

SHIP BILL BY

Vest and Mallory, Scheduled to Speak on It, Were Sick.

DIPLOMATIC BILL WAS PASSED

Bacon Continued His Address on the Measure Providing for the Protection of the President.

WASHINGTON, March 7.—On account of the indisposition of Vest and Mallory, who expected to speak today on the pending ship subsidy bill, that measure was not considered by the Senate today.

The diplomatic appropriation bill was passed and the Senate took up the measure for the protection of the President of the United States. Bacon continued his speech begun yesterday in opposition to the bill, making an extended constitutional argument against it. The Senate agreed to make the bill the unfinished business at the conclusion of consideration of the ship subsidy bill.

THE DEATH ROLL.

Judge Martin R. M. Wallace. CHICAGO, March 7.—Judge Martin R. Wallace, a pioneer resident of Chicago and a prominent character, with a long life full of notable incidents, is dead, aged 74 years. For 33 years, Judge Wallace had been a police magistrate. He left the bench on February 13, too weak to conduct the business of the court, and did not recover. Judge Wallace was a brevet Brigadier-General of the Civil War. He served as United States assessor in the district of Cook County, under the second administration of Grant, and he became noted during the whisky scandal as the man who refused a bribe of \$75,000, said to have been offered by the "whisky ring." He had always been known for his sterling honesty, but from that day he was pointed to with pride by persons discrediting the allegation that one man has his price.

MICHAEL CHINESE BILL

IMMIGRATION COMMITTEE READY TO REPORT IT TO THE SENATE.

Few Changes Will Be Made and Most of These Are Merely of Phraseology.

WASHINGTON, March 7.—The Immigration committee of the Senate is about ready to report the Mitchell Chinese exclusion bill. Senator Mitchell today had a conference with Chairman Penrose, and was assured that the bill would be changed but slightly, and not in a manner to alter its general effect. Most of the changes contemplated are as to phraseology. This is somewhat of a surprise, as it had been supposed the committee would favor a bill following largely the provisions of the present Geary law. On the contrary, the committee's report will provide for practically all the important features of the more stringent Mitchell bill.

SENATE BILL SIGNED.

The President's instructions to the Secretary of the Interior. WASHINGTON, March 7.—President has signed the bill creating a permanent census bureau. The President sent the following letter to the Secretary of the Interior:

Do not lose sight of the fact that the registration books are open the second night until 9 o'clock. If inconvenient to go to the Court house in the day time, make it your first duty to go there at night. The total registration is now approaching 14,000. There are between 6000 and 7000 voters in Multnomah County who are not registered. Are you one of them? If you would help in the fight being waged for good government and a clean, honest administration of city and county affairs by clean, honest officials, you must register and vote against the Boss at the primary election. Meet the registration force at the Court house. Do you want to stop the graft? Register today!

Philippine Government Bill.

This is the extent of the information contained in Admiral Rodgers' dispatch. Nothing is said with regard to the composition of the court, the place of meeting or the charges against the officers.

MANILA, March 7.—Acting Governor Wright says that the Province of Morong and the entire Province of Rizal were never more peaceful than they are now. He is gaining strength. 7000 Doctors and 200 Hospitals

After years of scientific research and thorough tests, over 7000 doctors and 2000 hospitals use and endorse for all diseases of the throat and lungs, and prescribe exclusively as a tonic and stimulant when the system is weak and run down from disease or overwork

DUFFY'S PURE MALT WHISKEY

The doctors and hospitals, as well as the people, have learned that it does not pay to fill the system full of drugs. They realize what the system wants is a tonic, and stimulant to aid the circulation and lend artificial force to throw off the kinks of nature.

After Operation.

Myself and family never knew the value of Duffy's Malt Whiskey until recently, when my wife was stricken with appendicitis, and operated on successfully by Professor Gray, of Christ Hospital, Jersey City. Immediately after the operation vomiting set in, and for three days the doctors and nurses used every known means for checking same, but with no success. Duffy's Malt Whiskey was administered and the vomiting stopped. I can therefore cheerfully recommend Duffy's Malt Whiskey to all persons suffering from weak or disordered stomach. Very truly yours, FRANK C. FRITZ, 3009 6th Ave., Pittsburg, Pa., Aug. 16, 1901.

Cured Consumption.

My experience with Duffy's Pure Malt Whiskey has been very satisfactory. In consumption and all conditions of the system requiring a stimulant, no better article can be employed. I have a patient now who was taking another whiskey, and while it gave him a little relief, it did not stimulate him. Duffy's Pure Malt Whiskey and at once a change for the better took place. JOSEPH M. GRATH, 414 East 58th St., New York City, April 12, 1901.

Retained by Weak Stomach.

PAWTUCKET EMERGENCY HOSPITAL. We have used Duffy's Pure Malt Whiskey and are now using it at this hospital. It gives a great pleasure to write you. Used with ice, it will stay on an irritable stomach. It is the ideal stimulant for the invalid where one of this character is called for. JOHN W. GORMAN, Resident Physician, Pawtucket, R. I., April 12, 1901.

103 Years Old.

Duffy Malt Whiskey Co., Rochester, N. Y., Jan. 1, 1902. Gentlemen: It gives me great pleasure to write you on the birth of the new year to thank you for the benefit your whiskey has done me. I am 103 years old, can see, hear and sleep perfectly. I share, take long walks, and have used whiskey as a medicine since I was 21 years old, and using whiskey 82 years. I have learned to appreciate a good, beautiful stimulant like yours. I have used it and will continue to do so. I am glad to take its place, neither food nor drink. It tones my system, stimulates my blood as well as keeping me proof from coughs and colds. I hope with God's will and the aid of your whiskey, to live much more of this wonderful century. Yours very respectfully, JOSEPH M. GRATH, 414 East 58th St., New York City.

WILL MISS CORONATION

PRESIDENT DOES NOT WANT HIS DAUGHTER TO ATTEND.

Too Many Social Functions in View for the Young Lady.—An Invitation From Germany.

WASHINGTON, March 7.—It was learned tonight that the reason why Miss Roosevelt will not attend the coronation of King Edward VII is because it has been found practically impossible for her to go privately as a young American girl traveling in the household of Special Assistant James D. Green and John F. Gaylor, charged with conspiracy against the United States, and bench warrants were issued for their arrest. William T. and Edward H. Gaylor were arraigned on the new indictment recently found against them and others. A plea in abatement was presented by their attorneys. The bonds of B. D. Greene and John F. Gaylor are for \$50,000 each.

Health Resort for Soldiers.

OMAHA, March 7.—Fort Niobrara, Neb., is to be an established health resort for invalid soldiers of the regular Army for some time to come. But one company of infantry will be stationed at that post for the present, and the remainder of the quarters has been turned over to the medical department. The crowded condition of the quarters at the Presidio, San Francisco, is given as the reason for the establishment of additional invalid quarters. The medical department will send such invalids to Fort Niobrara as the Nebraska climate will aid in recovery.

Winding Up Affairs in Cuba.

WASHINGTON, March 7.—Secretary Root today ordered Governor Wood, at Havana, to come to this city at his earliest opportunity for the purpose of conferring with the President and the Secretary of War in regard to the necessary steps to be taken for winding up the affairs of the military government in Cuba and the establishment of the Cuban Republic. It is believed here that the transfer of government can be effected by July 1.

Roosevelt Will Do the Talking.

WASHINGTON, March 7.—At the cabinet meeting today President Roosevelt requested the members not to talk to newspaper correspondents about matters under discussion at the semi-weekly meetings. It is thought best for the President himself to make public such matters as he deems proper to be given out. Hereafter the President will do so. The meeting was devoted to the consideration of minor details. The Cuban tariff question was not discussed.

Murder and Robbery at Beaumont.

BEAUMONT, Tex., March 7.—The hanging of the body of C. B. Pearson, in the Neches River, stripped to his underclothing and his head crushed in, has convinced local police that a systematic plan of robbery and murder is being conducted by unknown persons in this vicinity. When Pearson was last seen he had on a suit of good clothes and between \$50 and \$100 in cash. Within three months four bodies, including that of Pearson, have been taken from the river, and in every case the bodies were given out, and no valuables were found. In two of the cases the bodies were not identified, and were buried by the county.

Decision in the Sampson Prize Case.

WASHINGTON, March 7.—The District Court of Appeals today announced its decision in the prize money cases instituted by Admiral Sampson for his enlisted men in the Santiago campaign and appealed from the District Supreme Court. The court is divided. Chief Justice Ayer, who delivered the opinion, held that the appeal should not have been taken to that court, but withholds the order of dismissal. This course is with a view to preserving the appeal in case the United States Supreme Court should decide the appeal was rightly taken. The decision says, however, that the order of dismissal will be entered in case it is desired to appeal to the United States Supreme Court, such a ruling should come from the latter court. Justice Shepard will file a dissenting opinion.

Removal of Sugar Bounties.

WASHINGTON, March 7.—Minister Townsend at Brussels has informed the Department of State that he is able to certify as official the statement of the agreement reached by the beet-sugar producing countries, namely, the abolition of all bounties on sugar and provision for a uniform customs tariff of 6 francs per 100 kilograms, or about a half-cent a pound. Roumania alone of the countries represented in the conference withdrew and refused to enter into this agreement. Her sugar production is believed to be too small to affect the integrity of the agreement. These facts have been made known to the United States Treasury and the Treasury officials must proceed at once to take steps to remove the countervailing duties now levied on bounty-aided sugars, thus considerably affecting the revenues. It will be for the Treasury officials to say when the change is to take effect, and how cargoes in shipment will be affected.
