

HENRY AT MILWAUKEE

PRINCE SPENT SIX HOURS IN THE GERMAN-AMERICAN CITY.

Highly Enthusiastic Reception and Unique Entertainment by the Citizens—OF for Niagara.

MILWAUKEE, March 4.—Milwaukee was host to Prince Henry of Prussia for six hours this afternoon and gave him a reception that was highly numbered and an entertainment that was unique. His special train came at 4 o'clock and at 10 was away again on the long run to Niagara and New England. The intervening time was all given over to the reception and entertainment of the royal visitor. It began with a drive through the business and residential districts in review before a crowd that numbered 20,000. Then there was a public reception at which Governor LaFollette and Mayor David Rose voiced their welcome and the United Singing Societies raised their voices in a mighty chorus. There was also a splendid illumination and a thrilling night run of the Milwaukee fire department. Later there was a banquet, at which the Prince met the leading citizens of the city and state. The thousands of Germans resident in Milwaukee joined heartily in the welcome of the young Prince to whose house they once owed allegiance and enthusiasm of the German was gathered from throughout the state to assist in the reception. The special train bearing the Prince and his party ran up from Chicago over the Chicago, Milwaukee, St. Paul and Northern Pacific line. There was a cheering when the Prince appeared and another when he reached his carriage outside the station grounds. Mayor Rose and Admiral Evans entered his carriage and, flanked by police and guarded by troops of the First Wisconsin Cavalry, the drive through the city began. The business streets were crowded with people and the police had to fight to keep a driveway clear. Prince Henry was given the honor of riding in the first carriage to call across the new Grand Avenue Wisconsin-Street bridge, and at this point was reached Battery A, stationed on the lake front, fired a salute of 21 guns. The reception of the Prince as he drove through the streets was wildly enthusiastic and there was an ovation when he entered the Exposition building for the public reception. As he appeared and the reception committee, the Mannerchor chorus of 600 voices sang "Der Deutche Lied."

GERMANIA CLUB AND BANQUET HALL IN WHICH PRINCE HENRY WAS ENTERTAINED YESTERDAY

At the Exposition Building. There were 10,000 persons packed in the Exposition building, and it was long before the Prince could call across the new Grand Avenue Wisconsin-Street bridge, and at this point was reached Battery A, stationed on the lake front, fired a salute of 21 guns. The reception of the Prince as he drove through the streets was wildly enthusiastic and there was an ovation when he entered the Exposition building for the public reception. As he appeared and the reception committee, the Mannerchor chorus of 600 voices sang "Der Deutche Lied."

ends were roses and carnations. Among the banquet decorations was a miniature in flowers of the German yacht Hohenzollern, which was suspended from the center of the hall. Three toasts were proposed, those to the President of the United States and the Emperor of Germany being drunk while the orchestra played the National airs of the respective countries. These were followed by the toast, "Prince Henry of Prussia." The Prince responded as follows: "Gentlemen: I will occupy your attention but a very few moments, as I am a trifle hoarse, having lost something in this country, namely, my voice, which I hope, however, to regain. It is a pleasure to me to thank you for the hearty welcome you have offered me in this lovely, handsome and sympathetic city of yours, the principal city of Wisconsin, and famous for its spirit and industry. I have heard it acknowledged by you, as well as by others, that the development of Milwaukee is due largely to the German element among your citizens, a statement which fills my heart with pride and gladness, inasmuch as I look upon this German element as one of the strongest ties between Germany and the United States. I doubt not that those of German descent in the future, as in the past, will be a credit to that country which they proudly call their home. "The merits of the City of Milwaukee are known; its industrial products are recorded—not so, however, at one point where I could not help noticing in passing through the crowded streets of the city today—in brief, the charming, handsome, sweet and pretty faces belonging to the ever fair sex (applause, cries of "Well, well, well," and "bravo"), which are abundant in this city. Allow me to drink to the health and prosperity of the lovely City of Milwaukee. "At the conclusion of Prince Henry's remarks Mayor Rose presented to Prince Henry an elegantly bound album, containing photographs of Milwaukee's public buildings and some of the beautiful residences of the city. Prince Henry left for the East at 10 o'clock on a special train. A large crowd greeted him as he took his farewell.

SEES SIGHTS OF CHICAGO

PRINCE HENRY'S SECOND DAY AT THE WINDY CITY.

Drive Through the Business District—Places Wreath on Lincoln Monument.

CHICAGO, March 4.—The Chicago which Prince Henry of Prussia saw last night by the glare of many lights was presented to him today by the clearer light of the sun. The welcome which he received last night was repeated and emphasized, and he was given further opportunity to enjoy his expressed desire of meeting American citizens at close range. During the day he listened to an address from the Central Band of St. Paul, placed a wreath on the Lincoln monument in Lincoln Park and enjoyed a luncheon and reception at the Germania Club. The Prince, contrary to expectations, rose early. But he was no energetic man. He was dressed in a simple suit, and he was accompanied by a small party. He was driven through the business district, and he placed a wreath on the Lincoln monument in Lincoln Park. He then enjoyed a luncheon and reception at the Germania Club. ONLY A SUGGESTION.

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest, and that food should be albuminous or flesh-forming. In other words, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare. The Kreuz Zeitung devotes two columns to advocating the establishment of a direct news service between Germany and the United States, avoiding English channels. where, the paper assumes, intelligence is given a political bias. Hohenzollern Officers Entertained. NEW YORK, March 4.—The officers of the imperial yacht Hohenzollern were entertained tonight by the Lederkrans Society and the Arion Society, at the former's hall. Minimum Wage Scale for Teachers. COLUMBUS, O., March 4.—A unique extension of the scope of organized labor is contemplated in a bill just introduced in the House by Mr. Bracken, a labor leader who is a member of the Franklin County delegation. It establishes a minimum wage scale for teachers in the public schools. The teachers say that the amount of compensation in the profession is so widely divergent in the several cities and counties of the state that no just or uniform basis can be established. They placed their grievances before Mr. Bracken, and the bill was the result. It provides the following schedule of salaries: For teachers holding certificates of one year, without experience, \$2 a day; with from one to five years' experience, \$2.12; with more than five years' experience, \$2.25; two-year certificates with from two to five years' experience, \$2.50; more than five years' experience, \$2.75; three-year certificates, two to five years' experience, \$2.75; with more than five years' experience, \$2.75; five years' certificates, \$2.75. The bill provides that the new schedule shall become operative August 1, 1902.

EMPEROR WILLIAM PLEASSED.

Not Offended by the Tone of Miss Roosevelt's Telegram.

BERLIN, March 4.—Emperor William, instead of being displeased at the telegram of Miss Alice Roosevelt concerning the launching of the Meteor, as some of the English newspapers aver, because of its familiar tone, was, on the contrary, very much pleased with it. A member of the Cabinet relates that, after an audience with Emperor William, February 28, official business having been finished, he was left to leave. The Kaiser remarked: "I must show you the charming telegram I have just received from Miss Alice Roosevelt." To other members of his entourage the Emperor also expressed his pleasure over this telegram, and has praised its natural and uncontrived form. The correspondent here of the Associated Press has been officially informed of Emperor William's satisfaction at the reception accorded to Prince Henry. The informant of the correspondent has seen all Emperor William's marginal notes on the reports of Prince Henry's trip. He said: "His Majesty is in the highest degree pleased with Prince Henry's reception from his arrival in America, and especially with that accorded by President Roosevelt and his family. The Emperor has also expressed himself as delighted with the enthusiasm of the welcome to his brother." The German newspaper men are immensely impressed with Prince Henry's bearing toward the newspaper men of the United States, and believe that Emperor William's perception of the influence of the press on national opinion in the United States will affect favorably the relations of the crown to the home press. Herr Bachem, the editor of the Cologne Volks Zeitung, in an article in which he intimates the present and future relations of the press and political positions of editors here and in the United States, where newspaper men are selected to serve as Cabinet Ministers and Ambassadors not because they are better educated or more able, but Herr Bachem says, because they receive high salaries. Herr Bachem is of the opinion that the journey of Prince Henry will not modify the aspirations of the United States, which are conceived to be, first, to break into European markets while excluding Europe from its own markets, and second, to divide the mastery of the seas with Great Britain. Germany's political relations, he says, will certainly be improved as a result of the visit of the Emperor and his family, and feeling will be increased. But Germany must expect the United States to pursue its own economic aims, and Germany must do likewise. The Kreuz Zeitung, one of the best favorite topics is American hatred for Germany, says today that it believes the visit of the Prince has already initiated transformations for the better. The paper says: "The visit is calculated permanently to enlighten American public opinion to the fact that neither hostile nor even unfriendly sentiments are manifested or cherished by the German Empire against the American people."

MISS ALICE BROWN. Miss Alice Brown, the well-known trained nurse, is in a position to speak with knowledge. She was formerly with the St. Louis Baptist Hospital, and has had many trying experiences in her arduous vocation. She adds her valuable testimony to the thousands already received by Swamp-Root. She said in a signed interview with a reporter of the St. Louis Star: "Although a woman in my position can receive plenty of prescriptions from physicians without cost, it was upon the advice of a well-known West End doctor that I began to take Swamp-Root. No, I will not tell you his name, for he might not like it. But all the same, I took it when I was run down from night work in the sickroom. I was thin and yellow and tired even when I rose from my sleep. Swamp-Root gave me a relish for my food and cleared my blood from its stagnant impurities. Of course, I do not praise Swamp-Root as a cure for all troubles, but it is splendid for the kidneys, stomach and bowels and relieves female disorders when all other remedies have failed to give relief. I know of many cases in the hospital cured by this wonderful remedy."

Harvey Logan's Stolen Notes. KNOXVILLE, Tenn., March 4.—H. G. McIntyre, representing a Helena, Mont., bank, left tonight for the West with \$600 of the Montana Bank notes recovered by the police, following the arrest of Kid Curry, alias Harvey Logan. At a conference, attended by United States officers, it was decided to turn all the money over to McIntyre, who received a small amount to be used at the trial of Curry. All the merchants who had accepted any of the money were reimbursed and a guarantee bond made by McIntyre. This makes \$250,000 recovered out of a total of \$400,000 secured from the Great Northern express robbery. Preferred Stock String Beans. New York's finest production.

IMPORTANCE OF CORRECT DIAGNOSIS IN DISORDERS OF MEN ONLY

But the trouble is that while we eat enough and generally too much, the stomach from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming foodstuffs and eggs and similar whole-some food. There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or indigestion between their stomachs. If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets, the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastases which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor. Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children. Invalids and children, even the most delicate, use them with marked benefit, as they contain no strong, irritating drugs, no cathartic nor any harmful ingredients. Stuart's Dyspepsia Tablets is the most successful and most widely known of any remedy for stomach troubles, because it is the most reasonable and scientific of modern medicines. Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for complete treatment. Get the full particulars and how to cure your stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

PRIVILEGE TRADING.

How the Supreme Court Decision is Viewed on the Chicago Board.

CHICAGO, March 4.—The decision of the United States Supreme Court upholding the Illinois law against trading in puts and calls has been commented upon by members of the Board of Trade. A. V. Booth, the member who loses his case, said: "It appears to be all off with privilege trading in Illinois, though it is still legal in Wisconsin, Minnesota, Missouri and New York. The larger markets in all these states have a 'put' and 'call' trade. The thing now is for some interested parties to take steps to have the Illinois law repealed. Whether this will be done or not I cannot say. Certainly there will be no trading of this character in Illinois, where the penalty runs up to \$1000, with imprisonment from one to five years." Vice-President Adams, of the Board of Trade, was glad the constitutionality of the law had been passed on and upheld. "So far as I know," he said, "the Board of Trade would not oppose the repeal of the law against 'puts' and 'calls'; but so long as it is on the books the members of the Board must observe it." Prior to the campaign against privilege trading made by President Warren, of the Board of Trade, two years ago, says the Tribune, the violation of the laws of Illinois, which for a number of years had been a dead letter on the statute books, was open and general. When, however, the Board of Trade was concerned, the plan of transferring the scene of operations to Milwaukee was devised. The base, however, remained in Chicago, though gradually the business fell into a disrepute which materially restricted its volume. There was a dislike on the part of a majority of the membership to evade the Illinois law or the rules of the Board of Trade by wiring the orders to Milwaukee and having them executed there. For which reason the practice fell off until now the volume of put and call business originating here, according to Mr. Booth, is comparatively small. Preferred Stock Sliced Peaches. Nothing can be nicer.
