DEATH OF MRS. M. L. HOYT

Prominent Pioncer Woman of Port-

land Passes Away.

Mrs. Mary L. Hoyt, one of Portland's

most highly respected pioneer women, died

last evening at 10 o'clock at her residence,

658 Tillamook street. Mrs. Hoyt has been

an invalid for \$5 years, having suffered a severe attack of rheumatism, which con-

fined her to her home. Her death at the

age of @ years was hastened by attacks

Mrs. Hoyt crossed the plains in the year 1852 with her father, Dr. Justin Mil-

lard, one of the first physicians of the

city. The party started from Kcokuk, Ia.,

and the journey consumed six months. Of

her brothers and sisters who made the

trip, Mrs. Harriet N. Morse, of Portland,

is the only survivor. In 1861 Mrs. Hoyt

was married to Captain Henry L. Hoyt, a

pioneer of 1849, and one of the first steam-

boatmen on the river, who died three

years ago. She is survived by a son,

Raiph W. Hoyt, cashier of the Merchants'

National Bank, and Mrs. Walter M. Cook. Mrs. Hoyt was a loyal member of the

First Presbyterian Church, although for

many years she was unable to take an active part in the church work in which she took such a faithful interest.

The funeral will take place Friday at 1:30 P. M. from the Hoyt reside Tillamook street, Irvington.

TO PLAY "HAZEL KIRKE."

Great Drama Will Be Put On at

Baker Theater by Request.

The following correspondence is self-ex-

Portland, April 16.-Mr. George L. Baker, Manager Baker, Theater-Dear Sir: Knowing

old drama, and as it has not been given in Portland for many years, I think it would be a treat to local playgoers to see it once more. Like very few other dramas, it combines strong construction and much literary merit, and will

construction and much literary merit, and will live as long as people go to see the theater. In order to keep it fresh in the public mind, and at the same time to give your company such an opportunity to bring out its strength as could be afforded by no other drama I have in mind, I make this request. Yours truly.

C. H. PRESCOTT.

To this letter Mr. Baker replied:

Mr. C. H. Prescott-Dear Str. I have spoken

Mr. C. H. Prescott.—Dear Sir: I have spoken to Mr. Stuart of your request that his company play "Hasel Kirke," and we both agree that the plan is an excellent one. The piece, Mr. Stuart assures me, is, as you infimate, one which will give his people a splendid chance to show their ability as players, and I think that it will be a decidedly popular choice. I take pleasure in assuring you that we have set the week beginning April 27 as the date of the production, and both Mr. Stuart and myself will do our utmost to give a performance which, will not disappoint you and the public. Thanking you for your interest, I remain, yours respectfully, GEORGE L. BAKER.

BICTCLE RACKS ALL GONE.-The last bicycle rack on Third street was gone from the gaze of the public yesterday morn-ing the owner evidently considering that it was not worth while to undergo arrest and the expense of a trial for violating the city ordinances. There is a demand in many quarters for some accommodation in the shape of bicycle racks, and the matter will probably be arranged satisfac-torily before long. If a reasonable numher of such racks of proper size had been placed along the edge of the sidewalks there would never have been any complaint about them; but when it became the fashion to use them for advertising purposes they expanded beyond all reaon, and people who would never have tone to the expense of providing a proper stcycle rack took to lumbering the sidewalks with biliboards as big as a barn door and others brought out rocking signs, casel signs and all sorts of such contraptions, until they became an unsupportable nuisance. For temporary use bicyclists might adopt an invention of Colonel L. L. Hawkine, in the shape of a stick tied to the handlebars of the bicycle which can be used as a prop to maintain it in an erect position when standing still. It is a little in the nature of a third wheel to a bicycle, or a fifth wheel to a wagon; out it answers the desired purpose very

How to ATTRACT HOMESEEKERS.-The advertising committee of the Board of Trade is considering proposals for at-tracting homeseckers to the Northwest. A local rural journal has offered to issue a special edition of 100,000 copies for \$2000. proposes to advertise the edition in stern agricultural papers of the Mid-West and to send copies of the edition to all persons who apply for them, A Los Angeles advertising bureau offers its services in displaying information before homeseekers. It writes that "the plan which has proved satisfactory is the advertising of a free information bureau which should be provided with literature upon all subjects of interest to Eastern people, especially those of means and wage-earners who have saved a few hundred dollars. This free information should be advertised by means of an effective, mall advertisement in a few of the pop. ular magazines, in mail order papers and in agricultural papers. These last two reach a class of people who would be in-terested in agricultural lands in the West. The printed matter should be signed by the Board of Trade. The various land companies and real estate dealers would probably pay much of the cost of this lit-erature, but their names should not ap-

To Build New Warehouse.-The Common Council yesterday passed an ordi-nance authorizing the Northern Pacific Terminal Company to construct a side-track on the lower end of Ninth street for the accommodation of Henry Wemme, It is learned that Mr. Wemme's necessity for this accommodation arises from the fact that he is about to erect at the point nentioned a brick warehouse to cost \$35,. 600. This building has been leased for a term of 10 years to Heywood Bros. & Wakefield Company, and the work of construction is to be commenced at once. It is more than likely that similar accommodations will be asked for in the near future by other persons as there is ous warehouses in convenient parts of the city where railroad facilities can be The saving in the matter of truckage by having convenient warehouses cuts a considerable figure in the cost of oper-ating an extensive business in these days of close competition and small profits.

HONORS AT HILL ACADEMY.-The third quarter of the current school year at the Hill Military Academy ended with quar-terly examinations. April 10-14. The fol-lowing cadets gained the highest standing: In the academic department, Renton K. Brodle, Palestine, Or., with honorable mention of William H. Burton, Portland; in the preparatory department Allen Fletcher, with honorable mention of Frank Fabj, both of Portland; in the primary department, Robert E. Porter, nd, with honorable mention of Walter Smith, of San Francisco, Cal. The quarterly roll of honor for excellence in scholarship, deportment and attendance is as follows: Renton K. Brodle, Robert C. Brodie, William H. Burton, Earl G. Ded-rick, Sumpter, Or.; Frank Fabi, Allen Fletcher, Edmund B. Levy, Portland; Au, gustus MacDonaid, Rossland, E. C.; Wil-son P. Mays, Portland; Harland H. Olmsted, Baker City, Or.; Robert E. Porter,

BIDS OPENED FOR OATS.-Bids were opened at Vancouver Monday by the Army Quartermaster, for 190 tons of oats, to be delivered at Walla Walla. The bids were nearly all on the Portland basis of prices. They were as follows; W. A. Gordon & Co., \$1 32\(\frac{1}{2}\) per cental, at Portland; Albers & Schneider, \$1 29\(\frac{1}{2}\), at Portland; G. A. Westgate, \$1 23\(\frac{1}{2}\), at Portland; Pacific Coast Milling Company, \$1 15, at Oakesdale, \$1 30 at Walla Walla; R. H. Johnson, \$1 6345, at Walla Walla. The freight rate from Portland to Walla Walla is \$3.50 per ton, and cartage from the station at Walla Walla costs 50 cents more. Delivery to the Government at Walla Walla will therefore cost 20 cents a cental above prices bid for delivery here. The bid of the Pacific Coast Milling Company is the lowest, and it will probably be accepted. It is a low offer at the present stage of the market.

No WORD YET FROM CONTRACTORS -- The Port of Portland Commission held a meeting yesterday. The business trans-acted was closely kept from the public, and no information was given out. Charges Against Hackdriver May.—There was a hotly contested case yesterday before Municipal Judge Cameron, in which Charies May, the well-known hackdriver, was acused of the larceny of a baggage check valued at 50 cents, and of coercing Peter Nergaard by threats to give him \$10. The defense was that May did not understand what address Nergaard gave at first, and thought his customer said, "Drive me to 784 Eighth street." After driving over a considerable portion of the city, May uitimately discovered from what Nergaard said that the destination to which he wished to go was Reed direct, near Giles' lake, May asserted that he only asked for his fare, CHARGES AGAINST HACKDRIVER MAY .asserted that he only asked for his fare, \$5, and got it. The Judge dismissed the case for lack of evidence, but another complaint was made skainst May, accus-ing him of charging Nergaard excessive fare, in violation of the ordinance govrning such matters. Attorney Dan J

Maiarkey, who represented May de-nounced the second complaint against his client as "persecution." May will get another hearing Saturday. MR. MORET RESIGNS.-On account of continued poor health P. F. Morey has resigned his position as president of the Portland General Electric Company, and has disposed of his entire interests in the company to Charlee Pratt & Co., of New York. Mr. Morey was one of the most active and energetic promoters of the Portland General Electric Company, and took a leading part in its organization out of the old Willamette Falls Electric Company, and has been president of the company ever since its organization. His other extensive property interests are sufficient to require all the time and attention be cares to devote to business in his present state of health. At a special meeting of the board of directors of the Portland General Electric Company, following Mr. Morey's resignation, H. W. Goode was elected president, and the vacancy on the board of directors was filled by the electrical F. C. Portland.

by the election of F. C. Pratt, of New York, as director. No other changes were made. SEVEN FEET A PROPER HEIGHT.-Surprise was expressed by many citizens yes terday that the Civic Improvement Association should have decided to request the Council to change the ordinance regulating the height of awnings above the sidewalks to six feet. This was considered altogether too low, as such awnings would not clear the headgear of persons of ordinary stature, let alone the umbrellas which some people carry in rainy weather. Mr. Gibson, of the association, was seen in regard to this matter yesterday, and said that the intention of the association had been recognition had been recognition had been recognition before the same of the second of the s association had been misapprehended, and that they would ask to have the awnings placed seven feet above the sidewalk. This height will give general satisfaction, provided that the law is compiled with and flaps a foot deep are not allowed. nor flapping advertising banners still deeper in wet or rainy weather.

WHAT HAPPENED AT A COLORED DANCE. -Three colored residents of Whitechapel, Ada Wilson, John Wilson and Frances Woolridge, had an animated discussion yesterday in the Municipal Court as to what recently transpired at a colored dance. Frances Woolridge testified:

WORKMEN INJURED BY SNAPPING CABLE, -While engaged in loading gravel on flat cars, near Lower Albina, yesterday, James Hogan and a Japanese named Yumati were severely injured. A donkey engine was being operated to raise the gravel. was being operated to raise the gravel, and just as a shovelful of gravel was about to be emptied on a car the cable rope broke in two, and one end of it struck the two workmen about their faces. Hogan was taken to his home and the capture of the Hogan was taken to his home and the Jap to St. Vincent's Hospital. Both men will

be unable to work for about one month,

MUCH NOISE AT A WEDDING .- There was a charivari party at a wedding last night on Sixteenth street, near Pettygrove, and the boys, and incidentally the girls, made so much noise with pots, pans and drumsticks that the police were sent for to secure quiet. Several boys, however, in the crowd, used bad language toward the policemen, and four boys were ar-rested and taken to the police station. Here they cried a good deal, and after having apologized for the trouble they had caused were allowed to go home.

THE HIT of the season at Cordray's Theater. The people of Portland who have not yet seen Oulda's masterplece, "Under Two Flags," with Mias Jessie Shiriey as Cigarette, are missing a rare treat. The great sand storm scene and Cigarette's daring ride for life are certainly marvels of stage realism. Only three nights more, Thursday, Friday and Sat-urday, Usual prices, 25 and 50 cents. Matinee Saturday.

PRESBYTERIAN WOMEN DISCUSS WORK AND METHODS.

Many Notable Persons Present From All Parts of the World-Dr. Allen's Address.

The Woman's North Pacific Presbyterian Board of Missions is holding its annual meeting at Calvary Presbyterian Church, and much interest is manifested. A large number of delegates are in at-tendance from various points in Oregon, Washington, Idaho and Alaska. Missionarite Miss Ellen Strong, from Corea; Dr. Maud Allen, who has served in India; Miss Julia, Hatch, missionary to Slam; Mrs. O. F. Wisner, of China; Mrs. Tilly Paul, Alackay Miss Helen Clark, Neah Bay, and Mrs. W. S. Holt, of the Chinese Mission, Portland, were among the prominent workers present. Rev. Edward Marsden, of Alaska, is expected this morning. An elaborate programme was prepared for the occasion, and the meeting will end this

The morning semion was opened yes-terday by an earnest devotional service, its by Mrs. J. H. Barton, of Union after which Mrs. W. S. Gilbert, in a few well-chosen remarks, heartly welcomed the delegates to Portland, Mrs. W. T. Scott, of Fairview, responded in a happy man-ner. Interesting and encouraging reports were read by the following secretaries and officers: Bands, Mrs. C. R. Tempieton; freedmen, E. P. Geary; Sunday achools, Miss Abbie Lamberson; mimeographer, Mrs. W. B. Gilbert, Mrs. James Wilson gave an interesting account of her con ondence with foreign missionaries, and extracts from recent letters from Dr. Eliza Leonard, of China, and Miss Griffith, a worker among the mountain whites. It is profitable for any one to study food in order to regulate the health, no with medicine, but by building up healthy nerve centers with good food.

A man who has made something of a study on this line writes from Iowa City: "When I first tried Grape-Nuts it was at the table of a prominent state official, and the remarkable taste attracted me. I afterwards investigated the subject carefully and discovered that Grape-Nuts contains dextrose sugar. The starchy part of the food is transformed into starch sugar or dextrose. Those same results are produced by the digestive organs by the action of the saliva and the pancreatic juices on starchy foods. These facts convinced me that Grape-Nuts is a natural, predigested food and just what I required and needed. "I had been suffering from a full feeling after meals, and generally more or less headache. All this trouble left when I quit using white bread, warm biscuits,

"It was about this time I cam from school, broken down physically and mentally, I only weighed 130 pounds. At my earnest request Mother began serving Grape-Nuts every meal, and she sald

"In five weeks I weighed 125 pounds, a gain of 13 pounds, and I feel so strong that I have been table to do from 10 to 15 hours of hard work delig. My mind has hours of hard work dully. My mind has never seemed so clear before, and I am thoroughly convinced that there is no food like Grape-Nuts to produce health and a strong and clear brain." Lee Arlington,

Shipping Without Boxes, Little Expense, Still Less Rent, a Number of Good Pianos at Specially Low Prices-Easy Terms.

A few days ago we placed on sale a line of brand-new planos (nearly three carloads), at the prices charged a few years ago for organs, viz. \$155, \$173 and \$186. We want to dispose of the balance of them this week, in order to accommodate the stock that is almost daily arriving.

Through our method of shipping in our patented system in harness, without boxes, we save the cost of an ordinary plano on every carload.

We are doing business here at the very minimum of expense. Our store rent is virtually nothing; owning our delivery teams and buying our goods in large quantities for our four stores, here, at \$50-kane, at \$3n Francisco and Sacramento, we are enabled to give our customers the henefit of all these savings.

These planos we now offer for \$186 have never been sold in this city by the dealer who formerly handled them for less than \$500. We'll sell them now at \$10 down and \$5 per month, or \$5 per cent off for cash. We give the factory guarantee, indorned by ourselves, with each instrument. "Moncy back if not satisfied" applies to these as well as to the highest-priced Chickering, Weber or Kimball.
