

MORE WOE FOR ANDREWS

THIRD WARRANT ISSUED FOR THE DETROIT FINANCIER. Accused of Making a False Report on the Condition of the City Savings Bank.

DETROIT, Mich., Feb. 21.—A third warrant was issued today for Frank C. Andrews, vice-president of the City Savings Bank, which is in the hands of a receiver, on a complaint charging him, together with another officer of the bank, for whom a warrant was also issued, with making a false report on the bank's condition to the State Banking Commission.

The complaint made today alleges falsification of the report, which was supposed to show the condition of the bank at the close of business February 5, 1901. The complaint charges that the loans and disbursements in the alleged falsified reports were \$15,000 out of the way. In the matter of overdrafts, the report stated that they amounted to \$18,000, whereas the books show, according to the complaint, that they amounted to \$18,367.58.

The report also shows that another director of the bank was liable to the bank as payer for \$2,000, whereas the complaint says the true amount should have been \$4,412.20. F. C. Andrews, as indorser, was reported to be liable for \$2,000, when the complaint says he should be liable in this capacity for \$2,000. The true amount indicates that Andrews was not liable in any amount for overdrafts, whereas the complaint says his account was overdrawn \$2,000.
