WILL HELP '05 FAIR

La Grande Enthusiastic Over the Exposition.

BUSINESS MEN TAKE ACTION

General Meeting Will Be Called and Arrangements Made to Canvass Union County for Subscribers to the Stock.

LA GRANDE, Or., May 6.—There was a large gathering of the representative business men of La Grande, this afternoon, to take action relative to assisting the Lewis and Clark Fair. Robert Smith, president of the Grand Ronde Lumber Company, and president of the Commercial Club of La Grande, presided. J. M. Long, of Portland, was present and explained the objects of the Exposition. Enthusiastic speeches were made by J. M. Church, J. W. Scriber, Judge Ivanhoe, George Curry and others, in favor of La Grande and Union County assisting, financially and otherwise, in making the great fair a success. The meeting decided to have President Smith call a general meeting, when the citizens of Union County will meet representatives of the fair and arrange for a canvass to be made of the county for subscribers to the stock.

La Grande is thoroughly aroused and enthusiastic over the fair. President Smith and the other members of the Commercial Club of La Grande believe that the Lewis and Clark Fair will double the population of the state, and be of great benefit to the Grand Ronde Valley, in common with all Eastern Oregon.

BAD FOR FISH PROPAGATION.

Dam in Clackamas River Will Interfere in a Measure.

SALEM, Or., May 6.—The State Board of Fish Commissioners held a meeting today, but only business of a routine nature was considered. H. G. Van Dusen, Master Fish Warden, submitted his report of licenses collected for the month of April, which amounted to $2222 50. To that amount should be added an item of $19 35 that was received for 387 pounds of contraband salmon, making the total receipts for the month $2251 85. Licenses were issued as follows:

241 individual fishing licenses	$ 341 00
301 gillnet fishing licenses	752 50
45 setnet fishing licenses	45 00
2 seine licenses (each 1800 feet)	72 00
1 seine license (600 feet)	12 00
9 fish dealers' licenses (first class)	90 00
1 canner's license (first class)	100 00
1 canner's license (second class)	150 00
1 canner's license (sixth class)	350 00
8 stationary wheel licenses	200 00
4 scow wheel licenses	60 00
4 trap wheel licenses	60 00
Total	$2222 50

Mr. Van Dusen says the construction of a dam in the Clackamas River about 30 miles above Oregon City by the Portland City & Oregon Railway Company, as a means of securing water power, will interfere in a measure with salmon propagation on the Upper Clackamas. It is proposed to convey the water from the natural channel of the river for about 1½ miles around a cliff to a point where a waterfall of 125 feet can be utilized for generating power. The Clackamas hatchery is located about 30 miles above the point where the dam is to be placed, and the placing of this obstruction in the stream will prevent the salmon from descending, but the commission may overcome the obstacle by providing a fish ladder to enable the fish to reach the lower channel of the river. Mr. Van Dusen says the Clackamas hatchery is one of the most valuable owned by the state, and thinks conditions are favorable for its continuance.

ADDRESSES U. OF O. STUDENTS.

Professor Mowrey, of Boston, Lectures Before Educational Club.

UNIVERSITY OF OREGON, Eugene, May 6.—Professor William A. Mowrey, of Boston, lectured last night before the University of Oregon Educational Club on "Napoleon's Easter in 1803, and Its Future Significance." His lecture was an able and authoritative presentation of the circumstances surrounding the offer which the First Consul made to the United States for the purchase of the Louisiana Province, and the great influence which this important transaction exerted on the destinies of our Republic.

Student's Serious Illness.

George O. Goodall, president of the June graduating class of the University of Oregon, who has been confined to his bed for the last month with a severe case of inflammatory rheumatism, was taken to the Good Samaritan Hospital, at Portland, today, where he will have an operation performed. Mr. Goodall is one of the ablest members of his class. His present illness will prevent his graduation.

Summer School Given Up.

President Strong is mailing circulars to the superintendents and principals of the Oregon schools, stating that no Summer school will be held at the University of Oregon during the coming year. The regents of the university refused an appropriation for the Summer school this year, and Dr. Strong had decided to hold one at his own expense, but since he will leave for the University of Kansas about July 1, the proposed work cannot be undertaken.

SALMON RUNS IMPROVE.

Baker's Bay Traps Report Good Increase in Catch.

ASTORIA, Or., May 6.—According to the best information obtainable, the run of small salmon in the middle river continues good and all fishermen using small mesh nets are making good catches. Deputy Fish Commissioner Burton returned here today from a trip to Chinook, and reports that the catch by the traps in Baker's Bay yesterday showed quite an increase and the fish were much larger.

BIG OREGON TIMBER DEAL.

Wisconsin Firm Secures a Large Tract Near Portland.

MILWAUKEE, May 6.—One of the largest lumber deals in the history of Milwaukee has just been made between the John Schroeder Lumber Company and E. B. Simpson, of Milwaukee. Mr. Simpson represents the Interstate Land & Lumber Company, a Wisconsin corporation, which has sold 200,000,000 feet of fir in the vicinity of Portland, Or., and the purchasers have secured enough in addition to that to give a total of about 300,000,000.

LARGE FIRE AT PRAIRIE CITY.

Loss Is $20,000, With Little Insurance—Entire Stock Burns.

PRAIRIE CITY, May 6.—A fire broke out in the Prairie City Hotel to-day at noon and burned the entire block before the flames could be got under control. The loss will reach $20,000, with little insurance. The buildings burned were the hotel, livery stable, general merchandise store of S. Durkheimer, two saloons, a blacksmith shop and several other buildings. The scarcity of water prevented the prompt extinguishment of the fire when it first started. All the buildings burned were frame. A bucket brigade was formed and by a desperate effort the fire was prevented from crossing the street and destroying the entire business portion of the town. At 4 o'clock the fire was entirely under control, although not extinguished.

LONG FAST CAUSES INSANITY.

Man Leaps from Train Near Huntington, But Escapes Injury.

BAKER CITY, May 6.—A man was examined here this morning on the charge of insanity, whose name the county officials decline to divulge. He fell from the westbound passenger train the other side of Huntington last night, landing on a sand pile. He was not injured by the fall, so far as the train men could ascertain. A fellow passenger sa whim fall and notified the conductor. The train was backed up and the man taken on board again. Soon after he was taken on the train he developed symptoms of insanity. He was brought here for examination. The officials learned that he had a through ticket from Denver to Walla Walla, but was out of money. He evidently tried to take the trip without food, and becoming faint from his long fast fell from the train. The County Physician says he will be all right in a day or so. His wife has been notified and will arrive here to-morrow to take him home.

May-Day Festivities.

MONMOUTH, Or., May 6.—May-day festivities were held on Cupid's Knoll yesterday afternoon. The normal and training schools were dismissed for a part of the day, and, together with many people from town, enjoyed the exercises of the afternoon. The senior, junior and freshmen classes and the athletic association had prepared and placed a Maypole bearing the mottoes and emblems of each separate class, as well as that of the association. Each pole was draped with the respective colors. The poles were arranged in a large semicircle, and while the Normal School Cadet Band played some marches the different poles were wrapped in their colors by the members of the respective classes in the pretty Maypole dance. The afternoon was given to sports. The envious feelings usual on such occasions were avoided, for the Queen was John Tyler, whom the ladies could not envy.

Oregon City Brevities.

OREGON CITY, May 6.—The Charman property, on which is one of the best known residences in Oregon City, was sold to-day to Sol. Gardi for $9000. The lot was originally owned by Dr. John McLaughlin, and was sold by him to William P. Hudson. Hudson died in March, 1850, and the lot was then appraised at $3500. The heirs of Hudson sold the property to Arthur Warner, who in turn sold it to Isaac Jacobs in 1871. Mrs. Charman purchased it in 1877, and has since resided there. The purchaser will commence the erection of a two-story brick business building on the lot without delay.

The regular May session of the Board of City Commissioners will convene tomorrow.

The cars of the Portland City & Oregon Railway Company now run through from Portland to Canemah. The new schedule went into effect yesterday.

Love Finds a Way.

BAKER CITY, May 6.—Miss Julia Brisco, of this city, was married this morning at Weiser, Idaho, to Allen Green, one of the acrobats of the Pan-American Circus. Miss Brisco met Green several weeks ago when he was here with the juvenile minstrels. When he returned last week, the acquaintance was renewed. Yesterday the young lady announced her determination to follow the young man and marry him. Her mother interfered and prevented her leaving on the noon train, as she is not yet of age. Miss Brisco insisted that she would seize the first opportunity to follow her lover, despite parental opposition. Last evening, her mother accompanied her, and the two left on the late train for Weiser, where the couple were married at 9 o'clock this morning.

Better Lights for Salem.

SALEM, Or., May 6.—Salem's municipal officers have been notified by the local electric company, which has the contract for electric street lighting, that eight of the 1200 candle power street arc lights will, in the near future, be substituted by the same number of 2000 candle power arc lamps. This concession on the part of the electric company, since only 1200 candle power lamps are required in the existing five-year contract, is believed to have resulted from the pending agitation and investigation by the city of municipal ownership of the electric light plant. New street lamps of increased candle power will do much to meet objection that has been made on account of inadequate lighting of the streets.

Divided Into Fire Districts.

SALEM, Or., May 6.—The City Council tonight ordered the installation of a three-chime siren whistle at the power station of the local electric light plant for sounding fire alarms. The city has been divided into nine fire districts, and a code of signals has been adopted by which fires may be readily located, and promptly reached by the fire department, since the city has no established fire alarm system.

The Council committee on streets and public property was instructed to take immediate steps in conjunction with Marion and Polk Counties in repairing the Willamette steel bridge at Salem. The approaches to the structure are reported in dangerous condition.

Experts Report on Books Saturday.

SALEM, Or., May 6.—The report of the expert accountants who have been examining the records of the principal officers of Marion County will be submitted to the County Court Saturday. This information was given out by County Judge Scott today. The men have practically finished the work on the books in the different departments, and are now preparing their report to be made to the County Court. Nothing of the findings of the experts will be disclosed until the report has been delivered to the Commissioners' court. There is much speculation as to what the report will consist of, but that anything of a sensational nature will be contained therein is very generally discredited.

Notes of The Dalles.

THE DALLES, Or., May 6.—At a special meeting of the City Council last night to consider bids submitted for the construction of the sewer on Liberty street, a contract for the work was awarded to W. R. Brown for $1247. Work will begin tomorrow morning.

County Clerk A. E. Lake today completed his semi-annual statement of the financial condition of Wasco County. The indebtedness of the county has been reduced $27,184 53 during the seven months beginning October 1 and ended April 30.

The temperature reached 85 deg. today, the minimum being 50 deg. The river raised 0.2 of an inch, now standing at 11.1 feet above low water.

Serious Cutting Affray.

LA GRANDE, Or., May 6.—In a fight last night between three young men named Wallace Childers, Fred Yantis and Will Bartmess and John and Harry Dean, the first three named were badly cut. The three boys, who are aged about 20 and 21, were on the walk by the Mills Andros residence with three girls, when the Deans passed and had to step off in the street. Dean made insulting remarks and the boys followed and a fight ensued. The Deans were arrested.

Camps and Mills Need Men.

ALMA, Or., May 6. — Notwithstanding the constantly increasing number of immigrants, the various camps and mills near Alma are in need of a few men yet.

Received at the Asylum.

SALEM, Or., May 6.—Sarah Walsh, aged 28 years, was received at the asylum tonight from Portland.

AND STILL THEY WIN

PORTLANDS GIVE JOHNNY GRIM'S MEN A SETBACK.

Good Team Work and Engle's Pitching Down Spokane—Seattle and Tacoma Other Winners.

NORTHWEST LEAGUE.

Yesterday's Scores.

Portland, 8; Spokane, 1.
Tacoma, 10; Helena, 1.
Seattle, 3; Butte, 0.

Standing of the Clubs.

	Won.	Lost.	P. C.
Portland	5	1	.857
Seattle	5	1	.857
Butte	3	3	.500
Spokane	2	4	.333
Tacoma	2	4	.333
Helena	1	5	.143

SPOKANE, Wash., May 6. — Engle's pitching, backed up by almost faultless support by the Portland team, was too much for Spokane today. The one run Spokane got was through errors. Bolin of Spokane was replaced in the first by Kostal. Kostal was hit hard in one inning, while Engle scattered the hits made by Spokane. Fifteen hundred people went home discouraged. The score:

SPOKANE.

Three-base hit—Weed.
Two-base hits—Engle, Anderson, McKevitt.
Left on bases—Spokane, 2; Portland, 8.
Sacrifice hits—Anderson, Van Buren.
Time of game—1 hour and 50 minutes.
Umpire—Muliane.

HELENA WAS EASY.

Tacoma Knocked Partridge All Over the Lot.

TACOMA, Wash., May 6.—Helena met the Tigers today for the first time, and proved easy. Partridge was hit at will until replaced in the seventh by Sullivan. "Buck" White's repertoire included everything, and although generous with passes, he was effective with men on bases. Helena's solitary run was a gift, Andrews dropping Sullivan's pop-up in the eighth and Keefe's single bringing him home. Jack Flannery was given a heavy ovation by the Tacoma fans, with whom he was always popular. The score:

SEATTLE "CHICAGOED" BUTTE.

Stovall and His Supporters Too Much for McCloskey's Sluggers.

SEATTLE, Wash., May 6.—Stovall's pitching, backed by faultless support in the field, was too much for the Butte sluggers today, and McCloskey's men were shut out. Stovall did not issue a single free pass, and was effective at critical times. The score:

SEATTLE.

The Lajoie Injunction.

PHILADELPHIA, May 6.—The Common Pleas Court to-day entered a decree refusing to allow the appeal taken to the Supreme Court by Second Baseman Lajoie and Pitchers Bernhard and Fraser, the enjoined players of the Philadelphia American League Baseball Club, to act as a supersedeas. The three players were ordered to enter $500 security to insure the Philadelphia National League Club against damages and loss. The effect of the decision is that Lajoie, Bernhard and Fraser are to continue to obey the injunctions restraining them from playing with any other than the Philadelphia National League Club until a final settlement of the case is made.

NATIONAL LEAGUE.

Pittsburg Hits Too Hard for Cincinnati in the Last.

CINCINNATI, O., May 6.—Up to the ninth inning Phillips and Chesbro had indulged in a genuine battle with honors about even. In the ninth, however, Pittsburg bunched two doubles, a triple and a home run with a base on balls and won. Attendance, 1100. The score:

	R	H	E		R	H	E
Cincinnati	2	9	0	Pittsburg	6	8	0

Batteries—Phillips and Bergen, Chesbro and Zimmer. Umpire—Emslie.

Chicago-St. Louis Game postponed.

AMERICAN LEAGUE.

Season Opens at Cleveland Before a Large Crowd.

CLEVELAND, O., May 6.—The largest crowd ever present at a baseball game in Cleveland attended the opening game today, there being 11,749 paid admissions. Both Griffith and Taylor were hit hard. McCarthy's error gave Chicago the game. Score:

	R	H	E		R	H	E
Cleveland	3	13	2	Chicago	6	14	1

Batteries—Taylor and Bemis, Griffith and Sullivan.

Boston Wins in the Ninth.

BOSTON, May 6.—With one out and three on bases in the ninth inning, Freeman drove a hot one past Williams, scoring Parent and winning the game. Dineen was very effective except in the second, while Foreman was batted hard throughout. Attendance, 3855. The score:

	R	H	E		R	H	E
Boston	5	12	1	Baltimore	4	7	2

Batteries—Dineen and Warner, Foreman and Robinson.

Philadelphia Shuts Out Washington.

PHILADELPHIA, May 6.—Plant pitched a masterful game today and, aided by brilliant and perfect fielding, succeeded in shutting out Washington. Carrick was batted freely and his support was poor. Attendance, 1983. The score:

	R	H	E		R	H	E
Washington	0	4	5	Philadelphia	11	6	0

Detroit Game Postponed.

DETROIT, May 6. — Detroit-St. Louis game postponed. Rain.

Western League Scores.

ST. JOSEPH, May 6.—Score:

A FINISH FIGHT.

Root and Gardner to Meet in Nevada in July.

SAN FRANCISCO, May 6.—A fight to a finish was arranged in this city to-day between Jack Root and George Gardner, the middleweight boxers. The men are to meet in Nevada on a day between July 2 and 6. A $5000 purse is to be hung up, 75 per cent to the winner and 25 per cent to the loser. The men agreed to weigh in at 9 a. m. the day of the fight at 165 pounds, give or take two pounds. The referee is to be from this city, and is to be selected by the men 10 days before the contest. The fight will take place in the daytime, probably in Reno or Carson City. This is the first finish fight arranged since the Fitzsimmons-Corbett event.

THE DAY'S RACES.

Races at Morris Park.

NEW YORK, May 6.—Old England, fresh from the Pacific Coast, in the colors of G. B. Morris, won the Toboggan at odds of 15 to 1, at Morris Park today. Some of the best sprinters in training were engaged in this race. Ballyho Bey was favorite, but performed badly, finishing away back in the ruck. Results:

Six furlongs—Bon Mot won, Khita second, Col. Bill third; time, 1:16.

The Withers mile, selling—Dr. Riddle won, Jack De Mund second, Rough Rider third; time, 1:41.

The Larchmont, last seven furlongs of Withers mile—McDowell won, Grand Opera second, Flying Buttress third; time, 1:28¾. Water Boy won, but was disqualified for fouling.

The Toboggan handicap, Eclipse course—Old England won, Arsenal second, Cervera third; time, 1:12¾.

Four and one-half furlongs—Irish Lad won, Navasota second, Rightful third; time, 0:54¼.

Races at St. Louis.

ST. LOUIS, May 6.—Fair Grounds results:

Half mile, selling—Bear Creek won, Dinoc second, Don Ernesto third; time, 0:52¾.

Six furlongs, selling—Parnassus won, Little Master second, Maggie Clopton third; time, 1:16¼.

Half mile, selling—Goudy won, Geheimness second, Maltoferin third; time, 0:51½.

One mile, purse—Alice Turner won, Dewey second, El Caney third; time, 1:46.

Six and one-half furlongs—Peter Duryea won, Tom Collins second, Jake Weber third; time, 1:25¼.

Mile and one-eighth—All Saints won, Wallabout second, Ida Ledford third; time, 2:00¼.

Races at Worth.

CHICAGO, May 6.—Worth summary:

One mile—Gra-my-Che won, Mihsa second, The Rabbit third; time, 1:54¾.

Six furlongs—Small Jack won, Aratoma second, Dodie S. third; time, 1:22.

Five furlongs—Philo won, Courage second, Dross third; time, 1:07.

Mile and 20 yards handicap—Articulate won, Hoodwink second, Vulcain third; time, 1:51.

Six furlongs — Braw Lad won, Jerry Hunt second, Peace third; time, 1:21 3-5.

Mile and sixteenth—Lavator won, C. B. Campbell second, Digby Bell third; time, 1:58 3-5.

Races at Louisville.

LOUISVILLE, Ky., May 6.—Churchill Downs summary:

Four and a half furlongs—Savable won, The Picket second, Grand Mary third; time, 0:55½.

Selling, seven furlongs — Stuyve won; Kinloch Park second, Masterful third; time, 1:29.

Selling, one mile — Audiphone won, Troador second, Cross Ties third; time, 1:43.

Four and a half furlongs—Prince of Endurance won, Prism second, Senator Morrison third; time, 0:56¾.

The most perfect pencil made is a "Koh-I-Noor."

QUEEN DOES NOT IMPROVE

WILHELMINA'S CONDITION EXCITES ANXIETY.

She Is So Weak She Has Been Unable to Take Any Nourishment Since Last Saturday.

THE HAGUE, May 7.—Advices received here from Castle Loo, dated 1 o'clock this (Wednesday) morning, declare that Queen Wilhelmina's condition again excites grave anxiety. Another consultation of the Queen's doctors was held at 11 o'clock last night. The result of this consultation is not known. Extreme secrecy is maintained as to the contents of the telegrams dispatched from Loo Palace. This and other measures are believed to indicate that the condition of Her Majesty is much graver than appears from the regular bulletins. It is said the Queen is so weak that she has been unable to take any nourishment sincee last Saturday.

The Queen Mother and the Prince Consort remain continuously at Her Majesty's bedside. Dr. Roessing very carefully dictates whatever news concerning Queen Wilhelmina's condition is issued from the palace, and he declines to say anything further concerning his patient. The weather at Castle Loo continues very cold.

Tuesday's Bulletin.

THE HAGUE, May 6.—Queen Wilhelmina's physicians in their morning bulletin issued at Castle Loo, say:

"After a slight rise in her temperature yesterday evening the Queen had a quiet night and slept most of the time. Her temperature this morning is normal and her condition fairly satisfactory, although the patient still requires great care and attention."

A bulletin posted at 2 P. M. today announced that Queen Wilhelmina's temperature had "continued normal up to the present," and said that Her Majesty's "other symptoms did not call for special remark."

Those in attendance on the Queen are by no means fully reassured by the medical bulletins, which seem to indicate that the physicians themselves are uncertain as to the course which her illness may take. Her Majesty remains extremely weak. Two doctors were at her bedside almost all night.

Telegrams of inquiry and sympathy continue to arrive in large numbers at Castle Loo.

The Prince Consort's Telegram.

SCHWERIN, Melkienberg - Schwerin, May 6.—The Grand Duches Marie, of Mecklenberg-Schwerin, mother of Queen Wilhelmina's husband, received a telegram from Castle Loo as follows:

"Quiet night; patient's strength and quantity of nourishment favorable. Doctors satisfied."

Still Fear Peritonitis.

LONDON, May 7.—The Brussels correspondent of the Daily Telegraph says the Netherlands Legation at Brussels has received a dispatch to the effect that the physicians still fear peritonitis and blood poisoning in the case of Queen Wilhelmina.

THE PEACE SITUATION.

Opposition to the Movement Among Delarey's Forces.

PRETORIA, May 6.—The peace situation is developing encouragingly. According to reliable information which has reached here, several of the nearer commandos have received the burgher delegates in an amicable spirit. It is understood that Commandant Beyers has announced his willingness to abide by the decision reached by the Transvaal Government. Much opposition to the peace movement, however, is developing among the irreconcilables of General Delarey's forces.

Kitchener's Weekly Report.

LONDON, May 6.—Lord Kitchener's weekly report, dated from Pretoria, yesterday, shows that the peace movement is not allowed to interfere with military operations except so far as to permit of unrestrained meetings between the leaders and their various commandoes. The week's Boer casualties were 10 men killed and 122 made prisoners.

General Bruce Hamilton's columns captured 87 men on the Heilbron, Orange River Colony line. Colonel Colenbrandes has resumed operations in the northern part of the Transvaal against Colonel Beyers, whose forces have been considerably reduced, and General Ian Hamilton has cleared a large area west of Klerksdorp, Southwestern Transvaal.

The O'Okiep, Western Cape Colony, relief column has occupied Steinkopf, to the north of O'Okiep, which was strongly held by the Boers, after fighting April 27 and 28. The British lost six men killed and had eight wounded. The Boer losses are said to have been heavy. The Boers asked the British for medical assistance.

EARTHQUAKES IN EUROPE.

Spain and Southern France Shaken—People Panicstricken.

MADRID, May 6.—Earthquake shocks were felt early this morning at Barcelona, Saragossa, Irun, Tafalla and Morcia. At the last named place, the cathedral and the convent, as well as a number of houses, were damaged. The population became panicstricken. At Alborique, in Valencia Province, a number of houses were destroyed and a school building and a church sustained extensive damages. The seismic disturbances dislodged great masses of rock in the Fuen Santa Mountains.

PARIS, May 6.—Violent earthquake shocks, which occurred at 3 o'clock this morning, are reported from Bordeaux, Bayonne, Pau and other places in the same region. They lasted 15 seconds. The reports do not state any damage.

German Tariff on Mineral Oils.

BERLIN, May 6.—The tariff committee of the Reichstag today adopted clause 237 of the tariff bill, dealing with mineral oils, as provided by the government. The committee also adopted the three subsidary clauses appended thereto, after rejecting several amendments, including a motion of Baron Heyl von Herrensheim, National Liberal, a large manufacturer, to the effect that the "petroleum refining industry should be transferred to Germany and that the monopoly of the Rockefeller petroleum ring be thereby broken."

Sale of Danish Isles.

COPENHAGEN, May 6.—At a secret session today the Landsthing (upper house) decided to adhere to the resolution previously passed, namely, to defer ratification of the treaty providing for the sale of the Danish West Indies until after a limited vote of the population of the islands. This undoubtedly will be confirmed in open session tomorrow. The minority will then move the appointment of a conference committee, which probably will be accepted by the majority.

Coronation Yacht Cup.

LONDON, May 7.—Truth says that King Edward has decided to contribute a gold coronation cup, to be competed for at the Cowes Regatta this summer. The contest for this cup will be open to yachts of all nations.

Greek Royal Family Landed.

ATHENS, May 6.—The royal family of Greece have been safely landed at Chalkis, Eubea Island, 35 miles from here. The royal yacht Amphitrite has not yet been floated.

Short But to the Point.

San Francisco Bulletin.

Senator Scott of West Virginia is a candidate for re-election. He is one of three millionaires in that State who are desirous of the distinction of a seat in the United States Senate. The Senator's speeches do not occupy much space in the Congressional Record, but he made a three-line speech a day or two since which will generally be read. Senator Rawlins was addressing the Senate on the Philippine Island bill, and it became painfully apparent that no quorum was present. Only five Republican Senators cared to hear any argument any opponent of the bill could urge against it. The call for a quorum brought in Senator Scott. In response to a remark by Senator Money that the Senate ought to give proper consideration to a measure which involved the life, liberty and happiness of 10,000,000 people, Senator Scott asked: "Does the Senator think that any Senator on this floor will be influenced by any argument that may be made on this question?" This question was equivalent to an assertion that the Senator asking it had made up his mind to vote regardless of the merits of the bill. Probably he has, and probably a good many other Senators have, but most of them have sense enough to give a seeming consideration to the arguments of an opponent.

IS ALCOHOL A FOOD?

A Contributor Says It Has Been Proved to Be the Opposite.

PORTLAND, April 28.—(To the Editor.)—If the truth concerning the true nature of alcohol and what should be taught concerning it is what The Oregonian desires to give its readers, it cannot stop with the authorities quoted in Sunday's editorial.

That there are a strong body of scientists, standing solidly by the temperance laws of our schools, is true. A few facts should be brought forth. First of all, however, permit me to give the names of the official board of "temperance demagogues" who advocate "fanatical exaggeration and falsehood." Mary Hunt, National superintendent of the movement, is an educator of undisputed reputation, and her special educational position prior to her great work in this agitation was as teacher of chemistry, and therefore she was well equipped educationally herself to lead. Connected with her are the following advisory board: Rev. A. H. Plumb, D. D., Boston, Mass.; Rev. Daniel Dorchester, D. D., West Roxbury, Mass.; Hon. W. T. Harris, LL. D., National Commissioner of Education, Washington, D. C.; William A. Mowry, Ph. D., Hyde Park, Mass.; Rev. John H. Barrows, D. D., president Oberlin College, Oberlin, O.; T. D. Crothers, M. D., professor of diseases of brain and nervous system in New York School of Clinical Medicine, Hartford, Conn.; L. D. Mason, M. D., Brooklyn, N. Y.; C. H. Shepard, M. D., Brooklyn, N. Y.; Daniel R. Brower, M. D., professor of mental diseases, materia medica and therapeutics, Rush Medical College, Chicago, Ill.; George W. Webster, M. D., professor of medicine and physical diagnosis, Northwestern University Medical College, Chicago, Ill.; John Madden, Milwaukee, Wis.

Forty years ago it did not matter whether one was scientific or not. Today it matters everything in the alcohol question.

When the first school physiologies were prepared for this special educational feature, some 19 years ago, there was little to draw from outside of a small group of English investigators—Carpenter, Kerr and Richardson, the latter based on actual demonstration. These investigations were then, and are now, in advance of many other men of science.

This explains easily the false charge often heard in some circles that the indorsed books contain inaccuracies. As a prominent physician recently said: "The truths the indorsed text-books contain are new to these critics, and they do not know they are true. With older men it is often a matter of prejudice; with younger men it is a question of demonstration."

It is nothing more than could be expected that the inroads this education is making upon the gains of the drink traffickers would lead them to strike back, which they have done repeatedly. Every effort they could put forth to defeat the law in New York was used, and failed.

On June 12, 1899, the famous report from a self-appointed committee of 50, to prove the inaccuracies of the indorsed text-books, was sprung upon the country by a verbal account given by Professor Atwater before a small club in Middletown, Conn., of experiments made, and he claimed they proved alcohol to be a food, and that our schools were teaching errors.

The next morning this remarkable piece of information was made public. The great press of our country reiterated it, one and all: Was it proven that Professor Atwater was right? Distinguished specialists like Seneca Egbert, A. M., M. D., professor of hygiene in the Medico-Chirurgical College, of Philadelphia, and Frank Woodbury, A. M., M. D., fellow of the College of Physicians, of Philadelphia, associate professor of laryngology in the Philadelphia Polyclinic and College for Graduates, say:

"Professor Atwater's own figures, as set forth in bulletin No. 69 of the United States Department of Agriculture, do not support his claim. His experiments are too limited in scope to furnish any data upon which to base his charge against the indorsed books; attempts to prove inaccuracy have failed utterly. Volumes of testimony from the best authorities in the world could be given showing the falseness of Atwater's charge."

After the professor's account of his experiments and his criticisms given before the annual gathering of Superintendents of Schools of the United States, that body passed a resolution appointing a committee of seven to report upon the teaching of physiology in the schools, with special reference to the progress of scientific inquiry as to the action of alcohol on the human system, etc. The committee was a strong one. This committee reported, February, 1901, "that no evidence found warranted teaching children that alcohol is a food." Thus was Professor Atwater's pet scheme laid low.

Why is it that a leading English journal writes that this very movement—viz., scientific temperance instruction—is a great factor in the commercial supremacy of the United States? It was not long ago that a quotation from said journal to this effect appeared in The Oregonian.

The truth is that alcoholism is recognized as never before as a National menace, and how to remove it is a world question. Upon the education of her people the United States depends for the perpetuity of good government. That there are "dangers in ignorance" is always a settled truth, and before any one denounces the teaching of temperance truth as found in indorsed text-books they should be willing to put preconceived prejudice aside and not take the decree of any one scientist as final, but study the matter from all standpoints. That there are good and bad text-books goes without saying. It may be well to add that, owing to all this attack on the text-books, there has been a new series compiled representing the researches of young scientists who have made special study from a perfectly unbiased, unprejudiced point of view. L. H. A.

DAILY CITY STATISTICS.

Marriage License.

Henry Hiller, 50; Alice E. Holland, 42.

Births.

April 28, boy to wife of J. A. Hartzman, 548 Rodney avenue.

Deaths.

May 5, Michael Fahey, 72 years, St. Vincent's Hospital; bronchitis.

May 4, Davis Smith, 57 years, St. Vincent's Hospital; uraemia.

May 4, Clara Ayers, 42 years, Thirty-fourth and Division streets; puerpal convulsions.

May 3, Maggie Jones, 20 years, 840 East Eighteenth street; morphine poisoning.

May 4, Minnie Patterson, 35 years, 445 East Ash street; cancer.

April 30, Mary von Detternig, 38 years, Seattle, Wash.; pneumonia.

May 2, Mary E. Parker, 25 years, 685 Weidler street; consumption.

May 4, Mary E. Carlson, 41 years, Second and Montgomery streets; heart disease.

Building Permits.

J. H. Robb, repairs to house on Mississippi avenue; $200.

B. T. Randall, two cottages, East Everett, between East Nineteenth and East Twentieth; $1000.

William Clark, cottage, Overton street, between Nineteenth and Twentieth; $200.

Real Estate Transfers.

R. McMichler and wife to E. H. Stoothoff et al., lots 4 to 23, Good Morning Add.	$1000
J. L. Hartman et al. to C. N. Braasch, lots 7, 8, block 24, A. L. Miner's Add. to St. Johns	100
Richard Cheadle and wife to Clarence W. Reed, lot 6, block 18, Central Albina	3000
Sheriff, for S. Tapder, to U. Tapder, lots 1, 2, block 1, Webber's Add.	2
Same, for C. Tapder, to U. Tapder, lots 3, 4, 5, block 1, Webber's Add.	2
Hawthorne Estate to Emma Higgins, N. ½ lots 1, 2, block 9, Hawthorne's First Add.	400
Sunnyside Land & Imp. Co. to C. August Cole, lot 8, block 31, Sunnyside	325
Robt. Brady to Jessie H. Horton, lots 1, 2, block 18, Tibbetts' Add.	2150
Anna B. King and husband to same, W. ½ lots 17, 18, block 26, King's Second Add.	2700
E. Foster and husband to L. Steinhauer, lots 2, 3, block 3, Pleasant View Add.	900
E. L. Sanborn to Geo. Hewett, lot 16, E. 10 feet N. ½ lot 11, block 4, Alsend's Add. to Albina	2300
G. R. Barnett to John Hewett et al., 3⅓ acres, D. S. Southmayd D. L. C.	812
A. A. Crane and wife to E. O. Miller, lots 14, 15, block 98, Sellwood	800
S. Blumauer et al. to S. Blumauer, lot 1, block 322, Portland	1
Guaranty Sav. & Loan Ass'n to A. A. Crane, lots 14, 15, block 98, Sellwood	350
Ellen E. McCormick to Chas. H. Heller, lot 12, block 12, Lincoln Park Annex	125
P. F. Alexander to same, lots 7, 9, block 6; lot 3, block 9, same	435
H. Metzger and wife to same, lot 6, block 6; lot 4, block 9; lot 3, block 20, Lincoln Park Annex	400
Thorval Folkenberg, admr., to Joseph B. Folkenberg, 10 acres, sec. 30, T. 2 N., R. 1 W.; also right of way to same	100
Richard Beadle to Mary Nedred, 20 acres, sec. 14, T. 1 S., R. 3 E.	1000
Portland Rolling Mills to Pacific Hardware & Steel Co., 1 24-100 acres, Peter Guild D. L. C.	1
Elizabeth Ryan to John P. Jacob, lot 28, block 104, West Irvington	450
