Dem. Ariz.) offered an amendment to strike out the appropriation for the Carlisle School, and it became the text for a general onslaught on the practice of educating the Indians in Eastern schools. His amendment was defeated.

The Proceedings.

The general debate on the bill having

ent, who, he said, had been charged with permitting the debauching of Indian girls.

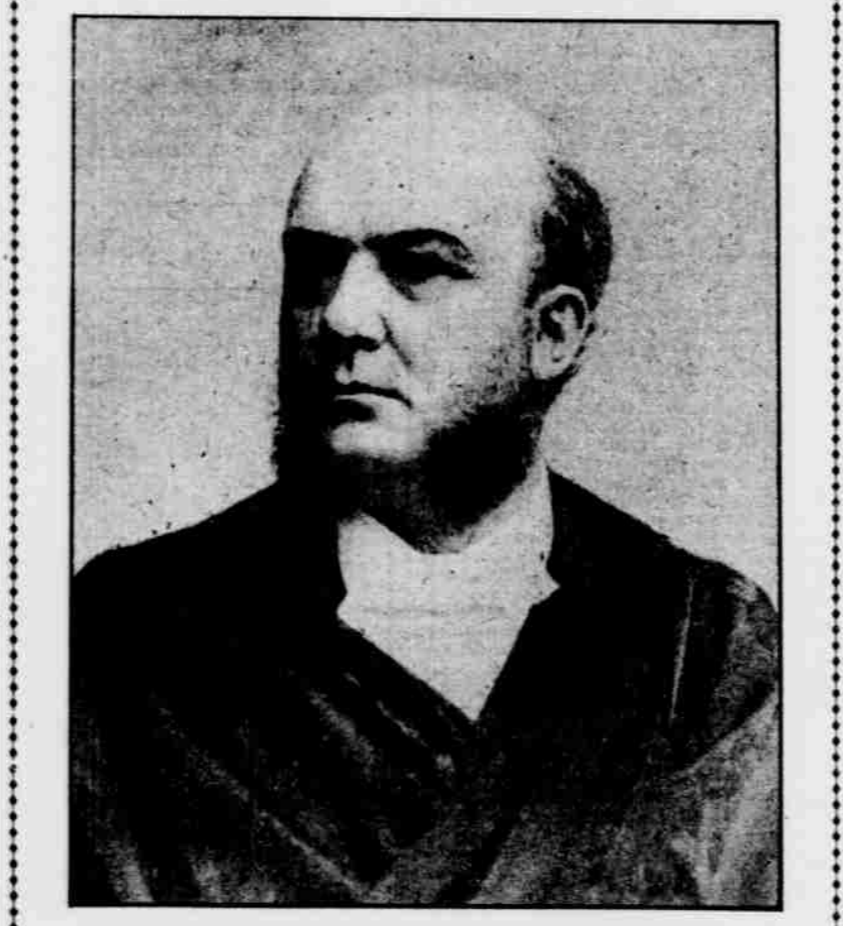

Sherman declared that if the superintendent had been guilty of the practices charged, the civil service law would not protect him, and that if evidence were produced to justify the charges, the Commissioner of Indian Affairs would dismiss him instantly. He proposed that Fitzgerald go with him to the Indian Office tomorrow and investigate the whole matter. "If any one has been guilty of the things charged," he said, "he will be out of the service before night."

Without action on the amendment, the House, at 4:35 P. M., adjourned.

Indian Superintendent Denies It.

MOUNT PLEASANT, Mich., Feb. 20.—Superintendent Nardin, of the Indian school near this city, when informed of the charges made against him in Washington, was intensely indignant. "There is nothing for me to do in the present circumstances beyond denouncing the whole statement as a pure, complete and malicious falsification. I cannot understand who any enemies can be in the matter, but there must be some hidden reason for the filing of such charges. The Arapahoe Indians, whom I had under my charge at the Shoshone agency, were especially hard to manage, but any insti-

SUPREME JUSTICE HORACE GRAY

WHO HAS BEEN STRICKEN WITH A PARALYTIC STROKE.

WASHINGTON, Feb. 20.—Justice Horace Gray, of the Supreme Court, has suffered an attack of paralysis, but it is stated that there is every reason to expect his recovery. The attack occurred Tuesday night. His mind is clear, but he has lost the muscular control of a part of his body. Justice Gray has been well for some time, and at his advanced age, 74 years, his condition gives rise to some apprehension as to the outcome.

closed yesterday, it was read for amendment under the five-minute rule.

Sherman (Rep. N. Y.), chairman of the Indian committee, who was in charge of the measure, explained the bill carried \$4,611,505, being \$1,371,234 more than the estimates, but \$1,275,136 less than the amount carried by the current law.

Amendments were adopted to increase the number of acres to be held by members of the Creek Nation until allotments are made from 100 to 150, and to reduce the number of acres to be held by each member of the Cherokee Nation from 130 to 105.

James (Rep. Wash.) offered an amendment, which was adopted, to appropriate \$12,000 to remove the Wenatchee Indians on the Columbia River to the Colville reservation. Another amendment was adopted, appropriating \$100,000 to remove the Interior Department Indians on the Columbia River to the Colville reservation. Another amendment was adopted, appropriating \$100,000 to remove the Interior Department Indians on the Columbia River to the Colville reservation.

BEST THING FOR FILIPINOS.

But Taft Says It Would Be Better for Us If We Were Not There.

WASHINGTON, Feb. 20.—Governor Taft discussed a dispositive condition in the Philippines before the Senate Philippine committee. Governor Taft said that much of the sickness among the American troops is due to exposure, and he incidentally made an appeal for liberal appropriations for the construction of barracks and for the protection of officers and men. The witness thought the high death rate of troops in the Philippines was not due to the guerrilla warfare, saying that it was impossible to get soldiers to observe the laws of hygiene.

Under Spanish rule," he said, "salaries were very low—so low that they were the plainest intimation that they (the Spanish) would expect to be expelled by the United States."

Continuing the general discussion of the conditions in the Philippines he expressed the opinion that the trade with the United States will ultimately increase and the islands will be self-supporting, even to the extent of sustaining the expenses of the United States.

"Do you believe what we are doing in the Philippines is best for the Philippines and for the people of the United States as well as for the Philippines?"

"I do," said Governor Taft. "We are pursuing the only course open to us and it is absolutely impossible for us to pursue any other course than the one we are following."

Confirmed by the Senate.

WASHINGTON, Feb. 20.—The Senate today confirmed the following nominations: Brigadier-General, Colonel F. N. Gunter, artillery; Receiver of Public Moneys, G. A. Smith, at Salt Lake.

Representative Watson Renominated.

INDIANAPOLIS, Feb. 20.—At the Sixth Indiana Republican Congressional Convention today, held at Connersville, James E. Watson received unanimous renomination.

LIVESTOCK ON FARMS.

Census Bureau's Report on Domestic Animals.

WASHINGTON, Feb. 20.—The Census Bureau, in a report on domestic animals, fowls and bees in the United States June 1, 1900, announces that all the domestic livestock, and other animals, have a probable value of at least \$2,390,000,000. Of this amount, the value of the animals on farms and ranges constitute over 93 per cent. The total value of all domestic animals on farms and ranges was \$2,981,664,115, against \$2,398,767,513 in 1890. There was a gain in all parts of the country except in the North Atlantic States, where there was a decrease of horses, sheep and swine, making a total decrease of 3 per cent in value. The livestock on farms in the United States follows:

Calves ..... 15,330,333  
Steers ..... 15,235,192  
Bulls ..... 1,235,236  
Horses ..... 7,142,014  
Cows kept for milk ..... 1,235,236  
Cows ..... 1,113,478  
Horses ..... 15,332,694  
Mules ..... 3,273,647  
Asses and burros ..... 60,803  
Sheep ..... 61,600,811  
Swine ..... 62,571,257  
Goats ..... 2,711,257

Since 1890 the number of sheep decreased everywhere except in the West. The increase there was more than sufficient to balance the loss elsewhere, and made the number of wool-bearing sheep for the Nation 11 per cent greater than in 1890. The number of horses on farms increased, ex-

Promotion of Colonel Gunther.

WASHINGTON, Feb. 20.—The Senate in executive session today confirmed the nomination of Colonel Francis L. Gunther to be Brigadier-General. The nomination was only passed upon today by the Senate committee on military affairs, and under the rules of the Senate would have been considered at an executive session but for the fact that unanimous consent was given for action today. This was granted on the special plea of Senator Scott, of West Virginia, who served under General Gunther during the Civil War. He said that the officer would be retired for age Saturday, and that unless his nomination was now confirmed he would go on the retired list as a Colonel instead of a Brigadier-General.

Democratic Caucus Postponed.

WASHINGTON, Feb. 20.—The caucus of Democratic Senators and for tomorrow has been postponed because of the early meeting of the Senate. No date is fixed for the caucus.

Opening of Crown Lands.

WASHINGTON, Feb. 20.—Senator Clark, of Montana, from the Senate committee on military affairs, today reported favor-

CONCESSION TO CUBA

STRAIGHT RECIPROcity PROPOSAL MEETS WITH FAVOR.

Forty Per Cent Reduction on Each Side, Without Any Further Complications.

WASHINGTON, Feb. 20.—The Republican members of the ways and means committee were in private conference for three hours this afternoon, on the subject of Cuban reciprocity, and, although the conference went over without action until tomorrow, the members did themselves for the first time in possession of a proposition commanding much strength and understood to represent the attitude of the Administration. This proposition was brought forward by Representative Long, of Kansas, and authorized an act of reciprocity, since it is prepared to grant 40 per cent reduction in duties on United States exports to the island, to grant to Cuba a similar reduction of 40 per cent on all products of the island coming to the United States. This was a straight reciprocity proposition, each side granting 40 per cent reduction without the complications appearing in some of the other propositions as to the method of payment, etc.

Long's proposition drew out extended discussion, in which Payne, the chairman, Mr. McCall indicated a disposition to support it. Various other propositions were put forward and discussed, but none took definite form beyond that of Long. It is understood that the issue is likely to be decided this afternoon, since it is believed to represent the concessions the Administration believes should be granted on each side.

PAIN'S CELERY COMPOUND

Makes Nerve Fiber and Nerve Force, Cleanses the Blood and Strengthens and Gives Tone to Every Function of the Body.

"As a medicine for doing immediate and effective work in sickness, resulting from impaired nerves and impure blood, my family considers your Paine's Celery Compound without a peer." "It strengthens and gives tone to the system." "It has saved many a doctor's bill."

So writes J. J. Donahue, Chief of Police of Omaha, to the proprietors of this never-failing remedy. Paine's Celery Compound makes nerve fiber and nerve force, and imparts true health to body and brain. It is the only known positive cure for nervous prostration, resulting from business responsibilities, irregular habits and overwork.

Paine's Celery Compound is the one great remedy for dyspepsia and weak nerves. Dyspepsia is caused by acute inflammation of the nerves centered about the stomach. Palpitation of the heart, dizziness, cardialgia and distention of the stomach are common in dyspepsia. Languor and irresistible drowsiness are certain symptoms.

Paine's Celery Compound keeps the muscular walls of the stomach in vigorous action until the process of digestion is made complete. It restores energy, gives renewed vigor to all affected parts, checks dizziness and allays heartburn. It is a safe and reliable cure for nervous dyspepsia.

Paine's Celery Compound will build up weakened and inflamed nerves, keep the stomach, liver and kidneys in healthy action, and make mind and body healthy. It is the greatest reconstructant of the nervous system known to medical science. It permanently cures nervous exhaustion. It is particularly efficacious in all cases where the afflicted are "worn out" and "run down."

If you have the first symptom of falling health, if you are conscious that something is wrong, that you lack strength, if the buoyant feeling of perfect health does not return after each night's sleep, it is time to give the nerves and blood the food that Nature requires. Paine's Celery Compound is really called Nature's medicine. Medical science has failed to produce its equal as a nerve tonic and vitalizer, it purifies the blood, restores to healthy

action every function, remedies depression and languor, strengthens the kidneys to perform properly their work, allays indigestion and gives tone to the whole system.

The remarkable increase in the demand for Paine's Celery Compound in the last few years is due to the one fact that every person who has ever tried a single bottle of this greatest of restoratives has found that the remedy accomplishes what no other remedy does. It accomplishes all that is claimed for it. A sample trial will convince the reader.

ably the bill for the ratification of the treaty with the Crow Indians for the cession and opening to settlement of about 1,000 acres of their reservation in Montana.

The Philippine Independence.

WASHINGTON, Feb. 20.—Senator Bacon today gave notice of his intention to offer an amendment to the Philippine tariff bill, declaring it to be the intention of the United States, when order shall be restored in the Philippine Islands, to allow the creation of a government for and by the Philippine people, and to guarantee to them the same degree of liberty and independence that this country has pledged to the Cubans.

Against Bad Beer.

WASHINGTON, Feb. 20.—Representative Southwick, of New York, today introduced a bill to prevent the brewing of inferior beer. It requires that malt and hops shall be the only products entering into the brewing of beer or ale, and that no other products than barley, wheat and rye shall enter into the manufacture of malt.

Presidential Nominations.

WASHINGTON, Feb. 20.—The President today sent the following nominations to the Senate: Postmasters—Montana, Maurice Deering, Jr.; Maryland, Washington; Louisiana, Lamphere, Palouse; Albert S. Dickinson, Wabburg.

Y. M. C. A. Buildings at Army Posts.

WASHINGTON, Feb. 20.—Senator Havelock, from the Senate committee on military affairs, today reported favorably the bill authorizing the Young Men's Christian Association to erect buildings at military posts on Government reservations.

Confirmed by the Senate.

WASHINGTON, Feb. 20.—The Senate today confirmed the following nominations: Brigadier-General, Colonel F. N. Gunter, artillery; Receiver of Public Moneys, G. A. Smith, at Salt Lake.
