and I trust that the action of the directors will be approved, whatever site they may think wise to select. There are many who believe that to be successful the expection should be located as near the city as possible, where it can be visited both during the day and even-ing, as the financial success will depend largely upon the large site dance. We should not like to have it a failure by reason of its location at too great distance from the city, where people can only visit it once or twice. If it is located near by, our experiences have been in our local mechanics' fair, that the chief re-ceipts are during the swaring, when the people or our near theorem int, that the one people cellpts are during the svening, when the people go to see and mest their friends and to see the entertainments and hear the music. # Frawley Company Estopped From Playing on Sunday.

C. J. Reliey, manager of the Frawley Company, and Frank Collins, manager of the Margaret Theater, in Anaconda, were arrested in that city Sunday night on warrants charging them with giving a performance on Sunday night. The war-rants were served during the progress of "In Mizzoura," being given before a large house by the Frawley Company. As a result of the arrests it is said that damage suits will be begun against the city of Anaconda and recording arrived them.

Enemies Our Troops Have to Meet. Stephen Bonsal, whose previous writ-ings prove him not at all friendly to the Government's Philippine policy, arrived at Baray just after the Balangiga mas-sacre, and three weeks before Waller reached there on his memorable march across Samar. "At Basay," he says in Collier's Weekly,

"I saw a crowd of savages walking up from the beach biting away at long, slimy, uncooked fish, as if they were sticks of candy. One glance at their faces and I would not have been sur-

Smith is called a murderer. "In none of the fights of which I have knowledge," says Mr. Bonsal again, "did the Samarites ask for quarter-they do not understand fighting in that way." With foes who neither give nor expect mercy there is but one effective course.

To be compelled to this course is a most terrible necessity, but it is one of the conditions of fighting savages, if our men are not to throw away their That necessity has sometimes arisen in our Indian wars. The character of the Samarites, more barbarous and quite as cruel as the most bloodthirsty Apaches, has made it a necessity with It may be that General Smith went too

### Mission Work of Reformed Church.

NEW YORK, May 14-Delegates from many parts of the country were present at the annual meeting of the Woman's Board of Foreign Missions, of the Re-formed Church, in America, which has just been held in this city. Mrs. David J. Burrell, president of the society, was in the chair, Among the speakers were Rev. Dr. C. H. Fenn and Mrs. F. H. Taylor, who were in China during the recent disturbances, and L. B. Chamberlain, a

"No more appropriate pince could have been selected for this convention than Portland, with its beautiful churches and

mes and its magnificent scenery. At the conclusion of his address Mr. Mc-Daniel, in behalf of the Sunday schools of the state, presented the president, A. A. Morse, with a handsome gavel, as a token of appreciation of his faithful serv-ices in behalf of the state association. The avel was turned from a beautiful piece of cobolo wood from Porto Rico, and bears a silver plate inscribed, "A. A. Morse, from Oregon Sunday Schools, May 14, 1992."

much appreciation. He spoke in part as "The work during the past year has been aggressive, although not as much as we had wished and hoped for, but new ground has been added and the old ground well covered by the institute and

# THE LAST DAY TO REG-ISTER.

This is the last day to register. The books in the office of the County Clerk close at 5 P. M. today. If you have neglected your duty as a citizen, and have so far failed to qualify to vote on June 2, you have just one more chance; and that chance you must selze before 5 P. M. today. If you are not registered, and if you still want to vote, you must go to great trouble in order get the necessary six freeholders to sign an affidavit. Therefore, go to the County

Clerk's office today. Take a little time and trouble today in order to avoid annoyance and delays hereafter.

convention work. The interest in the Sabbath school has increased, and those that before had little or no knowledge of the work have been brought into it. Others have learned that the Sabbath school means something and is a factor in the welfare of every community. Still others have been brought into closer touch with our institutes and conventions and have been made to realize the import-ant fact that much is to be gained by

and fact that much is to be gained by association with others. "Why should it not be so? Our organ-ized work is just for this purpose. It brings the strong into conjuct with the weak; it stimulates; jt encourages; and the foundation of our best work in our Sabbath schools today is that which has been turked and instead in our insti-

been faught and learned in our insti-tutes and conventions. Would that each one of us as we go home from this conone of us as we go home from this con-vention would carry with us the heart purpose to attend each institute and convention in our district or county. #### Afternoon Session

At the afternoon session the praise serv-ice was led by Rev. W. R. Winans. An interesting address on "The place of Bible Study in Christian Work" was given by Rev. W. E. Randall, after which a paper by Rev. Edward M. Sharp on "Temper-ance Instruction" was read and discussed. Rev. Hard, Rev Adron Bray, A. I. Amos,

B. Lee Paget, and Mrs. Driggs, of the W. C. T. U., took part in the discussion, at the end of which the following resolution was adopted:

lution was adopted: Resolved, That the Oregon State Sunday School Association, in convention assembled, earnestly petitions the international conven-tion meetig at Deaver, June 25, 1902, to con-linus the quarterly temperance lesson, and ap-point, for the preparation of these lessons, an additional committee, composed of men or women who have given this subject special thought and study, and whose qualifications fit them peculiarly for this work. This con-vention helieves that in this way the objec-tions raised which relate to the continuity of the lesson course and the paucity of suitable tions raised which relate to the continuity of the lesson course and the paucity of suitable topics can be largely, if not entirely obviated. An address, "Sunday School Work in Alaska," by Hon. H. C. Schibrede, and an address, "Pointers," by Mrs. Mary Foster Bryner, were interesting and well received.

# Evening Session.

At the evening session the praise service was led by Rev. J. R. Lathrop. A vocal dust by Miss Margaret Beharrell and Miss L. Bennett was delightfully ren-dered and heartily applauded. An inter-esting address was given by Mrs. Mary Foster Bryner on "Principles of Teach-ing." in which she pointed out five casen-liais of effective teaching: First, adapta-tion, know your lesson, know your tion, know your lesson, know your scholar; second, co-operation between teacher and class; third, gradation from

the known to the unknown; fourth, illus-tration, making object-lessons of truths; fifth, repetition, gaining here a little, there a little.
