PORTLAND'S NEW STORE

You're welcome either to look or to buy!

THESE few introductory WORDS will PROVE BENEFICIAL to every student of quality and economy, as this store is connected with forty-eight of the largest department stores in the West, who are organized for the protection of their patrons and themselves. This institution's business policy is conservative, yet broad and colossal, and every environment here is of a BOLD AND FEARLESS TYPE that signifies a determination to win in the race for public patronage. We seek no favors. We do not beg for trade, but we bid for it on the CHARACTER, SCOPE AND CONDUCT that shall be pre-eminent in this store's daily life! Progressive methods shall find recognition here and when we make the ASSERTION that we can save you money on every article you buy, we stand ready to prove THAT statement in every SOLITARY SENSE or you get your money back for the asking. Tomorrow, at 10 A. M., our doors will be thrown "open wide" to the appreciative people of Oregon, and while our location is not the best, yet the economy in trading here will be made so decidedly plain that you will readily realize this the trading "Mecca" for all economical people. And then again, we promise to build a more elaborate shopping "home" when events and occasion demand it. Our floor space is inadequate, but accommodating and pleasant salespeople will make things agreeable. Come to our opening tomorrow. You are thrice welcome! Come!

The Store Proper. Over 25 different departments, each of vital interest to the Home, beckon you to the greatest shopping center in this section of the country! In Dry Goods, Notions, Clothing and Shoes our leadership is emphatically pronounced in style, quality and price. Newness and originality, attractiveness and exclusiveness is indelibly stamped on every article finding representation. Our New York buyers have permanent orders from us to purchase anything that is up-to-date in style and material that vividly protects our customers in price. We buy the Best in the Market at an invariable saving of cost—you ask why —IT'S CASH.

Cardinal Characteristics. Our system of doing a strictly cash business protects you as well as ourselves. You in the low price quotations we are able to give, and us in the discounts we secure and in the BIDDERS our Eastern buyers secure for the CASH we control. The "System" of selling for cash is one from which, for no consideration, will we depart! We gladly return money on any unsatisfactory purchase and our salespeople receive Special Instructions from us, to exchange goods precisely as obligingly as they sell them. You are welcome here either to Look or Buy and the same careful courtesy will mark your treatment under any and every condition. Our guarantee guarantees, and this can't be truly stated of many other stores.

A Permanent Shopping Place. This store is not instigated for a limited existence—it's HOME will be here for years to come, and its treatment of you will always be of that cheerful and honest kind that attracts by merit alone. Your trade will result in the conclusion that this is the place to trade, for SERVICE, Style, Quality and Low Pricedness. The Store will grow bigger, Brighter and Better and as it's of mutual interest, we ask your assistance.

Tomorrow's Sale. In tomorrow morning's Oregonian you will find attractive items displayed in this space. Let it be understood now, that this store is a permanent fixture here, and that when it pleases it will give special values in a public way. Our New York buyers knew no better method by which to gain your attention than by sending to us over \$16,000 worth of sample goods and mill ends! Tomorrow we place these goods on sale and you can use them as a criterion of what you can expect from a store as GREAT and HONEST as this! Quality stands behind every price we quote, and this sale will prove a VALUABLE introduction to our methods of doing business and to the FAIR DEALING policy, always pre-eminent in our business life! We urgently advise early shopping—it's better for you and for us. Store opens at 10 A. M.

A Money-Saving Place. Weigh these words well. The meaning is broad. Appearances do not always prove as vision dictates. The price of an article does not designate it as a bargain. All we seek is a comparison of BOTH VALUE and PRICE — the decision you render will be pleasing to us—your trade will follow! You'll never find a shadow of retrogression. A definite plan of advancement has been inaugurated that will ever be of timely interest! New ideas will be reared from this concern, and newness and originality will never lose its magnetism. Another word about price: If we can't save you money—we don't want your trade! Is that concise and liberal enough?
