Marion Republicans Will Battle at Primaries.

### GEER PEOPLE DENY SIMON

Every Sinte With Simon Men on It, However, Will Be for Geer-Facts on Which Opposition Bases Claim of Alliance,

SALEM, Or., March 13.-The hottest po. litical fight Salem ever saw is what is predicted for tomorrow's Republican primary election. Some of the leaders were at work until long after midnight tonight, while others went to bed early in order to get a good rest before the battle. Charges of illegal registration have been made, and it is stated upon good authority to-night that arrests will be made if certain persons undertake to vote. The side threatened calls this a bluff. The pri-maries will not open until 12 o'clock, so all the forenoon can be spent marshalling a few hundred dollars on the place, and the forces. Inquiry of leaders tonight afterward paid him for the personal propelicits the information that none of the erty. A few days ago be came to this slates has been finally completed and city with a note for \$1500, signed by himnone will be made public until the polls solf, with Bernard Osterman, a relative open. The polls will close at 6 o'clock, residing near Centerville, and Jacob so the results should be known by 10 Mauss, his father-in-law, as sureties. One o'clock. The returns cannot be received from some country precincts tomorrow night, so if the election should be close s possible that the outcome will not finally determined tomorrow night.

Registration has been very active to-Secretary Dunbar, two of the members in correspondence with his wife of the board of trustees of the insane asylum, and represented that about 20 embored that his relatives at Meppen ployes of that institution have registered in Salem No. 2, though many of them have never claimed a residence there prior to this time. They protested against this being permitted. It was stated tonight that the committee will wait upon the whole board tomorrow, and present the facts in the matter. The contention of the Simon-Geer people is that a man employed at a state institution can claim his residence where he picuses and that ployes of that institution have registered his residence where he picases, and that by staying over night in a precinct he can establish his residence there. They say this rule always has prevailed, and that there is no reason why it should be

Owing to the fact that this campaign is being made upon entirely different lines from what have ever been drawn heretofore, the outcome is a matter of pure ode and John Rieger, of Multnomah being made upon charge from what have ever been drawn heretofore, the outcome is a matter of puro
apeculation. That Simon cannot get a
working force in the county convention is
generally believed, and the chief difference of opinion is as to the strength Gov.
ernor Geer will have. Some of the slates
ernor Geer will have both issues, and

The Marion County Court has thrice held
that it had jurisdiction in the case. Three it is, therefore, impossible to determine how the delegates will you on the organization of the county convention. The anti-Simon-Geer people assert that they have made strong gains in the last week from the ranks of those who believe that Oregon should not return to the United States Senate a man who will abandon his States Secate a man who will abandon his post of duty and travel across the Conti-nent in order to force himself upon a peo-ple who would otherwise repudiate him. Marion County is most decidedly not in favor of Simon's return to the Senate. This is the sentiment expressed on every hand, and there are but very few wh will openly esponse his cause. The friends of Geer, while working with the Simon people, and in Simon's favor, deny their allegiance to Simon. Yet many people believe that a vote for Geer tomorrow will also be a vote for Simon, and no amoun of denial will change their opinion.

Geer and Multnomah. Every man who has studied the situa

tion at all knows that if Geer gets any strength in Multnomah County he must get it from Simon and his friends. Every man who knows Simon's methods in poli-tics knows that the Senator will not help Geer unless Geer's friends help him in return. Simon's only hope for re-election is to get the Multnomah delegation, and then trade upon it for outside help. Without the support of the Mulinomah delega-tion Geer's chances for renomination would be very small, and for that reason the people are ready to believe that Geer's here are lining up to help Simon, But if this necessity for a combination of forces were not sufficient to support the belief that Simon and Geer-are working together, the fact that Ed Croisan is leading the Geer forces would make the evidence conclusive. Croisan was superintendent of the State Reform School when Geer became Governor. He opposed Geer's nomination with as much vigor as he supported Lord. One of Geer's first acts was to vote to oust Croisan, though he had not completed his four-year term, Crolean was not then, and has not since been, a warm supporter of Geer. But he is Simon's manager in Marion County, and wants the votes of Geer's friends to helt his friend. He is willing to give his nid as a political leader in return for votes which Simon could not otherwise se He has brought order out of chaos in the Geer ranks, and expects to get a Simor legislative delegation in return for his services. Every one who knows Ed Croi-san knows that he is not working for Geer merely because he wants to see Geer renominated. If that were the only issue Mr. Croisan would "go 'way back and sit

Nor is this all. Every slate in the primaries with Simon men on it will be a Geer slate. None of the opposition slates have Simon men on them. If it be a fact that Simon and Geer are not working to-gether, the coincidence just mentioned is most wonderful. No Simon man can be found opposing Geer. In view of this line-up, which every Republican in the county knows to be the actual situation, it follows as an unavoidable consequence that Simon and Geer are working on com

Simon Slates, Geer Slates,

These are the facts which the anti-Sion people in Marion County have cited in the hope of breaking the combination, Many of them would be pleased to aid in Geer's renomination if the slates were not so framed as to impose upon their loyalty to Geer. In the face of all these facts, the Geer people have denied that an alliance exists. This does not apply to all the Geer people. There are some who do not believe in the policy of denying an alliance which every one knows must exist. They have advised that the better policy would be openly to proclaim the union and go before the people upon that issue. Being in the minority, they have acqui-esced in the plan of campaign, and have

bination slates.

kept quiet. The Simon people do not and never have denied the combination. In deference to the wishes of Geer's friends, they do not openly declare that there is a union of forces. They perhaps realize that they will get many votes by keeping quiet that they could not get if they made a fight with Simon the main issue. The continued dealal of the Simon-Geor combination is likely to work Simon's de-feat in this county. On the Simon-Geer slates are many names of men who are opposed to the re-election of Simon, When the delegations are elected, these men will refuse to vote for a Simon organization of the county convention. When accused of disloyalty, they will answer: "We went on the slates and were elected upon the express understanding that the slates were not for Simon. You told us ism.

that to begin with, and now you can't

Geer People Deny Simon. The Geer people are denying Simon to-day. If the Senator should be defeated in Multnomah County, they will continue to deny him. But if he should be victorious, many of them who now deny him will shout for joy and declare that they were always for Simon. But even with Simon always for Simon. But even with Simon a victor in Mulinomah, he cannot get votes enough in Marion County to give him the support of the legislative ticket. He may be able to land a man or two, through the influence of Geer's friends but by his own strength he can get noth-ing by an open fight in Marion County.

If you have no right to vote or have taken the boss' money, have your bail bond ready before going near the polls. You will need it.

SAID TO HAVE FORGED BIG NOTE. Peculiar Transaction of Man If He Was Bent on Defrauding Any One.

HILLSBORO, Or., March 13 .- Papers are being sworn out for the arrest of John Siemar, formerly of Meppen, Ill., and now supposed to be at that place. came to Washington County last Fall. About the 1st of January he was married to Miss Rose Mauss, a daughter of Jacob Mauss a well-to-do German farmer, residing near Greenville. About this time he contracted for a farm from A. J. Roy, agreeing to pay between \$4000 and \$5000 for the land. When it came to payment he represented that he had money in the East, for which he was waiting, and asked for further time. He paid, Roy of the merchants went to the bank with him and identified the signatures, and the Shute Bank cashed the paper. Mauss and Osterman disclaim the signa-tures. Siemar then paid the largest part of the sum to Rey, and soon thereafter Registration has been very active today. The number enrolled in the Clerk's
office was 118, and probably as many more
will be registered by notaries. In Salem
No. 2 where the heat of battle will be
centered, the registration was heaviest
today. This afternoon a committee of
eight anti-Simon men in Salem No. 2
called upon State Treasurer Moore and
Secretary Duubar two of the members
to fife out to East, leaving his young wife
with her parents. The strange part of
the whole proceeding is that Siemar paid
nearly all the amount received for the
forged note to Mr. Roy, a peculiar transaction if he intended defrauding any one
turned to Illinois, although he has been
secretary Duubar two of the members leaving here. Many think that Slemar hoped that his relatives at Meppen would aid him to take up the paper before the matter became public. His parents are entd to be quite wealthy. The bank has taken charge of the personal property.

#### FOURTH APPEAL TO COURT. Fight in Marion County Over Estate of Multnomah Man.

SALEM, March IL-A fourth appeal to the Circuit Court has just been filed in the matter of the administration of the estate of E. M. Fredrich, deceased, a former resident of Multnomah County, Fredrich died at Aurora, this county, September 16, 1900, and two days later Dr. D. F. versed the County Court and remanded the case to that court for a rehearing. The true value of the estate has never been ascertained, but the principal item involved is a chest, on deposit with the Union Title & Trust Company in Portland. The chest is supposed to contain \$4000 in gold. Gantenbein & Venzie, of Portland, and F. A. Turner, of this city, are attorneys for the contestants, while Dr. Lane is represented by Webster and Frank Holmes, of this city.

## BIG THINGS FOR COOS BAY. Beaver Hill Coal Mine Will Be De-

W. S. Chandler, manager of the Coos Bay, Roseburg & Eastern Railroad & Navigation Company, who has just returned from San Francisco, brings goods news as to the development of its property and enlargement of its business on Coos Bay, says the Daily Coast Mail, of Marshfield. Work at the Beaver Hill mine will be pushed to the limit, and in a short tim about 300 men will be employed. To handle the products two steamers will be put on between Coos Bay and San Francisco. Improvements are also to be made in the arrangement for loading the steamers, and when the shipment of coal begins in ear-

nest they will be loaded direct from the Mr. Chandler pronounces without foundation the report which is circulated in the Valley papers to the effect that the railroad will be extended 20 miles this senson, but it is only a matter of a short time when the road will be put through, With the development now in sight we can afford to wait a few years for the efits to flow from the completion of the

**BUILDING MAY BE TIED UP** 

SEATTLE EMPLOYERS THREATEN TO DISCHARGE UNION MEN.

Their Fellows Now Out Must Return to Work Monday to Put an End to Plan.

SEATTLE, March 12.-The employers of building tradesmen declare that unless the tradesmen who are now out return to their work by Monday of next week to their work by Monday of next week all the union building tradesmen now at work will be discharged and building operations entirely suspended. This decision on the part of the contractors was announced at the meeting of the employers' association which was held last night. This determination on the part of the employers, if it is strictly adhered to, as there is every reason to believe it will, means that the city will be practically tied up, so far as buildctically tied up, so far as building operations are concerned.

HEAD WARDEN HAS SMALLPOX. There Are Now 13 Cases at Stella-

Wins Damage Suit Against Spokane. OLYMPIA, March 12.-The Supreme yesterday affirmed the judgment lower court whereby Mrs. William C. Durham secured damages against the City of Spokane for the sum of \$12,000 for personal injuries from a fall through the sidewalk on Riverside avenue, in August 1809. At the trial in the Supreme Court of Spokane County, the jury gave a verdict in her favor for \$17,000. The trial Judge, on the ground that it was excessive, gave the alternative of standing a new trial, or cutting the amount to \$12,000, which latter Mrs. Durham elected. The City of Spokane appealed on several assignments

Trout for Hatchery.

OREGON CITY, March 11.-Superintendent J. Nelson Wisner, of the Clackamas Salmon Hatchery, has turned out 30,000 fry to make room for 200,000 brook trout from the United States Fish Commission at Leadville, Colo., 100,000 of which were received February 25 and 109,000 last Saturday. The hatchery now contains 500,000 young salmon. One hundred thousand lake trout were shipped to the hatchery yesterday from the station at Duluth, Minn.

Had Mr. Simon stood at his post no other man would or could have selected or elected a Legisla-ture to subserve his personal ambition. Joseph Simon is responsible for the present issue, and no other man is seeking to control the nomination of the State Legislature in his individual interest. frankly admit that Mr. Simon's absence from the Senate is doing no harm to that body, but for the simple reason that he has introduced no measure that is under consideration, and he is of no force in espousing or opposing the great questions that agitate the Senate, and by his ab-sence he admits the fact. The men who today are ostensibly supporting Mr. Simon are not doing so because he has made a record in the Senate, or because they believe he will do so, or because they think him worthy of the office. He comes to link his cause to theirs, to form a combine in which he says they will sink or awim together. Many of the men thus em-praced by the would-be octopus are able, worthy, efficient men, needing none of his help, either before or after nomination, if allowed to run untrammeled on their indi-

vidual merit.

Mr. Simon links them to a ring in which all must be nominated if they win; destroys their individuality so that they must carry the entire load or go down. He forces the opposition to defeat all or none, and seeks to compel the people to accept the combine as a whole or himself included. Not only is such the fact, but many who aspire for individual place are led to believe that they are on the slate and their support is solicited to strengthen

MANAGEMENT OF THE OSCEOLA Stockholders Voted Down a Proposal to Investigate.

BOSTON, March 13 .- A motion for the appointment of an investigating commitee to inquire into the management of the Mining Company during the past year, offered at the annual meeting of the stockholders of the company here today, was voted down, and the annual report of the directors was adopted. The measure was adopted after a very sharp debate, in the course of which attorneys representing Thomas W. Lawson and others interrogated President Bigelow oncerning matters found in the report. and Mr. Bigelow made a long statement, President Bigelow said that the policy of John Shen, from railroad camp near The maintaining the price of copper at 17 cents was no more the policy of the Amalga-mated Company than it was of the Osce-Mae Fowler, 192 Thirty-ninth street East; ota. A motion to accept the annual report brought more discussion, and as a substitute the motion calling for an investiga-tion was offered. It was then voted down and the report accepted. After further talk President Bigelow voluntarily ap-pointed an investigating committee.

Will Demand Passports.

CHICAGO, March 13 .- A second letter, in the shape of a formal demand, has been sent to Secretary of State Hay asking for passports for Dr. and Mrs. Hiram W.
