

AMATEURS MEET DEFEAT

PROFESSIONALS GET FIVE RUNS—MONOGRAMS ONE.

Engel, Mahaffey and Witbeck Twirl for Portlanders—Fleming's Fine Work for Opponents.

The Portland baseball team duplicated its performance of a week ago, by winning yesterday's game from the Monograms by a score of 5 to 1. The game was a good one, and was seen by 100 spectators, including many old-time fans and small boys, the former all trying to tell how the game should be played, and the latter fighting and wrangling over the seats.

"Tilly" Rankin was the umpire, and his unbiased verdicts were loudly applauded throughout. Although the day was cloudy, it was a good one for baseball, and the fans came out to see the professional team go through its last practice game expressed themselves as satisfied with Portland's chances.

Engel, Witbeck and Joe Mahaffey, all took turns at the box, and their work was satisfactory. Witbeck in particular distinguished himself, fanning out five men, Engel and Mahaffey striking out three apiece.

Witbeck throws a good curve, has a fast delivery, and fills his position with alertness. Mahaffey, whose arm gave him no end of trouble last season, made better work than in any previous game, and promises to be a valuable man when in good fettle. Engel, the old reliable, was not pressed to the limit, but did his work with customary coolness.

Fleming Did Star Work. Fleming pitched for the Monograms, and although the Portland men made a number of safe hits, his work was excellent, drawing forth prolonged applause. Fleming is a crack man, and would be a valuable member of the Monogram team. Every member of the Monogram team played good ball, and the team is certainly a favorite.

Portland's first score was made in the first inning, when Van Buren made a safe hit, and Max Muller came home.

In the second inning, Weed made a long drive for a two-base hit, and was brought home on a similar play by Lou Mahaffey. Engel knocked a hot liner to Patterson, and was put out at first, Mahaffey going on to third. The next throw resulted in a passed ball, Mahaffey scoring.

Fans Began in the Sixth. The game continued the even tenor of its way until the last half of the sixth, when Van Buren scored for Portland on a safe hit by Anderson. Then the fun began. Hupp knocked a long fly, which was missed by Zan, the runner, landing safe on first. Hupp then tried to steal second, but was caught napping by Schmeer, Parrott and Rankin, and after a lively skirmish between the two bases was put out. Anderson, who had been flirting with a chance to score from third, had become a trifle too anxious, and after Hupp's unfortunate mistake, was brought too far from the fold, and was put out by a rapid throw from Schmeer to Patterson. The plays were both sensational, and the applause generous.

In the next inning, Zan got to first on Delise's error, journeyed to second while Almslie was going to first on Hupp's error. Hupp made a wild throw to Mahaffey, and Zan came home from third. Portland's last score was made by L. Mahaffey, in the seventh.

Detailed Score of Game. The score follows:

TO HOLD SPRING MEET

HUNT CLUB ANNOUNCES EVENTS OF FIELD DAY.

Date Has Been Fixed for May 31—Riverside Driving Club Talks Club-House.

The executive committee of the Portland Hunt Club has announced the program for the field day to be held at Irvington Park on May 31. The competition will be open only to club members and nonresidents to be invited by the club, and a portion of the proceeds of the meet will be devoted to charity. The program arranged for the meet is as follows: Parade (members Hunt Club); High School exhibition; gentlemen's running race, one mile; tandem trot, one mile; ladies' race, three-eighths mile; trap show, singles, doubles and tandems; pony race, one-fourth mile; mile trot, ladies and gentlemen; hurdle race, two miles on track.

The members of the Riverside Driving Club are making great preparations for the matinee races, the first of which will be held in May. An effort is being made to have these races held at Riverside Park, where the grand-stand will afford a

view of all the competitors on the half-mile track. The track, however, is in very poor condition, and a great deal of work will be required to get it into proper shape, even for the matinee. Some members of the club are in favor of improving the track, and also of establishing a clubhouse, where all the members may be made to feel at home, and where other driving associations and the Hunt Club may be welcomed.

Horsemen and men who do not own horses are anxiously looking forward to the completion of the project. This driveway will not be ready for some time yet, but when it is ready some roadster records may be made, and each of the 140 members of the Riverside Driving Club will have a record. The widened roadway will give a speedway of from three-quarters of a mile to one mile on the south, and more than a mile on the north. The improvement stretch will give the drivers a chance to breathe their horses, and nonparticipants will see good road-racing all along the line.

The horses at Irvington Park were warmed up at a lively rate during the warm days of last week. Wes Walters, of La Grande, who was a horseman in Portland before electric cars or even electric lights were known, had the Duke of Walestein out for two heats a day. What time the Duke made is known to Mr. Walters only, and he refuses to give any information on that point. Kris Simpson took out his favorite Alta North. She traveled without straps, and she would have made 2:40 or less if her owner had not been in a hurry and driven her off her feet. H. H. Helms and L. Zimmerman had several horses worked, and the trials were very satisfactory to them. T. D. Condon had his trotters and pacers out at the track every day, but he made no effort to obtain roadster records. Lazarus was not behind the time with his steplasher, who cleared the barricades without trouble, and left his rider's cap on the ground at every second jump. Walter Allison and Ed Hanson brought out their roadsters, and they raced a half mile that kept the horsemen on the edge. Both roadsters broke on the stretch, and Mr. Holman called the race off and ordered another sprint for next Sunday. Erickson's mare, Alta Cora, showed up well on the track last week. Good driving placed her on the front property, and she may be expected to give a good account of herself on the circuit this year. Horsemen have always had a good opinion of Alta Cora, and they have attributed her early mile dash to her training in the Spring. Her new trainers have not given her any too much track work this spring, and she appears to be in fine condition for a record.

The Vancouver Jockey Club had announced its program for the Spring meeting of May 23-24. This club will also hold a Summer meet beginning July 1, and a Fall meet beginning August 26. The City Council has appropriated \$1000 for the improvement of the driving park, and the club will do all in its power to make the meeting a success. The events of the meet will be: Trot or pace, 2:30 class, mile dash, three in five, 3:30; running, 3/4-mile dash, weight for age, 1:15; running, 3/4-mile dash, weight for age, 1:10; trot or pace, free for all, three in five, mile dash, 3:30; (\$50 additional will be given the first horse lowering the existing track record of 2:25); running, 3/4-mile dash, previous winners at the meeting to carry 10 pounds extra, 1:15; running, 1/4 furlongs, for three-year-olds, weight for age, 1:10; running, 5/8 furlongs, previous winners at the meeting to carry 7 pounds extra, 1:10; running, 1/4 mile, previous winners at meeting to carry 5 pounds extra, weight for age, 1:20.

A meeting of the Horse Fair Association will be held in Wasco County, July 4, and prizes will be awarded to the victorious racers. The officers of the association are: President, G. N. Crossfield; vice-president, J. Medler; secretary and treasurer, R. G. Case. The president has appointed as a committee on premiums Fred Blau, G. Medler, Frank Burley and W. E. Hines. All classes of horses will be eligible for entrance, and one of the most interesting meets in the history of Wasco is expected.

Charles Clancy, of Seattle, former owner of Freddie C, passed through Portland last week, on his way to California to

TRACK SEASON IS HERE

COLLEGE AND CLUB ATHLETES TRAIN FOR GAMES.

Oregon to Meet Washington in Seattle May 16—Multnomah to Hold Indoor Meet.

Although the Spring has been somewhat backward and adverse to successful out-of-door training, track athletes throughout the Pacific Northwest are training with a will, and some great sport is looked for in the various field meets that will be pulled off within the next two months. The State Universities of Oregon, Washington and Idaho are developing promising teams of athletes, the Idaho men having already defeated Whitman College in a dual meet. Stanford University had arranged a meet with the University of Washington, to be held in Seattle next Saturday, but the affair has been called off, as the financial guarantee from Washington was not sufficient to defray the expenses of the Southerners, nor were any other colleges or clubs in the Northwest in a position to guarantee Stanford a successful meet. Stanford made an exceptionally good showing against Berkeley this year, and would

double have defeated any institution in the Pacific Northwest, although the Washington students declare that in their team the Palo Alto men would have met a Waterloo.

Among the unpleasant incidents of the Spring season is the disagreement and the severing of athletic relations between the University of Idaho and Washington Agricultural College. The trouble arose over the charge of professionalism made by the Pullman students against Tilly the crack Idaho sprinter. It is really unfortunate when colleges that are natural rivals cannot settle their petty differences in a dignified and sportsmanlike manner. The Pacific Northwest has many lessons to learn in this respect, as some of the bickering of recent years have been wholly unedifying.

Manager C. E. Gaches, of the University of Washington, and Manager Ray Goodrich, of the University of Oregon, have been in Portland for two days, and have finally agreed upon the terms and conditions of a dual track meet to be held in Seattle, May 16. The proposed meet has been hanging fire for some little time, the bone of contention being whether or not University of Washington law students should be allowed to compete. The Oregonian took the ground that the disciples of Blackstone, not being directly connected with the university proper, but located in the heart of Seattle, should be declared ineligible. The Washington students, however, insisted that Tilly, as much a part of the university as the college of letters or school of mines, and that the men in the law department have as much right to represent the university as have any other class of students. Manager Goodrich agreed to accept the terms of the Washington manager, but declined to bind his college to a contract for more than one year. Gaches was anxious to sign a two-year agreement, but this Goodrich refused to do, owing to the stand of the Oregon athletes on the law-student question and the probable continuation of their views in the matter. He says he is willing to make the contract for this year, as he does not care to disappoint the law students who are now members of the Washington team, but that he cannot bind his successor to such an agreement. The contracts await the approval of the executive committees of the two student bodies, but there is no doubt about the meet being held.

Manager Gaches expresses a reasonable confidence in the ability of his team to win the Northwest championship this year, but appears somewhat disgruntled over the abandonment of Stanford's northern trip. He expresses himself as favorable to a permanent or long-standing contract, covering both football and track athletics, and believes that such a contract should cover every possible detail. In this way the mutual intercollegiate squabbles would be avoided. Manager Goodrich also favors such a plan, but it is doubtful whether the majority of the students in the two institutions favor it. Manager Gaches says that Washington dates, in addition to the Oregon meet, are as follows: May 28, Whitman College, at Walla Walla; May 30, Washington Agricultural College, at Pullman; May 31, University of Idaho, at Moscow.

The difficulties between Pacific University and the University of Oregon have been amicably settled, and their dual track meet will be held in Eugene, May 10, as originally scheduled. Oregon acceded to Pacific's request to cut out the regular or long-order of events, and other misunderstandings were adjusted.

In the recent Berkeley-Stanford field meet J. C. McCaughey, captain of the latter team, ran an exhibition 250 yard, covering the distance in 0:22. This figure stands as a new Coast record, the former one being held by Cadogan, of the University of California.

Manager Irving D. Gibson has arranged the following dates for the Pacific University track meet: May 19, with the University of Oregon, at Eugene; May 17, with McMinnville College, at Forest Grove; May 21, with Oregon Agricultural College, at Corvallis.

The Multnomah track athletes have done little outdoor work, but have honed their energies to the gymnasium, and will be in good condition for harder work as soon as the weather settles. An indoor

PRESIDENTS OF SALEM REPUBLICAN CLUBS.

SALEM, APRIL 25.—Three Republican clubs will participate in the coming political campaign in this city. They are the Salem Republican Club, of which Claud Gatch is president; the Workmen's Republican Club, presided over by S. A. Hughes, and the Young Men's Republican Club, which was organized last Friday, with Hal D. Patton as president. Mr. Gatch is cashier of the Ladd & Bush Bank. He has been prominent in Marion County politics and has served one year as president of the League of Republican Clubs of Oregon. S. A. Hughes is appropriately the head of a workmen's club, for he is a brick and stonemason by occupation. He is a hard worker, both in the primary contest and in the election, and is always a victor. Hal Patton is a member of the firm of Patton Bros., book dealers, and is one of those enthusiastic young men who make a success of whatever they undertake. The Salem clubs are under good management and will prove valuable aids to the Republican party in the coming campaign.

ROWING CLUB HOLDS SMOKER.

About 50 members of the Portland Rowing Club gathered at the smoker held in the clubhouse Saturday evening. The north room on the upper floor was especially decorated for the occasion. The walls and ceiling were draped with flags, and around the entire room were photographs of the different club crews and of scenes familiar to the members of the club. Among the pictures that attracted the most attention was one of the victorious senior crew of 1911, composed of Lumberger, Ball, H. Stiles and Le Conte Stiles. The picture was displayed last

evening for the first time. It shows the crew in their shell, and at the top are single pictures of the four members. On the piano were displayed the handsome pair of trophies brought home by the club crews for the regatta in British Columbia last year.

The first part of the evening was spent in speaking by the officers and members, interspersed by an excellent musical program. Captain Percy Stowell, in his address, explained that the smoker was given to promote club fellowship and bring the members together for the opening of the boating season. Throughout the evening corn-cob pipes, tobacco and cigarettes were furnished. After the programme, refreshments, consisting of sandwiches, coffee and beer, were served. Those present gathered around the piano and sang popular songs for the remainder of the evening. Just before the adjournment a stag dance was started, after which four of the members gave two red-hot sparring exhibitions.

The pleasure boats have all been placed in excellent condition under the direction of Captain Stowell, and it was remarked during the evening that no captain had ever had the boats in such good condition so early in the season. Mr. Stowell has worked hard all winter, and with the help of Walter Allison has all the boats ready for the season.

Already the crews have started in their season's training. The crews are to be ready for the regatta in British Columbia, and the club will do all in its power to make it possible for the boys to carry over the regatta in the regatta. The club also has the regatta to be held at St. Louis in view, and the winners of this year will probably be sent to that regatta. The colors in the racing suits were changed to light blue and white, and those of previous years. Instead of the light blue in the shirts, a darker will be substituted, as it was found that the light blue would not retain its color.

Plans are being made to hold club cruises this season to different points along the river. There cruises will be taken in the most pleasant way, and of which there are a large number owned by club members.

According to the present outlook, everything points to a most successful season of the Portland Rowing Club. The membership is rapidly increasing, and more interest is being taken in river sports than ever before.

KREBS Wins the Half Mile Open and Half Mile Championship.

NEWARK, N. J., April 27.—Shift winds and chilly atmosphere kept the attendance at the Vailsburg bicycle track down to 4000 today. The surprise of the day came in the half mile open for professionals and the half mile professional championship in which both Krebs and McFarland were beaten from the scratch by young Franz Krebs, who won rather handsily by a yard. Kramer was beaten again in the two-mile handicap, this time by Collett. New Haven Summary: Half mile, handicap (amateur)—Won by Franz Krebs, Brooklyn; Frank Kramer, East Orange, second; Floyd McFarland, San Jose, Cal., third; time, 1:08 4/5. Ten mile, open (amateur)—Won by George Schenck, Newark; time, 2:48. Two mile, handicap (professional)—Won by George H. Collett, New Haven (80 yards); Frank Kramer, East Orange (scratched); second, W. Penn, Bristol (scratched); third, Floyd McFarland, San Jose (scratched); fourth, time, 4:24 1/5.

RACES at Longchamps.

PARIS, April 27.—W. K. Vanderbilt's Nettle (Guthrie) got second place in the center for the Prix de Saint James at Longchamps today.

FOR TORPID LIVER

Horford's Acid Phosphate. Take it when your complexion is sallow, and you are troubled with constipation, indigestion, headache, it stimulates healthy liver activity, increases flow of bile, and improves the general health.

BASEBALL NOTES.

In the first championship game of the Inland Empire colleges, Washington Agricultural defeated Whitman by a score of 10 to 3.

Lasher, who was the star quarterback of the Irvington shooting grounds yesterday afternoon. The day was a poor one for blue rocks, and the scores were not up to those of last week.

In the morning practice Monteth made a straight 25, a feat that has not been accomplished by any other player. The contest is at 25 targets at unknown angles. Following are the scores that were made:

The scores of the morning practice follows:

Table with columns: Name, Score. Rows: Monteth 25, Abraham 23, Remington 23, Gowanlock 19, Bateman 19.

The Portland base ball team will leave for Tacoma on the 2 P. M. train of today, and will open the season with the proteges of Jay Andrews on Tuesday afternoon. The men are in fairly good shape, and Manager Gaches has expressed confidence in their ability to win on May 6, 7, 8, 10 and 11, the Portland men will contest with Grim's aggregation at Tacoma on Wednesday, May 10, and on May 12. The first series played in the city will be with Helena, commencing on May 13, the second with Butte, commencing May 20. Engle will occupy the box during the first game with Tacoma.

New Motor Pacing Rules.

BOSTON, April 27.—Members of the board of control of the National Cycle Association today, after examining a number of motor racing rules, decided on some modifications of the rules. The new rules provide that the rear wheel shall not be allowed to disengage in the course of the race, and that the width of the motor shall not exceed 6 1/2 inches. To cover cams, bolts and necessary plate, etc., a width of 1 1/2 inches shall be allowed. The entire tandem shall not weigh more than 100 pounds, including handlebars and pedals, except 26 inches. To prevent the stuffing of towels, etc., under saddles, it was decided that the rear seat shall not be more than 10 inches across and three inches from top to bottom.

MONEY MARKET IS EASY

Chief Feature of the Berlin Bourse During the Past Week.

BERLIN, April 27.—The chief feature of the Bourse during the last week was the growing ease of money without a resultant animation in speculation; consequently the monthly settlement was held under the easiest money rates perhaps ever known in Berlin. The private rate of discount during the past week reached 3 1/2 per cent, the lowest rate ever recorded. Money for the carry-over was held at 2 per cent. The monthly settlement shows unusually light engagements. The series of annual reports up to the end of 1921, which have been published in the course of the past two months, have disappointed the public. Hence the tendency to sell industrial holdings, the result of which was manifested during the last week in the general decline of industrial shares.

The reports of the iron market represent that situation to be quieter, but the export demand is stronger, particularly to the United States, which is buying more billets and plates, while the Southern States are buying more rails. Iron shares declined generally. The coal trade did not show improvement, and the market weakened. The most animated stock during the week was again Canadian Pacific, which continued to be bought heavily for English and American accounts. The recent heavy exports of this stock to the United States caused a scarcity of shares here, consequently liberal premiums were paid for loans in this stock for the carry-over.

A weekly financial review published in Frankfurt says: "The news from the United States concerning gigantic undertakings is received here with skepticism, because it is believed that the conditions intercollegiate squabbles would be avoided. Manager Goodrich also favors such a plan, but it is doubtful whether the majority of the students in the two institutions favor it. Manager Gaches says that Washington dates, in addition to the Oregon meet, are as follows: May 28, Whitman College, at Walla Walla; May 30, Washington Agricultural College, at Pullman; May 31, University of Idaho, at Moscow.

The difficulties between Pacific University and the University of Oregon have been amicably settled, and their dual track meet will be held in Eugene, May 10, as originally scheduled. Oregon acceded to Pacific's request to cut out the regular or long-order of events, and other misunderstandings were adjusted.

In the recent Berkeley-Stanford field meet J. C. McCaughey, captain of the latter team, ran an exhibition 250 yard, covering the distance in 0:22. This figure stands as a new Coast record, the former one being held by Cadogan, of the University of California.
