LESSON IN BIG FAIR.

(Continued from First Page.)

Next time pull the trigger of a "Yellow Jacket" and you'll get a load of the results. The trigger is protected by a special safety device. The American Manufacturing Co., manufacturers of the "Yellow Jacket," say the gun is a "shoo-in" for the next World's Fair. The gun is a new type, with a butt stock and a fore-end, and is made of steel, with a metal frame.
