Moran Bros. Will Construct It for Use in Their Shipyards-No Time to Be Lost.

SEATTLE, May 21 -A floating drydock to cost approximately \$425,000, and to be one of the largest of the kind in the world will be constructed by Moran Bros. for use in their shippards. Plans and specifications are now in course of prepa-ration, and the dock will be built without waste of time, as it is badly needed to carry on the business of the yard. In cost and size, the drydock will be the equal of the one now building by the consioners of the Port of Portland.

IN THE GREENHORN DISTRICT. New Tunnel Being Built in the Psyche Mine.

SUMPTER, May 21.-Work on a lower tunnel has been begun in the Peyche mine, of the Greenhorns. This property, owned by Judge Fawcett, of Omaha, and some associates of that city, developed perhaps re rapidly last season than any other of this region, with the possible exception of the Phoenix. It is authentically stated that in the Psyche there is an ore body 28 feet wide, which has a 41-5-foot stresk running as high \$60. Development has not proceeded far enough to determine the dimensions of such a remarkable deposit, but indications are that it is large. All the ledge at the point mentioned is said to carry good values. The tunnel begun lately is to open the ledge at much greater Last Fall Judge Fawcett shipped | in the county. cars of ore from the property, brought high returns. It is demonstrated that there is much shipping ore aladv available. Development this season rill doubtless open up a permanent pro

John E. McManus, a mining man of Coast reputation, and now having offices in Scattle, has arrived in Sumpter to press work on the Halma group of nine claims in the Greenhorn district. This is an un-developed property, which, however, has great promise on the surface as free gold may be panned almost anywhere on the Halma hill. The plan of development is two tunnel, one intended to cut the Rover ledge first, and later the Red Cloud, the latter of which assayed over \$1000 on the surface. Should the surface work so on begin to reveal a good mining property, Mr. McManus says that he will ceed to install a plant for developing with power drills and other necessary fa-cilities for extensive work, as his people are eager to know what the property possesses, and are willing to have work pressed with all speed.

BOOTH SELLS HIS STOCK. Renlized a Profit of \$8000 on His Mining Investment.

GRANT'S PASS, May 21.-C. L. Man gum, superintendent of the Granite Hill mines, of the Louse Creek district, said yesterday that J. H. Booth, one of the stockholders of the Granite Hill, had sold his interests to San Francisco parties for Mr. Booth purchased his stock less than one year ago for \$3300. The re-cent purchase was made by California stockholders of the Granite Hill Company's mines, which is a closed corpora-tion, with no stock on the market. Mr. Mangum stated that they had just refused a cash offer of \$100,000 for their

A quantity of new machinery has arrived here for these mines, and is being transported to the property on Louse Creek. Withing 80 days five more stamps and a new hoist will be installed. The

ELMA, Wash., May 21.—The co-operahere, has commenced operations by aink-ing two shafts on its claim four miles southeast of Twisp, Okanogan County, Dr. Joseph Kent, president of the syndicate, left today for the field. He intends to employ a manager for each of the two points of operation.

GOT EVEN WITH HEALTH OFFICER. Careless Doctor Makes a Report

Against Professional Brother. BAKER CITY, May 21.—Dr. W. T. Phy one of the leading physicians of the city was arrested and fined 15 yesterday is the Police Court, because he had failed to report a case of chicken-pox to the Health Officer, Dr. J. P. Hayes. Dr. Phy told the City Attorney that such cases were not reported by other physicians. The Attorney said he would prosecute any doctor violating the ordinance if Dr. Phy would give him their names. Dr. Phy at once responded by giving in the name of Dr. Hayes, who had a similar case in the family of C. E. Porter, which had never been quarantined. It is understood that Dr. Hayes will be arrested at once.

Teachers' Institute. ASTORIA, May 21.-The Clatsop Co Teachers' Institute began a three days' session in this city today. The instructors are State Superintendent Ackerman and Superintendent R. F. Robinson, of Multnomah County. The morning afternoon sessions were devoted to tures on educational subjects by t gentiemen and an address by Professor W. O. Sims. At the evening session an address was made by Professor Ackerman. There are 80 teachers in attend-ance, which includes nearly every teacher man.

Commencement at Weston. WESTON, Or., May 31.—Arrangements have been made for the commencement exercises of the Eastern Oregon State Normal School, which will be held June 8 to 12. Governor Geer and State Superintendent Ackerman are expected to be present on June 12. The programme for the week is as follows: Sunday, June 8, baccalaurente address; Monday, musical recital, Tuesday, Crescent Literary Society; Wednesday, class exercises; Thursday, annual commencement, dedication of new building and alumni association.

Paper Contract Awarded OLYMPIA, May IL-The State Printing Sourd today awarded to the American Paper Company, of Seattle, the contract for furnishing paper and other printing materials to the state for the next year The contract will amount to about \$15,000. The contractors will be required to look to the next Legislature for payment, as the printing fund is exhausted, and it was expected that the bids would be high for that reason, but owing to the rivairy of firms bidding, the contract prices are very

and Williamson will carry the county by 200 to 400 votes. I was in Grant County recently, and find things very favorable to Republican success. The situation in Baker County is improving every day, and is much better than it was a short time ago. The fight on Governor will be close, but I have no doubt that Mr. Furnish will receive the support of all the Republicans of the county. He will receive the same in Harney and Malheur."

C. A. Johns, one of the most prominent Republicans of the county and the choice of the Republican County Convention for Governor before the state convention, said: "I sincerely hope that Mr. Furnish will be elected. The Republican leaders of this county are doing all in their power to give him the full party vote. They have no desire to see a Democratic Governor in two months ago. Marion A. Butler, a prominent Repub lican and law partner of Senator John H., Mitchell, in Baker City, in speaking of the issues of the state campaign, said: so far as this section of the state is con-cerned Republicans will support the state ticket and the Republican nominee for Governor, Mr. Furnish, not only on ac-count of state politics, but on account of the National issues involved. The election of a Democratic Governor at this time, even if every other member of the state ticket, the two Congresmen, and the State Legislature were elected as Rpublicans, would class Oregon as a Democratic state. Can Oregon afford to do this? A Demoratic Governor will fill vacancies with

a vacancy occurred in such an office, say, as United States Senator. Oregon at this time cannot afford to turn over to the Democrats by electing a Democratic Governor and repudiating the Administration of President Roosevelt. That is how such a flop would be regarded after the rolling up of big Republican majorities in pre-vious years. I sincerely hope that Mr. Furnish will be elected."

"I am in perfect harmony with the Na-tional administration on all questions," said ex-State Senator O. M. Dodson, chairman of the Baker delegation to the Re-publican state convention, "and I should hate to see it receive a slap in the face by the election of a Democratic Governor of Oregon. That's what it would mean, and it would be heraided as such all over the country, especially since Oregon is the first state to vote in a state election. I believe the election will be close in Baker Mr. Furnish should and will receive loyal Republican support, although I fear there will be some scratching. On a strict party vote, the county should show about an equal strength of the two parties. I be-lieve that the Republican Legislative ticket will be elected. John L. Rand is a very strong candidate, and I believe he will defeat State Senator William Smith. Mr. Rand has a strong personal following in Baker, Malbeur, and Harney, that will vote and work for him irrespective of politics. I am also confident that the Republican nominee for Representative from Baker, George Chandler, will defeat J. H. Robbins in a close race. The ma-J. H. Robbins in a close race. The ma-jority of the Republican county ticket will also be elected. As for Mr. Butcher, of Baker, who is running for Congress, be will probably receive some complimentary votes in this county, but no one thinks for a minute that he will touch sides or bottom of beating Williamson in his race, Williamson will defeat him, and defeat

I have no doubt that Mr. Furnish will poll his full party vote in Baker," said Frank L. Moore, a prominent Republican attorney and member of the Baker delegation to the Republican state convention "The election will be close in this county with even chances that Mr. Furnish will win out by a close margin. I knew Mr. Furnish when he was a poor man, and he was just as good a fellow than as he is He has accumulated wealth, but he is not excessively rich, and he has lost none of his personal traits because he had the executive ability to acquire a competence. Mr. Funnish has executive ability and will make a better Governor than the Democratic candidate, who is 'good fellow,' but lacks executive ca-acity. Mr. Furnish will give the state what it needs; a good sound administra-tion on business principles. I believe that the present is not the time to turn the administration over to the Democrats, to repudiate the National administration of President Roosevelt, and to brand the state with the Democratic mark. Mr. Furnish's election is essential to the welfare of the state, and I am firmly convince that he will be successful in the campaign. The Republicans have a good chance of electing the majority of the county ticket, and I am confident that the Legislative candidates will pull out ahead with neat majorities."

"Mr. Furnish will carry his party vote in Sumpter, which, however, is usually regarded as a Democratic strong-hold. I am confident that the Republicans will carry the county by a small mar-gin. National issues will have great weight in unifying the Republican strength, and polling a large vote for the Legislative ticket."

On the Democratic side there is not only fidence, but the party leaders are mak-predictions, as to the majority that the Democrate will carry the county will win the election by anywhere from 300 to 500 votes," said F. isn't so much of a 'good fellow' that he
would appoint a Republican to office if

lain without saying anything about it, and I expect a large silent Republican vote for our candidate. I am confident vote for our candidate. I am confident that State Senator William Smith will be re-elected as Joint Senator. Smith's stand on the Malheur county-seat question will not lose him any votes, as expected. The Vale people will be against him for that reason, but he will make up for it by the favor he has found in Ontario, because he favored the latter piace. Harney is about a stand-off. I expect W. F. Butcher to carry the county by a good majority. The Democrats are pleased with the county ticket, and it will carry more than the real party strength. The onduct of the whole campaign is characterized by interest on the part of the Democrats and apathy on the part of the Republicans."

"I believe the county will go Democratic by 150 votes," said George B. Small, of the Morning Democrat. "Both the Democrats and the Republicans have put up good men on their tickets, and there will be a great many straight ballots. Two years ago the offices were about evenly divided. I believe the Senatorial district will go Democratic by about 250 to 300 votes, and that Senator William Smith will be his own successor. He will carry both Harney and Malheur by neat majorl-Both candidates are popular. John L Rand is a good lawyer, a popular man and the strongest the Republicans could have put up. Senator Smith is also a strong candidate. Both will receive their full party strength. Senator Smith is now making a canvass of the Pan-Handle dis-trict, which I believe will go Democratic by about 100 votes. Both parties are making a stubborn fight on the Governorship, but I believe Chamberlain will run ahead of his ticket, winning by about 300 votes He has many personal friends here who are making his fight, Grant County, from the reports received here, will go Republican by about 150 votes,"

WANT PART OF RESERVE OPENED.

Petition Being Circulated by Settlers in Cowlitz and Cispus. CHEHALIS, May 21.—A petition is being irculated among the settlers owning land on the Rainier reserve in the Cowlitz and Cispus Valleys, in Eastern Lewis County, asking that all of the reserve lying in the two ralleys be thrown open to settlement. The reasons given in the petition are that the people who have settled upon lands within the limits of the forest reserva are widely separated from each other, and can have no hope of further settlement as long as the lands remain within the limits of the reservation; that the area of tax-able land is small, and the revenues arising therefrom are inadequate to build

FURNISH AT SUMPTER. Was Given an Enthusiastic Welcome by the Mining Men.

BARER CITY, May II.-A message from Sumpter says that W. J. Furnish, the Republican candidate for Governor, reseived an enthusiastic welcome there this evening. The meeting was held in Ellis Opera House, which was crowded to its atmost capacity. Judge W. S. Newbury, ex-Mayor of Portland, now a resident of Sumpter, presided. Mr. Furnish said he was very much interested in mines. having an interest in several Eastern Ore-gon properties, and if elected Governor he would use his best endeavor to have a bureau of mines established in this state, with an inspector to look after the welfare of the miners. Judge Crawford and Senator Fulton, also made addresses. Senator Fulton spoke for more than an hour, and he was frequently applauded. The music of the evening was by a ladies' quartette. Mr. Furnish and party will come to Baker City tomorrow, and he will speak here in the evening.
