

BIGGER THAN EVER

Strike in Golconda Runs \$50,000 to Ton.

SOME ORE 50 PER CENT GOLD

A Permanent Vein and Not a Pocket That Has Been Opened-Mine is Chiefly Owned by Pendleton People.

BAKER CITY, Or., May 16.—A telephone message from Sumpter this evening says that the strike in the Golconda mine, which was reported yesterday, proves to be much greater than at first supposed.

The mine sunk from the 300-foot level has opened up the ore shoot which was first discovered in 1895, and afterwards lost because the former owners persisted in looking for it to the south of the main shaft, assuming that it dipped in that direction.

There is a rich pay streak in the vein matter that averages 16 to 18 inches wide, and the assays made today from samples of ore from this portion of the vein run \$50.00 to the ton. It is free milling ore, and it is estimated that the mine is producing over 50 per cent pure gold. Assays from being very valuable the specimens are exceedingly beautiful.

On one side of this rich pay streak there is three feet of sulphate that assays \$300 to \$400 to the ton, and on the other side there is a wide strip of good milling ore. A careful examination of the ground and the vein establishes the fact that it is a permanent vein, and not a pocket that has been opened.

The Golconda was sold by the Englishes, father and son, of Danville, Ill., to a syndicate composed principally of Pendleton people and J. H. Robbins, of Sumpter, for \$300,000 cash.

To Open Paul Kruger Group. SUMPTER, May 16.—W. Noble, of Oregon City, with his wife, Mrs. G. Wells, returned from their Paul Kruger group during the week, after a trip through deep snow a portion of the way. There they put a force of men to driving a tunnel on the Paul Kruger claim. This so far as opened shows up well. Surface work was done elsewhere, as the company owns five claims, embodying nine sections.

Mr. Noble stated yesterday that it was their purpose to install a small air compressor soon and operate by means of power drills the coming summer. All work will be done in the open, and the several ledges, that they may be more fully known than is possible by the amount of surface work done. All that has been done is very encouraging. The properties are across the divide between Wind and Pole creeks, where but little work has been done so far, but is near the big Cracker Creek properties found in ledges of this side of the Elkhorn Range.

Big Creek Placer Sold. BAKER CITY, May 16.—The Big Creek placer mine, near Susanville, has been sold to A. M. Kealy, who engineered the sale to Messrs. Leuninger, of Memphis, Mo. The price paid was not made public. The new owners will expend a large sum of money this season getting the property in good condition for heavy work next year.

INDEPENDENT IN POLITICS. Labor Organization in Oregon City Not Opposed to Brownell.

OREGON CITY, May 16.—J. H. Howard, secretary of Federal Labor Union, No. 9786, which was recently organized in this city, today made a vigorous denial of the statement which has been in circulation to the effect that the union was organized for the purpose of injuring the candidacy of State Senator George C. Brownell for re-election. This union is a very bona fide labor union, and contains nearly 60 members of all shades of political opinions. As a body, it is taking no part in politics. Mr. Howard said this afternoon:

"It has been falsely charged that the federal labor union lately organized here for the purpose of downing Hon. George C. Brownell and other candidates. Right here I wish to officially deny that the labor union of Oregon City have any part in party politics, but we do favor the election of those whom we know to be friendly to labor organizations, and to the interests of the wage-earner. We know that Mr. Brownell is a nominee from a party which has a plank in its platform which indorses the eight-hour law. We know that from the same source was enacted the eight-hour law. Hence it is a mistake that any other action whatever has been taken in politics. But we shall circulate a petition which will require the legislative and other candidates to declare their views on the honorable means to legislate to the best interests of the wage-earner, and it will not make any difference to us to what party they may belong, as we will have our choice of those whom we know to be honest in their declarations."

DEMOCRATS IN OREGON CITY. Chamberlain, Weatherford, Sears, Wann and Raley Speak.

OREGON CITY, Or., May 16.—At the armory Hon. George Chamberlain, Democratic nominee for Governor, with Messrs. Weatherford, Sears, Wann and Raley, spoke respectively for Congress, Secretary of State, Superintendent of Schools and Attorney-General, addressed a mixed audience of probably 300 tonight. Mr. Chamberlain charged the present administration with official extravagance, and declared that when he is elected no perquisites of office will be allowed, that he will recommend fair salaries for all offices, whatever the opposition may say he cannot be charged with anything crooked in his official career. Mr. Weatherford, if elected to Congress, agreed to favor the preservation of our forests, the exclusion of Chinese and foreigners and the construction of the Nicaragua canal, and he emphatically denied the charge against his party of "scuttling" the canal. Mr. Sears, who was denounced as an infamously disreputable man who charges the Democratic party with unpatriotism. The remaining speakers gave assurance of economical administration and faithful conduct in office if elected. The unfavorable weather decreased the attendance somewhat.

New San Francisco Resort. SAN FRANCISCO, May 16.—Messrs. Bolasco and Terrill, proprietors of the Alcatraz and Central Theaters, have leased Woodward's Pavilion and the surrounding grounds for a term of 15 years, and will spend \$10,000 in making it a first-class resort and pleasure ground. Associated with them in this venture are some of the most prominent business men in this city.

Oregon Boy Drowned in California. CHICO, Cal., May 16.—While swimming in Chico Creek, near this city, this afternoon, Clyde Archibald, aged about 20 years, was drowned. He was recent arrival from Albany, Or., where his family resides.

Upper Yukon River Open. VANCOUVER, B. C., May 16.—A special permit has been granted by the Interior Department for an extension of 90 days time in which to perfect the

GUILTY OF BURGLARY

G. A. R. MAN SENT TO OREGON PENITENTIARY.

Admitted His Guilt—Same Man Who Made Charges Against Mr. Furnish—Officers Say False.

PENDLETON, Or., May 16.—Thomas E. James, the Grand Army man, who was arrested for burglarizing a drug store in this city May 11, was arraigned in the Circuit Court last evening. James pleaded guilty, was sentenced to three years in the penitentiary and he was taken to Salem today. Asked what he had to say of his sentence, James said he was old enough to know what he was doing, and such a crime and was ready to take his punishment. Because of being an old soldier, Judge Ellis gave him a light sentence.

James is the man who wrote letters to Grand Army posts of Oregon, charging Furnish, Republican candidate for Governor, with insulting the Grand Army post at Pendleton ten years ago at a Fourth of July parade. Officers and prominent members of Kit Carson Post, G. A. R., of Pendleton, signed a letter, addressed to all the Grand Army posts of Oregon, characterizing James' charge against Furnish as without foundation in fact, and saying that Mr. Furnish was entirely blameless in the matter.

R. E. Berry, convicted yesterday of forgery, accompanied James to Salem, to serve a sentence of six years.

A FIGHT AND A SHOT.

One Man's Knee Wounded; Other Man in Jail.

WHATCOMB, Wash., May 16.—Near Nooksack, Clay Morgan shot Tom Green in the leg, just above the knee, breaking and badly maiming the latter. A few minutes previous to the shooting Morgan had fought with Manager Miller, of the shingle company for which Miller is the manager. Morgan had knocked Miller down and went out of the house, and Miller says, to the residence of a neighbor, of whom he tried to secure a revolver, stating that he wanted to kill Miller. He was refused, and he went to another neighbor's and secured a rifle. As Miller stood discussing the affair with Green and two other men, a shot was heard and Green fell wounded. Morgan, who was in the house, saw Morgan shooting at Miller, sought safety in flight. Morgan acknowledges firing the shot, but says that he never intended to hurt Miller. He was shooting at a target. He was shot at the city and surrendered himself. A charge of assault with intent to kill was sworn to by Manager Miller.

Warrant for Two Schoolmates. BAKER CITY, May 16.—A warrant was issued yesterday for the arrest of Misses Julia Drew and Maria Hull, school teachers of Huntington, on the charge of assault on a teacher. Justice of the Peace of Huntington, Thos. J. Edwards, who placed in the hands of a deputy sheriff, who went to Huntington for the purpose of arresting the ladies, but a message from the city, they had arranged to give bonds for their appearance and it would not be necessary to bring them to this city. The trial of the case will probably come before Judge Measick, of this city, on Monday.

Arrested Here, Convicted in Suisun. SUISSUN, Cal., May 16.—George E. Little, alias Leslie, was convicted here today of passing a worthless check on W. H. Edwards. He was arrested in Portland, Or., and brought here for trial. The police of San Francisco are also making similar arrests, and Sheriff Stout, of Phoenix, Ariz., holds a warrant for a felony committed there.

Murder Judgment Affirmed. BOISE, Idaho, May 16.—The Supreme Court today affirmed the judgment in the second degree against Andrew Gilbert. Gilbert was convicted in Idaho County for the murder of Joseph Smith, Grand Old Man of the Mountain, and was sentenced to imprisonment for life.

AGAIN AT DEADLOCK. Union Demands Recognition at Oregon City—Nothing Equally Good.

OREGON CITY, May 16.—The hitch that occurred in connection with the settlement of the woolen mill strike yesterday, on account of the refusal of the Oregon City Manufacturing Company to recognize the United Textile Workers, has caused a serious breach in negotiations, and the strike is again prolonged indefinitely. The company absolutely refuses to sign any agreement with the union or with the employees. The dispute as to the question of the scale which shall be paid is settled, but the strikers positively decline to return to work unless complete recognition is given to the union. The company offered to post the following notice in the mill, but it is not satisfactory to the employees:

To Our Employees: We, the Oregon City Manufacturing Company, agree with you, and each of you, that the scale of wages mutually agreed upon by us in force during the period of one month, May 1, 1902, to May 1, 1903.

Further, we will not discriminate for or against members of labor organizations, and no discrimination will be made in any of our employes on account of participating in the strike.

The union of United Textile Workers will hold a meeting tomorrow afternoon to discuss the new C. H. Geer proposal, and a mass-meeting will be held in Canemah Park, if the weather is pleasant. If the night is stormy, the mass-meeting will take place indoors. It will be attended by all of the labor men in the city, and the public will be invited. It is expected that resolutions will be passed expressing in no uncertain terms strong condemnation of the course taken by the company in refusing to recognize organized labor.

WANT ROAD TO SUSANVILLE. Baker City Business May Contribute to Its Construction.

BAKER CITY, May 16.—The Susanville road project is up again for consideration by the business men of this city, who are interested in the trade that will be attracted by the new road. The road is a shorter and better road from Pendleton than from this city. To reach Susanville from Baker City, the road is traveled by rail from here to Whitney. From there it is 45 miles by wagon road to Susanville, and the road is not good at any time of the year, and in the Spring and Fall it is next to impassable.

There is a good route for a road across the divide, on a direct line from Whitney to Susanville, and the distance is only 20 miles, but it will cost considerable money to build the road. The Sumpter Valley Railroad officials have interested themselves in the matter and have sent out a party to survey the road and estimate the cost of construction. The railroad people will probably contribute a portion of the funds to build the road, provided the business men of Baker City and the county will do the rest.

LAND SAVED TO WASHINGTON. Ninety Days Permitted for Segregation of Arid Tracts.

OLYMPIA, May 16.—Ard Land Commissioner John L. May received a telegram from Congressman Jones today stating that his application had been granted by the Interior Department for an extension of 90 days time in which to perfect the

OREGON TEAM WON

The Annual Interstate Collegiate Debate.

BEAT WASHINGTON UNIVERSITY

Webfoot Speakers Secured the Unanimous Decision of the Judges, All of Whom Were Residents of Seattle.

SEATTLE, Wash., May 16.—The third annual debate between the University of Oregon and the University of Washington occurred here this evening, and resulted in an overwhelming victory for Oregon, giving her representatives the championship of the series, two best out of three contests. The question debated was, "Resolved, That the Fifteenth Amendment Has Been Justified." Oregon was represented by Allen H. Eaton '02, C. W. Reddell '05, and W. W. Tomlinson '06, who upheld the affirmative, while Washington was represented by Fred J. Cole, M. D., the negative. The contest was Oregon's from the start. The Webfoot speakers traced in detail the condition which made the adoption of the measure an absolute necessity, and showed up the wonderful development of the South and the advancement of the negro under it.

Washington put up a splendid fight in attempting to lay all the terrors of the reconstruction acts and horrors of carpet-bag government upon the amendment. The speakers held that the negro was debased and utterly unfit for the exercise of the power conferred upon him by the measure. They claimed that it caused the social and economic ruin of the South, and was responsible for the horrors of lynching and mob law. The speakers of the affirmative, simply annihilated their whole argument, and gained for the Webfoot men a unanimous decision. Judges of the contest were Hon. Joseph Shippen, Hon. H. C. Gule and Judge J. M. M. Emory, all of Seattle. The result was a great surprise to the local collegians, who thought their team was a sure winner.

SUCCESSFUL MUSIC FESTIVAL. Greatest Event of the Kind in Oregon—Next May in Eugene.

CORVALLIS, May 16.—The third concert in the Army last evening of the Musical Society brought out the fullest house and the most finished performance. At the close the Army rang with applause that testified to the satisfaction and enthusiasm of the audience.

There was hardly a vacant seat among those reserved for the chorus, both Albany and Eugene adding well-drilled and enthusiastic contingents to the 120 singers from Corvallis. The solo singers were at their best, and the orchestra on its mettle.

All of the solo singers, in the beautiful music of the "Jubilee," received in turn the applause that spoke of high appreciation. Mrs. Walter Reed's rendition of the pathetic air, "He Was Despaired," was so artistic and sympathetic that the audience would not be moved, and after repeated encores, she had to concede a repetition.

The chorus did, perhaps, its best work in the well-known, "For Unto Us a Child is Born," the "Hallelujah" and "Lift Up Your Heads." The sight of the great audience standing, filling the semi-darkness of the hall, and the crowded ranks of the chorus in a blaze of electric lights, while the grandeur of the music, the history of the Northwest. As a whole, by the unanimous voice of all whose opinions as performers or auditors are worth recording, the festival has been the greatest musical event in the history of Oregon and points the way to still further triumphs, as the musical taste of the people is stimulated by the continued success of the Willamette Valley Choral Union, and other enterprises of a like nature.

The next meeting of the union for its annual festival is to be at Eugene next May.

Officers were elected last evening, with the following result: President, Prof. I. M. Glenn; secretary, Miss Moran, both of Eugene.

SHEEP ON RAINIER RESERVE. But 42 Per Cent of Applications Granted—Over 300 Rejected.

NORTH YAKIMA, Wash., May 16.—The Washington Woolgrowers' Association was organized here today, with John Cleman, of Yakima, president; T. B. Montgomery, of Goldendale, vice-president; George A. Wirtz will conduct the music in the sessions of the convention.

The present officers of the convention are as follows: President, Gordon L. Rose, of Tacoma; vice-president, C. E. Bayard, of The Dalles; recording secretary, J. A. Bushnell, Junction City; treasurer, W. A. Montgomery, of Corvallis; corresponding secretary, J. B. Lister.

Indian School Commencement. SALEM, May 16.—The 22d annual commencement exercises of the Salem Indian Training School, at Chemawa, will be held on Monday, May 19, at 10 o'clock. The young people will be graduated. The baccalaureate sermon will be delivered at the Chemawa school at 3 o'clock, Sunday afternoon, May 18, by Rev. W. C. Kantner, pastor of the First Congregational Church of this city. The graduating exercises will be held on the day following. Governor Geer has been invited to address the occasion, and Hon. W. C. H. Geer, president of Willamette University, will make the award of the diplomas.

To Push the Carnival. BAKER CITY, May 16.—The carnival and agricultural committee has perfected an organization for the election of P. Basche, treasurer, and W. S. Levin, secretary. C. I. Flynn, C. M. Sage, G. H. Small, Robert Wallbrun and C. W. Hill were named as members of the committee and instructed to proceed with the work of advertising the carnival at once. The secretary was instructed to begin corresponding with various amusement managers for the purpose of securing attractions.

George A. Markhart. ALBANY, Or., May 16.—George A. Markhart, of this city, this morning, at the age of 48 years. He was a carpenter, a bridge carpenter, but recently one of the toll collectors on the steel bridge. He left a wife and four children. He formerly resided in Pennsylvania. He was a member of the Masonic and A. O. U. W. lodges. His remains will be taken to Portland tomorrow, for cremation.

Many Took Timber Claims. VANCOUVER, May 16.—James Crawford, William Price, Edgar Beard, James O'Keane, E. M. Green, A. J. Bigham, Henry Burg, Tim Sullivan, C. H. Ricker, Donald McMaster, O. R. Smith, M. L. Covert, and James Stapleton have returned from Southern Oregon, where they took up timber claims near Roseburg.

Washington School Lands. WASHINGTON, May 16.—The Senate today passed the bill for the selection of school commissioners in Washington to select lands in lieu of school sections which were settled upon and cultivated prior to their survey.

Lumber for San Pedro. ASTORIA, May 16.—The schooner Abbie cleared at the Custom House today for San Pedro with 200,000 feet of lumber. She was loaded at Hoffman's Landing.

THE KIND OF WORK DONE BY

PAINE'S CELERY COMPOUND

Mrs. Mary Hickey, of South Sodus, N. Y., Had Rheumatism So Bad She Could Not Walk.

Had to Be Wheeled About the House in an Invalid's Chair.

The Use of the Never-Disappointing Rheumatism Banisher Cured Her.

True merit, prompt and effective results and astonishing cures have given Paine's Celery Compound a position on the highest road of the ladder of fame.

Paine's Celery Compound is today the only Spring medicine asked for and bought by thoughtful and discerning people. For the treatment of serious diseases, such as rheumatism, neuralgia, nervous disorders and blood troubles, Paine's Celery Compound has no equal.

The credit of Paine's Celery Compound has advanced to such a high eminence that amongst the millions who use it we find the names of millionaires, bankers, professional men, wealthy merchants and women of note. All have made it their chosen remedy for the cure of chronic diseases and for the banishment of the little ailments that often make life miserable.

Paine's Celery Compound, in the opinion of the leading druggists and physicians, has displaced nearly all the common advertised medicines of the day. This great work has been accomplished only by merit and genuine cures. Rheumatism, neuralgia and nervous disorders take flight in Springtime when Paine's Celery Compound is used for a time. Why delay the work of health-building when such a life-giver is within your reach? Test its efficacy this very day.

Mrs. Hickey, happy and grateful for the astonishing results derived from Paine's Celery Compound, new nerve fiber, nerve force, fresh energy and vitality, writes us:

"For nearly 30 years I have been an invalid, caused by that terrible disease, rheumatism. For six years I could not walk without the help of friends. All my joints were stiff, and I had to be wheeled about the house in an invalid's chair. Physicians' medicines, baths, etc., were all in vain, but Paine's Celery Compound practically cured me, and I am now able to walk around and do my housework."

Prison and to pay a fine of \$100 by Judge Brown in the District Court, for smashing bar fixtures stored in a vacant barn in this city in February, 1901. She will not appeal the case, and has gone to jail.
