THE OREGONIAN'S HANDBOOK.
The Oregonian's Handbook tells all about Portland, the entire Columbia River watershed and the U.S. West Coast, commencing with the Lewis and Clark expedition to Oregon. The book contains over 150 handsome illustrations, and is printed on enameled book paper. It will be mailed to any address in the United States or Canada for 7 cents a copy.

SIDEWALK CRUISE STARTS APPROVAL.—Special Officer Lillis visited Monday to notify people having bicycle racks and other advertising signs and obstructions on the sidewalks to remove them within three days. He notified his personnel, and all except one gave him the glad hand and promised to remove their obstructions at once. The exception was a sewing-machine man, who, from having been accustomed to deal with women, has acquired a vast amount of nerve, and he flatly refused to obey the notice served. He is being saved up, and the Civic Improvement Association proposes to make a terrible example of him, which will be a warning to others of the kind. All the business men say that the clearing of obstructions from the sidewalks is the best move that has been started here. As a result of the notice served, 12 bicycle racks, so-called, besides booth-like signs, real estate signs and other nuisances were removed from the block on Morrison street between Fourth and Fifth streets. Notices requiring removal of side of Third street, between Alder and Washington, there are half a dozen bicycle racks, all for advertising purposes, several real estate signs, blackboard signs, a rocking saloon sign, real estate cut-rate signs, and a section of an electric-light pole cased and covered with signs, and this is only a fair example of many other blocks. Notices requiring removal of signs to be placed at the proper height above the sidewalk will soon be served.

RANCHER BEATS BEAR TRAP.—A rancher living on a claim in the woods near Astoria went to a friend here one day or two ago to have a dozen bear traps sent him. As an inquiry, it was discovered that bear traps are quoted at \$10 per dozen, and the rancher sent him two for a starter, as it is not desirable that all the bears in the country should be caught at once, and the price of bear skins is dropping so fast that a fellow who works in a logging camp down near the river of the bear-killer says there are no bears there, but the man has a mania or something of the sort and imagines he is still growing at night, when it is only his wife snoring.

MEETING OF COUNCIL OF JEWISH WOMEN.—The Council of Jewish Women held its regular meeting Monday afternoon in the Selling-Hirsch building. Mrs. A. L. Newman presiding. Miss Celia Abrahams sang a very beautiful selection entitled, "Let Me Love Thee," by Ardit, which was thoroughly appreciated. Following this was a symposium on "Stirring Incidents in the Lives of Samuel and Saul," Mrs. H. Gerson, Mrs. M. Markovitz, Mrs. C. U. Brown, and Mrs. C. U. Anna each reading very interesting papers. After the programme, refreshments were served. At the next regular meeting there will be an election of officers.

A MINISTER FOR PRISONS.—The subject of a minister for prisons will be taken up in the meeting of the Christian Union this (Thursday) evening at 7:30 o'clock, at the Christian Union Church. Mr. J. R. Winans, of Salem, will give an address showing the great need of a systematic work for the various institutions of the state, situated at or near the capital, and suggesting a plan through which the services of a thoroughly-equipped man may be obtained, to give his whole time to the study of the problem, and to see that the duties of chaplain. The public is invited.

PETER DE ROCK BOUND OVER.—Peter De Rock, the Third-street saloon-keeper, had another hearing yesterday before Municipal Judge Cameron, charged with stealing \$200, in his saloon, from Henry Marsh. Marsh insisted that while he was drinking in De Rock's place that De Rock attacked him and took the \$200. De Rock denied this and stated that Marsh and a tall young man, name unknown, got into a fight and that he separated them. "Marsh told my friends after I was arrested that I did not take his money, but that I had been arrested, anyway," concluded De Rock. He was held in \$500 bail for the grand jury.

MOHAIK MARKET OFFERS.—The mohair market has opened at about 22 cents per pound. Very little business has been done so far this spring, because cold weather has retarded the shearing. A dealer yesterday estimated the clip for the year at 350,000 and 375,000 pounds. The clip is expected to show an increase over that of last season. One cause of the dullness of the market is the disposition of growers to wait the outcome of the pools. About 25,000 pounds are pooled at Dulles, 15,000 at Corvallis and 2000 at Silverton.

SIXTEENTH REGIMENT TO START NORTH.—No advices have been received by Quartermaster Jacobs as to the time when the Seventeenth Infantry will leave San Francisco for Vancouver Barracks. Press dispatches reported that the regiment would arrive in Portland yesterday, but no notification to that effect was received by the Quartermaster. When the regiment is ordered to Vancouver, notice will be received by Colonel Jacobs before its departure from San Francisco.

NEW CITY CHARTER OUT.—The first installment of copies of the proposed city charter were received by Sanderson Reed, secretary of the charter commission, yesterday. In a few days the entire edition will be on hand, and then places of distribution will be fixed throughout the city. The places so fixed will be convenient to all workmen, so that all may quickly obtain a copy of the charter agreed upon by the commission.

\$100 FOR PERMANENT EXHIBIT.—Nearly \$100 has been raised for the permanent exhibit at 246 Washington street in C. H. Meisac, who is getting subscriptions to the fund, desires to raise \$250. This sum is necessary to maintain the standard of the exhibit. Some reports that the exhibit is not as elaborate as it should be, but it is fully representative of the money that has been expended upon it.

BARTENDERS TO ELUCTO OFFICERS.—The Bartenders' Union which was recently organized will hold its first regular meeting next Monday afternoon. Officers will then be elected and the union will be made a permanent institution. The union will not be in any way affiliated with other unions, except so far as the usual relationship is concerned.

NEW TERM NIGHT SCHOOL starts this week at the Y. M. C. A. Classes in arithmetic, algebra, architectural, mechanical and free-hand drawing, bookkeeping, penmanship, shorthand, typewriting, carpentry, wood carving and clay modeling. Students may take one or more classes. Commencing March 31 the White Collar Lines will place in effect a daily service between Portland and The Dalles, leaving at 7 A. M. from foot Alder street.

NEW INSURANCE RATES.—Referring the west side of the city for fire insurance will be finished in about 10 days. The waterfront is about all the property on this side of the river that has not been gone over. The work of surveying and rating the East Side will be accomplished much more quickly than that of the west. Insurance agents have received about half of their minimum-rate cards. The new rates on the waterfront are reserved as the bitter pill for it is understood that they will be harder to gulp down than the old, rather than easier. The reason is lack of adequate fire protection on the river. The fireboat and launch companies are being organized. Trade and Chamber of Commerce have been gathering arguments for as favorable rates as possible. These will be presented to A. S. Stillman, secretary of the Citizens' Fire Association. Mr. Stillman has been expected to come for several weeks, so long, in fact, that many people are tired of waiting for him.

OFFICERS OF LADIES' RELIEF SOCIETY.—At the annual meeting of the Ladies' Relief Society of Portland, Mrs. Cyrus A. Dolph, who has served as president and vice-president for a number of years, tendered her resignation, which was reluctantly accepted. These officers were then elected: President, Mrs. P. J. Mann; vice-president, Mrs. T. L. Elliot; second vice-president, Mrs. Cleveland Rockwell; treasurer, Mrs. Theodore Wyzant; secretary, Mrs. Ellis G. Hughes; assistant secretary, Mrs. Goldsmith. The board of trustees were re-elected as follows: President, H. W. Corbett; treasurer, William M. Ladd; secretary, Rev. Dr. T. L. Elliot. William Wedhams and W. F. Burrell. The advisory committee: Mrs. H. L. Pitcock, Mrs. A. Meier, Mrs. R. M. Wilbur, Mrs. Ernest Brown, Mrs. D. F. Thompson, Mrs. W. B. Roberts, Mrs. B. Z. Holmes, Mrs. A. Wolfe and Mrs. E. G. Hughes.

CHOOSES PHOTOS FOR ROGUES' GALLERY.—Captain E. S. Edwards is devoting his spare moments to the work of compiling in his workshop. He has made a handsome wood frame having a glass face, behind which he arranged a collection of 54 photographs of criminals. He intends to present the rogues' gallery to Chief McLaughlin, of the Police Department. The frame is in handsome black finish. In the gallery appear the pictures of the latest criminals, including those of Wade and Dalton. Captain Edwards has received a cargo hook from the sunken Colombian man-of-war Losetto. It was sent by Captain E. D. Parsons of San Francisco, who obtained it in a recent voyage to Panama. Captain Parsons was master of the State of California for a number of years, which operated between Portland and San Francisco. He is now in the service of the Pacific Mail.

CENTRAL W. C. T. U. MEETS.—The regular meeting of the Central W. C. T. U. took place yesterday at the Noon Rest, 1013 Third street. Mrs. Mattie Graves, of Centralia, Wash., was present. The first half hour was devoted to Bible reading, after which the meeting was addressed by Mrs. Graves. She spoke upon the importance of temperance lessons in Sunday schools, and also dwelt upon the necessity of the enforcement of adequate temperance instruction in the schools, urging the hearty cooperation of parents and teachers. The executive committee has made arrangements with Mrs. Helen D. Harford, of Newberg, state president of the W. C. T. U. to deliver a one-week course of lectures in this county in the near future. Mrs. Graves will be present at the mothers' meeting, held tomorrow afternoon at 3 o'clock at the D. P. Thompson School.

FRANCE COGNAC BREATHES HIS LAST.—Daniel Richardson came up from St. Helena yesterday on the steamer Iraida with a cough which he had killed in the mountains back of St. Helena. The brute had been in the mountains for nearly eight feet, more or less, from the end of his nose to the tip of his tail. He has kept the entire rural population, for miles around St. Helena, in a state of terror for months, and whenever he howled they all hunted over. When a bullet was sent crashing through his brain he emitted a terrific groan, which let the people know that he was no more, and much of any more, anyway, and his beautiful form sank to the ground with a dull, sickening thud.

BOOKLET TO ADVERTISE OREGON.—The advertising committee of the Chamber of Commerce is hampered in its work by the sickness of its chairman, Adolph Wolfe. The committee is working on a booklet descriptive of the resources of Oregon. There is urgent need for the booklet, for there is at present no home-seeker's literature in the city. The booklet will be issued in 100,000 copies and will cost \$200. The Chamber of Commerce will give \$500 toward this sum, and the Manufacturers' Association will be asked also to contribute. The rest of the money needed will be raised by general subscription.

A TIP FOR MR. HANNA.—Food and Dairy Commissioner Bailey has given Mark Hanna something to think about. Mr. Hanna opposes the bill in Congress against adulterated food, not because he says the workmen of the country want oleo. Several days ago Mr. Bailey received a letter from the secretary of the National Dairyman's Association in Portland. The letter requested that Mr. Bailey at once telegraph to Mr. Hanna: "Oregon is unanimously in favor of the adulterated bill, known as the new Groat bill."

ROBBED IN HOTEL.—While away from their room in the Perkins Hotel during the dinner hour last night, Mr. and Mrs. A. W. Stowell were robbed of a purse containing \$20. The purse was left on a table in the room, and when going to their dinner an unfortunate remark was made to the effect that the purse had been stolen. The thief had been directed to the attention of some sneak thief to the room, for on their return the purse was gone and the electric lights, which had been left burning, turned out. No clew to the thief has been found.

REPAIRS ON SIXTH STREET.—City Engineer Chase is making extensive repairs to the asphalt pavement on Sixth street. Fresh dispatches reported that the paving of the street is very heavy, as nearly all the north and south-bound traffic in that part of the city finds its way to Sixth street, because it has an asphalt pavement. The paving of the street in that district. It is probable that when Seventh street is improved the Sixth-street pavement will be relieved to some extent.

CYCLE WRECKER'S ACCIDENT.—James Rankin, the racer, who tried to ride around the cycle whirl at the Baker Theater, and met with disastrous results, is slowly recovering at his home, although it will be some time before he will be able to repeat the exploit, even if he is so disposed. Dr. Herbert Cardwell, who is attending the young man, said yesterday that his injuries are not serious, and that he will recover. The circumstances. Rankin will hereafter leave experiments with the inclined track to people who make such experiments their business.

Zimmerman be placed on the ticket as a candidate for Councilman from the Seventh Ward. On motion the committee was authorized to write to the central body and inform it of the action of the club. The committee consists of: J. E. Courtney, J. M. Underwood, F. Hacheney, Peter Hobkirk, B. F. Jones, and Henry Schuber.

AUDITOR DEVLIN ON NEW CHARTER.—At the regular meeting of the Current Events Club last night, City Auditor T. C. Devlin delivered an address on "City Government and the New Charter." Mr. Devlin, who has closely studied municipal matters, spoke interestingly about the needs and mistakes of cities, and while he was intensely loyal to America, he criticized the existing conditions, among them the encroachments of legislation upon the freedom and privileges of cities. After the address, vocal selections were rendered by Kenyon and the club.

The alarm was given however, that Holland had fallen overboard, and three hours afterward his body was recovered by Brady, Holliday, and his mother and sister. An inquest will be held this morning.

MERCHANTS' TAXES DUE

AFTER APRIL 7 A HEAVY PENALTY MUST BE PAID. Few Business Men Have as Yet Settled for Amounts Due on Merchandise.

If a number of storekeepers who owe taxes on merchandise do not liquidate on or before April 7 they will have to pay a heavy penalty. The present tax code provides that unless one-half of the taxes are paid on or before the date mentioned, the balance of 50 per cent will be added, and also 10 per cent interest per annum. N. C. Oviatt, who has charge of tax collection, states that there are names of merchants on the books who owe as high as \$1000, and even \$2000, merchandise taxes, and, commenting on this, he said: "Tuesday, April 6, it will cost a storekeeper who owes \$1000 taxes on goods not paid up, \$100 extra, and \$2000 the penalty will amount to \$300. Then there will be a great kick, but that is the law. Business men do not seem to understand, and appear to think this law only applies to real estate, because a considerable number of them have not yet settled up. If one-half is paid by April 7, they have until October to pay the other half. No one will go out to collect these taxes, and people must come to the Sheriff's office and pay. If 50 per cent is not paid by April 7, the whole amount of the taxes is delinquent, and May 1 the Sheriff will seize and sell goods to obtain the amount due, with the 10 per cent penalty, interest and costs added."

ROAD SUPERVISOR FIRED. J. W. Ryan Discharged for Disobeying Commissioners' Orders. J. W. Ryan, Road Supervisor of precinct No. 4, which takes in West River, Madras, Bertha, and includes part of the Macadam, Slavin and other roads, was removed from office for disobeying orders yesterday by Judge C. E. Mack and County Commissioner Showers and Mack. The vote against Ryan was unanimous, and John Hoffman, who received the nomination by the Republican convention for Road Supervisor in this precinct, was appointed to fill the vacancy. Hereafter Road Supervisors are elected. If Ryan had not been discharged he would have served until July. He has been a Road Supervisor for about 10 years.

THE ROAD SUPERVISORS were instructed by the County Board not to expend over \$500 each in road work during the month of March. Ryan disregarded this order, and the payroll and other expenses in his district for March footed up \$918. When asked by the Commissioners how it happened that he did not know how he had run over, the work done consisted principally of dressing up the Slavin road. March 31 he was told in the most emphatic manner to discharge the men at once, and the following day Commissioner Showers and Roadmaster W. B. Steele went out over Ryan's district and found 15 men at work. Ryan was not with them, and he was immediately discharged. In explanation of his conduct in keeping the men at work said he was finishing up. Commissioner Showers was much displeased, and took occasion to remind Ryan that last Fall he spent \$800 on road work after having been told to keep within a \$400 limit.

At the meeting of the County yesterday the conduct of Supervisor Ryan was discussed. Commissioner Showers making a report of what he had discovered the previous day. Judge C. E. Mack remarked: "Word must be sent to Ryan to discharge those men."

"The only way you can do it is to take a policeman along," said Roadmaster Steele, who further explained that Ryan generally carried out the work he wanted to do instead of what he was told to do. It was suggested that if the men brought before the board, and before this was voted upon it suddenly occurred to all the members as a unit that the simplest way to settle the question was to "fire" Ryan, and the announcement to that effect came from all three members on the instant, and was immediately acted upon affirmatively.

Roadmaster Steele said some little work would have to be done to complete the work under way, and John Hoffman was appointed to serve until July. It was also a decision in the County Republican Convention, and may have been pushing road work as a political boom. He failed to obtain the nomination for Road Supervisor.

Lively Runaway. The horse attached to a wagon driven by William A. Hoag, of Sunnyside, yesterday took fright on Williams avenue and ran south at a lively pace. The driver was unable to control the horse. At the corner of Williams avenue and Welder street the animal plunged into the confectionery store of W. J. Ward and smashed things at a great rate. Hoag fell off some distance up the street, and escaped with a few bruises. Damage to the confectionery store amounted to about \$10, and about \$5 damage was done to the wagon. The horse got loose from the harness and ran several blocks. The store looked as if it had been struck by a Kansas cyclone.
