FEES OF J. P. MORGAN

Steamship Combine Pays No Excessive Amount.

CORPORATION LAWYERS TALK

Great Promoter Receives \$12,500,000 in Stock, but for Smaller Deals in America He Has Been Better Remunerated.

That Nelson of finance, J. Pierpont Morgan, has received \$12,500,000 for his services in promoting six great combinations of capital within the space of a year. For one transaction alone, the formation of the United States Steel Corporation, he was paid \$100,000,000. Chief among the reasons financiers employ Morgan is that he not only promotes the trust, but protects its stock, thus making it equivalent to so much cash. His ability to make a success of any undertaking is unquestioned.

CHICAGO, April 30.—Word was received today that J. Pierpont Morgan was to receive \$12,500,000 in stock of the new shipping combine in return for his services in organizing and financing it. From an associate of Mr. Morgan in this city, who does not wish his name to be used, it was learned that, while the amount of money represented by the stock in the new steamship trust given Mr. Morgan seems large, it is not nearly so much as was paid for the organization of the steel trust and other combines effected by him. According to this authority, Mr. Morgan received \$100,000,000 in stock in the United States Steel Corporation, which was regarded at the time as equivalent to \$50,000,000 in cash. In the formation of the American Bridge Company he is accredited with having received \$15,000,000 in common stock. In the promotion of the Northern Pacific deal, which went to the formation of the Northern Securities Company, the organizers were credited with having received \$25,000,000 in cash, but Mr. Morgan did not get all of it. In the formation of the Metropolitan Securities Company, the more recent traction trust, Mr. Morgan is accredited with having given \$20,000,000 of the stock as compensation for organizing the corporation and consolidating the interests absorbed. Therefore, the amounts received by Mr. Morgan for a few of his great financial operations are approximately as follows:

United States Steel Corporation.....	\$100,000,000
Metropolitan Securities Company.....	\$25,000,000
American Bridge Company.....	\$15,000,000
Ship combine.....	\$12,500,000
Northern Securities Company.....	\$25,000,000
Total.....	\$177,500,000

Corporation lawyers of national fame were greatly interested in these figures, but do not deem them excessive.

"It is simply a question of ability. Mr. Morgan has the ability not only to form the combinations, but to make them a success. Mr. Morgan does more than promote the trust; he also protects the stock. He is paid in stock, but that, in a Morgan corporation, is practically so much cash, because he protects the stock, and makes the company a success. Take, for example, the American Tin Can Company. Had the promoters been able to protect the stock, see how much more value their services would have been to the holders of the stock than they were, in this instance.

PICK ON ONE STATE

Land-Grabbers' New Scheme for Leasing Ranges.

NEBRASKA SECTION AIMED AT

President Asks Opinion of Land Commissioner on Measure, and is Informed it Discriminates Against Other States.

The large cattlemen continue active in the interests of their movement to gobble up the public ranges by having National legislation for their leasing enacted. They find the Administration uncompromising, but are undaunted. Two of their bills are certain of defeat. Now comes Representative Lacey, chairman of the public lands committee, with a leasing bill. It is to its credit, however, that it makes some provision for the bona fide settler—a provision which foreignists to the bill heretofore presented.

MINISTER TO CUBA.

Salary of \$12,000 a Year is Provided For.

WASHINGTON, April 30.—The first executive step looking toward the establishment of diplomatic relations between the United States and Cuba was taken today by the Senate committee on foreign relations, which took up and considered the President's recommendations on the subject, and agreed to report an amendment to the sundry civil bill, providing the necessary funds for the proper representation of this country in Cuba. A salary of \$12,000 is provided for a Minister to Cuba, and provisions are made for the Consul-General at Havana, with a salary of \$2000; also a Secretary and an Assistant Secretary of legation, at salaries of \$2000 and \$1500, respectively.

Root and the Rathbone Case.

WASHINGTON, April 30.—Senator Hanna had a long conference with Secretary Root today, presumably in regard to the case of Rathbone. It is known that before Secretary Root's departure from the city he was not fully satisfied that the charges had been legally proven by the Cuban attorney, which considered the case according to the usual legal standards in the United States. Whatever action, if any is taken in the case, will be taken through Military Governor Wood.

Palma at Santiago Today.

SANTIAGO DE CUBA, April 30.—President-elect Palma will arrive here tomorrow morning. The Mayor of this city has proclaimed that the remaining days of this week will be regarded as holidays and no work will be permitted. The city has been decorated in honor of Senator Palma's arrival. Cuban and American flags are flying everywhere. The President-elect will be met and escorted through the city by a detachment of American troops.

Collection of Burial Fees.

HAVANA, April 30.—(Former-Governor) Wood has revoked the order prohibiting the collection of burial fees by parish priests. The Government has taken this action believing that all persons who deemed themselves deprived or injured in their rights should appeal to the courts.

HIS RECOVERY ASSURED

Archbishop Corrigan's Condition Much Improved.

NEW YORK, April 30.—No bulletin regarding Archbishop Corrigan's condition was given out tonight. Dr. Keyes, upon leaving the sickroom at 10 o'clock, said his patient was recovering nicely from a slight relapse today. His temperature was normal and he was taking an interest in affairs. For the first time since the beginning of his sickness, he was able to partake of solid food three times today. All traces of the pneumonia have now disappeared and recovery is looked for with assurance.

Queen Wilhelmina Improving.

THE HAGUE, April 30.—The morning bulletin issued from Castle Leo regarding the condition of Queen Wilhelmina says she passed a quiet night and that the feverish periods were more frequent. Her Majesty's physicians will hereafter issue but one bulletin daily.

Cummings Resting Easily.

BALTIMORE, May 1.—At 3 o'clock, Congressman Cummings was reported to be resting easily, and it was thought there would be no material change in his condition for several hours, at least.

Cost of the Anglo-Boer War.

LONDON, April 30.—An official estimate of the cost of the South African War to March 31, 1902, places the amount at nearly \$222,000,000.

MORE MEN GO OUT

Strike in the Sawmills is Spreading.

SASH AND DOOR MEN ALSO OUT

One Union Demands Recognition, the Other a Nine-Hour Day—Both Sides Firm, but There Are No Signs of Trouble.

Over 200 employees of the Portland Lumber Company's mill walked out yesterday. Union men in five planing mills were paid off last night, and assert that they will not return to work until they are promised nine hours work at the rate they have been receiving for ten. The truckdrivers have demanded an advance in wages of 25 cents per man, and will probably go out May 15 if they do not get it. The sawmill strikers have not yet returned to work, and both sides are confident. The differences between employers and employees have in no case endangered any bitterness, and there is reason to believe that all will be settled in a short time without any serious trouble.

Over 200 employees of the Portland Lumber Company's mill walked out yesterday because their demands for the recognition of the union have not been granted. The mill did not shut down, and its manager says it will continue to operate. It is likely that other strikes in other mills will follow in a few days, but the conservative labor leaders are in the majority among the union men, and they declare that they will not order a general strike because it is far from their desire to aim a blow at the city's trade by such a measure. Last night the union men in five planing mills announced that they would work no longer unless granted the nine-hour day they have asked for, and their employers, who assert that they cannot compete with outside mills on such a schedule, paid them off. All planing mills affected but one will continue to run, and in some cases where the strikers composed the majority of the employees, the millowners declare their intention of going out and working in their plants themselves. There is not the slightest indication of trouble, and while both sides are firm in the stands they have taken, it is clearly the hope of both that a satisfactory settlement may soon be reached.

REPUBLICANS ARE FIRM.

Will Meet Democratic Changes Wherever They Have Been Made.

WASHINGTON, April 30.—The Republicans have determined to meet Democratic changes wherever they have been made. It is evident that they are not going to condone any offenses of any officers in the Philippines, but at the same time they intend to bring forth all mitigating circumstances regarding the war which will show that severe measures were necessary to carry on the campaign and to protect American interests. While there is a general acknowledgment that Walker's campaign and Smith's order merit condemnation, it is the purpose of the Republicans who have been charged with the responsibility in the Philippine matter to bring out the fact that treachery has been the chief characteristic of the insurgents, which has resulted in an unprecedented guerrilla warfare against American authority.

REBATE PLAN WITH APPROPRIATION IN CASE OF DISTRESS PROPOSED.

WASHINGTON, April 30.—Republican Senators agree that some compromise measure regarding Cuba should be adopted. The latest proposition, and one which is likely to prevail, is a rebate plan with a straight appropriation to meet any distress that may exist in Cuba. Senator Spooner, who is for some reciprocal relations, and Senator McMillan, who represents a beet-sugar state, are endeavoring to draw a compromise measure.

GREATER NEW YORK'S BUDGET.

NEW YORK, April 30.—The budget for 1902, for the Greater New York, was agreed upon today by the Board of Estimates. The total is \$28,919,000, an increase of \$465,000.

BIENNIAL CONVENTION OF GENERAL CONFEDERATION OF WOMEN'S CLUBS OPENS TODAY.

LOS ANGELES, April 30.—With the arrival of many special trains from the East and North, carrying delegates to the biennial convention of the General Confederation of Women's Clubs, the various headquarters at the hotels and at Simpson's Auditorium have become centers of bright color and lively action. Many of the speakers were late in arriving, and a few of the delegates were late in getting to the convention city, yet thousands are here and ready for the opening session tomorrow. The railroads continue to be generous in their accommodations. Mrs. T. E. Denison, of New York, is prominently mentioned as the Eastern candidate for the presidency, while Mrs. Platt-Decker, of Denver, and Mrs. Robert J. Burdette, of Pasadena, are the Western candidates. It is generally conceded that the honor lies between these three women, although there will be others in the field. Delegates have already begun to talk about the next meeting-place. Kansas City is making an effort to get it. The delegates from Kansas, Missouri and the neighboring states are working solidly and enthusiastically to secure the meeting. New York also wants the next biennial gathering, and besides the delegates from the Empire State, most of the New England States are working to secure the meeting.

THE MILLOWNERS' SIDE.

In speaking of the trouble, Manager J. J. Wentworth said: "It was understood that it was not a question of wages. I had informed all the men that their wages had been raised since April 1, and even the strikers will be paid off on that scale. It is simply a question of signing the union contracts and giving the union men a preference over non-union men, and I will go out of business before I will do it."

"The strike will reach all the mills, and I do not understand why ours was picked out as a strike mill. We are now being just trying to build up a business, and must stand the strain before the old established companies. We will not yield, however, and we do not believe the other mills will. An attempt will be made to get more men, and the mill will run tomorrow the same as ever."

WHAT THE WORKMEN SAY.

John A. Bushman, president of the union, said: "We ordered a strike because they refused to sign our agreement. It is an easy thing for them to raise wages until the trouble is over, and if we have no contract with them they can easily put us back to the old standard again. What we want is an agreement that they will pay the wages we ask for a specified length of time. The clause in the agreement as to giving union men a preference applies only in cases where all

HOME OF FRIDAY MORNING CLUB, OF LOS ANGELES, WHERE THE DELEGATES WILL BE TENDERED A RECEPTION TONIGHT.

LOS ANGELES, April 30.—With the arrival of many special trains from the East and North, carrying delegates to the biennial convention of the General Confederation of Women's Clubs, the various headquarters at the hotels and at Simpson's Auditorium have become centers of bright color and lively action. Many of the speakers were late in arriving, and a few of the delegates were late in getting to the convention city, yet thousands are here and ready for the opening session tomorrow.
