SIXTE N HUNDRED PERSONS PER-ISHED IN SOUFFRIERE ERUPTION.

Governor of Windward Islands Reports That the Details Are Too Harrowing for Description.

LONDON, May 14 .- The Governor of the Windward Islands, Sir Robert Llewellyn, telegraphs to the Colonial Office from the Island of St. Vincent, under date of Tues-

day, May 13, as follows:
"I arrived here yesterday and found the state of affairs much worse than had been stated. The administrators' reports show that the country on the east coast between Robin Rock and Georgetown was apparently struck and devastated in a manner similar to that which destroyed St. Pierre, and I fear that practically all living things in that radius were killed. Probably 1600 persons lost their lives. The exact num-ber will never be known. Managers and owners of the estates, with their families, and several of the better class of people, have been killed. A thousand bodies have been found and burned. One hundred and sixty persons are in the hospital at Georgetown. Probably only six of this number will recover.

"The details of the disaster are too harrowing for description. I got at St. Lucia a coasting steamer, which is running up and down the Leeward coast with water and provisions. Twenty-two hun-dred persons have received relief. I have asked for medical officers from Trinidad and Grenada. All the neighboring Brit-ish colonies are assisting generously, Every effort is being made to grapple with e awful calamity. 'All the beet-sugar estates in the Carib

bean country are devastated and the cattle are dead. The eruption continues, but is apparently moderating. Anxiety is still felt. All the officers and residents are coerating with me. The ladies are mak-

Sir Frederick M. Hodgson, the Governor of Barbados, forwarded to the Colonial Office today the report of the Colonial Secretary, who has just returned from a visit to St. Pierre, Martinique. It con-firms the worst accounts of the disaster. The Secretary compares the ignited matter, which destroyed everything within an area of 10 miles long by six wide, to burning sealing-wax. He adds significantly that the services of doctors are not required, as there are no wounded persons. Governor Hodgson estimates that 2,000,000 tons of valence dust fell on the Felend of tons of volcanic dust fell on the Island of

ERUPTION OF SOUFFRIERE. Admonitory Rumblings Came Two Weeks Ago.

NEW YORK, May 14.—In a dispatch from its correspondent on the Island of St. Vincent, B. W. I., the Herald says: Admonitory rumblings and earthquakes in the vicinity of Souffriere came two weeks ago. Monday, May 5, the lake in the old crater became greatly disturbed. Tuesday at 2 o'clock in the afternoon the mountain began a series of volcanic efforts. Severe earthquakes accompanied these terrible noises and detonations suc-ceeded quickly. At 7 o'clock in the evening an immense column of steam issued m the crater and lasted until mid-

Terrific explosions followed on Wednesday morning, and at 7 o'clock there was another sudden violent escape of steam. This continued for three hours, when other material was ejected. At noon three crat-ers appeared to open and began to vomit half an hour after the appearance of the lava. Six streams at once ran down the scene. The mountain labored heavily for lava. Fire flashed around the edges of the craters, and there were tremendous detonations in succession, rapidly merging into a continuous roar. This lasted Sacreligh Wednesday night and until Fri-day morning. The thunderings of the volcano were heard throughout the Car-

The eruption began Wednesday. A huge cloud in a dark and dense column, charged with volcanic matter, rose to a height of eight miles from the mountain top; dark-ness like midnight descended and sulphurous air laden with fine dust,

rapid. These, with the thoundering, mountain shocks, the earthquake roar, the lava and falling stones created a scene of horor. Large areas of cultivation have been uried beneath the volcanic matter.

On the windward coast seven plantations

are totally destroyed. Nothing green is visible. Sixteen hundred and twenty deaths are already reported. There are 167 cases in the hospital at Georgetown under treatment. The deaths have been under treatment. The deaths have been caused chiefly by suffocation by the suiphurous gases, lightning and burning lavs tressed. Credit has been extended

The crew of H. M. S. Indefatigable buried 20 peasants found dead on the Owia estate, north of Souffriere.

The country districts on the Windward Coast are littered with dead bodies. A new crater is reported formed on the Richmond estate near the seashore.

Kingstown, the Capital, and the whole population are safe. There have been no eldents or deaths. Clouds of dust are

blowing over the city, however. The Royal Mall steamer Wear is transporting food and water to the Le Coasts, salling vessels proceeding to the Windward coast. Doctors and nurses have gone to the scene of the distress.

The majority of the corpus found are covered with nehes, decomposed and hard-ly approachable. The dead are being bur-led in translus. ied in trenches, thirty in each.

DID NOT HEED WARNING. Scientific Commission Examined Pelee Before the Disaster.

NEW YORK, May 14.-The trans-Atlantic steamer Canada has arrived here with 138 refugees, 24 hours from Fort de France, lique, says a Port of Spain, Trinidad, dispatch to the Hernid. She brings this account of an event which is alleged to have preceded the disaster at St. Pierre, told, it is said, by a person who was aboard the schooner Gabrille: "A scientific commission, presided over

by the Governor, M. Mouttet, assembled in St. Plerre on May 7, the day before the calamity, for the purpose of studying the phenomena of the volcanic disturb-ances of Mount Pelee. It was agreed by the members of this commission that the relative position of the craters and the valleys debouching on the sea were such that the scientists could affirm that the security of St. Pierre was complete, and means at this announcement was made to allay the interests.

fears of the frightened citizens. 'The sun rose clear over St. Pierre at lee was smoking to the north, and the wind was blowing westward. A few min utes before 7 o'clock a great white column of what seemed to be steam and gas beich-200 yards from the original crater, and which appeared to open up a deep rent from the top to the bottom of the moun-

Acting as a Safety Valve.

NEW YORK, May 14.-Sir Henry T. Wrenfordsley, who has been Chief Justice for at least six of England's colonies, among them the Leeward Islands, is in

the city. Regarding the volcanic outburst in the West Indies, he said:
"I don't believe there will be any great destruction elsewhere. There is no doubt in my mind that there is a subterranean connection between the subterranean connection the subterrane ction between all that string of Islands, but that fact will save the rest, perhaps. I look to see Mount Pelee take its place as an active volcano, at least during our lifetime, acting as a sort of safety valve for the other islands."

NEW YORK, May 14.—Much excitement was caused here, says a St. Thomas, D. W. I., dispatch to the Heraid, by a slight shock of earthquake, which was felt about half-past 4 o'clock Tuesday afternoon. The public was greatly excited and many persons rushed from their houses, but the tremors of the earth stopped before any actual damage was done.

Pumice Stone Thrown Up.

PROPESSOR OF LATIN WHO RESIGNED AT UNIVERSITY OF OREGON.

Frederick S, Dunn. Who Will Go to Harvard for Graduate Work.

ick Stanley Donn, who has occupied the chair of Latin at the university since the death of Professor John W. Johnson, in 1898, has resigned his position, and in July will enter spend-two years in original research After bbtaining this degree, Professor Dunn will go abroad, where he will remain for some time, visiting the historic ruins of Rome and Greece. Professor Dunn received the A. B. degree at the University of Oregon in 1892, and again at Har-ward in 1894. In 1899 the University of Oregon conferred upon him the degree of master of arts. He is popular with the students and among his fellow-townsmen, having been born and raised in Eugene. He is a married man, and has two children. His resignation is a mat-ter of general regret among the students, and it is hoped that after finishing his studies he will be re-

The loss at St. Pierre of the Grappler, the cable-repair ship of the West India & Panama Telegraph Company, was a severe blow to St. Thomas, as nearly all earnest appeal has been made.

GUATEMADA EARTHQUAKE, It Is Estimated 2000 Were Killed at Quezaltenango.

SAN FRANCISCO, May 14.—The steam—the food supplies on the steamer Madiana er Guatemala brings additional details of and the sending of additional supplies on the earthquake in Central America last month. The Guatemala left the port of that name April 29. Up to that time, 1100 bodies had been taken out of the ruins at Quezaltenango. Captain Harris, of the Guatemala, said:

"It is estimated that 2000 people were killed. They were still removing the dead when we sailed. The stench from the nerous and marvelously | been compelled to employ large gr men to clear the wreckage of the dead. Natives from the interior are flocking to Guatemais. The inhabitants are terrorstricken. Farms have been deserted and there are grave fears of a famine in con-sequence. The Pacific Coast suffered far greater damage than the Atlantic. The loss will amount to thousands and thousands of dollars."

Captain Harris said that the merchants of Guntemala were doing all in their pow-er to alleviate the poor and the dismany instances for four and five years. Many of the wealthy planters have los their entire fortunes.

A Seare in Nebraska. PONCA, Neb., May 14.—The fear enter-tained that there would be an eruption of Mount Iona, located near this town. because of the renewed issuing of nox-lous gases and smoke, has quieted down. Although the gases continue to pour out, no sounds have been heard since Tuesday morning. The real cause of the disturbance in the hills has never been known, but is supposed to be caused by an un-derlying formation of limestone becom-ing heated by contact with moisture.

Vesuvius Not in Eruption. NAPLES, May 14 .- The report published in Paris that Mount Versavius is in erup-tion is without foundation.

Italy and the Combine.

ROME. May 14.—Replying to a question in the Chamber of Deputies today on the subject of the Morgan shipping combine and its effects on Italian emigration to the United States, the Under-Secretary of State, Signor Bartelli, said that increased dividends and advantage to American trade would naturally result from the combination. As to emigrants, if the combine desired to carry them it would have to secure the necessary license and agree to the emigrant rates, which the Italian

Government has the power to limit.
The Secretary also said he thought the emigrants would continue to use the present steamship lines. He did not believe the United States was likely to restrict the traveling of emigrants to American ships. The Government of Italy however, was closely watching the combine, and, if necessary, would not fail to use all the necessary, would not fail to use all means at its disposal to protect natio

Twenty Victims of Sheridan Disaster.

PAINE'S CELERY

Point With Pride to True and Marvelous Cures.

ITS PRAISES SOUNDED BY ALL CLASSES OF OUR PEOPLE.

A Spring Medic'n: That Quickly Purifies the Blood and Banishes D sease.

Paine's Celery Compound can, with pride, point to a long and wonderful list of cures effected in this and other lands. In fully ninety cases out of every hundred, it has been successful in overcon ing and banishing treacherous and longstanding diseases and ailments.

The great work of disease banishing and life saving so happily accomplished by Paine's Celery Compound has not been confined to any particular class of people. All ranks and conditions of our population-amongst which are found city tollers, hard working farmers, business men, capitalists, clergymen, lawyers, physicians and legislators, owe their lives and present good health to the curing virtues of Paine's Celery Compound.

No other medicine in the world today has been so much talked of, so highly recommended by medical men, so generally indorsed by our best people as Paine's Colery Compound. It truly describes all

Celery Compound. It truly deserves all the good words spoken in its favor. May is the great month for recuperating and building up the weakened and dis-eased system. At this time we press upon the ailing, the nervous, the rheumatic, the neuralists, the dyspeptic, old and young, the necessity of using Paine's Celery Compound. To those who are suffering and despondent owing to the rapid progress of blood troubles, kidney disease, and liver complaint, we say "use the great health-giver at once, if you would be speedily restored to health." The vir-tues peculiar to Paine's Celery Compound are as potent and true for you today as they proved powerful and effective for your friends and neighbors weeks and months ago.

NATIONAL NEWS.

Want a Vote on Cuban Bill. WASHINGTON, May 14.—Now that there is a prospect of a vote being reached on the Philippine Government bill next week, the friends of Cuban reciprocity are growing more active and are bringing pressure to bear on the Republican steering committee of the Senate to change the order making the Nic-aragua canal bill the next order of business and give that preference to the re-ciprocity bill. They have talked already with a number of members of the com-mittee and find some of them friendly to the Philippines. The canal bill adve cates, however, are determined to fight for a few hours, then become the change before the steering committee, and if reciprocity wine, then to transfer their fight to the floor of the Senate. The reciprocity treaty advocates are practically agreed on a bill giving straight reciprocity with 25 per cent discount to

Democratic Campaign Committee. WASHINGTON, May 14.—The Demo-cratic Congressional Campaign Commit-tee today decided to make its headquarters in Washington, and to increase the executive committee from Il to 14 mem-bers, of whom eight shall be members of the Congressional Campaign Committee, and six from the outside. It is under-stood Ben T. Cable, of Illinois, will accept the chairmanship of the executive committee. The headquarters of the ex-ecutive committee will be in Chicago, and this committee will have charge of the Congressional campaign in the West, while the main committee will look after the East from Washington.

Two Admirals on Atlantic Station. WASHINGTON, May 14-It is learned at the Navy Department that Admiral the North Atlantic Station. This station has increased in magnitude and importance to a point where Admiral Higginson commander-in-chief, feels that rould be prudent to have a second ad miral attached to the station. Admiral Coghlan's successor as commandant of the yard at New York will be Captain N. H. Harrington, who will be detached from the Portsmouth, N. H., Navy Yard.

Agriculture in New Mexico. WASHINGTON, May 14.—The census report on agriculture in New Mexico shows that 12,311 farms enumerated therein in 1900 had a value of \$30,880,814, of which 17 per cent, represents the buildings. The value of farm implements and machinery was \$1,151,510, and livestock \$31,727,600, making the total value of farm property \$53,767,824. The total value of farm products in 1899 was \$10,155,215, of which 70 per cent, consisted of animal products. The gross farm income for that year was \$9,117,705.

An Unequaled Record The People Know And Believe Them Tork and other cities for the sufferers, and which the citizens' committees may wish forwarded through the War Department. All stores should be turned over to Major Brainerd, who will prepare the same for reshipment, giving receipts and rendering account to the Commissary-General of Subsistence of all stores received and disposition made. The Only Medicine That Can The Splendid Record of Drs. Copeland and Montgomery for Years in This Community Gives Confidence and Faith to the

Years in This Community Gives Confidence and Faith to the People as They Read the Wonderful Results of Their Treatment.

For 10 years, Drs. Copeland and Montgomery have conducted in this city the largest practice ever known in the history of the Northwest. The people know them. Their fame has grown in the strong light of intimacy and permanency. Medical pretenders and bogus healers of every variety have come and gone, passed in the night, unable to endure the daytime acquaintance. But with time and intimacy the fame of Drs. Copeland and Montgomery has grown stronger.

The testimony supporting their practice has come from reputable citizens, neighbors, dwellers in this city and residents in this vicinity, and whose reputation and movements are well known or may be known to all who care to inquire.

Such testimony is enduring proof that Drs. Copeland and Montgomery are really curing, not merely helping or relieving, not merely improving and benefiting alone, but curing the disease.

Read in these cures that are given here a part of the record of that skill. It can cure the disease. It is doing it every day. It is making the sick well and strong.

I had headache and pain over the eyes, and a discharge from the nose. I had a miserable, rack-ing cough, which kept me awake all night, and a disagreeable tickling in the throat, I had absolutely no appetite and was very weak. I felt sick from head to foot, and was not able to do anything.

I also had some catarrh of the head and throat. I seemed to be having cold all the time, and was scarcely over one when

another set in. I did all in my power to get well, but the disease hung on, and I was greatly discouraged. My brother had been cured at the Copeland Institute, and repeatedly urged me to go there for treatment, which I finally did, and I was soon restored to perfect health

HOME TREATMENT

Doctor Copeland requests all who are ailing, all who feel a gradual weakening or all who realize that their health is being undermined by some unknown complaint, to cut out this slip. Mark the questions that apply to your case and he will diagnose your case for you.

"Is your nose stopped up?"
"Do you sleep with mouth wide open?"

"Is there pain in front of head?"
"Is your throat dry or sore?"
"Have you a bad taste in the orning?"

morning?"
"Do you cough?"
"Do you cough worse at night?"
"Is your tongue coated?"
"Is your appetite falling?"
"Is there pain after eating?"
"Are you light-headed?" when you get up suddenly are

"Do you have hot flashes?"
"Do you have hot flashes?"
"Do you have liver marks?"
"Do your kidneys trooble you?"
"Do you have pain in back or under shoulder blades?"
"Do you wake up tired and out of sorts?"

"Are you losing flesh?"
"Is your strength failing?"

For this Doctor Copeland's services are free. It means no charge will be made, not a penny will be received. It means no implied or demanded. It means says. To one and all it is unequivocally

Healthy Mind in a Healthy Body

Stomach and brain affect each other. A sick stomach sours the disposition and prevents sleep and brain rest, and a sick brain sours the stomach and clogs the bowels. Men of sedentary habits, brain workers who don't get much exercise, have sick stomachs and bowels, and wear out their brains and nerves.

"Cascarots cured me radically of dyspepsia and headache and my weight which before was IN is now IN lbs."-S. Navarro, filleri, Miss. "Some time ago, while I was in Millershurg, Pa., Mr. Freck, the landlord, was afflicted with severe pains in the stomach. I insisted upon his taking a Cascaros before quing to bed and next morning he passed in of a tape-worm. He bought a box of Cascarots and a tape-worm if feet long came from him head and all tape worm if feet long came from him head and all tape worm if feet long came from him head and all tape worm if feet long came from him head and all tape worm if feet long came from him head and all tape worm if feet long came from him head and all tape worm if feet long came from him head and all tape worm is feet long came from him head and him head and all tape worm is feet long came from him head and him head

> "Cascarets relieved me of itching piles and lumbage which have been afficing me annually at this time of the year. Three cheers for Cascareta!" G. W. Hilliard, 1217 Alord St., Indianapolis.

A man who keeps his bowels regular with Cascarets Candy Cathartic, that is without strain or violence, can keep strong and healthy without much exercise. A famous professor in Jefferson Medical College used to advise his students: "Trust in God and keep your bowels open!" That's God's own wisdom, for when the bowels are regular and the digestion strong and healthy, then the system is safe and the brain and nerves will have inexhaustible elasticity and life.

Best for the Bowels. All druggists, 10c, 15c, 50c. Never sold in bulk. The genuine tablet stamped C C C. Guaranteed to cure or your money back. Sample and booklet free. Address
