IN THE SECOND DISTRICT

CONGRESSIONAL CAMPAIGN WILL OPEN AT HEPPNER.

Republicans Go Forth to Talk to the People—Active Work in Lane County.

The Republican Congressional campaign in the Second Congressional district will be opened at Heppner, Morrow County, on Saturday evening, May 3. J. N. Williamson, Republican nominee for Congress, and Judge John F. Caples, ex-Minister to Chili, will make addresses on that occasion. No other dates of Senator Williamson's itinerary have yet been determined. Beginning with Monday, May 5, he will conduct a campaign which will cover every part of his district, probably closing in one of the larger towns in the district on the Saturday evening before election. Judge Caples will not accompany the Republican nominee for Congress through the whole of his canvass, but it is not yet determined who will accompany him, if any one. Senator Williamson and Assistant Secretary Harrison Allen were in conference last evening, arranging dates for addresses. As soon as the dates have been fixed so that it is certain that there will be no conflicts or necessity for changes, they will be announced.

The Republican state candidates left for Ashland last evening, where they will open the state campaign Thursday evening. Those who went were W. J. Furnish, nominee for Governor; J. H. Ackerman, nominee for Superintendent of Public Instruction; and J. R. Whitney, nominee for State Printer. They will be joined at Roseburg by A. M. Crawford, nominee for Attorney-General. C. W. Fulton, who will be the principal speaker, was also with the candidates.

Assistant Secretary Harrison Allen has determined two more dates for the state itinerary, which, so far as announced, will be as follows: Ashland, Thursday evening, May 1; Medford, Friday evening, May 2; Grant's Pass, Saturday evening, May 3; Oakland, Monday afternoon, May 5, 1:30 o'clock; Roseburg, Monday evening, May 5.

J. D. Lee, superintendent of the Oregon penitentiary, will address the people of Newport, Lincoln County, on behalf of the Republican ticket, on Monday evening, May 5. Mr. Lee is an able stump speaker, and will make a very clear presentation of the issues from the Republican standpoint. Prior to the state convention he was a strong supporter of Governor Geer, and is still a warm and true friend of the defeated candidate. His action, in thus going out upon the stump to work for the Republican nominee, shows that he as well as other Marion County Republicans place the party above the wishes of individuals.

LANE COUNTY REPUBLICANS.

Victory Will Be Made Sure by Lively Campaign.

L. T. Harris, Republican candidate for the lower branch of the Legislature from Lane County, and a member of the state central committee, was in the city yesterday, arranging certain details of the state campaign in Lane. Mr. Harris, together with Judge E. O. Potter, who is county chairman, were in conference with State Chairman Walter F. Matthews and Assistant Secretary Harrison Allen yesterday afternoon, and plans have been made whereby a number of the best Republican orators of the state will speak at Eugene and the neighboring towns. The joint county campaign, in which both Republican and Democratic candidates discourse their views, will commence on May 8, and will be thorough. In every particular, Every village and hamlet, from the Pacific Ocean to the Three Sisters, will be visited and the National and local issues will be discussed pro and con. Mr. Harris is a very logical and fluent speaker, and one of the best campaigners in the state. Two years ago, he was elected State Representative, defeating E. R. Skipworth, who headed the Democratic Legislative ticket, by a majority of 531 votes, and running some 300 votes ahead of his own ticket.

When seen yesterday, Mr. Harris made the following statement concerning the Republican outlook in Lane County:

"The Democrats are using every means within their power to defeat Dr. Kuykendall, the Republican candidate for State Senator. Dr. Kuykendall has served one term in this position, and I am confident that he will be re-elected by a safe majority. There is every reason to believe that the state ticket, from top to bottom, will receive the full and undivided strength of the Republican party in Lane County.

"From what I can hear, I judge that Mr. Chamberlain has made two serious mistakes in the beginning of his campaign. In the first place, he has gone back on his party platform. He does not stand squarely upon the plank which the Democratic state convention took most pains in preparing, so that it would correctly state their views. The Democrats took half a day to consider a plank which declares in favor of granting the Philippines their independence. According to the reports in newspapers which are supporting Chamberlain, he had this to say on that subject at the Baker City meeting:

"'The Philippine archipelago and Porto Rico have been finally added to our territory by treaty. That they belong to the United States there can be no question, and now that their annexation has become an accomplished fact, we insist that the constitution of the United States ought to follow the flag, and that they should be treated in exactly the same way and manner as inland territory of the United States is treated. There should be absolute freedom of trade between this country and our insular possessions. It is our duty to educate the Filipino up to our standard of civilization, and in due course fit him to participate in his own government and affairs.'

"The platform declares for independence and Mr. Chamberlain says the islands should be treated in exactly the same way and manner as inland territory of the United States."

Many other prominent men have commented adversely, as has Mr. Harris, upon Chamberlain's campaign methods, and while neither the Republican campaign managers nor the Republican speakers will enter upon any discussion of Chamberlain's personal character and habits, yet many Republicans will retaliate by hereafter using the facts as legitimate campaign material.

HOPEFUL DIAGNOSIS.

Dr. Cusick Pronounces Republican Ticket Out of Danger.

Dr. W. A. Cusick, an old-time Republican in Marion County, spent yesterday in Portland. He has helped to fight the battles of his party through many a campaign, and has rendered efficient service, both by quiet work and on the stump. He was a member of the Legislature of 1895. When asked yesterday regarding the political situation in Marion County, Dr. Cusick said:

"I returned only a short time ago from a three-months' visit in California, and have not yet observed enough of the political symptoms to be able to make a very correct diagnosis of the condition of the two political parties. Thus far, the temperature of both seems to be about normal. The pulse of each seems to be regular and strong. There are a few marks that indicate that there may have been some sore spots on the Republican party recently, but the wounds have healed well, and if not irritated there will be no lasting scars. The Democracy seems to have particularly strong lungs, and in the race about to begin, may show up well in the initial spurt. The G. O. P., however, seems to have a very decided advantage in the matter of strength, and is likely for that reason to be a good distance ahead at the end of the home stretch. To all outward appearances, both parties are in good spirits, and will enter the race with confidence. I apprehend that the Democracy will suffer in no small degree from its intemperance in financial principles during the last few years, and that some present systemic weakness may develop with serious results. Until I have had time to make a closer examination and observe other symptoms, I could not undertake to make a more complete diagnosis."

Regular Republican Ticket Filed.

The regular Republican county ticket was filed yesterday in the County Clerk's office by Herbert C. Smith, secretary of the State Republican Central Committee, and chairman of the managing committee, of the Republican City and County Central Committee. The state ticket is filed with the Secretary of State, and the city ticket with the City Auditor. The fusion county ticket was filed several days ago.

ATTACKS SUPREME COURT

Suit to Set Aside Decision of That Tribunal.

A suit of a most novel character, in which the State Circuit Court is asked to set aside the decision of the Supreme Court in the case of the Larch Mountain Investment Company vs. T. A. Garbade, Bridal Veil Lumbering Company, Sheriff Frazier et al., was filed yesterday by Attorney C. C. Palmer.

The Supreme Court decided in favor of the Larch Mountain Investment Company and the title of the case just commenced is T. A. Garbade et al. against Larch Mountain Investment Company, Bridal Veil Lumbering Company and William Frazier, Sheriff. The amount involved is $270. It is brought under a statute which provides:

"But a decree in equity may be impeached and set aside, suspended, avoided or carried into execution by an original suit."

Suits in the lower court to overrule decisions of the Supreme Court may have been prosecuted in the past, but if so very rarely, as such cases are not recollected in Courthouse circles.

The dispute between the Larch Mountain Investment Company and Garbade in the former suit was over a sum of $270 paid by the company to Sheriff Frazier in January, 1900, for Garbade to redeem 1120 acres of land near Bridal Veil, from a sale on execution. After paying the money the Larch Mountain Company negotiated a sale of the property for $25,000 to the Bridal Veil Lumbering Company, and as part of this agreement the lumbering company undertook to persuade Garbade to take the money in Sheriff Frazier's hands on account of certain claims he held against both companies. Garbade refused to do so, and the negotiations between the two companies were modified and the Larch Mountain Investment Company deeded the lands to the Bridal Veil Lumbering Company, and the latter paid Garbade his claims against both companies in full. Garbade then requested Sheriff Frazier to pay him the $270, but the Sheriff declined to do so, because the Larch Mountain Company had notified him that the money should be repaid to that concern. The Sheriff then refused to turn the money over to either claimant, and the Larch Mountain Company brought suit to have determined to whom the money should be paid, and Judge Cleland decided in favor of Garbade. The Supreme Court, on appeal, reversed the decision and judgment rendered by Judge Cleland, and decided in favor of the Larch Mountain Investment Company.

Garbade, in the present proceeding, seeks to have the decision of the higher court overruled, and asks for a decree that the mandate of the Supreme Court entered in the State Circuit Court April 25, 1902, be impeached, set aside, suspended and held for naught.

It is alleged that the Supreme Court in its decision erred in many particulars, and that the decree in the case is not warranted by the facts. Among other things it is averred that upon the face of the mandate and of the decree of the Supreme Court entered in accordance therewith, it is apparent that the Supreme Court and the Circuit Court had no power or authority or jurisdiction to give or make the judgment, and had no jurisdiction to adjudge or decree in said cause that the Larch Mountain Investment Company was entitled to a decree declaring it to be the owner of the sum of $270, deposited on March 3, 1900, with the Sheriff.

It is alleged that the findings made in and by the mandate and decree of the Supreme Court will support no other or different decree than a decree that the suit should be dismissed, for and because it appears from the findings that the Larch Mountain Investment Company is not entitled to the relief claimed in its complaint in the suit, that the complaint does not state facts sufficient to constitute a cause of suit, and a court of equity had no jurisdiction over the cause or matters adjudged, in and by the mandate and decree of the Supreme Court.

Court Notes.

Lottie Gould, charged with larceny of $300 from J. E. Peshall, pleaded not guilty before Judge Sears yesterday.

An order of default was entered yesterday by Judge Sears, in the divorce suit of Mary E. Beck vs. William H. Beck.

The inventory and appraisement of the estate of Elvira Smith, deceased, was filed in the County Court yesterday. The property is valued at $3800.

The District Attorney yesterday filed an information against C. J. Cooper, charging him with larceny of certificates of deposit valued at $300 from Guiseppe Moresi.

Emma Williams, a colored woman, accused of larceny of $39 from the person of H. W. R. Shoop, pleaded guilty before Judge Sears yesterday. The trial was set for May 6.

Not a true bill was returned by District Attorney Chamberlain, in the case of D. M. Leitzel, charged with child-stealing in enticing Jeannie Sturgiss away from the Boys' and Girls' Aid Society.

John August Kuck filed suit in the State Circuit Court yesterday against Swan Truison, to recover $459 on a note. A house and lot in Couch's Addition was attached, and the rent due from a tenant was garnisheed.

Judge Cleland granted N. L. Schofield a divorce from Charles H. Schofield, on the ground of desertion, beginning in 1894. Mrs. Schofield took a trip to Utah some time ago, in search of her husband, but failed to find him. They were married in Nebraska in 1887.

J. A. Epping, executor of the will of the estate of his mother, Louise E. I. Epping, deceased, filed a report in the County Court yesterday, showing that all claims have been paid, except a mortgage claim for $1500. By the terms of the will he receives all of the property.

Mary Ann Long was divorced from John C. Long by Judge Cleland yesterday, because of desertion. The parties were married in Oakland, Or., June 14, 1885. Mrs. Long testified that her husband abandoned her in March, 1900, and also their three children, aged respectively 13, 9 and 6 years. She said she heard that he was in Seattle. She was awarded the legal custody of the children.

Fined for Using Abusive Language.

Ed Cavanaugh, the Fifth-street saloon proprietor, with his face bearing evidence of the result of the encounter he had Tuesday when he defied Jailer James F. Johnson to arrest him in a Washington-street restaurant, appeared yesterday in the Municipal Court, for trial, charged with using profane language toward Johnson. "I plead guilty," said Cavanaugh, meekly. "I had been working all night; I suffered from want of sleep, and the few drinks I had affected me. I really do not know what I did." He was fined $15.

INDORSE A FAIR SITE

EAST SIDE ORGANIZATIONS FAVOR HAWTHORNE PARK.

Mount Tabor Citizens, Clinton Kelly and Stephens Board of Trade, All Pass Resolutions.

A large and enthusiastic meeting of the citizens of Mount Tabor and vicinity met last evening to discuss the several sites proposed for the Lewis and Clark Fair. D. A. Grout was chairman, and F. S. Fields secretary. After a full discussion of the merits and demerits of the several sites offered, the following resolutions were unanimously adopted:

Whereas, It is desirable that a full and free expression of public opinion be given as to the best location for the 1905 fair; and,

Whereas, It is absolutely necessary that the fair should be a success, both financially and historically, and to secure this it will be necessary to have it held at a point of easy and quick access from all points of the city and be located on ground fitted by nature, so that no great amount of the money raised by public subscription will be wanted to improve trackless wastes or inaccessible hills; and,

Whereas, It is of vital importance that the fair should be an unqualified success, so that in years to come the people of Oregon can look back and point with pride to the fair and its grand attainments, and also give credit to the management for the many blessings that we expect will be derived from the same; and,

Whereas, In order to obtain these ends, it will be necessary that the fair be located at a point central, of easy and convenient access, to insure the greatest number of daily attendance, the easiest and quickest dispatch in handling the same, and the safest and greatest amount of transportation facilities; therefore, be it

Resolved, That we the citizens of Mount Tabor and vicinity are unanimously of the opinion that there has been no site (so far mentioned or offered) that will assure the success of the fair half so well as the Ladd tract and Hawthorne Park; where the railroad and street car facilities are of the best; where the sewerage and drainage are perfect; where there are now two lakes or lagoons with living springs and Bull Run water in abundance, and that by so locating the fair, the greatest good to the greatest number will follow.

STEPHENS BOARD'S STATEMENT.

Indorsed Ladd Tract, but Calls on People to Be Loyal to Fair.

At a meeting of the James B. Stephens Board of Trade, held last evening in the Stephens Addition Hope House, on East Seventh street, the following statement was adopted as its expression on the selection of the site of the 1905 Exposition:

In the selection of a site for the great Lewis and Clark Exposition of 1905, it is the judgment of the James B. Stephens Board of Trade the financial and historical success of this important event should govern. The experience of other cities should be consulted, and their failures and successes should not be lost sight of. Nor should any selfish motive govern the disposition of this highly important question. What, then, are the essentials? All are agreed that the site of the fair should be central, and not far removed from the business portion of Portland. In order to attract the great manufacturing concerns of the country, every possible facility should be afforded them in reaching the ground with the least possible expense. When it shall have gone forth that the site of this great Oriental Fair has been selected it will not be long before the industrial establishments throughout the country will be sending their agents to Portland to examine conditions. If it be found that some almost inaccessible point has been selected, which will double many times the cost of placing an exhibit, we need not expect any great display from abroad. Railroads must have easy and cheap access to the grounds, for there must be ample means for transportation. While it is not the intention of this local Board of Trade to cry down the claims and advantages of the various locations that have been offered as a site, it here expresses the opinion, after weighing all the surrounding conditions, that the Hawthorne and Ladd tracts, on Hawthorne avenue, provide the very best location, for the reasons that have been mentioned.

The sanitary conditions are here well nigh perfect, or can be made so at small expense. The Sunnyside main conduit cuts directly through this proposed site. It goes without argument that perfect sewerage must be had, and unless the conditions are favorable for its introduction, the cost is certain to be enormous. Water is here. On the south side of the Ladd tract is the main conduit of the Bull Run system. A fountain can be placed in the center of the exposition grounds that will send a clear mountain water 200 and 300 feet high by gravitation pressure alone, and would be one of the main attractions of the ground. Also the Hawthorne Springs have an everlasting flow of spring water at the rate of 3,000,000 gallons per 24 hours. Lagoons of clear spring water may be formed in the ravine that traverses the park. No exposition grounds in the United States have ever afforded better water facilities than the Hawthorne and Ladd tracts do.

Another point is that the tract can be reached by a 15-minute walk, if need be, from the Portland Hotel, The Oregonian building, the City Hall and the Courthouse. The attendance will be many times greater if a nearby site can be secured than if a distant or inaccessible one be selected. Attendance will be small if it costs money at every turn; if every stick of timber, barrel of cement or ton of exhibit must be lifted by an elevator or carried by a circuitous route to the grounds. These are the matters to be considered. These are the things in which the subscribers to the funds are interested. It is the sense of the James B. Stephens Board of Trade that the Hawthorne Park and the Ladd tract embrace all these advantages over all other sites that have been suggested.

Furthermore, it is the judgment of this Board of Trade that one or more blocks should be purchased outright for the erection of a great permanent stone building as a home for the Oregon Historical Society and for the fostering of art and the home of a branch of the Portland Library. This Board of Trade also indorses the offer of the East Side Improvement Association in offering a block of land for this purpose. However, it is the further judgment of this Board of Trade that when the board of directors shall have selected a site for the fair of 1905, then it should be the duty of every citizen of Portland loyally to support that selection, and to labor to make the proposed exposition a success, financially and historically, no matter where the site may be chosen, and this Board of Trade hereby expresses its entire confidence in the ability of the fair board of directors and its intention to do the very best for Portland in making the selection.

LADD TRACT INDORSED.

Resolutions Passed by the Clinton Kelly Board of Trade.

The Clinton Kelly Board of Trade, W. W. Bretherton, president, yesterday met and passed the following resolutions indorsing the Ladd tract and Hawthorne Park as a fair site:

Whereas, Ladd's field and Hawthorne Park will be offered on favorable terms as a site for the location of the Lewis and Clark Centennial and Oriental Fair,

Whereas, We believe this site offers more advantages than any other location that has been contemplated, both in less cost of preparing the grounds and for larger gate receipts, which will insure the financial success of the fair;

Whereas, We believe these grounds to have many features of advantage in sewerage, transportation, water and adaptation of soil to landscape gardening not possessed by any other location; therefore, be it

Resolved by this Board of Trade, That we heartily indorse the tender of these grounds for fair purposes, and do hereby ask the board of directors of the Lewis and Clark Centennial and Oriental Fair to give them favorable consideration.

Will Discuss Fair Site.

There will be a meeting of the Brooklyn Board of Trade this evening in the hall at 688 Milwaukee street, near Carl, to discuss the question of a site for the 1905 fair. A full attendance of the people of the neighborhood is desired. Opportunity for full expression of opinion will be given at that time.

THE PORTLAND CHARTER

No Adequate Protection of the City in the Matter of Franchises.

PORTLAND, April 30.—(To the Editor.) The proposed new charter has been published and distributed for some time, so that the people may study it and see whether the people want to adopt it without amendment. I think the new charter should not be adopted without amendment.

For instance, the new charter attempts to provide safeguards over the granting of franchises, and to insure compensation to the city for valuable franchises.

In fact, the proposed new charter, franchise rights without compensation.

In fact, the proposed charter, if it adopted, would give away valuable franchise rights without compensation than the former cities of Albina, East Portland and Portland gave away.

Do the people want to give away these valuable franchise rights, in a charter that purports to prevent the giving away of franchises?

I spent considerable time in the Fall of 1900 examining the franchises granted by the former cities of Albina, East Portland and Portland, and considering whether the franchises were legal or not. I found that a large number of said franchises were granted without limit as to time, and that the companies claimed that said franchises were perpetual. I found that it was very doubtful whether said former cities of Albina, East Portland and Portland could legally grant such franchises, and I communicated with Mayor H. S. Rowe upon the subject, and the result was, that at my suggestion, Mayor Rowe inserted the following in his message to the Common Council, in 1901, and the same will be found printed at page 19 thereof in the printed report:

I find that the former municipal corporations of Albina, East Portland and Portland gave a number of franchises for light, water and railroad purposes in which the rights which the public should have were overlooked, and only the interests of the companies and corporations receiving those franchises were considered. Many of those franchises were granted in very indefinite terms. The duty which the former municipal corporations owed to the public seems to have been forgotten. However, the validity of said franchises granted in such manner, and what are the mutual rights created by those ordinances, and the steps taken under them, are all involved in doubt. I believe it to be an important duty of the present administration carefully to examine into these franchises and adjust the same upon some basis that will protect the rights of the public and at the same time be fair to the corporations interested. These franchises are already of great value, and will become more so each year. I believe that if careful attention were given to this subject, it would be possible to recall the franchises granted by the former cities, and in lieu thereof to grant other franchises in which the rights of the public would be protected by a suitable provision regulating the operations of the companies, providing for the proper maintenance of the streets by the companies, the payment of a reasonable sum for the privileges conferred, the forfeiture of franchises for failure of the companies to perform their obligations to the public, and providing further for a definite time, not too far distant, when the franchises shall end. I, therefore, recommend that your honorable body give this subject consideration.

No steps have been taken to protect the city's interests in these franchises.

Steps have been taken to protect the corporation in the new charter. Section 106 of the new charter expressly provides that any franchise, right or privilege in actual use or enjoyment heretofore given or granted by any former or the present City of Portland, or by the City of East Portland, or by the City of Albina, shall be and continue in force and effect as given or granted by said cities or either of them.

If the Legislature passes that provision those franchises will be unquestionably valid for all time, and very much more valuable than they now are.

Why should this great, indefinite gift be made to the corporations in the new charter?

That such a provision is valid is not open to question. What good does it do to provide safeguards about future franchises after the Legislature has given away forever the valuable franchises?

Now is the time to stop this gift. It has not been made yet. Why should not the recommendations set forth above be heeded?

RALPH R. DUNIWAY.

When the head feels dull and heavy, the skin appears sallow and greasy, and the stomach refuses food, take Carter's Little Liver Pills. Don't forget this.

DAILY METEOROLOGICAL REPORT.

PORTLAND, April 30.—8 P. M.—Maximum temperature, 64; minimum temperature, 43; river reading at 11 A. M., 9.4 feet; change in the past 24 hours, —0.3 foot; total precipitation, 5 P. M. to 5 P. M., 0.23 inch; total precipitation since Sept. 1, 1901, 35.64 inches; normal precipitation since Sept. 1, 1901, 41.46 inches; deficiency, 5.82 inches; total sunshine April 29, 0:05; possible sunshine April 29, 14:18.

WEATHER CONDITIONS.

The pressure is lowest this evening over Western Montana, and highest off the California coast.

Light rain has fallen today in the North Pacific States and in California. A thunder storm occurred this afternoon at Red Bluff.

Temperature changes during the last 24 hours have been small and unimportant.

The indications are for clearing weather in this district Thursday, with a continuation of showery weather west of the Cascades.

WEATHER FORECASTS.

Forecasts made at Portland for the 28 hours ending at midnight Thursday, May 1:

Portland and vicinity—Partly cloudy, with occasional showers; south to west winds.

Western Oregon—Partly cloudy, with occasional showers; probably warmer in south portion; south to west winds.

Washington—Partly cloudy, with occasional light showers; south to west winds.

Eastern Oregon and Idaho—Clearing; south to west winds.

A. B. WOLLABER, Acting Forecast Official.

BUY OPTIONS.

We will sell options on University Park lots until Saturday evening next, good for thirty days. At the end of thirty days you can renew your option for thirty days longer on the payment of a small sum. This will give all an opportunity to make a fortune out of the Lewis and Clark Centennial. How do we know that the Lewis and Clark Centennial will be located at University Park? Ask the first 100 citizens you meet on the street and 90 will say, "to make it a success it should be held at University Park." The other 10 will tell you that certain directors have a pecuniary interest in locating it at some other place. The big property owners on the board of directors will not consult their selfish interests, but will look only to the success of the Exposition; therefore you can rely on it being held at University Park. Call tomorrow and buy an option on a few lots at University Park before the advance that will take place on the first of the month.

UNIVERSITY LAND CO.,
151 Sixth Street.
