Amusements.
CORDAY'S THEATER—Miss Jessie Shirley and her own company, in a line repertoire of farces, comedies and dramas. Tonight, "Camille."
THE BAKER THEATER—High-class refined and polite vaudeville; Du Bell, the sensation of the hour, and other leading artists.

THE OREGONIAN'S HANDBOOK.
The Oregonian's Handbook tells all about Portland, the entire Columbia River watershed and the 1902 World's Fair, commemorating the Lewis and Clark expedition to Oregon. The book contains over 150 handsome illustrations, and it is printed on enameled book paper. It will be mailed to any address in the United States or Canada for 7 cents a copy.

A WONDERFUL PRESCRIPTION.—A prescription which is said to guarantee the speedy recovery from smallpox, scarlet fever and diphtheria has been sent by L. I. Hurd, Glendale, Or., to H. V. Smith, of the Portland Postoffice. Mr. Hurd states that every person who used the prescription during the recent smallpox scare at Glendale was not troubled with the disease, and that he was exposed to infection at least 15 times. Here is Mr. Hurd's remedy: "This prescription is made up by a Paris physician, and he says that it has proved successful in hundreds of cases. It conquers in every instance, and is perfectly harmless when taken by a well person: Sulphate of zinc, one grain; foxglove (digitalis), one grain; one-half teaspoonful of sugar; mix with two tablespoonfuls of water. When thoroughly mixed, add four ounces of water. Take a spoonful every hour. For a child, smaller doses, according to age. Either disease will disappear in 12 hours."

STARS OF SPRING.—Signs of Spring are beginning to appear on every hand. The milliners' shops are full of an array of Easter headgear whose cost is something fearful and wonderful; daffodils are blooming cheerfully in the dooryards around town, and yesterday a small boy was seen on the streets bearing a huge branch of the Oregon currant, which in a week or two more will be blissing on all the hillides. The schoolboys have loosened up the puckering strings of their marble bags, the first robins are singing lustily in the shade trees, and one or two fights have taken place recently. Everything points to a cessation of hostilities on the part of Winter, and residents of this favored section of the country are looking forward to a long season of blue skies and general good prospects.

TO ENTERTAIN DAIRY AND FOOD COMMISSIONERS.—State Food and Dairy Commissioner Bailey called on local railroad officials yesterday, and asked for special rates for the members of the National Association of Pure Food and Dairy Commissioners, who will meet in convention in Portland on July 9-10. Between 50 and 60 members are expected to attend the convention. They will come West from Chicago in a special car, and will stop in San Francisco, where they will be met by the California delegates, who will accompany them to Portland. Bailey is chairman of the entertainment committee, and he hopes to be able to arrange side trips for the delegates to various points of interest, including Astoria, The Dalles and Hood River.

MAY VOTE IN OLD PRECINCTS.—A number of persons who have changed their residence since having their names placed on the register have called at the County Clerk's office within the past few days, to have the necessary changes made. The law provides that an elector must have resided 30 days in a precinct to entitle him to vote. Some persons have changed within the past week or two, and therefore have not acquired a residence in the new precinct. To such persons Clerk DeWitt has said that the law does not lose a former residence until he has gained a new one, and if he has moved within 30 days he can vote in his old precinct.

OSAGO OF MRS. FORD.—Mrs. Emma Ford, wife of F. A. Ford, died Sunday, March 9, at 10:30 A. M. She was born in Burlington, Ia., October 2, 1862, and came to Portland in 1880, making her home with her uncle, A. G. Walling. She was married to F. A. Ford April 19, 1886. He is now traveling salesman for Richey Company, of this city. She was the daughter of J. W. Walling, a well-known merchant of the White Seal & Stamp Company. She leaves three children, two daughters and one son, Hazel, Muriel and Edna P. Ford. The interment was at Lone Fir cemetery.

STANLEY W. FINCH, Examiner of the Department of Justice of the United States at Washington, D. C., is in the city in an official capacity. He will inspect the books, papers, records and accounts of the United States Marshal's office, United States District Attorney and of the Clerks of the United States District and Circuit Courts, and afterwards send his reports to headquarters. Such examinations are made every two years.

TURN HALL IS REPAIRED.—Turn Hall, at the corner of Fourth and Yamhill streets, is undergoing repairs and change, at a cost of \$2500. A new gallery extending along both sides of the hall has been constructed, and a meeting-room for the members of the Portland Turn Verein has been built over the stage. Everything will be painted and cleaned up, and a new gymnasium apparatus will be added. The hall will be reopened about April 1.

MORE FRUIT WANTED FOR CHARLESWON.—Secretary G. H. Johnson, of the Department of Horticulture, has received a letter from H. E. Dorsch, Oregon's Commissioner at the Charleston Exposition, asking that additional fruit exhibits be sent him immediately, if possible. Apples and pears especially are wanted, as Mr. Dorsch desires the Oregon apple to take its usual front rank at Charleston.

NOTICE.—Rev. William Franklin and wife, returning missionaries to India, will meet in convention with the Christian & Missionary Alliance March 15, 16 and 17, at 7:30 P. M., in Berea Mission, Second and Jefferson streets. Hiram Hill, superintendent C. & M. A.

THE SCENIC W. C. T. U. will open a rummage sale at 20 Morrison street, between Second and Third, Saturday, March 15, and continue three days; also will have for sale home-made pies and cakes.

PARTIES HOLDING TICKETS Nos. 130, for camera; 89, for clock, and 85, for picture, Alfar Guild building, can secure articles by calling at Concordia Club, of the State Fair.

THE ALZAR BAND of Temple Beth Israel extend thanks for the hearty support and co-operation tendered them at their bazaar.

THEN HE BLUSHED

Has Police Commissioner D. Solis Cohen blushed during this campaign? He is blind to the fact that members of the Police Department have been herding hobos, criminals, vicious hangers-on of saloons, vile men who live on the earnings of women of the half-world to the registration books? If he is aware that the Tenderloin is the seat of whatever strength the Simon machine possesses? Wherefore does he not blush? In 1901 Mr. Cohen was opposed to the machine. In explaining why he blushed at that time he said:

Today, for the first time, I blushed for the Republican ticket. When I saw the class working for the party in the Second Ward—gamblers, low developers and lovers of fallen women who pollute our streets—I thought how the mighty had fallen that it should allow to the mob. It is a reproach to American citizenship that two United States Senators should prostitute their high offices by coming out here and taking part on the stump in this municipal campaign.

The following quatrain is referred to Police Commissioner Cohen:
When the devil fell sick,
The devil a book would be;
When the devil got well,
The devil a monk was he.

UNION MEN QUIT WORK ON ASIE.—Ship caulkers, joiners, riggers and ship carpenters to the number of 11, employed repairing the broken masts of the Fremont bark Asie, lying at the foot of Everett street, quit work yesterday, because the sub-contractor placed nonunion iron shipbuilders to work with them. It was given out that the men would meet last night and an Oregonian reporter called at the meeting of the Bridge and Structural Ironworkers' Local, No. 25, held at the southeast corner of Second and Yamhill streets, and in reply to a question the delegate interviewed denied that the meeting was called to consider any phase of the strike. The contract to repair the masts was let to the Williams & Holler Works, and a sub-contract was let to Captain Robert McIntosh. The latter stated that he did not know the nature of the men introduced in the morning, but that he did not know the nature of the men introduced in the morning, but that he did not know the nature of the men introduced in the morning.

TO ENTERTAIN AT STREET-BOX FRANCHISE.—The ordinance introduced in the Common Council Wednesday, granting a franchise to White, Hayden & Sherman to erect waste-paper boxes in the city and to display advertisements thereon, will be considered by the street committee tomorrow afternoon, and will be opposed by members of the Lewis and Clark Civic Improvement Association. Frank R. Gibson, president of the association, will be present, and it is understood that a number of others who are against the display of advertisements on the public streets will also attend and express their views. Mr. Gibson said last night that the ordinance was disapproved by every one who is interested in beautifying the city as a preparation for the Lewis and Clark Exposition. The advertising business is entirely unnecessary, for he had seen evidence of merchants and had received pledges for 25 boxes which would not be marked by sign, and a number of others will be forthcoming, and the boxes will cost \$1 each. In San Francisco, Mr. Gibson said, the merchants put up similar boxes, and they have given the best of results. He immediately telephoned to City Physician Zan, and in the meantime the driver of the infected carriage whipped up his horse and drove in the direction of the ferry on the opposite side of the river from the hospital. Dr. Zan took the patient and placed him outside the police station, and although it was after 11 o'clock at night, started to drive Aerne to the isolation hospital. A considerable indignation was expressed around the police station last night at the action of the Vancouver authorities in dumping their smallpox patient on this city.

PLANES OF FUGA.—A few stragglers from the run of Fuga in the Columbia River are yet to be found in the markets, but they are shriveled and unappetizing, and do not sell readily. Puget Sound halibut is to be had in large quantities, and herring and other small fish are plentiful and cheap. The lordly chinook salmon is, of course, out of the market, except in the frozen state, but freezing does not abate its rich flavor, and there is still an active demand for it. Altogether, the supply of fish is so plentiful that housekeepers do not need to worry about 20-cent beef unless those they feed refuse to eat anything but meat.

JUDGES AND CLERKS RESIGN.—County Clerk Swetland has received a large number of resignations for persons appointed as judges and clerks by the County Court. The vacancies in the judgeships will be filled by the voters at the polling places, and the clerks will be chosen by the board of judges. The County Clerk's office was a busy place last night, as it has been for a fortnight past. Supplies were being sent out, and the ballots were delivered to the County Clerk by the printers.

ACTRESS TODAY, Bargains, At Gilman's.

Will Ask Governor Aid.
NORTH YAKIMA, March 13.—The people living in the Wenah Valley are circulating a petition to have what is known as the Sherman reservoir site in that valley utilized. The cost of such an undertaking would be in the neighborhood of \$50,000, one-fifth of which the persons benefited would be willing to pay, and they ask the Government to do the rest. Carrying such an enterprise to a

successful termination would solve the problem of irrigation in that valley and would render valuable a large area of naturally rich land.
Frederick R. Marvin, secretary to Senator George Turner, and ex-secretary of the Pacific-American Commission, is in the city today collecting data for the use of the Senator regarding the petitions which have been sent to the Department from this valley asking the appropriation for the Bainier forest reserve be prohibited. The Senator is investigating the matter and trying to find the exact condition of affairs.

"THE TWO ORPHANS."

Melodrama Well Presented by Shirley Company at Cordray's.
"The Two Orphans" was the offering of the Shirley company at Cordray's last night, and the play was given in a creditable manner to the best house since Sunday. Miss Shirley, as Louise, and Miss Brisco, as Henriette, had the hardest work they have been allotted since the opening of the Columbia. Mrs. Brisco's portrayal of the blind girl was such as to keep her audience in tears most of the time, which is a genuine tribute to her ability as an emotional actress. The other members of the cast, particularly the unnamed man who played Mother Frochard, were good. Little Vera Felton, whose acting in other plays has delighted her many admirers, contributed a charming specialty between the acts. Tonight, "Camille."

"The Christian."

This morning at 10 o'clock the sale of seats will open for "The Christian," which comes to the Marquam Grand Theater next Monday, Tuesday, Wednesday and Thursday, with Edward Morgan as John Storm, and Miss Brisco as his wife, Miss Shirley as his daughter. The play is a masterpiece of dramatic art, and the author's portrait of the blind girl was such as to keep her audience in tears most of the time, which is a genuine tribute to her ability as an emotional actress. The other members of the cast, particularly the unnamed man who played Mother Frochard, were good. Little Vera Felton, whose acting in other plays has delighted her many admirers, contributed a charming specialty between the acts. Tonight, "Camille."

Vaudeville at the Baker.

One of the star features of the vaudeville at the Baker this week will be Frank Bacon and company in their Orpheum success, "An Easy Lie." They made the hit of the season at the Orpheum in the skit, and the audience duplicated their success here. Mr. Bacon is ably supported. Byrne and West, musical sketch artists, are another star feature. Tomorrow night, by special arrangement, Mr. Baker will have the return of the primary election announced from the stage.

Florence Roberts in "Zaza."

The playgoers of this city will again have an opportunity of hearing and seeing Miss Florence Roberts, the gifted American actress who is now touring the Pacific Coast under the direction and management of the well-known theatrical firm of Belasco & Thall in "Zaza." The playgoers of this city will again have an opportunity of hearing and seeing Miss Florence Roberts, the gifted American actress who is now touring the Pacific Coast under the direction and management of the well-known theatrical firm of Belasco & Thall in "Zaza."

A WORD TO DETECTIVES SNOW AND KERRIGAN.

Two years ago you were employed to swell the registration by rounding up all the available material in the slums. You are engaged in the same business now; but you will not complete the job at the polls Saturday. You have been watched, and what you have been doing is thoroughly known. If, on next Saturday, you attempt to round up at the polls and vote your gang of floaters, hobos and other human scum, you will be arrested and prosecuted. So get your ball boxes ready, and see that your families are provided for; for your absence from them for a protracted season may be enforced upon you.

DEATH OF CARRIE REDFORD.

Coroner Will Hold an Inquest on the East Side Today, at Noon.

Miss Carrie Redford died at the home of her sister, Mrs. E. H. Dement, 418 East 12th street, at 10:30 P. M. Wednesday night. She had been sick for about three months. A physician was called in on the 7th. At that time there was no serious symptoms. The cause of her death was not apparent, but a postmortem was held yesterday by Dr. T. C. Humphrey, which showed she died from natural causes. However, the Coroner will hold an inquest today at 12 o'clock at the East Side morgue. Miss Redford was from Brownsville, and was 19 years old. Her mother lives at Princeton.

THE Reason is Obvious.

PORTLAND, March 13.—(By the Editor.)—I have just returned from a visit to Washington, D. C., and found our Senator, Hon. John H. Mitchell and Representatives Tongue and Moody busy with the affairs of the State of Oregon. To my regret and humiliation I found that Senator Joseph Simon had gone home, presumably for the purpose of fixing his political fences and neglecting the business for which he was elected. The reason thereof is obvious. Very truly yours, J. FRANK WATSON.
