JORITY REPORT ON CESSION.

It Now Goes Back to the Folksthing -Sensational Sitting of the Upper House.

COPENHAGEN, April 23,-The Landsthing by 34 to 20 votes today adopted the majority report on the treaty providing for the sale of the Danish West Indies to the United States. The treaty now goes back to the Folksthing.

The session of the Landsthing was one of the most sensational on record. The lie was passed twice, and charges and counter-charges were hurled back and forth while the opponents of the sale of the islands went so far as to impugn the accuracy of the United States official records The President of the House twice called an ex-Minister of Justice to order, and he also left the chair and spoke impassionately against the ratification of the

#### DISORDERS IN RUSSIA.

Labor Outbreaks in Various Parts of

the Country. ST. PETERBBURG, Tuesday, April 22.— While the authorities are endeavoring their utmost to suppress all news of the strikes and disorders occurring in the various sections of the country, reports of the outbreaks continue to arrive here. The strike of the cotton and allkworkers in Moscow and vicinity has resulted in eerious rioting, including the plundering of houses and stores. The soldiers rigorously repressed the disorders. Many persons were killed or injured on both sides. Fresh outbreaks are impending. The Province of Poltava is seething with discontent. A number of chateaux, besides that of the Duke of Mecklenburg, have been sacked and burned. There, too, outbreaks were finally quelied with the utmost severity. The town and Province of Kieff are also exhibiting discontent. Everywhere strikers are crying for shorter hours and increased pay, their plea being that similar concessions have been made in other countries. This only increases the efforts of the government to censorize the publication of news regarding industrial conditions elsewhere

Celebration at Stratford-on-Avon. NEW YORK, April 22.-Stratford-onis celebrating the occasion of the festival commemorative of Shakespeare's birth with such thorough-going enthus-tasm that it almost amounts to an orgic says a London dispatch to the Herald The celebration began a week and a half ago, and the festival is not going to end for another week and a half. feature of the celebration is the usual elaborate series of Shakespearean performances. These take place nightly in the theater, which is in part a memorial building and is placed so prettly in the meadows by the riverside.

"Romeo and Juliet," "Twelfth Night,"
"Henry I," "King Lear," "Othello" and "Hamlet" have been given so far. The culmination comes today, the date of the great poet's birth, when Miss Ellen Terry will assist in playing Katherine in a re-vival of "Henry VIII." Stratford is full of pligrims from everywhere. The ma-jority of them are English, but there are many Americans, as well as representatives of Germany and other lands, a cos-mopolitan crowd of scholars, not seeing excitement, but finding the deepest satisfaction in the quiet enjoyment of their worthy study.

New Sect in Russia.

ST. PETERSBURG, April 23.-Considerable attention is being given a new sect, which has gained many adherents in the Province of Perm. It is known as the sect of Jehovists, though its real name is "Brotherhood of the Right Its declared purpose is the reconciliation of all religions. Latterly it enmity to the government. Catholics in Russian Schools. ST. PETERSBURG, April 23.-Bishop Szveroich, the Catholic primate of Vilna, has issued a diocesan circular forbidding Catholic children to attend orthodox par ochial schools or other schools over which orthodox clergymen have jurisdiction, under pain of receiving the se-verest penalties that a Catholic prelate can inflict. In case of disobedience of this order, both the offending children and their parents or guardians are to be deprived of the church sacraments. The circular adduces proof, from official or-thodox documents, that the object of these schools is primarily of a missi ary and political character, Catholics being regarded as ipso facto enemies of the Russian Empire. It has been printed in one or two newspapers, but the author-ities have forbidden its further circula-

The Combine Before Parliament.

LONDON, April 24 .- The Atlantic shipping combine will come before Parliament today in a series of questions mainly relating to the future standing of the subsidized liners. The questions whether the Cunard line will come under the control of the new corporation and the possibility of the combine acquiring British railroads are anxiously discussed here.

Rear-Admiral Lord Charles Beresford, in the course of his first speech, made last night in his election campaign, referred to the combination. He said he was the last man to say that the government should interfere to prevent the sale of British ships to Americans, "but, at the same time, if the Americans wrest our domination of the carrying trade of the world from us, it would menace our commercial prosperity, and the public is aware of the danger of the situation." The Mail this morning says it believes the government can control sufficient stock in the British lines to prevent them from falling under American control.

Threat to Bombard the Town Brought About the Capitulation-Part Played by Americans.

COLON, Colombia, April 23.-The German steamer Hercynia, which left this port for Bocas del Toro geveral days ago, with reinforcements of government troops cn board, returned here this morning and announced that Bocas del Toro, which was captured by the insurgents April 18, was again in possession of the government The timely arrival of the reinforcements on the Hercynia, and a threat of bombardment on the part of the government gunboat General Pinzon, impelled the insurgents to capitulate to the government

Shortly after the arrival of the United States gunboat Machias at Bocas del Toro, April 14, the captain of the gunboat, Lieutenant-Commander Henry McCrea, notifled the Liberals located at Old Bank, a settlement on an island, about two miles from Bocas, that the gasoline launches and the barges belonging to the United Fruit Company must be returned to their owners within 36 hours. Before this specified time had elapsed and by means of the launches and barges in question, the Liberal forces at Old Bank effected a landing at Bocas. This occurred early in the morning of Thursday, April 18. Liberals immediately attacked the intrenchments of the government troops, and a stubborn fight ensued, which lasted all day. In the evening the government forces, finding they were outnumbered by the Liberals, and that they had only 5000 rounds of ammunition left, decided to sur-render. They handed the town of Bocas over to Lieutenant-Commander McCres, who had it policed Thursday night. handed the town over to Colonel Buendia the following morning. Previous reports of the number of killed in the Bocas engagement were exaggerated. It now appears that on both sides only 25 men were killed and 35 wounded. The government

forces lost eight men killed.
Upon the arrival of the gunboat General Pinzon off Bocas Saturday morning, notice was given that her commander intended to bombard the town at the expiration of 24 hours. As the Liberal forces were without cannon and unable to hold Bocas, they finally agreed to surrender the town. Under the terms of this surrender, 35 hours were given the Liberals to retreat to Chiriqui Grande with the arms and ammunition they had brought with them, but they were not allowed to take what they had capured at Bocas. The capitulation further set forth that the Liberals must evacuate Chiriqui Grande 20 hours after arriving there.

At the expiration of the 36 hours which the revolutionists were given to evacuate Bocas, they left the town in the launches and barges belonging to the United Fruit Company. It is rumored that when the government forces entered Bocas yester-day they found that money had been taken from the treasury building. It is further reported that property of the Chinese merchants at Bocas had been looted. The government authorities are quite dis-satisfied over the terms of capitulation. The Machias is still at Bocas. She is expected to return to Colon shortly.

WASHINGTON, April 22.—Secretary Long has received the following cable-gram from Commander McCrea, of the gunboat Machias, dated Colon, today: "Bocus del Toro, Colombia, has been evacuated. The former government is eacefully re-established. Forces have been withdrawn. Their duty was very well done. Shall await usual conditions before returning to Colon,"

INDIANA WHITECAPPERS. Brutal Outrage on a Farmer Driver His Wife Insane.

NASHVILLE, Ind., April 22.-Early yesterday morning 20 masked men went to the home of Finley Stretchberry, aged 40, six miles west of here, and only a few miles from the home of William Caldwell who was almost killed by whitecappers night before last, and beat their way into Stretchberry's house. Stretchberry met them with a double-barreled gun and emptied one charge into the shoulder of one of the gang. The whitecappers seized Stretchberry's wife and forced her into the kitchen. Stretchberry was then beaten over the head with revolvers and clubbed until he fell to the ground. He was dragged to the woods and tied and whipped until the blood flowed. The cappers then untied their victim, carried him down the road and tied him to a fence post and again beat him. Stretch berry's wife, who was recently discharged from the insane hospital, became insane from the excitement. Both Stretchberry and Caldwell are at the point of death and Mrs. Stretchberry's condition is mos

over \$190,000. The property was insured. Fire in an Indiana Town. MONTICELLO, Ind., April 23.-Ida Vil-

firms were burned out. Holguin Honors Palma.

NEW YORK April 23.-President-elect Palma was greeted at Holguin, Cuba, by 6000 natives, says a dispatch from that city to the Tribune. Three bands led the march to the City Hall. The President's carriage was followed for miles by the impetuous populace. Three pretty girls, carrying a banner and wearing liberty caps, came directly behind the American troops which acted as an escort. At the plaza, where the government building is situated, there were half a dozen more bands. The square was beautifully dec-orated and illuminated, and pictures of the President-elect were everywhere. As he approached all the bands played and 1000 school children sang the Cuban hymn, keeping time with American and

Cuban flage. Speeches by Mayor Ronda, General Pal-ma and Senor Quesada followed these exercises, and then the Palma party was en-tertained at an informal dinner. General Palma occupied at night the same room in which 25 years ago he was a prisoner. The present City Hall was at that time the palace of General Morales, of the Spanish Army.

Cyclone in Wisconsin. MILWAUKEE, April 28 -- Late last night the gale which swept this city struck the Milwaukee Railroad shore at West Milwaukee, which were partially wrecked. The destruction of the steaming building,

the demolished roof of the pattern and cabinet-makers' shop and flying planks were evidences that the storm was of cycloule force. Thomas Rodeman was blown from a platform in the Elmore coal yard, and sustained a fracture of the At Seymour, Wis., the storm blew down the smokestacks of the electric light plant,

which took fire. Lightning struck the barn of Charles Zembeke, who was prob-ably fatally burned. All his farm buildwere burned. A disputch from Oconto, Wis., says that the heavy wind storm last night wrecked 12 barns near that city, as well as nu-merous smaller buildings. Numerous reports of damage are also received from the vicinity of La Crosse.

ROW BETWEEN CINCINNATI BREW-ERS AND FEDERATION.

Politics in the Amalgamated Association-Northern Pacific Machinists May Go on Strike.

CINCINNATI, April 21.—The attorneys for the brewers of Cincinnati, Covington and Newport today announced that Secretary Morrison and other officers of the American Federation of Labor and the general officers of the International Union of Engineers and other involved last night in revoking the charter of the local union of engineers and in other measures in opposition of the order of Judge Hollister would be brought into court for contempt on the ground that the revocation is in line with intimidation, which was especially enjoined. They will have war-rants go out, but will not mention the names of those for whom they are issued. The American Federation and the Unions have made no answer to the temporary injunction, and there will be no arguments until those who have been enjoined ask for a hearing. Meantime, the brewers and their counsel are proceeding on the supervision of the War Department, to assumption that the order of Judge Hol-lister has been disregarded and violated. which its control has been transferred. In the controversy between the en-gineers and firemen on one side and the United Brewery Workers on the other, the American Federation ordered the englneers to shut off steam where nonunion brewery workers were employed after last Monday. On Monday, the brewery pro-prietors secured an injunction, and the engineers and firemen yesterday obeyed the order of the court instead of the order of the executive council of the American Federation. Just before leaving for Washington last night. Secretary Morrison or-dered the charter of the local organiza-tion of engineers revoked. The International officers of the engineers were then here, and after examining Morrison's order they also left the city, and it is to-day claimed that all of these general offi-cers are in contempt of court. The engineers were working today, as usual.

AMALGAMATED ASSOCIATION. Various Committees Are Still En-

gaged With Their Reports. WHEELING, W. Va., April 23.-The Amalgamated Association committees are wrestling with the reports. The commit-tee on good of the order has an interesting fight on the proposition to remove the headquarters from Pittsburg. The West-ern lodges favor removing the offices farther West, but the division of the opposition to Pittsburg may result in the re-tention of the headquarters at that place, Another proposition the good of the order committee is considering is the plea of the National Stoglemakers for recognition of their league independent of the

Cigarmakers.

The committee on constitution and general law is considering a proposition to repeal the law prohibiting discussion of political or economic topics. The socialists are back of this, and their claim is that, instead of assuming a nonpartisan attitude, the association should take an active interest in political economy. It is not likely this proposition will meet with favor. An effort is also being made to increase the treasury so that the associa-tion will be in better shape to take care of the strikers and pay benefits.

It is probable President Shaffer's report will receive the indorsement of the com-mittee to which it was referred. Shaffer's chances of succeeding himself have in-creased largely since his report was submitted Monday, but the opposition to him is strong, and there are intimations of a bombshell being exploded on the floor of the convention that will cause a reaction

Northern Pacific Faces a Strike. ST. If Furred and Coated, the Liver Needs Attention.

### PAINE'S CELERY COMPOUND

THE POPULAR SPRING MEDI-CINE CURES EVERY FORM OF LIVER TROUBLE.

A Victory Over an Insidaous Disease After the Failure of Physicians.

The liver is the great housekeeper of our health. On its right and proper action depends our enjoyment of life,

One of the commonest indications of a disordered and diseased liver is a nasty ongue-furred and coated. Such a condition is positive proof that the liver is not working well. Other symptoms are as folows:, nauseous taste in the mouth, pains under the shoulder-blade and in the region of the kidneys. Frequently the mental symptoms of liver trouble are more dangerous than the bodily fils. Suf-ferers experience mental anguish, gloomy orebodings, melancholy, and a general

feeling of disgust with life.

When these bodily and mental troubles are experienced, your liver tells you it needs immediate help. If the proper med-icine is not used at once, sickness and death follow.

Paine's Celery Compound is the one great specific for the cure of liver troubles. It always acts gently and effective-ly on the root of the evils, driving from the system accumulations of morbid polsons that give rise to your suffering. Soon every organ is infused with new life, the skin is fresh and clear, and you enjoy perfect health. Mr. Clyde F. Tucker, Savannah, Ohto, with a desire of benefiting men and wo-

men who are suffering from any of the varied forms of liver complaints, writes as follows: "I had been taking medicine under the

direction of three doctors, but they did not give me relief. The doctors said my liver was in a very bad condition. A friend recommended Paine's Celery Compound to me, and I began to feel better continued to use the Compound, I grew better until I became a well man. I weighed only 100 pounds when I was sick, now I weigh 148 pounds."

# DR.PRICE'S Gream Baking Powder

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. Price's Cream Baking Powder is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

Used always in making the biscuit and cake it saves both health and money. Made from pure, grape cream of tartar, most healthful of fruit acids.

PRICE BAKING POWDER CO.,

Note.—You cannot, if you value good health, afford to use cheap, low-grade baking powders. They are mostly, in spite of the pure food laws, made from alum, which endangers the health. All physicians will tell you that such powders in food are injurious.
