THE OREGONIAN'S HANDBOOK.

The Oregonian's Handbook tells all about Portland, the entire Columbia River watershed Portland, the entire Columbia River waters and the 1805 World's Fair, commemorative of the Lewis and Clark expedition to Oregon. The book contains over 150 handsome illustrations, and it is printed on enameled book paper. It will be mailed to any address in the United States or Canada for 7 cents a copy.

OH! WHAT A DAY!-Of all the dreary, diamal days of all the year, yesterday was in this section about the worst. The sky was gloomy and lowering and heavy showers fell at intervals. It was cold, and the wind was never weary, but it made everybody weary and disgusted. Early risers had the happiness of seeing the hills west of town white with snow, and were told that there was plenty of it out in Washington County. About 3 P. M. there was a heavy storm of hall and rain mixed which lasted some time, and when it ceased the sun shone out as brightly as on a fine June day for a short There was but little work going or outside during the day. A dozen or two ing property at Third and Morrison, some vering under rude temporary canvas selters, and others "sitting it out" with the elements. Several woodsplitters were at work in their short sleeves, being fortified with Chinese gin and lost

to all sense of feeling or any kind of sense. LARGE LICENSE COLLECTIONS. - The arcount collected for city licenses during the first quarter of this year was \$45,597, which is more than was collected in any previous quarter. So far this quarter Li-cense Officer McEachern says people have been very dilatory about taking out these licenses, and that, although only today and tomorrow remain in which to pay licenses before they become delinquent, only \$15,191 85—less than one-third of the received last quarter—has been The unpleasant weather has probably had something to do with this slowness in taking out licenses, as the amount this quarter should exceed that eccived last quarter, for there are some sight or ten applications for new liquor icenses, and only two or three are going out of business on account of buildings being torn down. Probably a penalty for delinquency in the place of liability to artest would have a good effect in causing ople to pay promptly.

ILLEGAL FISHING STOPPED.-Illegal fishing on the Lower Columbia has been stopped, practically at least, since April 1, and the Clackamas and Willamette at Ore-gon City are so closely watched that the poachers are not able to do any fishing there. The Deputy Wardens of Oregon and Washington are keeping a bright lookut along the Columbia, so that the fellows who have been fishing have had to abandon the business and take time to get their gear in readiness for the season, which opens April 15. Fishermen who have been up from the Lower Columbia every year of late catching all the fish which might have reached the spawning beds are going back empty handed. ey say there are two men watching the ackamas, and two watching the river Oregon City, and they could not fish all. It was not even safe to use a nken net, as when one went to lift it ere was always some one on the watch. SEAMEN'S INSTITUTE WORKER LEAVES .illiam Barr, for three years one of the inclpal assistants at the Seamen's Intitute, leaves this evening for New York lity, to accept an appointment at the Seam's Institute there under the direction Monday night Mr. Barr's friends dered him a reception at the Institute. nd he was presented with a handsome raveling bag, as a mark of esteem. A sical programme was rendered by Miss Roben, Miss Viggers, Miss Scott, A. Sheerer and by representatives of ships now in port. Mr. Barr has been useful in asion work at the Institute, and he has ors to play association football and to take part'in other athletic exercises. His good nature and sterling character have won him hany friends who are sorry to see him leave Portland.

DEATH OF MRS. CARL H. JACKSON .- After sufering 10 days from an attack of typhoid fever, Mrs. Alice Marie Jackson, wife of Cari H. Jackson, of the Northern Pacific Planing Mills Company, died yes-terday at her home, 731 Savier street. She was 25 years old, and was born in Chi-cago, arriving in this city in 1882. Six years ago she married Mr. Jackson, and nce her arrival here has been a well-lown attendant at the First Presbyterian surch. Beildes her husband, Mrs. Jackn is survived by two little children, Edr F. and Marie Jackson, also by a ther, a sister, Mrs. L. D. McArdie, and a brother, George C. Walte, of Wells, Fergo & Co. The funeral will be held from her late residence, 731 Savier street, rrow afternoon, at 1:30 o'clock.

URED IN LOGGING CAMP.-Chris Linn, an employe in Benson's logging p, at Bunker Hill, was brought to the yesterday and taken to a hospital to a broken arm attended to. He is an and experienced woodsman, and was ching a falling tree to guard against en limbs flying about. The tree, how-fell across the top of a tree which been felled a short time before, caushe butt to swing around and break rm. O. Olsen, foreman of a logging on Deep River, was also in town withhis arm in a sling. He was assisting in setting a detailed logging engine on the tack, and had wedged it up some distinct, and as he reached under the engine to get another wedge it came down

arm and broke it. ers' JUNKET POSTPONED .-- A num-Columbia River loggers have of late planning an excursion to Puget to visit some of their brother logand, as they say, have a good time set if they cannot learn something, coof their intentions having reached the Sound, circulars were received by several of them yesterday, asking them to fix the date of their arrival so that a series of excursions can be gotten up for their etertainment. No one felt like taking my action in the matter yesterday ant of the beastly weather, and the matter was laid on the table until a fine

COLUMBIA AT LOW STAGE.-Water in the Columbia River is lower than usual at this time of the year and still failing. Last year at this time it was 10 feet above low-warst mark, while now it is only about these feet. If any one imagines that the sause of the low water is a lack of rain is is mistaken. It is because the weather is so cold that the snow in the mountains is not melting.

It will be brought before the Senate and debated as soon as possible, and Colonel Dimmick says it will probably be enacted into a law within 30 days thereafter. Congressman Dick, who is chairman of the militia committee, is president of the Interstate Na-tional Guard Association, and is Major-General of the Ohio organization.

PLANS FOR MILITARY ENCAMPMENT. Adjutant-General Gantenbein returned yesterday from Salem, where he attended the regular quarterly meeting of the State Military Board Monday night. In addition to ordinary business the board decided to recommend to Governor Geer, as Commander-in-Chief of the National Guard that the Infrastructure force he Guard, that the infantry forces be as-sembled this year in a brigade camp of instruction at such time and place as may be hereafter agreed upon by the Gov-ernor, the brigade commander and the Adjutant-General. General Gantenbein submitted his report for the quarter, showing that in all organizations there was a marked improvement in attendance

over the preceding quarter.
To Test New Road Rolles-City Engincer Chase intends to test the new lo-ton steam road roller, purchased by the city, some time next week. He desires to try it on a gravel street first, as gravel is more difficult to roll satisfactorily than crushed rock. It is expected that there will be a block of gravel improvement completed on East Burnside street early next week, which it will be practicable to reach with the new roller. In some places it will be necessary to strengthen elevated roadways before the new roller can be run over them in safety. A large number of street improvements have lately been started on the East Side, but work on them has been retarded by the unfavor-

A FIGHT ON When You Tell People to Quit Coffee.

"At least 75 people among my acquaintances have been helped or cured by leaving off coffee and using Postum Food Coffee in its place," writes a little woman from Independence, Ia. "I will mention one case, Miss Cora ——. I learned she was suffering from nervousness and constipation and went to call on her. Found her in bed, and she looked like a living skeleton, so wild and haggard that I

feared for her reason.
"I asked Cora if she was improving any. She said not, but was improving any. She said not, but was gradually growing worse. The doctor was coming twice a day and giving her a powerful nervine. She said, I am so miserable that I tell you privately if I don't get better soon I will end it all myself come day. I told her not to talk that way day.' I told her not to talk that way for I believed it was something she ate or drank that caused the trouble and she might get well by making a change in the Oregon," twice each evening, for opening off coffee when I was in almost as bad a shape as she, but as soon as I of the Lewis and Clark Centennial Expentioned coffee I had a fight on my mentioned coffee I had a fight on my hands, for she insisted that coffee helped her and her mother backed her in it saying that it was 'the only thing she did enjoy' and 'she did not believe coffee hurt

any one.
"I talked with them a long time, and finally got Cora to agree to let me make a cup of Postum Food Coffee for her supper. She was surprised that it was so good. Said she 'had heard it was terrible wishy-washy stuff.' I told her it was because they did not follow directions in bolling it enough. She promised to use it faithfully for two or three weeks, and if she was not better I would admit that I

was wrong. "I went to see her again in about 10 days, and Cora met me at the door with a smile and said: 'Ada, your Dr. Postum is the best doctor of them all. I can sleep all night, can eat heartly, and am grow-ing stronger every day. Ms and all the

Leitzel. Waives Examination.—Municipal Judge Cameron held D. M. Leitzel in \$1000 bonds yesterday for the grand Jury, to answer a charge of kidnaping Jennie Stargis, is years old, alleged to be a ward of the Boys' and Giris' Aid Society. Leitzel was represented by Judge Capies, who said that he waived examination on behalf of his client. Judge Capies asserted that the girl was in a respectable home in Washington County, and had no wish to leave it. Superintendent Gardner, of the Boys' and Giris' Aid Society, afterward stated: "In 1898 Leitzel also took another of our wards, a Thomas Merger. Store News From Eilers Piano House-A Large Number of Fine New Uprights to Be Sold This Week at Dealers' Wholesale Prices. Six Dollars a Month Will Secure Choice of Nearly Two Carloads.

During this week we wish to sell something like three carloads of the very best medium-grade pianos ever shown in Portland. They were regularly sold by another retail house for \$50 and \$30 here tofore. These instruments are greatly improved, and better made than they were when they were sold at the above-mentioned figures heretofore. In fact, we doubt very much as to whether a San Francisco branch store or a concern getting its planos from San Francisco jobbing - houses or on consignment from money brokers, could afford to sell them for less than \$22 even now and make a living profit. But we are going to sell these instruments during the coming week for \$153 and, to make it an object for you to take one of them quickly, we will sell you one on payment of \$19 down and \$5 a month. Remember the prices, \$173 and \$185 one and the same to all alike, no more will be asked, no less will be accepted: 3 per cent off for all cash, or \$10 down and \$5 a month. Remember the prices, \$173 and \$185 one and the same to all alike, no more will be asked, no less will be accepted: 3 per cent off for all cash, or \$10 down and \$5 a month, with interest on deferred payments at 8 per cent per annum. We are sure you will not find a single one of these planes on hand by the end of the week. Better come in at once and plok out the one you like best.

These planos are fully warranted. They are cabinet grand planos in mahogany, oak and wainut, full 71-3 octaves, and while we are willing to take \$185 and \$173 for them, rest assured they are in every way as good and as valuable as the instruments were heretofore, when sold for \$500.

It is not that we are selling cheaper planos, but we're selling

pianos cheaper.

We have told you how in conducting four leading stores in four leading clues under one management we save money in buying large quantities of pianos; how we save money in shipping them without boxes, how our store rents are less per piano sold than any other dealer's, how, in fact, our selling expense is less by many deliars than other dealers' or agents', large or small.

That's how we can sell these pianos at these low figures now, and still say that we are standing back of every representation that our salesmen make regarding them. "Money back if not satisfied' applies to these pianos, as well as to the highest-priced Chickering, and Weber, and Kimball. See them early this week. Bring 410 for a first payment down, and pay the rest as suifs you beet. Remember the place and street number. Ellers Plano House, 361 Washington street, opposite Cordray's Theater.
