

MEET MAY BE OFF

The Oregon and Washington Track Teams at Deadlock.

MANAGERS UNABLE TO AGREE

Contention is Over the Amateur Standing of the Peasons, Seattle Sprinters—Washington Refuses to Arbitrate.

SEATTLE, Wash., May 15.—Unless something unforeseen happens between now and tomorrow afternoon, the dual athletic meet between the University of Washington and the University of Oregon will be called off. The bone of contention is the protest made by the Oregon manager against Joe and Robert Pearson, the feet-footed sprinters of the local 'rarity. The Peasons admit that they ran, as charged, in the firemen's tournament at Heppner, last June, and that one of them participated in the Fourth of July sports at Pendleton, but they deny that they received money.

Manager C. E. Gaches, of the Washington team, says that he has evidence strong enough to convict the Peasons of a breach of the amateur laws, and accuses his opponents of being afraid to stand the consequences of an investigation.

The affair has caused quite a commotion in intercollegiate athletic circles, but the less impetuous ones hope that some agreement will be reached and the meet postponed or adjourned.

Redmond Will Not Be Bluffed.

When interviewed by an Oregonian representative this evening, Mr. Redmond said: "Washington refuses to consider our protest, and will take no steps toward the selection of an arbitration committee. Mr. Gaches says that the Peasons can run under protest, and their guilt or innocence determined afterwards. I have been trying all day to get him to name his members of the arbitration committee, and I want this affair settled before the teams go on the track. If the Peasons are guilty, we want them disqualified; if they prove themselves innocent, we will abide by the decision of the referee. "If the Washington men are not willing to allow this matter to be settled in the proper manner, we will not participate in the meet. We are not afraid of defeat, and we realize that Washington has the stronger team, but we will not be bluffed into doing what they wish without regard to brothers or precedent. I am willing to show my hands, but the Peasons can't come to me tomorrow morning. I shall lay our protest before President Graves."

FREE BALM THIS WEEK

A PERFECTLY FAULTLESS COMPLEXION GUARANTEED. A Sure Cure for Pimples, Freckles, Blackheads, Moth, Oiliness and all Diseases and Troubles of the Complexion.

The crowning glory of the face is a fair, clear, beautiful complexion, with its radiant glow, its youthful luster, and its fine, smooth texture. If we must adhere to and follow, if we wish to improve permanently our personal appearance, it is in this wonderfully progressive age of art, literature and science, of the steam engine, the electric motor, the wireless telegraph and the ponderous fabric-making machines, that we must find a remedy for our skin troubles. By a careful study of the nature and texture of the skin, and a thorough research in the realms of chemistry and compounding of ingredients, a remedy has been at last perfected which will accomplish these results.

Chis remedy is Mrs. A. Ruppert's Face Bleach.

WHAT FACE BLEACH IS. Face Bleach is not a cosmetic to cover up, but it absolutely removes once and forever all the discolorations and blemishes which the complexion is subject to. It can positively guarantee every woman it will do all I claim. Its action on the skin causes it to remove every defect, and the impurities and discolorations which have accumulated in the under-skin, and gradually and imperceptibly scaly off, conformably to nature (in the form of an exceedingly fine dandruff), a slight surface of the outer diseased or dead matter, removing the dead cells of the skin which are the cause of the impurities which are thrown off by the blood, to escape, leaving the under-skin—beautiful, youthful-looking and delicately tinted by nature—clear, smooth and perfect. It tones up the nerves and glands of the skin, restores them to their healthy action, causing them to perform their proper functions in throwing off the impurities, which have collected in these glands.

THOUSANDS BENEFITED.

Thousands of patients, who were annoyed and vexed with their unsightly complexion, have been relieved with the grand improvement MADAME RUPPERT'S FACE BLEACH has produced in their skin. Many complexions covered with pimples, freckles and occasional eruptions (itching, burning and annoying) have been changed to bright, beautiful skins, and the improvements made to their looks were simply marvelous. There is scarcely a defect to which the complexion is heir which will not succumb to this wonderful remedy. Freckles, wrinkles and lines—those broad bands of beauty—are quickly effaced, and the skin, which has become so old and wrinkled, is quickly transformed into clear, wholesome ones by its use. Puffy skin—which also marks the ravages of time—become firm and smooth after a few applications. Skin troubles which have baffled the most skillful physicians have been removed and cured promptly, and many have expressed personally and by letter, their heartfelt and profound thanks for this wonderful Face Bleach.
