

KIEL WEGOMES HIM

Prince Henry, Ashore, Joins His Family.

LONG TALK WITH HIS BROTHER

Recounts the Incidents of His American Trip—Why He Did Not Visit the Stock Yards at Chicago.

KIEL, Prussia, March 19.—The German battleship Kaiser Wilhelm II, having on board Emperor William II, arrived here at 6:30 P. M. His Majesty and the Prince were welcomed with the firing of salutes and cheers from the naval squadron in these waters. Prince Henry landed at the dock, and joined Princess Henry and his son.

That which took place between the royal brothers is, of course, not a matter concerning which those surrounding Emperor William and Prince Henry have been taken into the royal confidence, further than to know that the brothers had a talk today lasting several hours, and that Prince Henry told Emperor William his experiences from the beginning to the end of his trip.

The members of the Prince's party were most amused while on their travels at the calls of "Speech, speech," from the crowds collected at wayside places, and the cries of "How's your brother, William, come back!"

The only occasion when the least alarm for the Prince's safety was felt was when a member of the party saw a man enter the Prince's car at one end, and while Prince Henry was in the motor, the man of the other end bowing to the crowd. This man was ordered out of the car. He hesitated and then withdrew. A few minutes later he was seen working his way through the crowd in order to get nearer the Prince.

This man wore a long coat, under which anything might have been concealed. A member of the Prince's staff pointed out this person to John E. Wilkie, chief of the secret service, who accompanied the Prince on his trip, who at once said: "Why, that is one of my men."

Prince Henry does not know why he did not visit the stock yards at Chicago, but he was advised by Mr. Wilkie that it would be better to omit this part of the programme, as the Polish workmen at the stock yards might create a disturbance.

Mr. Wilkie explained the reason for this change in the programme to the owner of the packing-house it was intended to visit, and although arrangements were made to see the packing-house privately, it was later found inconvenient to do so.

Emperor William received a wireless telegraph message at 4 o'clock yesterday afternoon from Cuxhaven, from which it seemed that the Deutschland had sailed away, while as a matter of fact, she was only 30 miles distant. The Emperor and his staff then sat down to dine, believing they had sufficient time before the arrival of the steamer. About half past 12 the steamer was sighted, Emperor William then stopped the dinner and hurried to the quay. Here he had a long wait until the steamer docked.

Emperor William spoke to Commander William H. Beecher, the United States naval attaché at Berlin, who represented the American Embassy at Cuxhaven yesterday, of the wonderful reception Prince Henry had received in the United States.

"But," said Commander Beecher, "Your Majesty would have received a greater one."

To this the Emperor replied: "But I cannot leave it being considered that it would not take you longer than your trip to Jerusalem," said Commander Beecher.

"Yes," replied the Emperor; "that is so."

HITCHCOCK'S SUCCESSOR

It is Now Said That ex-Senator Wolcott Will Get the Place.

WASHINGTON, March 19.—The Post will say tomorrow: "It is understood that ex-Senator Wolcott, of Colorado, is being considered by the President as the possible successor of Secretary Hitchcock, who, it is understood, will retire from the Cabinet. Mr. Wolcott was seriously considered for the Interior portfolio during the administration of President McKinley's second inauguration, when it was thought probable Secretary Hitchcock would retire. At that time it was also understood he was willing to accept the honor."

"The death of the brother of Secretary Hitchcock Tuesday caused the rumor that the Cabinet member from Missouri is to retire to be more persistent than for several days. It is believed the attention of the Secretary will now be in demand at home in settling up his brother's estate."

MACARTHUR AND FUNSTON

FIRST FIN-KEEL RACING YACHT ON PACIFIC COAST.

BUILT FOR MEMBERS OF SAN FRANCISCO YACHT CLUB. The first fin-keel racing yacht built on the Pacific Coast was launched last Saturday at San Francisco. It was built by the members of the San Francisco Yacht Club, and will be raced for the perpetual cup.

The first fin-keel racing yacht built on the Pacific Coast was launched last Saturday at San Francisco. It was built by the members of the San Francisco Yacht Club, and will be raced for the perpetual cup. The yacht is 42 feet water line, 26 feet beam, 19 feet draft, 6 feet 6 inches. On the keel is 6000 pounds of lead. The yacht was designed by B. B. Crowninshield, of Boston, and is expected to distance all the fast ones on the San Francisco bay.

John G. Brady, Governor of Alaska, dated March 1, 1920: "In urging an appropriation for Alaska at the hands of Congress, it is well to remember that Alaska has a credit in the United States Treasury. It has imposed a system of licenses upon this district, a thing which has not been done in any other territory. It is surely not off-credit in asking that \$100,000 of this amount be used to represent the long-neglected purchase at St. Louis. If this appropriation is granted, you can rest assured that friends of Alaska will see to it that her exhibit is a worthy one. If certain dates are to be devoted to states and territories, we shall claim the 15th of October, the day when the Stars and Stripes were set flying over the northwest corner of the continent. The identical flag is in Washington and we shall request its use for that occasion."

REPAIRING THE WARREN

Ingenuous Method Employed at Honolulu.

HONOLULU, March 19.—The Army transport Warren is ready for sea again, and starts on her way to Manila, having been repaired by an ingenuous method. As there is no drydock into which she could be placed so that her broken propeller would be out of the water, it was decided to raise her stern by heaping weights on her forward deck and lightening her aft. The vessel was then tilted up so that her propeller was out of water, and the broken blade was replaced. A number of alarming rumors about her condition have been current in Honolulu, one being that her boilers were unfit for use. Chief Engineer Phillips, of the Warren, and the first assistant, owing to difficulties with the Depot Quartermaster Williamson, of Honolulu, as to repairs to be made in the machinery of the vessel. Second Assistant Brown succeeded the chief.

OFFSET ANGLO-JAPANESE TREATY

Russo-French Joint Declaration Sent to the Powers.

ST. PETERSBURG, March 19.—The Official Messenger tomorrow will print the text of a Russo-French joint declaration sent, March 15, to the Austrian, Belgian, British, American, Spanish, German, Italian, Dutch, Chinese and Japanese Governments. The declaration, which was signed by the allied Russo-French Governments, is wholly pleased to discern that the Anglo-Japanese convention supports the essential principles which, according to the declaration, constitute the foundation of their policy. Both governments believe that the support of these principles is also a guarantee of their interests in the far East. They are compelled, however, not to lose from view the possibility of intemperate action of other powers, or a repetition of disorders in China, possibly impairing China's integrity and free development to the detriment of their reciprocal interests. They therefore reserve to themselves the right to take measures to defend these interests.

French Defeat in Africa

PARIS, March 19.—The Journal des Debats today says it learns that the French column in the Lake Tchad district of Africa which defeated Chief Rabah's son has since met with serious opposition from the Senoussi tribes. RHODES SOME STRONGER

OTHERWISE THERE IS LITTLE CHANGE IN HIS CONDITION.

Helped by the Exceptionally Cool Weather and the Free Administration of Oxygen.

CAPE TOWN, March 19.—Cecil Rhodes was slightly weaker this morning. The exceptional coolness of the weather and the free administration of oxygen contributed to the patient passing a quiet night. He no longer reads. Mr. Rhodes was most pleased at the receipt of the message of sympathy sent to him by King Edward and Queen Alexandra.

Withdrawal From Manchuria

LONDON, March 19.—Cabling from Peking, the correspondent of the Times says that since the presentation of the American note and the Anglo-Japanese protest Russia's negotiations with the Russo-Chinese Bank have been suspended. Negotiations for the evacuation of Manchuria continue under modified Russian demands, which point to an ultimate settlement. These include, continues the correspondent, the withdrawal of Russia from between the great wall and Liao

Progress of Chinese Rebellion

HONG KONG, March 19.—The rebels in the southern provinces continue crushingly to defeat the imperial troops sent to subdue them. General Ma and Marshal Su report that it is impossible to suppress the rebellion with the troops at their disposal, and the Viceroy of Canton has requested Yuan Shi Kai, the Viceroy of Chi Li, to send reinforcements overland from Chi Li. The imperial troops have been defeated at Sek Shing, in Kwang Tung Province, and at Popak, in the Eastern League club, of Springfield, Mass. He was a member of the baseball organization which made a tour of the world.

King Revives Snuff-Taking

LONDON, March 19.—King Edward has set the custom of snuff-taking, which, as a result, promises to be generally revived. At the Marlborough House dinners a Georgian silver snuff box, once used by the Prince Regent, was handed to His Majesty at the beginning of the dessert, while the ladies were still at the table. The King helped himself liberally, sharing his pinches with favored guests.

Santos-Dumont Accepts

PARIS, March 19.—M. Santos-Dumont today accepted an offer from the officials of the St. Louis Exposition to go to St. Louis, assist the authorities in the organization of the proposed balloon contests and select a site on which to erect a balloon shed for himself. The aeronaut will sail for New York on the steamer Deutschland April 4. He will not take a balloon with him.

Demand for Impachment

STOCKHOLM, March 19.—There was some excitement in the second chamber of Parliament today, owing to a demand made by Adolf Hedén, a Liberal member, for the impachment of the Minister of Finance, Count Hans Wachtmeister. The grounds for the impachment were not announced. The matter was referred to the constitutional committee.

Empress Present to Mrs. Balbridge

PEKIN, March 19.—The Dowager Empress, learning that Mrs. Balbridge, wife of W. F. Balbridge, secretary of the United States Legation, was starting for home, sent her an immense box of costly confectionery, sharks' fins and other delicacies, with scrolls expressing Her Majesty's personal regards and best wishes for a pleasant journey.

THE DEATH ROLL

Thomas E. Burns. NEW YORK, March 19.—Thomas E. Burns, manager of the Jersey City baseball club, was found dead in bed today at the home of F. T. Powers, president of the Eastern League. Death was due to heart disease. Burns was a member of the Chicago National League club during the period in which that organization won the championship several years in succession. Afterwards he was manager and player for the Pittsburg National League club for two years. In 1916 he managed the Eastern League club, of Springfield, Mass. He was a member of the baseball organization which made a tour of the world.

Jonathan Boice. NEW YORK, March 19.—The body of Jonathan Boice, the millionaire lumber merchant of Essexville, Mich., will be shipped to the United States for burial, says a London dispatch to the American and Journal. Mr. Boice died a few days ago at Tives Hall, Norfolk, where he spent his boyhood as a herdsman. He emigrated in 1861, became a lumberman, rose to affluence, founded Essexville, crossed the Atlantic 14 times, and recently bought the farm at Tives Hall where he had worked as a boy for 2 shillings a week.

His Wife's Weak Heart

It is a singular thing that in the popular view of disease the interdependence of the several organs of the body is lost sight of. The heart, for example, is diseased and is treated as if it were entirely separated from, and independent of, every other organ. The fallacy of this opinion is shown by the cures of heart "trouble," liver "trouble," kidney "trouble," and other so-called "troubles," effected by the use of Dr. Pierce's Golden Medical Discovery. Primarily the "Discovery" is a medicine for the cure of disease of the stomach and blood. But it cures diseases of organs seemingly remote from the stomach, because these diseases have their origin in a diseased condition of the stomach and its associated organs of digestion and nutrition.

"I doctored with three different doctors for weak heart, but they did me no good," writes Ad. A. Wilson, of Cleveland, Ohio, Box 51. "I was so tired and discouraged I had had my choice to live or die I would have preferred to die. My doctor finally bought a bottle of Dr. Pierce's Golden Medical Discovery and he bought a bottle. I took that and the first half seemed to help me. I could sleep and eat and was perfectly well, and am looking for six boards. It has been a God-send to me."

A CURE FOR ALL

Relief From All Catarrhal and Chronic Maladies.

Deafness, Catarrh and all Catarrhal Maladies, Asthma and Bronchitis, Incipient Consumption, Diseases of the Nervous System, the Stomach, Liver and Bowels, Rheumatism, Kidney Diseases, and All Affections of the Skin and Blood, Cured by the Copeland Treatment.

To one not scientifically familiar with the causes of disease and disease symptoms, it may seem that the wonderful Copeland treatment covers too many of them; that too much is claimed for it; that it resembles in this respect the patent "cure-alls" to be purchased by the gallon at drug stores. The people have had a surfeit of these marvelous balms, lotions and concoctions that are heralded as sovereign remedies for all the ills that flesh is heir to. They want no more "cure-alls." Nor do they want to entrust their health to the reckless dosing of quack doctors. The thousands of published statements of reputable and well-known persons—old and young, men and women—who have been cured of all the troubles enumerated above by the skill of the Copeland physicians, should be as convincing as a decree of court, even to one unfamiliar with the nature of these diseases, while those who know that the root of these troubles is catarrh, and that the secret of the wonderful accomplishments of the Copeland physicians is their special skill in the treatment and cure of that dread enemy of the human race, are in no danger, even without this multitude of witnesses, of doubting the Copeland treatment with anything that has even a suspicion of quackery about it. The facts are that the Copeland treatment cures, that thousands today enjoy restored health and hearing through the skill of the Copeland physicians, and that the treatment brought with every reach of the masses by the merely nominal fee of \$5 a month, all medicines included.

ALL HIS LIFE HE SUFFERED FROM CATARRH—CURED BY COPELAND TREATMENT

Mr. E. W. Mathews, Wendling, Or.—Employed by the Booth-Kelly Lumber Co.—I had catarrh all my life. I can remember that

As a Child I was choked, and I could not breathe through the nostrils. I suffered in this

which threatened entirely to destroy his hearing and ruin his health. His nose was so stopped up that he could not breathe through it. His tonsils were greatly enlarged, and his throat dry. He was cross in the day and restless at night. Drs. Copeland and Montgomery cured him perfectly and permanently.

Mrs. W. M. Manly, Kenilworth, Portland. "Since my treatment at the Copeland Institute, temporarily located at Cathlamet, I took a short course of treatment at the Copeland Institute for catarrh of the head, throat and stomach. My hearing was also very much impaired. At times my appetite failed, and my stomach, and at other times there seemed to be a lump in the stomach, and again the stomach and bowels would fill with gas. My appetite was changeable. I could not sleep and lost pounds. "I quit the treatment a well man, and have been well ever since."

Mr. J. E. von Carnap, 7 N. Grand avenue, Portland, temporarily located at Cathlamet: "I took a short course of treatment at the Copeland Institute for catarrh of the head, throat and stomach. My hearing was also very much impaired. At times my appetite failed, and my stomach, and at other times there seemed to be a lump in the stomach, and again the stomach and bowels would fill with gas. My appetite was changeable. I could not sleep and lost pounds. "I quit the treatment a well man, and have been well ever since."

HOME TREATMENT. Doctor Copeland requests all who are ailing, all who feel a gradual weakening, or all who realize that their health is being undermined by some unknown complaint, to cut out this slip, mark the questions that apply to your case, and he will diagnose your case for you:

- "Is your nose stopped up?"
"Do you sleep with mouth wide open?"
"Is there pain in front of head?"
"Is there pain in back of head?"
"Have you a bad taste in the morning?"
"Do you cough?"
"Do you cough worse at night?"
"Is your tongue coated?"
"Is there pain after eating?"
"Are you light-headed?"
"When you get up suddenly are you dizzy?"
"Do you have hot flashes?"
"Do you have liver trouble?"
"Do your kidneys trouble you?"
"Do you have pain in back or under shoulder-blades?"
"Do you wake up tired and out of sorts?"
"Is your strength failing?"

Must Issue Transfers. CHICAGO, March 19.—Judge Ball in the Circuit Court, today entered a writ of injunction which he holds void the ordinance compelling the Union Traction Company to issue transfers on all its lines and systems. If sustained, Judge Ball's ruling will allow a passenger to travel on the product of a passenger line on the payment of one fare where two have been paid before. Incidentally, the court holds that the municipality has the legal right to regulate street-car fares. The case will go to the Supreme Court. Judge Ball also ruled that the Union Traction Company and the United Traction Company (the former operates the latter under a lease) are practically one company and one must recognize the transfers of the other within the city limits shall be the maximum fare. Hitherto, citizens of Austin and Northwestern suburbs which, while miles from the center of the city, are
