Miluer Defines Terms on Which Peace May Be Secured, but the British Cabinet Rejects Them.

LONDON, April 16.-The Associated Press has excellent authority for saying that up to a late hour tonight there have been no definite developments in the peace negotiations. It is learned that Lord Milner, the British High Commissioner in South Africa, has defined certain propositions on which peace may be almost im-mediately secured, but the Cabinet, at its meeting today, is said to have disagreed upon the merits of Lord Milner's terms, "Sparring for time" best describes the present status of the negotiations, neither side being willing to risk a decision which would break off the present conference An agreement may be reached at any mo-ment, but this would more likely be the result of semi-independent action by Lord Milner and Lord Kitchener at Pretoria than of the rather involved conditions of

Cabinet at Lond The broad lines of Great Britain's terms are now known to the government repre-sentatives at Pretoria, and on these re-ports the Cabinet is apparently shifting the responsibility of taking advantage of all opportunities, provided no cardinal principles be sacrificed. The government has ordered the cable and telegraph lines between London and Pretoria to be kept insure the prompt transmission of Lord Kitchener's messages.

There is good reason to believe that the Boers are vigorously demanding a repre-schitative government, and that this demand is opposed with equal vigor by the British representatives. It is understood that the Boers strongly oppose the long delay proposed by Great Britain before a teoresentative government be given to the former republics, and that they also insist on a number of Boer seats in the council being specified. It is expected that the Cabinet will reassemble tomorrow to cuss the matter further,

After the Cabinet meeting today, Lord Salisbury, the Premier, had an audience with King Edward at Buckingham Palace, and stayed to luncheon with His Majesty. The latter afterward went to Sandring-

The St. James's Gazette predicts an early public announcement of the progress of peace negotiations. The paper says there is little doubt that if the British and Boers arrive at an understanding on the main points of the proposals, peace will ensue, the banishment proclamation will be withdrawn, and minor points, like restocking the farms, will be referred to a empeased of British and Boer representatives.

TEN TIMES OVERSUBSCRIBED. Rush for the New British War Lonn.

LONDON. April 16 .- There was a tremendous rusa to subscribe to the new loan of £32,000,000 today. At the Bank of England it was estimated this evening that the loan had been 10 times oversubscribed. The lists will probably close tomorrow It was said today that J. Pierpont Morgan, the Burings and the Rothschilds have secured an aggregate of £16,000,000 of the new British loan. The remaining £16,-066,000 will be offered to the public.

All the grain and flour markets of the United Kingdom further advanced prices today. The price of flour was raised another shilling per sack. In the Yarmouth grain market, the price of red wheat advanced as much as 2 shillings per quarter,

CHINESE REBELS VICTORIOUS. Two Thousand Regulars Ambushed

in a Narrow Defile. HONG KONG, April 16 .- A courier who arrived at Canton yesterday reported that over 2000 imperialist soldiers, sent by Marshal Su against the rebels, were ambushed in a narrow defile and all were killed or captured. The situation in the rebellious districts of Southern China is increasingly alarming. The Viceroy of Canton has telegraphed to Pekin, urging the Lack of news from General Ma and Marshal Su is taken to indicate that the rebels have surrounded the imperial troops

ST. PETERSBURG, April 16.-An official dispatch received here from Port Arthur, dated April 12, announces that serious fighting has occurred in the vicinity of the boundary of the Provinces of Mukden and Kiram, Manchuria, between Russian frontier guards and Chinese robbers, who had been raiding rallroad stations. The Russians surrounded 800 Chinese at Kinng Tung Tai, and only 30 of them escaped. The Russian losses were very small.

ANTI-AMERICAN PEELING. German Press Finds a Subject in

the Philippine Barbarities.

NEW YORK, April 16.-Anti-America German papers are scrambling over one another to show that they have not deserted their standards, says a Herald dis-patch from Berlin. The Kreuz Zeitung devotes columns to the alleged cruelties inflicted by United States soldiers in the Philippines, and represents imperialism as marching onward. The rumored invitation to the Prince of Wales stirs up a fit of resentment here. It was expected, after the discussion of the attitude of Great Britain during the Spanish-American War that the United States would feel itself

firawn closer to Germany.

Although it is denied that the Crown Prince will be sent to the United States in case the Prince of Wales is entertained there, it is true that another mark of high respect is being planned to prevent another estrangement between the two coun-

NEWS FROM THE SOUTH SEAS. Plague Continues in Australia-Cannibalism at Tanna.

VICTORIA, B. C., April 16.-The steamer Moana, of the Canadian Australian line, which arrived this morning from Sydney, N. Z., and Honolulu, brought upward of 200 passengers, many of them distinguished Australians on their way to London to attend the coronation ceremonies. The other two liners of the line will be erowded with passengers, bound also to London, when they arrive next month. The steamers booked to San Francisco are

also carrying many passengers.

The surgeon of the Moana reports that in Sydney there were 18 deaths from buoic plague during the two weeks prior there had been one death from the same disease in Brisbane. The authorities are doing all they can to stamp it out. The disease has entirely disappeared at Suva ing at Honan,

They were well treated, and subsequently placed on board a German man-ofwar, which conveyed them to New Britain. Here they joined the steamer Paknam

Australian papers say that the story published in American papers under Paris date of February 16, respecting a massacre of a French party of scientists in New Guinea, is news to the residents of the southern colony, no report of such a mas-sacre having been received there. The steamer Mambare recently returned

to Sydney from the South Sea Islands. Upon arriving at Tanna, it was reported that the natives were holding a big feast, and were eating several natives that had been captured or killed during a tribal engagement. One of the natives, who had been underground for about 12 days, was taken up and cooked and eaten with the rest. Of these tribal wars, the purser mentioned that since his last visit to Tanna 50 natives had been killed and several wounded. Rev. F. H. L. Paton, the missionary, went on the battle field to attend the wounded at great risk of his life. On Santo and the other islands the natives seemed to be a little quieter.

PAPAL ASPIRANTS.

Weakness of the Pope Leads to Activity Among Cardinals.

ROME, April 16.-The recent signs of increased feebleness of the pope which led. at the end of last week, to alarming re-ports of his sudden death, have caused a marked recrudescence of activity among the cardinals aspiring to the pontificate. The campaign preparatory to the next conclave proceeds incessantly, the sacred college being divided into two distinct forces, headed respectively by Cardinal Rampolla, the papal secretary of state, and Cardinal Vannutelli. The latter and Cardinal Gotti now constitute the most

probable successors to Leo XIII.

Those who are not now considered to be dangerous candidates are fond, however, of pointing out that almost 150 cardinals have been buried during the pontificate of Leo XIII, and that the prolongation of the life of his holiness for a few years is liable to cool, through death, many more ambitious calculations.

The Jamaican Riots. KINGSTON, Jamaica, April 16.-Nearly 50 arrests have been made in connection with the riots at Montego Bay, on the north coast of this island, which began April 5, and in which a number of police men and rioters were wounded. In ac-cordance with a request made by Mr. Chamberlain, the British Colonial Secretary, the Governor of Jamaica has ap-pointed a commission to inquire into the riots. While the Legislative Council was engaged in a discussion of taxation measures today the elected members of the council warned the government to exercise caution in view of the serious state of unrest prevailing throughout the isl-and. There will be no further increase

in taxation this year.

The Copeland physicians are in daily receipt of letters from all points inquiring as to the application of their system of treatment to chronic maladies other than those of a catarrhal nature. For the information of those inquiring and the public generally, it is again stated that the provision made by the Copeland Medical Institute is for the treatment and cure of all persons suffering from any form of chronic disease or infirmity whatever at the uniform fee of Sincluding all medicines and appliances for one month's continuous and watchful treatment. The same measure of skill, the same degree of care, the same intelligent exercise of professional energy and effort, and the same certainty of cure, are afforded to sufferers from other chronic maladies as to those suffering from catarrhal troubles of any nature.

The Proper Course for Sufferers.

Great numbers of people suffer from the malign poisons of catarrh, as from other chronic malidies, without any correct or definite idea of the nature of their affliction. The following symptome have been carefully arranged to enable many sufferers to understand just what it is that alls them. Many diseases, known under various epecific names, are really of a catafrihal origin and nature. Every part of the mucous membrane, the nose,

the throat, eyes, ears, head, lunge, stomach, liver, bowels, kidneys and bladder, are subject to disease and blight by catarria. The proper course for sufferers is this. Read these symptoms carefully over, mark those that apply to your case and bring this with you to Drs. Copeland and Montgomery. If you live away from the city, send them by mall, and ask for mall freatment. In either instance, and whether by mail or office treatment, the patient may be assured of the speediest relief and cure possible to medical science.
