CHOLERA CASES

THIRTY DEATHS FROM THE DIS-EASE AT MANILA.

Testimony at 'the Waller Court-Martial-Laguna Rebels Have Surrendered-Government Bill.

MANILA March 25.-Up to noon today cases of cholera and 30 deaths from at disease have been reported here. The Waller Court-Martial.

When the trial by court-martial of Ma-jor Littleton W. T. Waller, on the charge of executing natives of Samar without trial was continued today. Lieutenant Alexander S. Williams, of the Marine Corps, for the defense, testified that undoubtedly the plan of the natives was to doubtedly the plan of the natives was to get all the food for themselves. The witness thought that the precautions which had been taken prevented a general mas-sacre. Captain Hiram I. Bears, of the Marine Corps, testified to an attempt on Major Waller's life. Commander William Swift, of the United States gunboat Yorktown, said he thought the natives of the Province of Basey, South Samar, were treated with more trust and consideration than they were entitled to. Three en-listed men testified that the natives were selfish in regard to food. When the Wright party returned they found that the inhabitants of Capiz, North Samar, were suffering from partial famine, and Lieutenant John N. Wright, Marine Corps, gave orders to supply them with all the governmental work possible, and harmonized several places where there was friction between the different offi-

PHILIPPINE GOVERNMENT BILL. Measure Follows That of Cooper, Favored by Judge Taft.

WASHINGTON, March 25.—The Republican members of the House committee on insular affairs are rapidly perfecting the bill providing a civil form of government for the Philippines. in the main the meas, ure as perfected follows that introduced Chairman Cooper and favored by Judge

In its present form the bill provides for the institution of civil government in the Philippines when the governments all certify to the President that a state of permanent peace has been secured. Thereafter a census is to be held and the islande divided into districts. A Legislative Assembly is created, consisting of two houses. The upper house is to some extent a continuance of the Philippine Commission. The lower house of Philip-

Today's session of the Senate committee on Philippines was devoted to a consideration of that portion of the Philippine Government bill which refers to the land held by the religious orders. The propo-sition was not formally disposed of, but members of the committee generally ex-pressed the opinion that the provision would be allowed to stand practically as it was after the committee concluded its work today. The only material amend-ments made today related to the payment for the land. One of these provided that the bonds to be issued to secure the means for the purchase of the lands by the Government from the friars shall be made payable in gold or its equivalent in Philippine currency, and another that they shall draw interest at the rate of 4% per cent, instead of 4 per cent, as orig-inally provided. It was stated in the course of the meeting that the lands would not cost to exceed \$7,000,000.

Philippine Tariff Act.

WASHINGTON, March 25,-The Commissioner of Internal Revenue has issued a circular to Collectors of Internal Revenue ing the act of March 2, 1902, known as the Philippine tariff act, and instructing them that the existing regulations govern-ing the exportation to foreign countries of articles subject to internal revenue tax. on which such tax has been paid, are extended to articles shipped from the United States to the Philippines under bond or with benefit of drawback, In cases where a landing certificate has been required by the regulations to be furnished by the exporter, the certificate of the llector of the islands will be accepted in lieu of the prescribed certificate of the foreign revenue officer, and the Consular verification of the consignee's certificate.

Killed by a Live Wire.

PARSONS, Kan., March 25, - To-night Lee Watson, a 14-year-old boy, was killed by taking hold of a live electric light wire in this city. The boy was a member of the high-school society, which was initiating a candidate tonight. Part of the initiation was the application of this wire to the candidate. Watson took hold of it and was instantly killed. Some of the insulation on the wire had worn off and had been a plaything for the boys in the daytime for weeks,

New Warrants for the Andrews. DETROIT. March 25.-New warrants ere issued today for the arrest of Frank Andrews, vice-president of the wrecked City Savings Bank, and Henry R. Andrews, of the same bank, on compaints signed by F. W. Hays, the expert accountant who is representing the city and county officials in the investigation of the affairs of the wrecked bank. Two complaints were made against the men. One charges them jointly with willful misap-propriation of the funds of the City Savlings Bank, while the other charges Cash-ler Andrews with misappropriation, and F. C. Andrews for aiding and abetting. The complaints are based on certain

checks and drafts for \$355,601, issued February 5 and 6, when Frank C. Andrews was stready indebted to the bank to the amount of \$300,600. The men were arraigned this afternoon, and their exactions on both complaints were set for April 4.

Granite Hill Strike a Wonder. A number of exceptionally rich strikes have been made in the Southern Oregon mines of late. The rich strike recently made at the Granite Hill mines, in the Louse Creek district, is proving a wonder. The owners of the property sent a quantity of the ore to San Francisco, to be thoroughly tested, and have received returns showing that the rock averaged 200 per ton in sulphurets and free gold; 75 per cent of the values are carried in sulphurets. The width of the ledge uncovered to the person of the pers ercd is 42 inches. There are 12 separate ledges in the mine, all carrying good values, and all are being developed by the company in charge, of which Booth & Mangum, of this city, are the principal owners. A five-stamp mill is kept steadlly at work at the Granite Hill property crushing the rich rock.
