COMMERCIAL AND FINANCIAL NEWS

The weather yesterday was unfavorable for business and the wholesale district confined its operations largely to shipments to out-of-town points. Receipts of produce were liberal, but with the exception of potatoes, prices were well maintained. The potato market failed to rally from the jolt it received on Monday, and while some buyers were still quoting up as high as $1 30 for fancy stock, others were too badly frightened over the outlook to go above $1 per cental for most of the offerings. Some confidence is shown in a revival of rates after the present flurry is over, but pending that time, a very dull market is noticeable. Eggs have firmed up a little, and some dealers were putting them out at 16 cents in single case lots yesterday. Others with less faith in the market were selling at lower figures. Veal and pork were holding steady with everything offering being taken up at full prices. The strawberries coming in from California were of very fine quality, but the demand was not so good as it has been, and prices are weakening again. Bad weather is holding back the Oregon berries, and it will be several days yet before there will be any cheap berries in the market.

PORTLAND MARKETS.

Grain, Flour, Etc.

The foreign holiday was still on yesterday, and the East was the next thing to a "holiday" market, so there was accordingly very little doing in wheat locally. Stocks have been so well drained out of the interior that the business is of very small proportions, and quotations are to a large extent nominal. Walla Walla is offering in a small way at 67 cents, but the ruling quotations are about 66 cents per bushel, and it is perhaps needless to state that no wheat is coming out at that quotation. Freights are steady for near-by business, and weaker for distant loading, and there is more of a disposition on the part of exporters to await developments before taking up any more tonnage. The San Francisco market was weak yesterday for the first time in over a week. The protracted holiday in Europe ends today, and a little more life may be expected in the American markets with Europe again in the game.

United States Consul-General Frank H. Mason, at Berlin, reports to the State Department as follows:

"The Winter of 1901-1902 in Germany has been on the whole one of the most favorable of recent years for Winter crops, and the general interests of the agricultural population. The exceptionally bright and pleasant Autumn was followed by mild weather, with very little snow until toward the middle of February, when a snowfall of several inches overspread most of Northern Germany and remained four or five weeks, so that the wheat and rye fields that had suffered so severely during the Winter of 1900-1901 came through the critical weeks of early Spring with little or no injury from frost. The official reports showing the condition of crops throughout Prussia on April 15 have just been published and give on the whole a favorable impression. All crops have come through the Winter practically without injury, and, although the Spring has been exceptionally late, cold and wet, there is thus far every prospect of a fair average year for the German farmer."

GRAIN MARKET.

All Cereals Were Bullish, Led by Corn.

CHICAGO, May 20.—Corn took the lead today and relieved the session from the dull, hot weather monotony that has prevailed for several days. At the opening of the markets, weather reports were so favorable that the crowd was still inclined to the recent bearish view. But a good bulge came when it was apparent that the much-talked-of increase in corn receipts was not to materialize at once. The general feeling of traders late in the session was that the big manipulators had the crowd pretty well short and could pinch it badly if they so desired. July sold from 61½c up to 62⅝c, and closed strong at 62⅜c to ⅝c higher.

Wheat was inclined to dullness all day, but showed fair strength at times. The good growing weather in the Winter states, absence of Liverpool cables, and reports of more liberal country offerings, started the crowd somewhat bearish. Bull news, however, was in better array. Receipts were small; there were very heavy rains in the Northwest, which continued to retard Spring seeding and the visible supply decreased 2,204,000 bushels, where only 1,750,000 bushels' decrease was expected. Reports from the Red River Valley stated that there was but 35 per cent of last year's Spring acreage seeded. In the main, trade was dull. July opened a shade lower at 74½c, but, aided by corn, mounted to 75c. Liquidation took off some of the gain and July closed only firm, ⅛c up at 74⅝c.

The corn strength, together with some active purchases by the leading May bulls, sent oats up smartly and gave the pit some activity. July closed firm, ⅛c up at 35⅞c.

Provisions were dull and unattractive to the traders. Pork closed 7½c lower; lard 7½c under and ribs 2½@5c down.

GOVERNMENT CROP REPORT.

Conditions in Ohio Valley and Dakotas Have Been Unfavorable.

WASHINGTON, May 20.—The Weather Bureau's weekly summary of crop conditions contains the following:

The drouth conditions prevailing at the close of the previous week, in the South Atlantic and Gulf States, have been largely relieved, except in Southern Florida, but the continued dry weather in the Ohio Valley and Middle Atlantic States, with low temperatures during the first half of the week over the northern portion of the Middle Atlantic States, and in New England, have proved unfavorable, while the Dakotas, Minnesota and portions of Iowa have suffered from excessive moisture.

Frosts, more or less destructive, were quite general in the Lake region, Upper Ohio Valley and in the northern portions of the Middle and Atlantic States. The temperature condition of the Lower Ohio, Mississippi and Missouri Valleys and throughout the Eastern Rocky Mountain Slope were highly favorable, but on the North Pacific Coast and in the Middle Plateau District, the weather was much too cool.

Winter wheat has had no material improvement in the States of the Ohio Valley. In Missouri the crop continues in exceptionally promising condition, although some lodging is reported, and further improvement in Nebraska and Arkansas and more favorable conditions in Northern Kansas are indicated. The crop has made vigorous growth in Oklahoma, and harvesting, with light yields, is in progress in Texas. On the Pacific Coast, Winter wheat has made favorable advancement and is ripening in the San Joaquin Valley.

Under exceptionally favorable temperature, germination of Spring wheat has been rapid, and over the southern portion of the Spring wheat region, the early-sown is making vigorous growth, but continued wet weather still delays seeding in the low lands, in the Red River Valley.

On the whole, the fruit outlook is less favorable. Peaches are dropping very extensively in the East Gulf States. Except in the Ohio Valley and Middle Atlantic States there has been further improvement in the condition of grass.

Available Grain Supplies.

NEW YORK, May 20.—Special cable and telegraphic communications received by Bradstreet's today, shows the following changes in available supplies, compared with last account:

Wheat—United States and Canada, East of the Rockies, decrease, 3,804,000 bushels; afloat for and in Europe, increase, 1,400,000 bushels. Total supply, decrease, 2,404,000 bushels.

Corn—United States and Canada, East of the Rockies, decrease, 1,008,000 bushels.

Oats—United States and Canada, East of the Rockies, decrease, 193,000 bushels.

STOCK MARKET RECOVERS

MORE CHEERFUL FEELING IN REGARD TO VALUES.

Improved Outlook, Both at Home and Abroad—Foreign Exchange Is Easy.

NEW YORK, May 20. — Prices of stocks scored quite a substantial recovery today and ended the day pretty near the top level and steady. There was a much more cheerful feeling with regard to the outlook for values, and none of the rather urgent pressure, which was a feature yesterday. The sharp and sudden declines among high priced but seldom active stocks, gave place to equally sudden recoveries, in the same securities.

International Power recovered 5 points of its 18-point break yesterday, and there were wide gains scored by the electric and express stocks, which were notable sufferers yesterday. There was not much news on which to base the rise. Sentiment was favorably affected by the large absorption of United States Steel at rising prices. This soothed the anxieties which were caused by yesterday's rumors, that a formidable bear paty had been formed in the stock as an outgrowth of the criticism of the stock conversion and bond issue plan. The notable strength of Canadian Pacific and its subsidiary roads, Minneapolis, St. Paul and Saulte Ste. Marie and Duluth, South Shore and Atlantic, also had a notable sympathetic effect on the whole market.

The movement began abroad before the opening here, and was not explained by any specific news. London was a buyer on a considerable scale after the holiday there, and confident predictions were heard that peace would be declared at an early day in South Africa. The formal announcement of the terms for taking over jointly, by Louisville & Nashville, and Southern Railway, the Chicago, Indianapolis & Louisville stocks in return for 4 per cent bonds, was chiefly reflected in the price of Louisville. The terms of exchange of the stock at 78 for the common, and 90 for the preferred, led to some recession in their prices, as the joint bonds, judged by the precedent of the Burlington exchange bonds, are not likely to command a full par value.

The presence in the Wall Street district of Secretary Easley, of the Civic Federation, and his consultation with important representatives of the anthracite interests, gave rise to conjectures that measures were in progress for the settlement of the anthracite miners' strike. Wall street opinion remains confident that a settlement lies within reach almost any time. There was also much less apprehension of a spread of the labor trouble into the bituminous coal fields which was considered a formidable prospect yesterday.

The buying of stocks by London was a factor in the easier tone of foreign exchange which relieved the feeling yesterday that a prompt return of exchange to the gold export level was to follow the relaxation of money rates. Sugar was helped by the reports of an agreement upon a Cuban reciprocity measure and Amalgamated Copper was firm on the better conditions reported in the copper trade. The market closed quiet and steady.

Bonds were dull, but were about steady. Total sales, $2,419,000. U. S. reg. 2s and new 4s were ¼ per cent higher on the last call.

Foreign Financial News.

NEW YORK, May 20.—The Commercial Advertiser's London financial cablegram says:

There was little attendance on the floor of the Exchange today, and a waiting attitude in the absence of any definite peace news. There was some sudden animation at 4 o'clock, however, on a rumor that Mr. Balfour had been summoned to the King, with an important dispatch. Later came a rumor, which was generally credited, that there had been a ballot favorable to peace, and that the delegates had gone to Pretoria.

Kaffirs were buoyant on the street. Rand mine shares spurted 12 5-16 to 12⅝, and other South African shares proportionately. Consols were fractionally harder, but closed before the rumor was circulated. Copper was ¼ up to £54⅝ th eton. Rio Tintos, up ⅛ to £45⅛. Silver is firmer on some orders, from the far East, but the market is selling forward.

WOOL MARKET IMPROVES.

More Activity in Trade, but Prices Remain Unchanged.

BOSTON, May 20.—The wool market is looking up a little this week. There has been more activity and considerable inquiry. Prices are practically unchanged, however. Territory wools have been in better demand. The new wools on the market are selling because they cannot be profitably turned over at market values.

NEW ROUTE TO YELLOWSTONE NATIONAL PARK.

The Oregon Railroad & Navigation Company, in connection with the Oregon Short Line, have opened a new gateway to Yellowstone Park, known as the "Monida Route." This new route will undoubtedly become the favorite one from this section; it takes in the famous Columbia River scenic attractions, the beautiful valleys and hills of the Blue Mountains, with privilege of a side trip from Pocatello to Salt Lake at small expense.

Get excursion rates and folders descriptive of the trip at city ticket office, Third and Washington.
