**Big Mining Transfer.**  
BUTTE, Mont., May 16.—F. Augustus  
Heime and a number of his associates to-  
day transferred the Nipper, Minnie Healy  
and a number of other claims to the Nip-  
per Consolidated Mining Company, of  
New York; the Cora-Rock Island Pur-  
chasing Company, the Minnie Healy and  
the Montana Ore Purchasing Company.  
Thirty-three deeds were filed with the  
county, bearing revenue stamps calling  
for a consideration of \$2,000,000.

**Labor Troubles in Porto Rico.**  
SAN JUAN, P. R., May 16.—As the re-  
sult of a clash between Las Turbas and  
members of the labor federation, a score  
of revolver shots were fired last night  
in the principal streets here. One man  
was wounded by a bullet from many per-  
sons were cut or wounded, but there was  
no loss of life. Las Turbas, meaning  
"The Mob," is a political organization  
which is in the habit of organizing at-  
tacks on the subject of trusts, and the

## HOPE FOR PENSIONS

Indian War Veterans' Bill  
May Pass House.

HAS ALREADY PASSED SENATE

Trusts Would Like to Have Oregon  
Go Democratic—Spooner Priming  
to Answer Opponents of Our  
Philippine Policy.

For the first time since efforts have  
been made to get pensions for veterans  
of the Indian wars, the House of Repre-  
sentatives seems favorable to the pass-  
age of the bill that has already passed  
the Senate. Its success at this session  
of Congress is deemed probable.

WASHINGTON, May 16.—The most grati-  
fying thing the Republican leaders of  
the House of Representatives can say to  
the people of Oregon is that there is a  
very favorable prospect that the Indian  
war veterans' pension bill will be consid-  
ered and passed at this session. There is  
the very best authority for this statement,  
and the prospects are that when some  
of the more important business already  
scheduled for this session is out of the  
way, this bill will be taken up. It is  
definitely asserted by those in control  
that the bill will be reported and be  
ready for consideration when the House  
reaches the stage of taking up legislation  
under suspension of the rules.

This is the first time that there has  
been any definite prospect of the bill pass-  
ing. As it has already passed the Senate,  
the bill is in a most favorable position,  
especially when it has the indorsement of  
the men who control legislation in the  
House, and is being urged by the Repre-  
sentative.

**The Charges Against Ide.**  
Senator Hanna, who is acting as chair-  
man of the subcommittee having in charge  
the Ide case, had a conference with  
Charles Bedford today, and told him that  
the charges must be presented to the com-  
mittee so that it could act by the next  
meeting. The members of the committee  
want to have the matter disposed of, so  
that it will not longer take up time. Bedford  
told Senator Hanna that he had not yet  
formulated the charges which he de-  
sired to make against Ide, but indicated  
that he would do so in ample time for  
consideration by the next meeting of the  
committee.

**Trusts Want Oregon Democratic.**  
It is understood by Oregon men here  
that certain trusts are preparing to bring  
whatever influence they can to defeat the  
Republican party in Oregon, because they  
believe that such defeat will be construed  
as a rebuke to the President, and they  
will make the most of it in future cam-  
paigns. It is claimed that a defeat in  
Oregon would be heralded as an evidence  
of the unpopularity of President Roose-  
velt and his policies, among them being  
the attacks that he has made through the  
Attorney-General on the "merger" and  
the meat combination. The championship  
of the isthmian canal by the President is  
another policy which those who wish to  
make capital against him will point out  
as having its effect in Oregon should be  
adverse to the Republican party.

**Democrats Are Fatigued.**  
It is the Democrats, instead of the Re-  
publicans, who are now tired of the Phil-  
ippine debate. They especially dislike the  
attitude which Senator Spooner has as-  
sumed during the past few weeks. The  
Wisconsin Senator has listened to every  
speech, and has carefully read the record  
of the printed speeches, and there is a  
general understanding that he is going  
to make the effort of his life in his reply  
to the Democratic attacks upon the Na-  
tion and the Army and the Philippine  
policy of the Government. The reason  
why the Democrats have not agreed to  
close debate was because Spooner had  
not spoken, and they want an opportunity  
to reply to him and break the force of  
what they know will be his powerful argu-  
ment.

The returns have begun to come in, and  
it is found that the people do not take  
kindly to the attacks upon the American  
Army which is fighting in the Philippines.  
The Democrats want an opportunity to  
hedge, and, if possible, to modify some  
of the most bitter assertions which they  
have made. The Democratic leaders are  
very much disgusted with both Carmack  
and Patterson, but not so much so as  
with Tillman, whose intemperate and  
vicious words have already done so much  
harm.

**Nixon Distresses Southern Democrats**  
The Democratic Congressional com-  
mittee is badly tangled up over the re-  
tirement of Nixon from the head of Tammany  
Hall. The Southern managers of this  
committee, with their usual stupidity as  
to who was actually boss of the New  
York Democracy, were doing business  
with Nixon, and now they find that they  
have to begin all over again. Nixon was  
to have a high place in the management  
of the Congressional campaign. The  
Tammany row has therefore upset affairs  
and the committee managers are trying  
to find out with whom they shall deal in  
order to get New York money for cam-  
paign purposes.

**Tongue's Speech Cut Out.**  
The courtesy usually allowed members  
of Congress to extend their remarks in  
the Record was denied Representative  
Tongue yesterday. The Democrats knew  
that the speech he was making on the  
subject of trusts was to be circulated in  
Oregon before the close of the campaign  
in that state. However, Mr. Tongue got  
enough before the House to show his po-  
sition on the subject of trusts, and the

attempt to secure a petty party ad-  
vantage will amount to very little, except that  
it will prevent the Oregon Representative  
from having his views in an enlarged  
scale placed before the voters of the state.

**Philippine Swamp Lands.**  
Senator Mitchell today offered an amend-  
ment to the Philippine bill providing a  
method for sale of swamp and overflowed  
lands in the archipelago. He proposes to  
add the following to the bill:

"That whenever it shall be made to appear to  
the Secretary of any province in the Philippine  
Islands that any lands within the province are  
swamp or overflowed in character, it shall be  
the duty of said Provincial Secretary or Ad-  
jutant-General, under the regulations of the  
United States Philippine Commission, or its  
successors, to take testimony in reference to  
said lands to ascertain their true character,  
and to report the same to the Secretary of the  
Interior for the Philippine Islands, and if,  
upon such testimony the Secretary of the In-  
terior shall find that such lands are swamp or  
overflowed, and incapable of being purchased  
under any of the laws relative to the public  
domain, then said lands shall be offered for  
sale under regulations prescribed by the Phil-  
ippine Commission, or its successors, and sold  
to the highest bidder, for cash; and in case  
such lands fail to sell when so offered the same  
shall be subject to private sale at the highest  
price that can be obtained. All executive  
proclamations relating to the sales of public  
swamp or overflowed lands shall be published  
in two newspapers, one printed in the English  
language, and one in the Spanish language,  
at Manila, which shall be designated by the  
Secretary of the Interior.

**A Delegate for Alaska.**  
Captain J. J. Healy, F. C. Helm and  
Arthur C. Jackson, of Alaska, had a talk  
with the President this morning regard-  
ing the bill to grant that territory a  
delegate in Congress. The President as-  
sured his callers that he was heartily in  
favor of Alaska having a delegate, and  
considered that it was essential, not only  
to the interests and welfare of the ter-  
ritory, but to political affairs in Wash-  
ington. The President referred to the  
fact that he would be immensely pleased  
to see a representative man with whom  
he could talk on Alaskan affairs. He  
mentioned that as matters now stand he  
has no one in authority he can consult as  
to nominations and appointments.

**BUILDING FOR LA GRANDE.**  
Senator Mitchell Introduces Bill to  
Appropriate \$100,000.

WASHINGTON, May 16.—Senator Mit-  
chell today offered an amendment to the  
omnibus public buildings bill appropriat-  
ing \$100,000 for erecting a public building  
at La Grande. He will press this amend-  
ment before the committee and before the  
Senate, contending that up to this time  
Eastern Oregon has no Federal building,  
and that there is a pressing necessity for  
one at this place.

**For Sea Wall at Puget Sound.**  
WASHINGTON, May 16.—Representative  
Jones today offered an amendment to the  
naval appropriation bill carrying \$50,000  
for the erection of a sea wall at the  
Puget Sound navy yard.

**DANISH TREATY SHELVED**

Obstruction in Rigging Will Carry  
Matter Over Until September.

COPENHAGEN, May 16.—The Folk-  
ething (Lower) Chamber of the Danish  
parliament today passed a resolution in  
favor of the Danish West Indies to the United  
States, on condition that a subsequent  
popular vote by the population of the  
islands shows a majority in favor thereof.  
The matter then returned to the Land-  
thing, which, after a spirited debate, re-  
jected the resolution, and by a vote of  
50 to 33, reaffirmed the resolution provid-  
ing for a limited plebiscite and the ratifi-  
cation of the treaty only, if favored by a  
majority of three-quarters.

This obstruction shelve the question un-  
til the elections in September, when the  
government hopes to obtain a majority  
in the Landthing.

**The Glenn Court-Martial.**  
MANILA, May 16.—The members of the  
Glenn court-martial left here for Cat-  
balogan, Samar, today. Major Edward F.  
Glenn, of the Fifth Infantry, is to be tried  
by court-martial on the charge of having  
taken part in administering the "water  
cure" to Filipino. Brigadier-General  
Frederick D. Grant will be president of  
the court. The defense will endeavor to  
prove the necessity for the acts committed  
by Major Glenn, and will contend they  
were similar to the "hired degree," as  
administered in large cities everywhere.

## BIG RALLY IN SALEM

Republicans Make a Historic  
Demonstration.

FURNISH AND FULTON SPEAK

Governor Geer, Who Had Accepted  
Invitation to Preside, Was Con-  
spicuously Absent—Many Con-  
verts From Democracy.

SALEM, May 16.—The failure of Gov-  
ernor Geer to preside at the Republican rally  
tonight was an unexpected surprise, and

MEETING PLACE OF PRESBYTERIAN GENERAL  
ASSEMBLY.

has caused considerable comment. Gov-  
ernor Geer was waited upon Tuesday even-  
ing by W. J. Culver, chairman of the  
Salem Republican Association, and ac-  
cepted the invitation to serve as chair-  
man at tonight's meeting. The Governor  
left Thursday night for Roseburg, an-  
nouncing that he had gone on an official  
visit for inspection of the Soldiers' Home.  
About noon today Governor Geer, through  
his private secretary, Walter Lyon, notifi-  
ed Chairman Culver that he had been  
called to Roseburg on official business,  
and, if possible, would return to Salem  
on the afternoon Overland train today, and  
in case he should fail to return, requested  
the committee to be prepared to provide  
another chairman. The Governor failed  
to return, and Claude Gatch, at a late  
hour, accepted the chairmanship, which  
he very gracefully filled.

**Great Rally in Capital City.**  
Hon. W. J. Furnish and other state  
candidates were greeted by a monster  
demonstration in Salem tonight. The en-  
thusiasm of the reception surpassed any dem-  
onstration of the kind ever witnessed here  
before in any political campaign. One  
thousand men participated in the proce-  
sion from the hotel to the City Hall.

**Judge Williams Speaks To-  
night.**  
At the Republican rally in  
Cordery's Theater tonight,  
Judge George H. Williams and  
Hon. J. H. Schively will discuss  
the issues of the state and to-  
day's political campaign. Those  
who think Judge Williams is  
incompetent by age should  
hear him make one of his old-  
style campaign speeches. Ev-  
erybody invited. Mrs. Walter  
Reed will sing.

where 1500 people listened most attentive-  
ly to the address. The Army was  
far too small for the accommodation of  
the immense throng, and hundreds were  
turned away. The rain storm having  
abated for a short time, about 2000 people  
collected in front of the City Hall, and  
were addressed by Frank Davey, candi-  
date on the Republican legislative ticket.  
Mr. Davey gave a rousing, patriotic talk,  
and held the crowd until Mr. Furnish  
arrived, when the scene that greeted his  
appearance at the Army were re-enacted.  
When the demonstration had sub-  
sided, Mr. Furnish gave a short, business  
talk, and impressed his hearers most fa-  
vorably as possessing the desired qualifi-  
cations for Chief Executive of the state.  
A drenching rain fell throughout the even-  
ing, which by no means interrupted the  
enthusiasm of the crowd. The entire  
demonstration was a memorable event in  
the political annals of Marion County.  
The candidates were met at the rail-

road station by a reception committee,  
consisting of County Chairman W. J.  
Culver, Dr. J. A. Richardson, E. P. Mc-  
Cormack and C. M. Inman. The party  
was driven direct to the hotel, where  
Mr. Furnish was besieged by hundreds of  
enthusiastic supporters until the hour of  
speaking.

The street procession was formed at 8  
o'clock at the Willamette Hotel, under the  
direction of Chief Marshal Murphy and  
aids. Headed by Mr. Furnish, members  
of the reception committee and state can-  
didates, the pageant began to march to  
the City Hall. Streets on the line of  
march were almost impassable, presenting  
a compact mass of humanity. The proce-  
sion was greeted on all sides with  
cheers and shouts. With sounding cym-  
bals, blazing flambeaux, brilliant calcium  
lights, deafening explosions of bombs,  
beautiful pyrotechnic display, music from  
four bands and hundreds of stalwart Re-  
publicans from Marion and Polk Coun-  
ties, the procession was an imposing one,  
surpassing anything ever seen at a pre-  
lection rally here. Salem, Jefferson,  
Chenawen and Reform School Bands were  
in attendance. The procession was re-  
ceived at the Armory with wild enthu-  
siasm.

Large portraits of President Roosevelt,  
Mr. Furnish and Governor Geer were ar-  
ranged upon the platform, which was  
surrounded by a large throng of people.  
The procession was received at the Armory with wild enthu-  
siasm. Large portraits of President Roosevelt,  
Mr. Furnish and Governor Geer were ar-  
ranged upon the platform, which was  
surrounded by a large throng of people.

## FALL OF A VIADUCT

Many Spectators at a Chic-  
ago Fire Injured.

OCCURRED IN STOCK YARDS

Armour's Lard Refinery Burned  
With Heavy Loss and Many Ac-  
cidents—Seven Persons  
Fatally Hurt.

Another bad fire has resulted seriously  
to Chicago, watching a blaze in the Chicago  
stockyards, overloaded a viaduct, which  
collapsed, injuring 29 persons.

The most complete lard refinery in  
the United States, owned by Armour &  
Co., burned, with a loss between  
\$750,000 and \$800,000. Seven hundred  
men at work in the building made their  
escape. The fire originated with an ex-  
plosion of three lard tanks.

CHICAGO, May 16.—During the progress  
of a fire which tonight destroyed the lard  
refinery of Armour & Co., in the Union  
Stock Yards, 29 people were injured, seven  
of them in a manner which will prob-  
ably cause death in a short time. The  
loss of the company is estimated by its  
officers at between \$750,000 and \$800,000,  
with the chances in favor of the latter  
figure, and is fully covered by insur-  
ance.

There were a number of accidents, but  
by far the largest number of those who  
were hurt met their injury by the fall-  
ing of the hog runways upon which they  
were standing to obtain a better view  
of the fire. The following were fatally  
injured:

JENNIE SMITH, stenographer German-  
American Provision Company, both legs  
broken.  
RAY IRWIN, 11 years of age, internally  
injured and head badly cut.  
ISRAEL MORRIS, driver police patrol,  
both legs broken.  
MICHAEL MALLOY, driver fire engine,  
internal injuries.

MILES McNAMARA, back broken.  
MAGGIE FRASER, internally injured.  
J. P. BRADSHALL, crushed.  
Other injured are: John Hoffman, head  
cut and arm broken; William Grebbling,  
head cut open; Mrs. Morris Schwadler,  
wife of the manager of the German-  
American Provision Company, hands and arms  
badly cut; William McKeever, head cut;  
James McNamara, head cut; Mabel Morse,  
head cut and both shoulders dislocated;  
Mrs. F. H. Fraser, legs badly cut; Mrs. F.  
H. Gifford, arm broken; Harry Jennings,  
head cut and cheek bone broken; James  
Duchanah, right leg and arm broken;  
Mamie Roach, head cut; Edward Busby,  
internal injuries, very serious, but re-  
covery probable; David Fleming, arm  
and back cut; Frank Burns, face and arm  
cut; William McNeil, 12 years old, shoul-  
der dislocated and cut; William Leitz,  
head cut and legs bruised; Anna Sanford,  
arm cut and crushed; William S. Kel-  
logg, internally injured, not fatally;  
Charles Hickerson, back injured; Samuel  
Robinson, body bruised and fingers  
mashed; John Savage, overcome by  
smoke, with recovery; Leo Milto, cut about  
the head; Charles Leitz, face and arm cut.  
The lard refinery had just been com-  
pleted and was considered by its owner  
the most complete establishment of its  
kind in the United States. It stood at  
the intersection of Forty-third street and  
Center avenue, and was five stories high  
and 250 to 300 feet long. It was filled  
with new and costly machinery, and dur-  
ing the day 200 people worked within its  
walls. The night shift numbered 700, and  
all of them were in the building when the  
fire broke out. It is thought all re-  
mained in safety, although the time al-  
lowed some of them was exceedingly brief.

**Cause of the Fire.**  
The fire originated with an explosion of  
three lard tanks on the fifth floor of the  
building. The cause of this explosion is  
unknown, but the three tanks, which  
were filled with boiling lard, went up  
with a roar almost in the same second.  
There were a score of workmen in the  
immediate vicinity of the tanks and a  
number of them were burned by the scald-  
ing lard, but none seriously. It was not  
a minute after the explosion before the  
entire fifth floor was a mass of flames.  
All the workmen in the building made a  
frantic rush for safety, and all reached  
the open air without trouble. Despite the  
utmost efforts of the fire department, the  
flames spread through the entire build-  
ing, and within an hour after the com-  
mencement of the fire, all the walls, with  
exception of that on the south, were  
lying on the ground.

The fire was one of the most specta-  
cular that has been seen in Chicago in re-  
cent years, and the display attracted an  
enormous crowd of people, who crowded  
all the narrow streets in the stockyards  
and swarmed by thousands upon the viaducts,  
which pass through the yards at a  
height of 20 feet from the ground. That  
portion of the Forty-third street viaduct  
close to the burning building was densely  
packed, and suddenly, about 100 feet  
of a hog runway extending from the viaduct  
north to the plant of Armour & Co., gave  
way, precipitating fully 1500 persons to  
the ground. The firemen instantly aban-  
doned their work on the building and  
devoted their energies to saving the peo-  
ple.

It is said by the police that the number  
of those injured by the fall of the viaduct  
is greatly in excess of the number  
reported, as many of the injured were  
but slightly hurt and being able to go to  
their homes without assistance, no knowl-  
edge of them was obtained by the au-  
thorities.

A number of firemen were slightly  
burned while at work in the building and  
for a time it was reported that several  
had been killed. Several of the firemen  
detained to the second floor of the build-  
ing lost their hair and some were slight-  
ly burned, but were able to continue on  
duty.

Michael Malloy, driver of Engine Com-  
pany 45, sustained injuries which will  
cause his death while driving his engine  
to the fire. The streets in the stock-  
yards proper are not wide and Malloy  
was urging his horses at top speed when  
one of the reins broke. His horses  
plunged toward the crowd of people on  
the side of the street. Malloy, seeing  
that somebody would be badly injured  
unless his team was checked, sprang from  
his seat to the back of one of the horses  
and grasping the team by the bits, turned  
them against a brick building. The  
horses struck the wall with terrific force  
and Malloy was caught between the wall  
and one of the horses. He was frightfully  
crushed.
