NO GAME AND THE SCORE 7 TO 0. Portland Players Outclass Helena on a Soggy Field.

Rain and a muddy field caused yester-day's baseball game between Portland and Helena to be called off, after the fourth inning had been half faished. When time was called, the score stood 7 to 0, in favor of the home team, and had the game gone the limit, there is no tell-tog how many more gray-uniformed play-ers would have crossed the plate.

The day was wet and the field soggy, but Flannery and his men wanted to play, so the game was called in the presonce of a fair-sized crowd. Hartwell diched for the visitors during the first nulng, but Vigneux's men found him casy, and five runs were scored during the inning. Two safe hits and the same number of "two-baggers" were scored by the Portland batsmen, and there was one free pass to first. The players supped and slid around in the mud like ducks in a puddle, both teams enjoying the sport. a puddle, both teams enjoying the sport.
When Helena came to the bat, Shaffer,
the first man up, popped out on a long-fly
to Max Muller. Peeples then tried his
bat, but the result was almost the same,
Hupp catching a slippery ball and going through a number of acrobatic stunts with his face in the mud. Flannery was the third victim, going out at first on a short grounder that landed right in Maaffer's hands.
After that Flannery took the slat him-

self, and pitched a fairly good game, con-sidering the fact that he has a badlyswollen finger. Van Buren scored a run in the second, and Deisel in the fourth, after which the rain began to descend in such quantities that the contest was called off. Joe Mahaffey, who occupied the box for Portland, did good work throughout.

GO TO MEET WASHINGTON. Oregon Track Athletes Leave for Senttle.

The University of Oregon track team arrived on the Southern Pacific overland last evening, and departed on the 11:30 P. M. train, over the Northern Pacific, for Scattle, where the dual meet with the University of Washington will be held on Friday afternoon. The team consists of the following men: Sprinters, Captain C. A. Payne, C. A. Redmond and Fred V. Lewis: middle distance men, Kirk Sheldon and C. M. Perkins; mile runners, A. C. Sheck, and Cakris, Cartes, hundlers Shevis and Calvin Casteel: hurdlers. Thomas L. C. A. Redmond, who has been training them for the past eight weeks. When seen last evening, Mr. Redmond said: "Our team is in fairly good condition, but the wet weather has confined our training work to the gymnesium and given us but little opportunity to get into good racing condition. Most of our men are novices, and the team misses such athletee as Heater, Poly and Smith, the men who made last season's team invincible. The meet with Pacific University gave us an opportunity to size up our new men, and I am pleased with the way some of them performed. Weshington has a great advantage over us in having nearly all of her old point-winners, and her men have been favored by more agreeable training weather. We hardly expect to win against such odds but may surprise the Seattle boys in some of the events they are counting on. The Oregon relay team will con-aist of Payne, Sheldon, Perkins and my-

WALLACE NASH.

PRESIDENT WILLAMETTE VALLEY CHORAL UNION.

CORVALLIS, May 14 .- Wallis Nash was born in 1837, near London, England, and in 1802 entered the practice of the law in London. In 1879, at the urgent instance of Colonel T. Egerton Hpgg, he came to Oregon to assist in the devel-opment of the Oregon Pacific Rallroad enterprises, intending to return to England in three years; but the fates ordered otherwise, and 12 years of his life were spent in that unfortunate undertaking. In 1863 he resumed the practice of his profession, and moved to Portland in 1894. In 1898 Mr. Nash went to live on his cattle ranch in Lincoln County, and still resides there. One of the first Regents of the State Agricultural College, and its scoretary for 10 years, he assisted in the organization and development of that institution. An ardent lover of muric all his life, Mr. Nash took an active part in the formation of the Williamette Valley Choral Union, of which he is now the president. Wallis Nash is the father of W. When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability.

A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the

pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies. Write for our special free book on Rheumatism, and if any medical

advice or other information is wanted, our physicians will gladly furnish it without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.
