NEW YORK, May 5-Three Stock Ex-change firms, Offenbach & Moore, Henry Brothers & Co., and Lockwood, Hurd & Co., announced their suspension in the order named at the opening of the market today. The amount of their joint liabilities is variously estimated at from \$2,000.000 to \$5,000,000; assets unknown, and in the opinion of good judges, a goodly portion are of doubtful value. The day closed with the usual rumors of more criminal prosecutions, and the failures, criminal prosecutions, and the like. The solvency of several financial institutions of standing was brought into question, but for such rumors there appeared to be absolutely no foundation. The failures were directly due to last cek's serious decline in a number of in dustrial stocks. Two of this group, Rut-land Railway, preferred, and St. Law-rence & Adirondack, are regularly listed on the Stock Exchange. The others, in-cluding Dominion securities, Hackensack Meadows, North American Lumber and Pulp & Storage Power, are, or rather were, more or less extensively dealt in

on the "curb." Following the announcement of the fallures, many lots of stocks and a few blocks of bonds were bought and sold "under the rule" on the exchange for ac-count of the insolvent concerns. All told, 255 shares of Rutland preferred were traded in during the day, at from 85 to 96, closing at 55, a net loss for the day of five points. The rally in Rutiand from the low point followed the announcement that Vanderbilt interests had agreed to take up a block of those shares for the account of some of the embarrassed speculators. There was very little trading in the Webb-Meyer stocks. Wall street's conservative men were al-

most unanimous in the opinion that the day's happenings had done much to clarithe financial atmosphere. From \$15,000,000 to \$25,000,000 was loaned

by the down-town banks and trust companles in the course of the day. The bulk of the money was loaned at from 10 to 15 per cent. A report that the Clearing-House Association had called a meeting to check the rising tendency of the money market was characterized as absurd by William Sherrar, the manager.

The stock market opened weak with the knowledge that a number of failures were imminent. Support was accorded the market, and there were some rallies, but when sales under the rule for suspended houses were made, the market gave way again. The high-priced stocks which had been under recent manipulation were the severest sufferers. Rutland preferred lost 14 points, Westinghouse Electric 15, New York, New Haven & Hartford, 5, Northwestern and Tennessee Coni, 3. The coalers were affected in ad-dition by fears of a miners' strike. Reading dropped 2, and others small amounts. Losses of 1 to 3 points were quite gen eral throughout the list.

Before the first hour had elapsed, sup-porting orders were effective again and there were some constitional rallies. On the curb, where non-exchange securities are traded in, there was an excited group of traders trying to make sales in Webb-Meyer stock. Dominion Securities, which sold last Friday at 118% and on Saturday at 70, were offered to day at 50, with 10 at 49, with no bld. On Friday it sold at 78. Dr. W. Seward Webb, president of

A Republican plurality of eight had been changed to a minority of 75. In 1888 the House of Representatives of the Fifty-first Congress was elected with Harrison. The Republicans had 156 mem-bers and the Democrats 158, which gave the Republicans seven majority over the Democrats. No Independents elected.

The House of the Fifty-second Congress was elected two years afterward, in 1890, in the middle of Mr. Harrison's term. The Republicans elected 38 members, the Democrats 236 and the Independents 7, giving the Democrats a plurality of 148 over the Republicans and a majority over all of 141. BAKER CITY, May 5.—An effort was made to attach the Pan-American circus, which played here Friday, but it failed, much to the disgust of the attorney who was trying to serve summons on some responsible person. The summons were in behalf of the man who was injured by the lions at Portland. He had filed a suit for damages, but the circus people avoid-ed service. An attachment was obtained

DENVER, May 5.-The Colorado Su-preme Court today upheld the city ordi-nance of Denver for the regulation of winerooms. The decision reverses that of the District Court, given by Judge Palmer who held that women have the same fight to enter winerooms or saloone that men have. The court holds that in-tury to public morality would seenie if ed service. An attachment was obtained in another case, which was brought by in another case, which was brought by the same man for wages alleged to be due. The attachment papers were placed in the hands of Sheriff Huntington, who tried to find something to attach. The Sheriff had his eye on the cashbox. About the time the tickets for the afternoon were

WORK FOR ELECTION CLERKS.

Required by Law to Post Notices in Their Respective Precincts.

SALEM, Or., May 5 .- There appears to be a general misunderstanding among the election boards of the county concerning the posting of election notices in the sev-eral precincts. Formerly the Sheriff was obliged to post the notices, but under the new law the work devolves upon the clerks of the election boards of each precinct. The notices have been mailed by the County Clerk to the clerks of the dif-ferent boards. The clerks are required to post the notices in conspicuous places

within their respective precincts. Since no instructions have accompanied the copies of the notices of election, many of the rocipients thereof have been in a quandary to know what to do.
