

CRAZY WIFE USES PISTOL

KILLS HER HUSBAND AND THEIR CHILD.

Turns Weapon Upon Herself With Deadly Effect—Family Was Highly Respectable.

EVERETT, Wash., April 8.—The most shocking tragedy in the history of Everett occurred soon after 1 o'clock this evening. Mrs. Shepard R. Bucey, wife of the assistant cashier of the American National Bank, killed her husband, their 4-year-old son and herself.

In the parlor, with her head toward the bay window, lay the form of Mrs. Bucey, shot through the heart. By her side, a few feet away, was the 4-year-old boy, Eugene, with a bullet hole through his head. In the dining-room, adjoining the parlor, was S. R. Bucey's body, with two bullet holes behind his head. The clenched hand of Mrs. Bucey still retained the smoking revolver when the bodies were found.

The most reliable account of the tragedy is told by the house servant, Elizabeth McNulty. She said: "I was in the kitchen when Mrs. Bucey fired the first shot. I started in, but seeing her coming with the revolver, I returned to the kitchen, where Mr. Bucey's mother was with the 15-month-old baby. At the second shot the old lady started into the room. Mrs. Bucey ran up to her husband and fired two shots through his head, behind the left ear. His mother cried out: 'Oh, she has killed my boy.' 'Mr. Bucey came home from the bank about 5:30 o'clock, and he was in the house until the time of the shooting was as pleasant as usual. Bucey took his wife to visit his uncle, Henry Bucey, in Tacoma, last week. Mrs. Bucey was complaining of feeling well. There is no other cause which I can imagine but insanity."

Shepard R. Bucey was assistant cashier of the American National Bank. He was one of the most respected young men of the city. He had been a resident here for a number of years. He was a nephew of Henry Bucey, of Tacoma.

Arrested on Charge of Larceny.

CHICAGO, April 9.—Word has been received in Chicago of the arrest in San Francisco of H. W. Covert, who lived at Thirty-fifth street and Wentworth avenue, this city. Covert is charged with larceny, and S. R. Howe, 1256 Forest avenue, Chicago, is the complainant. Howe will leave for San Francisco today. It is said that Covert obtained from the valuable furs, silks and jewelry claimed by Mrs. Howe, who is an invalid. The value of the property is said to reach quite a sum.

Fined for Smuggling.

SPOKANE, April 9.—In the Federal Court this morning, Captain J. Devries, of the trumpship Withemania, entered a plea of nolle prosequere to the charge of having smuggled three Chinamen into this country at Port Townsend. Judge Hanford gave him the highest fine allowed by law, \$500 for each of three Chinamen, but did not add a prison sentence, as the law allows. It is reported that the Chinamen were made to confabulate the ship, and the case is now ended.

Suicide With a Revolver.

HEPNER, April 9.—D. C. Hamilton, a well-known resident of this place, committed suicide yesterday morning by shooting himself in the head with a revolver. He had been drinking heavily for several days and it is thought was temporarily deranged. His body was not discovered for several hours after the deed. He left a widow and four children.

Suicide Frustrated.

NEW WHATCOM, Wash., April 9.—A. P. Ross, traveling salesman, tried to commit suicide at Binnie last night, soon after being placed in jail for forging a check for \$5. He had written a grain of morphine he wrote two notes, one to Lucille King, of Fairhaven, telling her good-bye, and another asking to have F. H. Ross, 124 North Twenty-ninth street, Tacoma, notified of his death. Physicians succeeded in saving the would-be suicide's life.

Grand Jury Called.

SPOKANE, April 9.—At the request of the grand jurors of this county, Judge Richardson has called a grand jury to meet at Colville, April 21, to investigate charges of gross immorality that are made against J. E. M. Bailey, prosecuting attorney of the county. It is stated that Bailey was advised to leave the county, but refused. He promises to fight the charges to a finish.

NEW COURTHOUSE

Thurston County Officials Will Soon Move Into It.

OLYMPIA, April 9.—At the present session of the county commissioners, Thurston County's new courthouse, at Fourth and Washington streets, was accepted from Contractor Patridge, and within two weeks the county officials will move into it. For six months past, the county has occupied the McKinley building on a lease.

The new courthouse is of stone, two and a half stories in height and contains a fine room for a county hall a dozen times as large as Thurston's. Its cost has been about \$200,000, and is about one-tenth what the former courthouse, now the State Capitol, cost, and what is more to the credit of the new building will be free from debt. The commissioners are also arranging to build a new jail, which will be in the rear of the courthouse. The old jail has become a menace to health of prisoners. The new jail will cost \$400,000.

Street-Railway Franchise.

The Olympia Development Company, a recently organized association of Eastern capitalists, has applied for a franchise for a street railway. It was proposed to construct the line on the West Side, to reach residence property owned by the company, and to extend the city tracks through the center of the city and the East Side. The franchise will probably be granted.

Leather Mill to Start Up.

The Mutual Lumber Company, which has succeeded the Bucoda Mill Company as proprietors of the big mill plant at Bucoda, is about to renew operations of the plant. For some time it was feared the plant would be abandoned, as the capitalists who purchased the property threatened to take it elsewhere. The mill will soon be employing between 75 and 100 men.

Labor Unions Will Unite.

A Central Labor Union is about to be organized in this city. A preliminary meeting has been held, at which nine local unions were represented, and permanent organization will be effected soon. T. P. Holcroft, of the Typographical Union, is chairman, and A. W. Jones, of the carpenters, is secretary. There are 11 unions in this city.

New Shingle Mill.

The J. R. Flynn Shingle Company, recently organized by local capital, is about to begin construction of a shingle mill on the West Side, in this city. The plant will turn out between 100,000 and 150,000 shingles a day. The people behind the new company were formerly in the same business at Little Rock. About 25 men will be employed.

New Land Office Quarters.

May 1 the United States Land Office in this city will be moved from the quarters it has occupied in the Reed block for several years past to the McKinley building, formerly the Capitol. The Land Office

will occupy the rooms now used by the Superior Court, on the fourth floor.

Purchase for Capitol Annex.

Secretary Garrison, of the Capitol Commission, is in correspondence with furniture and supply firms relative to furnishing the Capitol annex. As there will be no time available until the next Legislature meets, the secretary of the commission says contractors will have to wait for the Legislature to pay for the supplies. Secretary Garrison figures that it will cost \$20,000 properly to furnish the annex.

Charles H. Gehring, for two years assistant engineer in the State Land Office, has resigned on account of ill health. Charles Trumbull, of Spokane, until recently locating engineer for the Great Northern Railway Company, succeeds Mr. Gehring.

PROVISIONS ARE NEEDED.

Persons Who Go to Thunder Mountain Should Have Full Supply.

Shirley, Sr., April 9.—Charles Stoltz, well-known Baker City merchant, returned today from Salmon Meadows, 35 miles out from Council, the terminus of the Pacific and Idaho Northern Railroad. Mr. Stoltz said: "I found at Salmon Meadows 150 men preparing to go into Thunder Mountain. Some were preparing to make the trip with donkeys, but most of them had to go on foot. The trail is the height of folly for any one to attempt to go in with less than three or four months' supply of provisions. Money cannot buy provisions at Thunder Mountain. There is nothing there for sale, and those who have supplies are guarding them with rifles. It will be 60 days before any general supply of provisions can be put into the mountains. I had a pleasant visit with 10 men who had just come out of Thunder Mountain. Among them was the general manager of the timbering company. He told me they came out light, and when they arrived at Salmon Meadows they had only a box of sardines and a few crackers. It took them seven days to make the trip, and four days of that time they had to sleep on the trail, as they could not make a camp. He said that Thunder Mountain was the greatest mining camp ever discovered, but that he and his party were compelled to come out in order to get something to eat. They will go back as soon as they get their supplies together. They strongly recommend that any one going in should be provided with at least four months' supply of provisions."

HERE'S INGENUITY FOR YOU.

Chicken-Raiser Feeds His Fowls by Aid of Electricity.

OLYMPIA, April 9.—Walter Bernard, formerly of this city, some months ago secured a small tract of land on Chatham, and stocked the place with a few dozen chickens. He has erected the usual fence and has divided the place into several different yards. As he is compelled to be away from home during the day, he studied out a scheme for caring for his chickens during his absence. Electricity was resorted to to conduct the feeding of the chickens during his absence, and it has proved eminently successful. In each yard he has erected troughs to hold food for the hens, and these troughs are connected by wire with his house. Within the house Mr. Bernard has connected the wire with a bell alarm clock, with the usual battery attachment. When he leaves home in the morning he sets the alarm clock at the hour for feeding the chickens, and by an intricate arrangement when the proper time arrives the alarm goes off, the connecting wire releases the troughs and the chickens make a rush for their food, which is spread before them as if Mr. Bernard did the job in person. Chicken-raising by electricity is a novelty, but Mr. Bernard says it would not be profitable if he had to remain with his fowls all day.

INSURANCE IS GROWING

AS SHOWN BY ANNUAL REPORT OF STATE COMMISSIONER.

There Were 111 Companies Doing Business in Oregon on April 1.—Tax and License Receipts.

SALEM, Or., April 9.—The annual report of Secretary of State Dunbar, as ex-officio Insurance Commissioner, has been issued. The date of the report is April 1, and on that date there were engaged in business within this state 111 fire and marine, 35 life and accident, six plate-glass and two steam boiler insurance companies, and nine surety companies, showing an increase in the aggregate of nine companies.

Under the law requiring the payment of a 2 per cent tax on net premiums, \$3,988.40 was collected. Licenses amounted

Road District Is Working for Better Highways—County Will Aid.

SALEM, Or., April 9.—Dr. S. C. White, William Brown and Van Dale, supervisors of the Gervais road district, were in Salem today and had a conference with County Judge Scott in relation to the proposed improvement of highways in that district. The enterprising property-owners of Gervais and its vicinity have raised \$300 by popular subscription, to be expended in the improvement of roads. The committee was assured of support from the county. Marion County recently purchased a
