HITS HIS OWN PARTY

C. E. S. Wood Not in Sympathy With Democrats.

CANDIDATE FOR U. S. SENATOR

Disapproves Personal and Defamatory Campaign Being Waged Against Furnish—Inclined to Believe Williams Will Win.

ASHLAND, Or., May 27.—C. E. S. Wood, whom the Democrats of Oregon have named on their state ticket as a candidate for United States Senator, was here this morning, en route to San Francisco, where he goes on legal business. He says he only returned a few days since from a several months' visit East, and has not been back long enough to have a clear opinion of the political situation, but that the preponderance of expressed opinion of others inclines him to believe that George H. Williams will be elected Mayor of Portland. He expressed no sympathy with the personal and defamatory campaign the Democrats are waging against Mr. Furnish. He believes a party should, when it has enunciated its principles, go before the people and plead with them, and not run away from them. Mr. Wood will not be heard on the stump for the party whose candidate he is for United States Senator, for he is a warm advocate of the "scuttle" policy in the Philippines, and would take a firm stand on that question should he address the people.

FURNISH TO HIS TRADUCERS.

Big Bomb Is Exploded in Camp of Some Umatilla Men.

PENDLETON, Or., May 27.—W. J. Furnish, Republican nominee for Governor, last night exploded a bomb in the camp of his enemies and traducers in Umatilla County. He branded as false and malicious the report that he exacted excessive fees while acting as Deputy United States Marshal, and referred in strong language to the charges that had been made against him while he was Sheriff of Umatilla County. He made the assertion that much of this vilification had come on account of defeated aspirations and jealousy. This was a shot at S. A. Lowell, which was well received. Mr. Furnish made these statements at the Republican demonstration in his honor, which was the greatest in the history of Pendleton.

Mr. Furnish also landed a telling blow upon the author of the charge that action would be commenced against him to recover for Umatilla County certain excessive fees charged when he was Sheriff were it not for the fact that such action was barred by the statute of limitation. He declared in strong and unequivocal language that such charge was absolutely false, and made for political purposes. He stated that the author of the charge knew that it was false when he made it. This was apparently directed to County Judge George A. Hartman, and met with approval. Mr. Furnish then brought down the house when he stated clearly and positively that he would waive the statute of limitation and pay any judgment that might be recovered against him and pay all the expenses of the action, provided that any judgment was rendered in any court of competent jurisdiction.

At the demonstration last night, there were 600 voters in line. The parade started from the corner of Court and Cottonwood streets a little before 8 o'clock, the Athena and Helix Cornet Bands having previously been discoursing music for nearly an hour. The line of march was to Water street, thence to Main, up Main to Webb, countermarch down Main to Court, thence to the Courthouse. There were probably 1500 people lining the sidewalks, while the air was full of shouts for many things pertaining to the candidates and to Republicanism. William J. Furnish, Republican candidate for Governor; A. M. Crawford, Republican candidate for Attorney-General, and State Senator C. W. Fulton, of Astoria, were in line. Every once in a while, as they passed along, there would be cheers for "Billy Furnish," or "What's the matter with Fulton?" "Hurrah for Crawford." At the Courthouse there was a perfect jam. It was simply impossible to get even standing room. Hundreds wended their way to the opera-house.

The meeting at the Courthouse was called to order by Hon. L. B. Reeder, Speaker of the last House of Representatives of the Oregon Legislature. In a speech of a few words he announced that it was not a duty, but an exquisite pleasure, to be able to introduce "the Slim Cayuse of Umatilla," meaning Mr. Furnish. That gentleman delivered his speech with considerable warmth, not only according to the thermometer, but from a personal and political standpoint. He promised what he would do after he had been elected Governor, and stated his position in regard to many points. Among other things he said he stood squarely upon the platform adopted by the Republican State Convention.

State Senator C. W. Fulton made a strong argument for the election of the straight Republican ticket upon political lines, avoiding personalities and sticking to the platform. Mr. Fulton is acknowledged to be one of the best public orators in the state, so it is only necessary to say that the speech was one of his best efforts and was received with applause.

A. M. Crawford, candidate for Attorney-General, was the first speaker at the opera-house meeting. His remarks were of such a character as to indicate that he knows his business and will fill that office acceptably. At this meeting also standing room was at a premium. Judge James A. Fee presided. Mr. Furnish was greeted with rousing cheers when he came in after having finished his speech at the Courthouse. He delivered the same speech here. Other speakers were J. W. Scriber, of La Grande, candidate for Joint Senator from Umatilla, Union and Morrow Counties; G. W. Phelps, candidate for Joint Representative from Morrow and Umatilla Counties, his home being at Heppner; C. E. McComber, candidate for Representative from Umatilla County. All these latter speeches were brief, owing to the lateness of the hour, but were nevertheless interesting and entertaining, the speakers appearing to advantage.

The visitors said it was the greatest political meeting that they have attended at any place where they have been during the campaign. It certainly made plain how Umatilla will vote next Monday for its favorite son. Mr. Furnish's majority will be something of which he may well be proud, as showing how he stands at home, where he has grown from boyhood to manhood, and is consequently best known.

Huston at Gales Creek.

GALES CREEK, Or., May 27.—S. B. Huston, of Hillsboro, addressed a rousing Republican meeting here this afternoon. On the platform were: Dr. Charles Hines, Hon. B. F. Purdy, Thurston Buxton, John Thornburgh and Hon. D. M. C. Gault. This was the first speaking during the campaign at Gales Creek. Mr. Huston says Washington County is safe in the Republican column by a good majority.

Republicans Hard at Work.

OREGON CITY, May 27.—State Senator George C. Brownell and the Republican candidates for county offices went to Beaver Creek last night and held an enthusiastic meeting. Senator Brownell spoke at Molalla tonight. Judge Gordon E. Hayes, who is stumping the county in the interest of the state ticket, made an address at Eagle Creek last night, and tonight he spoke at Springwater. Attorneys Charles H. Dye and C. Schubel will make addresses at Frog Pond Schoolhouse next Saturday night. As this is the last week of the campaign the Republicans are holding several meetings daily. The campaign will close with a big rally at Oregon City next Saturday night. Hon. J. C. Moreland, of Portland, will address the voters of Marquam next Saturday evening.

Chamberlain at Albany.

ALBANY, Or., May 27.—George E. Chamberlain, Democratic nominee for Governor, spoke in the city tonight to a large audience, while an overflow crowd was addressed in the street by W. A. Wann, nominee for Superintendent, and J. K. Weatherford, nominee for Congressman. This was Mr. Chamberlain's former home, and he was given an enthusiastic reception. Music was furnished by the bands of Albany, Shedd and Corvallis, the latter being accompanied by a special excursion party. Mr. Chamberlain confined his address to state politics, treating principally of taxation, flat salaries, his own and Mr. Furnish's official careers, Mr. Fulton, the initiative and referendum and his position on the Philippines.

Washington Sure for Furnish.

FOREST GROVE, Or., May 27.—Tonight in Vert's Hall here, Hon. Benton Bowman, of Hillsboro, addressed a large audience on the issues of the day from a Republican standpoint. He says Washington County is sure for Furnish.

FIND NEW OREGON MINERAL.

Corundum Discovered by Accident in Josephine County.

GRANT'S PASS, Or., May 27.—H. C. Perkins, a mining surveyor and engineer, and D. H. Stovall, of this city, have discovered corundum, a hitherto unknown mineral in Oregon, in the Slate Creek district, in northeastern Josephine County. Perkins and Stovall accidentally made the discovery of the corundum while examining a newly found copper vein in the Slate Creek Mountain. The locality in which the new discovery is located is a highly mineralized mountain ridge above Slate Creek, and is at an altitude of several thousand feet. The general formation of the mountain is serpentine, the corundum occurring in small veins, cutting entirely through the mountain. The corudum is found in its natural rhombohedral crystals, with tapering hexagonal pyramids, some of which are of large size and of good brilliancy.

In hardness, corundum is excelled only by the diamond. It is this qualification that gives the common variety its commercial value. In color, it is white, blue, red, violet, yellow and gray. It is the last four of these colors that are highly prized as gems, the blue being the sapphire, the violet the amethyst, the red the ruby or garnet, and the yellow the topaz. Only the white or more common variety of corundum has thus far been found in the Josephine discovery, with the exception of the garnet, a float crystal of which was found in the gulch below the point where the veins were uncovered.

The white or opaque corundum has considerable commercial value. Pulverized, it is used for polishing other gems, fine steel instruments, pointing tools and for glasscutters.

Groce, William O'Harn, Winfred Johnson, C. M. Martin, Mary J. Martin and R. M. Sanders. These 10 cases were dismissed by the Register and Receiver of the local land office on the ground that the evidence did not sustain all of the probation facts in the contestants' affidavit of contest. The testimony in the contests for the contestant was given by only one witness, John F. Watts.

A force of men is engaged in setting telephone poles between West Oregon City and Bolton, where an office will be established. The line will be in working order in four or five days.

STATE GRANGE CONVENES

DELEGATES FROM ALL PARTS OF OREGON AT SALEM.

Governor Geer Welcomes Visitors at Public Reception—Session Will End Tomorrow.

SALEM, May 27.—The Oregon State Grange, Patrons of Husbandry, convened in annual session in the Senate Chamber, through the courtesy of Secretary of State Dunbar, at 10 o'clock this morning. There are about 70 delegates in attendance from all parts of the state. The sessions are being conducted behind closed doors, and adjournment will be taken Thursday evening.

Today was devoted to the preliminary work of the convention, and included the reading of reports by the officers and the annual address by E. G. Leedy, of Tigardville, master of the State Grange. The election of officers and other business will be transacted tomorrow.

A public reception was held in the Senate chamber tonight, and there was a large attendance. Governor Geer delivered an address of welcome, to which Past Master R. P. Boise, of Salem, responded. In the absence of Mayor C. P. Bishop from the city, City Recorder N. J. Judah delivered an address on "Freedom of the City," being a supplemental welcome to that extended by the state's Chief Executive. To the latter's address, A. T. Buxton, of Forest Grove, state lecturer for the Grange, responded. The numbers on the programme were alternated with some splendid musical selections by some of Salem's best talent.

BIG TIMBER LAND DEAL.

May Mean Extension of Railroad on Puget Sound.

SEATTLE, May 27.—Sol G. Simpson and A. H. Anderson, representing the Simpson Logging Company, have closed the biggest timber deal of recent years by purchasing from John A. Humbird, for $125,000 spot cash, 6000 acres of land, the old millsite, mill and machinery of the Port Discovery Mill Company. Humbird represents the Weyerhauser Syndicate, of St. Paul, which owns thousands of acres of timber land in the state. All the land purchased lies in Jefferson County.

It is understood that Thomas F. Oakes, formerly president of the Northern Pacific Railroad, has obtained control of the Port Angeles & Eastern Railway, and will extend the line through from Olympia to Port Townsend. This would open a valuable timber territory. The Simpson Logging Company will reconstruct the old mill and give it a capacity of 200,000 feet of lumber a day. It will also build a shingle mill with a capacity of 400,000 a day.

STAMPEDE TO MINING REGION.

Fifteen or Twenty Men Race to Spokane Reservation.

LONG'S STORE, Cedar Canyon, Wash., May 27.—A stampede today to a ledge on the Spokane Reservation from Deer Trail Camp caused considerable excitement. Fifteen or 20 men, most of them employes of the Deer Trail mines, believing the reservation would be thrown open to settlement by Presidential proclamation before June 1, engaged every available horse and raced for a point near Sand Creek, about six miles east from Deer Trail, where there is said to be a great mineral showing. Mr. Van Horne states that assays he had made of rock from that locality went as high as 200 ounces of silver to the ton. The ledge may be traced for a mile. Several locations have already been made, so about all the lead, according to surface showing, is taken up. It is not known if the Indian police have removed the interlopers from the reservation.

His father was fireman there, and the boy had worked with him, but quit on the 21st inst. No reason is known for the suicide. It was an affecting scene when the father appeared at the morgue today and identified the body of his son.

Other charges were that the vessel's brig, where the men slept, was overcrowded and in an unsanitary condition.

He was alone at the time, so it is not known whether he was struck by the cable or one of the logs. His head was crushed and one of his legs broken. He was taken to Portland this morning, still in an unconscious condition.

ST. PAUL, May 27.—From all over Idaho telegrams are pouring into the railway offices here denying the accuracy of a telegram which appeared Saturday to the effect that thousands of men were in jeopardy along the Stites route to the Thunder Mountain gold fields in Idaho. UNDER TORRENS LAND LAW.

First Proceeding Instituted in Third Judicial District.

SALEM, May 27.—The first proceeding under the provisions of the Torrens land law, in the Third Judicial district, was instituted today in the equity department of the Linn County Circuit Court, by John Bayne, an attorney of this city. The applicant in the case is William W. Westenhouse, a young man of this county, who desires to register the title to 158½ acres in T. 10 S., R. 1 W., now occupied by Z. J. Clark. The application for registration of the land sets forth the name and address of the applicant, a full and complete description of the property to be registered, the name of the tenant now occupying the land, and the terms of the agreement under which he proposes to acquire ownership; whether there is any lien or incumbrance on the land; whether there are any other persons claiming title to the land, and further facts pertinent to the occupancy of the land by the applicant, all of which is subscribed to before a notary. Applicant asks the court "to find and declare the title or interest of the applicant in said land to be a fee simple estate therein; order the register of titles to register the same, and to grant such other and further relief as shall be accorded to equity." The case will come up for a hearing before Circuit Judge Boise.

The law authorizing this mode of procedure was enacted by the last Legislative Assembly. It is in operation in England and Canada. It has also been introduced in Illinois and a few other states, but has not been very generally adopted in this country.

PACIFIC CABLE.

Difficulty in Finding a Landing Place in Hawaii.

HONOLULU, May 21, via San Francisco, May 27.—S. S. Dickinson, the agent of the cable company which is preparing to lay a cable to Honolulu from San Francisco, is still making investigations to find a suitable landing for the cable here. He has found the approaches to the shore such as to make a landing difficult. The reefs rise very precipitously from the great ocean depths between the islands and entering channels are hard to find. Dickinson is still making surveys of the various beaches and reefs and has not yet decided where he will recommend that the cable be landed.

The gunboat Manila arrived here on the 17th. She left Manila for the Pacific Coast April 15, and called at Guam en route. HIGH WATER IN COLORADO

Flood Causes $300,000 Damage at Pueblo.

PUEBLO, Colo., May 27.—The damage in this city by the flood in the Fountain River last night is estimated at $300,000. The railroads are the principal sufferers. No through trains are running, owing to washouts and destruction of bridges. So far as known, there has been no loss of life, but some persons are reported to be missing. A heavy rain fell today all along the eastern slope of the mountains and delayed the work of repairing the railroad tracks and telegraph lines. No bridges are passable between Pueblo and Fountain. All trains are held at Pueblo. County and city bridges were damaged to the extent of $100,000, private property to $100,000 and railroads as much more. Fountain River is still beyond the banks, but no further damage is apprehended. Five hundred people are homeless. The street-car traffic in East Pueblo is shut off and cannot be resumed for many days. The Arkansas River is not yet out of its banks, but is rising rapidly.

The United States never has had such a treaty with Chile and some of the most notable defaulters and embezzlers from the United States have found safety in that country. The negotiations which led up to the drafting of this arrangement lasted several years.

MOTHER'S FRIEND

The Bradfield Regulator Co., Atlanta, Ga.

Miss Ditha Luce

President of Rose Lodge, No. 18, Order of Chosen Friends, Detroit, Mich.

"I want to tell you how thankful I am that I took the advice of my friends and tried your Wine of Cardui, after the best medical skill failed to alleviate my sufferings from suppressed and painful menstruation which I had suffered with for years. But relief came soon after taking your medicine and I continued taking it until I hardly realized when the menstrual period came. Every woman who is troubled as I was should certainly give it a trial and I am sure that she will soon be convinced of its efficacy."

WOMEN as a rule appreciate advice and are more apt to follow wise counsel than men are. No woman could fail to be thankful to anyone who would go to her and tell her how to be well. In fact, she would regard that person as a friend indeed. The friends who took Wine of Cardui to Miss Ditha Luce, of 213 Woodward Avenue, Detroit, Mich., can justly be called "good Samaritans" because they raised Miss Luce from the discouragement and despondency of terrible suffering. She thanks them from the bottom of her heart and is determined to pay the debt she owes to her friends and to Wine of Cardui by trying to help every other woman who suffers as she did. Any woman can do good by letting her suffering friends know of this great remedy for women. You can tell them that over 1,000,000 suffering women have secured health and happiness and that thousands of these cured women have written letters just like Miss Luce's letter. After trying to secure relief by other treatments and securing health by taking Wine of Cardui, Miss Luce is competent to advise other suffering women, and this she does in the simple straightforward words:

"Every woman who is troubled as I was should certainly give it a trial and I am sure that she will soon be convinced of its efficacy."

She means that every woman who is suffering the pains of irregular and painful menstruation may secure permanent relief by taking Wine of Cardui. This great medicine regulates menstruation and makes that function a health-giving relief instead of a harrowing torture. Bearing-down pains are quickly relieved in nine out of ten cases by Wine of Cardui. Ovarian troubles vanish when it is used. All these ailments with those dreadful accompanying weakening drains come from one cause and Wine of Cardui removes that cause and lets Nature build up the weakened parts without interruption.

Mrs. Eunice Smith, of Baldwyn, Miss., says:

"I have used two bottles of your wonderful medicine, Wine of Cardui, and it has done me more good than anything else I have ever tried. I am going to get all my friends to take it."

Mandia Adams, of Cordele, Georgia, writes:

"I have been using your Wine of Cardui and have felt very much benefited by its use so I take pleasure in writing you about it. I also recommend it to my friends who suffer female troubles."

If you go to your druggist today and secure a $1.00 bottle of Wine of Cardui you will begin to feel better within a week. With the plain words of these honest women before you can you want for a greater inducement to give Wine of Cardui a fair trial?
