

H. C. SMITH NAMED Secretary Republican State Central Committee.

VIGOROUS CAMPAIGN PLANNED

Headquarters in Benson Building Will Be Opened Thursday—County Committee Will Co-ordinate With Organization.

The Republican state campaign will be fairly launched Thursday, when the headquarters will be opened in Portland. It is expected that the Multnomah County Committee will be in close touch with the general organization, and that vigorous and effective methods will be the result.

The Republican State Central Committee will open headquarters in the Benson building, Fifth and Morrison, Thursday morning, and the campaign will begin in earnest. Chairman Walter F. Matthews has selected Herbert C. Smith, of this city, as secretary of the committee, and his choice meets with approval in all quarters.

The officers of the State Central Committee will be busy during the entire campaign, as they intend to leave no stone unturned nor doubtful voters unpersuaded. They will keep in close touch with every man at the state and county committees are entirely separate organizations. It is highly probable that the latter will open headquarters in the same building.

The Democrats say that Chamberlain will make great gains in Multnomah County, and that hundreds of local voters will vote for the Democratic candidate. The Republicans are not saying much about the matter, but are waiting for their opponents to let a few pieces of money, all of which, and more too, the Republicans declare they will cover.

From all parts of the state come encouraging reports as to the popularity of the whole Republican ticket, and they come from a class of men who are wide-awake to the whole political situation.

Frederick A. Walpole, sketch artist in the employ of the Botanical Division of the Department of Agriculture, has arrived from Washington, where he was invited to Coos County to sketch the plants and flowers of that region, and will follow the advancing season up the slopes of the Coast Range, catching the flowers as they bloom.

CONSTANTINOPOLE, April 14.—Consul-General Dickinson and Mrs. Dickinson left Constantinople today on their way to the United States.

PULLMAN, Wash., April 14.—The Rev. Dr. John W. Fletcher has been appointed regent of the Midland University of Chicago, a position which he will hold until the university extension for the State of Washington.

NEW YORK, April 14.—Robert S. McCormick, American ambassador to Austria, has left London for Vienna, accompanied by Mrs. McCormick and her niece, says a Tribune dispatch from London.

LIVERPOOL, April 14.—The White Star Line steamer Oceanic, which sails from this port for New York, April 15, will have among her passengers Senator Alton, the new Portuguese Minister to the United States.

WASHINGTON, April 14.—Representative Jones today presented to the President the widow of Governor Ferry, of Olympia, and John Leary and Mr. and Mrs. Smith, of Seattle.

ALBANY, N. Y., April 14.—The party that will accompany Governor Odell on his Western trip will leave Newburgh on the afternoon of Saturday next. They will reach Portland on Monday morning, April 22. The party will consist of Governor and Mrs. Odell, Senator Ellsworth, B. E. Odell, the Governor's father, the Governor's two sisters, the baby girl and her nurse, Mr. and Mrs. Charles Odell, and the new Portuguese Minister to the United States.

AGAINST RIVER RESORT.

Citizens of Brooklyn Will Make a Protest.

There will be a mass meeting of the taxpayers and citizens of Brooklyn and the neighborhood of 688 Milwaukee, near Karl street, tonight, to take steps toward preventing the prospective establishment of a salmon and river resort on the hill opposite Ross Island on the east side of the Willamette. It has come to the knowledge of the people of that part of the city that a large tract of land has been purchased for this purpose, that it has been cleared and is being prepared for a resort of an objectionable kind.

PERSONAL MENTION.

Edmund C. Giltner is in the city from Salem.

Secretary of State F. I. Dunbar is in Portland.

Thomas H. Proctor, a prominent mining man from Spokane, is at the Belvedere.

Dr. C. E. Fryer, a well-known Union County stockgrower, is at the Belvedere.

Austin S. Hammond, of Medford, was transacting legal business in the city yesterday.

Dr. K. A. J. Mackenzie left last night for a few weeks' visit to Louisiana. He is suffering from overwork and needs a rest.

B. F. Jones, Republican candidate for State Representative from Clatsop and Lincoln Counties, is registered at the Perkins on Toledo.

Mark A. Mayer, of New York, is in Portland, visiting his people. He will return early next week and take a Summer trip to Europe.

John Barrett will be the guest of the Chamber of Commerce and the Credit Men's Association at the Commercial Club. He will speak on trade relations with the Orient.

F. N. Derby, a Salem real estate dealer, is in the city for a few days. He is one of those stalwart Democrats who joined the ranks of the G. O. P. when he could no longer support Democratic nominees.

H. N. Kelsey, assistant manager of the Western department of the Sun Insurance Company, was in the city yesterday en route to Seattle. He thinks Portland early next week and take a Summer trip to Europe.

Rev. A. S. Orne, of Syracuse, N. Y., an evangelist who is preaching and seeking information concerning the growth of our criminal classes, leaves today with his gospel wagon for The Dalles, from whence he and Mrs. Orne will drive to the Walla Walla penitentiary. They will afterward visit Astoria and penitentiary in Idaho, Montana, North and South Dakota and Nebraska.

Frederick A. Walpole, sketch artist in the employ of the Botanical Division of the Department of Agriculture, has arrived from Washington, where he was invited to Coos County to sketch the plants and flowers of that region, and will follow the advancing season up the slopes of the Coast Range, catching the flowers as they bloom.

men who were waiting for him to make a start. He said yesterday that he heartily approves the design that has been adopted, and hopes soon to see the grave of every Indian War veteran marked in all the cemeteries of the state. "Their memory deserves to be perpetuated and their resting-places designated for the benefit of our children," said the Captain. "The design is such that it can be cheaply duplicated in cast iron, and as soon as the pattern has been made 100 will be cast as a starter."

Salmon Trout in Columbia.

Pine salmon trout are being caught in the Columbia River about half a mile east of the long bridge on the Oregon side. George Knott was out there the other day and caught 12 very fine salmon trout. The fishing is done from the beach, sometimes with long poles, and more often with long lines, which are thrown out as far as possible. The fish are as gamy as any anywhere, and it takes time and skill to land the big fellows. The salmon trout seem to go in schools up the river, and the fisherman is fortunate who gets one.

WELL-KNOWN REPUBLICAN DEFINES HIS ATTITUDE

PORTLAND, Or., April 14, 1922.—(To the Editor.)—I notice in the columns of this morning's Oregonian the mention of my name as a probable nominee on the fusion ticket for Joint Senator for the Counties of Multnomah and Clackamas. At no time has a nomination on a fusion ticket been considered by me. I am a Republican, and my desire to preserve my record as such prohibits me from considering any nomination which is not purely Republican in character.

GRANGES' EDUCATIONAL MEETING

It will be held by Evening Star Grange, Multnomah Hall, May 3.

Milwaukie Incorporation.

The proposed incorporation of Milwaukie, the old town south of Sellwood, has been held up, pending the decision of the court on the injunction suit. It is expected that the matter will be heard by Judge McBride at Oregon City this week. In the meanwhile the officers selected at the town meeting are on the anxious seat.

Lecture by Dr. Hill.

A stereopticon lecture will be given at the University Park Methodist Episcopal Church next Friday evening by Rev. Dr. E. P. Hill, pastor of the First Presbyterian Church. The views which will be presented will be illustrative of Dr. Hill's bicycle trip through the British Isles, and

HOW DEMOCRATS DISTRIBUTED THE NOMINATIONS.

The geographical arrangement of the Democratic ticket is bad from the standpoint of all those who think that all important sections of the state ought to be represented in the distribution of offices. The above map shows exactly what was done by the late state convention. No nomination went to any point south of Eugene. Southern Oregon being entirely without a place. The Lower Columbia Valley fared no better, except that Portland elects the Governor and United States Senator. Southeastern Oregon is a great blank. The Democrats will doubtless be able to make the excuse that they could not be expected to consider geography in the make-up of the ticket. They had to take candidates wherever they could get them.

MARKERS FOR GRAVES.

Captain McMillen Pleads Indian War Veterans Will Be Remembered.

OLD HORSE SALE

Gilman's Auction House, 411 and 413 Washington Street.

Mexican National in New Hands.

LAREDO, Tex., April 14.—A circular letter was received at the Mexican National headquarters here, dated New York, April 13, stating that a new company had on that date assumed ownership and control of the railroad lines and properties of the Mexican National. The circular stated that all employees are reappointed to their old positions. The circular was signed by

BIG SHIPMENTS TO SOUTH

FULLY 1500 CARLOADS OF 1921 ONIONS AND POTATOES EXPORTED.

Fine Market in California and Arizona for These Products—\$500,000 to Growers.

Oregon has exported fully 1500 carloads of last season's crop of potatoes and onions, which is an increase of at least 25 per cent over any previous year. The movement southward has been very heavy, and it is still in progress, though the season will soon set limits to the shipment of these commodities. Arizona and California are the chief markets for these vegetables. Of course some go north and some east to the Intermountain States, but the heavy demand comes from the arid South, where production is comparatively small and mining industries enable the people to buy at good prices from those who have to spare.

FURTHER TRACK IMPROVEMENT.

O. R. & N. to Resume Ballasting and Laying New Rails.

The O. R. & N. Co. will soon resume the work of track ballasting through the Blue Mountains, and will perfect 100 miles of track this year, from Huron, where last year's work halted, to Encina. Huron is a little more than half way from Encina to La Grande, and Encina is about 10 miles beyond Baker City. Some of the gravel for this ballasting will be taken from the pit at Umattila, but the greater part is expected to be obtained from gravel pits to be opened near North Powder. This is so situated that it is not deemed wise to open it until the season's moisture shall be out of the way. It will require 350,000 cubic yards of gravel to ballast that stretch of track, and the service of several trains will be needed a number of weeks.

Modest Ending to Big Suit.

ST. PAUL, April 14.—Judge Kelley has filed a decision in the suit of Herbert W. Pearson against the Great Northern Railway Company. He awards Mr. Pearson \$1,500,000 on account of unpaid salary and judgment for his costs and disbursements. This is a modest ending of an action to recover \$1,500,000. Mr. Pearson sued James C. Hutton, the former president of the company, on an alleged contract, claiming that he was employed by the railroad company to operate coal fields in Montana and Washington. His claim was that he was entitled to a percentage of the value of the fields which he claims to have discovered. The railway company declared that the coal fields which Pearson claimed to have discovered were well known long before he came to them, and objected to paying the royalty demanded. The \$1,500,000 is allowed for salary for the time he was engaged by the road in making the search.

Rushing Immigration Business.

A. B. C. Dennison, of Seattle, general passenger agent for the Great Northern Railway, is at the Portland, accompanied by his wife. Mr. Dennison says that the way settlers are pouring into the country served by the Great Northern lines is a caution. At one little station in the Wenatchee Valley, which was scarcely more than a water tank a year ago, settlers have come in and occupied the country, and the new houses rise back on the ridges and slopes as if by magic. The acreage of land for the first time. Since the first of March a carload a day of immigrants' movables have been received at that station, and they are still coming. Numerous other places are the same. This was the record for immigration movements on the Great Northern.

Settles Ownership of Road.

PHILADELPHIA, April 14.—Over 155,000 shares of the stock of the Choctaw, Oklahoma & Gulf Railroad has been deposited with the Choctaw Trust Company in favor of the sale of the road to Speyer & Co., of New York, up to the close of business today. The total shares of Choctaw stock amount to 265,000. This settles finally the question of ownership of the road, which goes to the New York banking-house, and it is expected will be turned over to the Rock Island system. The minority holders have until May 7 to accept the offer made, which is for the purchase of all common stock at \$80 and preferred at \$90.

Funeral of Mrs. Robert B. Shannon.

The funeral of Mrs. Robert B. Shannon, who died at her home, 615 East Ash street, Saturday night, will be held in the Third Presbyterian Church, East Thirtieth and East Pine streets, this morning at 10 o'clock.

Control of Louisville & Nashville.

NEW YORK, April 14.—Counties rumors dealing with the reported change of control of the Louisville & Nashville Railroad were current today, but nothing in the way of an official or semi-official statement was obtainable. John W. Gay, and his associates are reported to own or control more than 300,000 shares of Louisville & Nashville, of which the total share capital is 600,000 shares. Conservative belief inclines to the opinion, however, that the Southern interests will soon be found dominant in Louisville. The strength of Insko's Central during today's early session of the stock market was a surprise to the belief in some quarters that the road would be found in control of Louisville. The best information fails to bear this out.

Geography of the State Cut No Figure.

There are five Granges, the latest one being at Portmouth. The meetings are devoted to home culture and education, discussions, and at this open meeting of Evening Star there will be quite a number of guests who are not members.

Markers for Graves.

Mexican National in New Hands.

LAREDO, Tex., April 14.—A circular letter was received at the Mexican National headquarters here, dated New York, April 13, stating that a new company had on that date assumed ownership and control of the railroad lines and properties of the Mexican National. The circular stated that all employees are reappointed to their old positions. The circular was signed by

Parents' Responsibility

It is the right of every child to be well born, and to the parents it must look for health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

Great Responsibility

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

SSS

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

The Health of a Manly Man

Why will not all men insist upon having it, when it is so easy to get and to keep. Some men are eaten alive by tape-worms, others wander hopelessly for years dying slow deaths from bowel disease.

"After taking two Cascarets, there came on the scene a very unexpected visitor in the shape of a tape-worm, which I was long in taking, which I am sure caused my bad health for three years. W. W. Baine, Baine, Ill."

"After taking Cascarets I have had a natural relief without taking medicine of any sort during the past two weeks. This had not occurred for years."—Chas. E. Penny, 601 Yates Ave., Brooklyn, N. Y.

"For three years I have been afflicted with diabetes. Since using Cascarets I am cured and recommend them to all who are suffering from this disease."—W. W. Baine, Baine, Ill.

"I have been using Cascarets for stomach trouble of five years standing. I am cured and recommend them to all who are suffering from this disease."—J. L. Wolfson, Perry, Oklahoma.

"Cascarets are the only remedy I have ever used that causes a fine, healthy movement of the bowels, and restores the functions of the stomach."—Chas. S. Campbell, Sunbury, Pa.

"I used Cascarets for insomnia, with which I have been afflicted for twenty years. They gave me relief in a few days."—J. L. Wolfson, Perry, Oklahoma.

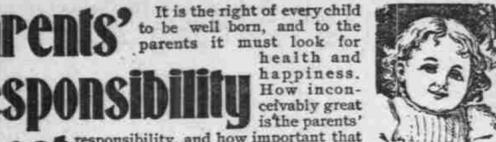

"I have given Cascarets a thorough trial in an obstinate case of constipation at a time when pills were forming. I used T. Dale Gilvan, M. D., Nixa, Mo."—Leopold Kahn, Wapakoneta, Ohio.

"Cascarets cured me of six of long standing. They are wonderful."—Leopold Kahn, Wapakoneta, Ohio.

Business as well as social life of today is one of strain and effort, and the struggle for existence in competition makes life a fight day in and day out, in which care of body, nerves, blood is more or less neglected. Men wonder what's wrong with them. No man can stand such unnatural conditions unless he counteracts them by using Cascarets Candy Cathartic, causing regularity of body in spite of irregularity of habits. A man who "feels bad" should take Cascarets, find out what's wrong and be cured.

Best for the Bowels.

All druggists, 10c, 25c, 50c. Never sold in bulk. Cascarets are guaranteed to cure you or your money back. Sample and booklet free. Address: Sterling Remedy Company, Chicago or New York.

Word from Antarctic Expedition.

NEW YORK, April 14.—News has been received here from the Swedish Antarctic expedition, whose leader is Dr. Otto Nordenskjold, cables the Montevideo, Uruguay, correspondent of the Herald. The expedition disembarked at Snow Hill, Louis Philippe Land. It was accompanied by the steamer Dr. Erikof, the Argentine Lieutenant, Sabral, and two sailors, one of whom was a member of the Duke of Abruzzi's Arctic expedition. Dr. Nordenskjold's vessel, the Antarctic, tried to sail directly south from Cape Horn, but too many icebergs were encountered and there was danger of the ship being imprisoned for a long time. Dr. Nordenskjold decided to change his course. His expedition will remain at Snow Hill until next Summer. The party has food enough to last two years.

Professor's Great Experiment.

ANN ARBOR, Mich., April 14.—Professor Edward D. Campbell, the blind professor of analytical chemistry in the University of Michigan, is engaged upon the first of a series of experiments that will take years of labor before completed. When finished the results, it is expected, will be of inestimable value to the manufacturers of Portland cement, as this product is the result of experiments that will take years of labor before completed. When finished the results, it is expected, will be of inestimable value to the manufacturers of Portland cement, as this product is the result of experiments that will take years of labor before completed.

Feature of Yacht's Club Cruise.

NEW YORK, April 14.—An ocean race from Montauk Point to Gravesend Bay, by way of Sandy Hook, is one of the features of the annual cruise of the Brooklyn Yacht Club, just announced by Commodore Cook. The annual cruise in July will be from port to port on Long Island Sound, sailing eastward until the end of the month, and reaching there. Those yachts entered for the ocean race will then sail for Montauk Point, where the start will be made.

Help Others

Help them to help themselves. What better deed?

Then why not tell your friend who is ill just what Ayer's Sarsaparilla has done for you?

When you see a person weak and pale, nervous and debilitated, just recommend our Sarsaparilla. If in doubt about this, ask your doctor if he knows of anything better.

"A neighbor of mine had a child who had suffered from scrofula for a long time. Having used Ayer's Sarsaparilla in my own family for a great many years, and always with satisfactory results, I recommended it to my neighbor. The child was quickly cured, and the parents were greatly delighted."—N. K. DEAN, Spencer, Ind.

J. C. AYER CO., Lowell, Mass.
