

INMAN TO RESIGN

Senator's Successor to Be Elected in June.

DEMOCRATS HUNT A CANDIDATE

No One Wants the Doubtful Honor—Republicans Will Probably Name Frederick W. Mulkey, a Well-Known Lawyer.

Robert D. Inman, Democratic candidate for Mayor of Portland, is about to tender to Governor Geer his resignation as State Senator for Multnomah County. His reason for doing so is that he desires to remove general criticism that he is holding onto one office while seeking another. Republicans will probably name Frederick W. Mulkey as their candidate for the unexpired term.

Robert D. Inman, fusion candidate for the Mayoralty, will tender his resignation as Senator for Multnomah County in a day or two, and the Simon Democrats are unable to find a candidate to accept the nomination for his office. Sylvester Penoyer, F. V. Holman, J. N. Teal, W. E. Robertson and R. Livingstone have declined to allow their names to be used in connection with any Legislative office, and the county committee has deemed it best not to ask them to make the run. Only two possible candidates were mentioned.

Frederick W. Mulkey, Probable Republican Nominee for State Senator.

by the Democrats yesterday, and they were F. A. Watts, who was a Police Commissioner during the Penoyer administration, and John Kierman, who was a candidate for Sheriff in 1892, and for Treasurer in 1896. Mr. Kierman is received favorably by many of the county committee, and if a stronger candidate should not appear he will probably receive the nomination.

GOOD NEWS FROM ALL QUARTERS.

Republicans From Every County Are Up and Doing.

From every part of the state comes the report that Republicans are getting into line for the battle of the coming campaign. The Republican headquarters in the Benson block are visited daily by numbers of Republican leaders from outlying counties, and all report commencement of the work of the political contest. Old Republican Clubs are holding meetings, electing new officers and appointing committees to look after speakers for club rallies. New clubs are being formed, and thus the numbers in the organized ranks are swelled. The organization movement has been begun by the voters themselves, with the club as a rule the plans that suit them best, and then write the state chairman, W. F. Matthews, inquiring for campaign buttons or informing him that the club is ready for work.

It is apparent from the manner in which the Democrats are beginning their campaign that in many counties they have given up their hope of electing more than one or two of their candidates for county or Legislative offices, but they hope by centering their fight against one or two Republican candidates to capture an office. All the candidates on the Democratic ticket will contribute to a fund to pay the expenses of a campaign for the benefit of one or two. This sort of a plan is sometimes successful, but as a rule the people sympathize with a man who is singled out to take the brunt of the fight, and he is likely to run near the lead when the votes are counted. Republicans will put forth a special effort in behalf of a man who is put upon the defensive by an uneven fight, and thus make up any loss he may sustain by reason of personal attacks upon him during a campaign.

It is also apparent that the Democrats will use almost any kind of an argument, or alleged argument, to land their candidate. A Chamberlain supporter said yesterday: "We are going to ask the people of this state whether they want to elect a man Governor who gets his nomination by the use of money. That's what we are going to beat Furnish on."

"Didn't Mr. Furnish carry the primaries in his own county by a vote of 5 to 1?" the gentleman was asked.

"Yes, sir."

"Do you mean to say that there are so many people as that in Multnomah County whose votes are controlled by money?"

"Well, no."

"Furnish carried the convention by a vote of 248 to 32, did he not?"

"I believe so."

"Then you mean to say that out of the well-known men who constituted the convention that large a number were influenced by money?"

"Not exactly. But we are going to talk this money proposition all through the campaign and will make the people believe it, anyway."

But the people who know the delegates who voted for Furnish in the state convention are not likely to swallow much of that sort of campaign fol-de-rol. They will consider the purpose of the story, and will set it down as so much hot air, generated for the occasion.

Another scheme of the Democrats is to send out reports from Salem that Marion County is disgruntled and will give Chamberlain a majority. That is a story easily told, but not easily believed by those who know the Republicans of Marion County. The friends of Geer were

disappointed, as were also the friends of Wrightman, but at the club meetings held for the purpose of preparing for the reception of Mr. Furnish, the supporters of both these candidates were present. The entertainment committee, as reported from Salem, show that leaders of both sides in the primary fight are working together for the election of the ticket and the whole ticket. All the talk about Republicans outside of Multnomah County voting for Chamberlain comes almost entirely from the Democrats. Their wish is father to their thought.

Republican headquarters in the Benson block, at the corner of Fifth and Washington streets, are open every day after 10 o'clock A. M. Chairman W. F. Matthews and Secretary Herbert C. Smith are on hand all day to receive visitors and give them the Republican line. They are always pleased to have out-of-town Republicans call at the rooms and become acquainted with leaders from the various sections of the state.

Among the visitors at Republican headquarters yesterday were: B. F. Jones, of Lincoln County; Dr. W. Kuykendall, of Lane; J. M. Poorman, of Marion; J. N. Williamson, of Crook; W. J. Furnish, of Umatilla; C. W. Fulton, of Clatsop; W. N. Barrett, of Hillsboro; H. V. Gates, of Hillsboro; Harrison Allen, of Astoria; F. I. Dunbar, of Salem.

TO MANAGE CAMPAIGN.

Simonites Get Eight Places and Democrats Six on Committee.

In the appointment of their county campaign committee the Simonites made places for eight of their followers and for six Democrats. As the natural result the committee when it met elected as its chairman Miller Murdoch, a law partner of G. C. Moore, who has for years been one of Senator Simon's most ardent precinct workers, and who was rewarded for his labor in 1896 by a nomination for the office of Justice of the Peace, an office to which he was not elected. As a sop to the Democrats, W. N. Gates was elected secretary of the committee.

The committee was appointed by J. P. Shaw, chairman of the Simon mass meeting and a former Bryanite, and is as follows:

M. L. Nicholas—Democrat.
M. W. Allen—Republican.
S. C. White—Republican.
Alex. Sweek—Democrat.
L. D. Cole—Republican.
John Lamont—Democrat.
Peter Hobbs—Republican.
F. A. Niedermeyer—Republican.
W. N. Gates—Democrat.
M. G. Munly—Democrat.
J. R. Swinton—Republican.
M. L. Murdoch—Republican.
J. W. Shattuck—Democrat.
W. J. Miller—Republican.

A meeting of the committee was held, and those who attended it were: Chairman White, of the Democratic State Central Committee, and Messrs. Sweek, Shaw, Gates, Lamont, Spencer, Nicholas and Murdoch. Mr. Shaw called the meeting to order, and on motion of Senator Sweek, Murdoch was elected chairman without opposition. On motion of Mr. Lamont, Gates was unanimously elected secretary.

None of the committee was able to name a suitable location for headquarters, and the matter was left open. Senator Sweek said last night that rooms would probably be secured within a day or two.

DEMOCRATS GO OVER STATE.

MR. REILLY WITHDRAWS.

Will Not Run for County Treasurer on Fusion Ticket.

B. S. Reilly, secretary of the Hibernia Savings Bank, announced yesterday that he had decided not to permit his name to be used in connection with the nomination to the office of County Treasurer on the fusion ticket. "Yes, I have resigned," said Mr. Reilly to an Oregonian man. "My reason is because of the condition of my health. I am acting on the advice of my physician, who informs me that I am not equal to the excitement and hard work of a campaign."

BIG PETITION HELPS.

Document With 4000 Signatures Reaches Senator Mitchell.

Senator Mitchell has acknowledged receipt of the petition of the Portland Chamber of Commerce for an open river. The petition was circulated throughout the Northwest, and received about 4000 signatures. About two weeks ago it was sent to Washington. Mr. Mitchell writes: "I beg to acknowledge receipt of your petition of April 12, advising me that a petition signed by nearly 4000 business men of the Columbia River Valley, praying for the improvement of navigation between The Dalles and Celilo, and for a 40-foot channel at the mouth of the Columbia, had been forwarded by registered mail. I am glad these petitions are coming. We have won a great victory in the Senate committee on commerce in getting a provision for the commencement of the work at The Dalles and Celilo; a provision which provides for the appropriation of \$24,500. The only trouble will be to hold this in conference. The petition will be valuable in this direction."

G. L. TOOLEY IS DYING

Farmer Stabbed by Nick Anderson Makes Last Statement.

George L. Tooley, the Holbrook farmer who was stabbed last Sunday evening by Nick Anderson, a half-breed Indian, was reported to be dying last night at the Good Samaritan Hospital, and it was stated that his death is only a matter of several hours. Anderson is not yet caught, but Deputy Sheriff will leave for Holbrook this morning to hunt for him. It is stated at the hospital that too much time was allowed to elapse between the time when the stabbing took place and the arrival of medical assistance. In the wait that ensued Tooley lost strength and a considerable quantity of blood.

Tooley's ante-mortem statement was taken by Deputy District Attorney Arthur C. Spencer, and is as follows: "I returned from work with Anderson early in the evening, before dark, and was unloading the team at my stable. My wife was
