WASCO HONORS HIN

Republican Rally at The Dalles for W. J. Furnish.

THE GREATEST IN MANY YEARS

Enthusiasm at a High Pitch—Fulton Makes a Strong Speech—Williamson Unavoidably Detained in Gilliam.

THE DALLES, May 28.—The greatest Republican rally that this city has seen for many years took place here tonight, when the Republicans of The Dalles turned out en masse to do honor to W. J. Furnish and Charles W. Fulton, who arrived here at noon. For an hour previous to the meeting, the clanging of anvils and the blazing of skyrockets, Roman candles and red fire made Second street lively, while the band stationed near Republican headquarters inspired the crowd. At 8:30 o'clock, the procession of prominent Republicans formed at headquarters and, preceded by the band, escorted the two speakers through the streets to the Baldwin Opera-House, which was already crowded. As Mr. Furnish and Mr. Fulton entered the opera-house, they were greeted with a burst of music and a tremendous ovation from those fortunate enough to secure seats inside the building. An enthusiastic crowd took up the cheering and occupied every possible corner of the hall. Upon the platform were seated prominent local Republicans, along with several visiting politicians from other counties. County Chairman Kuch presided and introduced Mr. Furnish, who was enthusiastically received. His quiet, forcible talk was much appreciated and frequently interrupted by applause. Following Mr. Furnish, Mr. Fulton spoke for one hour and a half. His splendid enunciation of campaign issues and arraignment of the opponents of Republicanism again and again elicited rounds of applause. He dwelt particularly on the Philippine question, finishing his speech with a stirring appeal to the voters of Wasco County to support the Republican ticket next Monday. At the close of the meeting a general reception was held by the two speakers.

J. N. Williamson, Republican nominee for Congress, who was also to have addressed the meeting, was unavoidably detained in Gilliam County.

WHY HE SHOULD BE ELECTED.

Williamson Is a Most Logical Candidate for Congress.

PRINEVILLE, Or., May 28.—The Republican Central Committee has addressed a letter to the voters of Crook County, giving reasons why J. N. Williamson, the Republican nominee, should be elected to Congress from the Second District. The statement is a clear and convincing one. It is made more than plain that the men who would grab the public ranges by legislation have ever had a strong foe in Mr. Williamson. The letter covers a number of other topics of great interest to the Second District. It follows:

No doubt, by this time every citizen has heard of the special effort that is being made in all the counties representing the Second Congressional district to give Mr. Williamson, the Republican candidate for Congress, the largest vote ever polled for that office in Eastern Oregon. Mr. Williamson stands as the champion of matters of vital interest to every stockraiser, business man and the laboring classes in this part of the state. His efforts are emphatically against the leasing of the public domain to incorporations, or to any one striving to monopolize what the public has heretofore been permitted to make homes on. The reason Mr. Williamson opposes so heartily the leasing of the public land is quite apparent. Mr. Williamson, though a successful stockgrower at present, is a man who has worked his way up, and would naturally like to see every other workingman enjoy the same good opportunities which he himself enjoyed under the United States Government. The leasing of the public lands would certainly be a hardship to the poor man, making it impossible for him to secure pasturage for his stock, while the rich man, or the corporations, could afford to lease the lands, and, consequently, shut out the poor, and have full control of the stock markets. Only a short time ago an attempt was made to pass an old bill for the leasing of these public lands by dressing it up in a new form. By this we are reminded of the necessity of having some one in Congress who will work for the interest of the people, and not be run by corporations.

It is also well known that Mr. Williamson is now and always has been a "sound money" man. While editor of a newspaper in Prineville, Or., he was one of the first to call attention to the ruin and mischief to follow a change from sound money.

Another matter of great importance to the Eastern Oregon people is the keeping open of the Cascade reserve for grazing purposes. Mr. Williamson took this question up with the Department of Forestry, and so well did he succeed that today thousands of sheep, cattle and horses are maintained there every Summer.

The stand he has taken on the different irrigation schemes has been for the settler. These schemes are corporation tricks to monopolize the best of the public lands and shut out thousands of homeseekers.

These few facts are brought to your attention not as a Republican, nor as a Democrat, but as a good American citizen who has the country's best interest in view. It is plain to us all that we need an active, energetic man who knows the real situation, and a man who will not hesitate to fight for the interests of the masses, and not for the few. That Mr. Williamson will do this every one who knows him personally or in a business way fully believe. The people of Eastern Oregon have shown their confidence by having him nominated for this very important office, and it now rests with the majority of voters to show, at the coming election, whether they want an advocate of the principles enumerated or a "calamity howler" to represent and fill this important office. There are many more questions we would like to call your attention to, but our time will not permit it in this letter.

Thanking you kindly, and trusting that you will give your vote to swell the largely increased majority we expect to give our next Congressman, J. N. Williamson, I am, respectfully yours,

W. A. BELL,
Chairman Republican Central Committee for Crook County.

DOLLIVER AT ALBANY.

Addresses a Large Audience and Makes a Good Impression.

ALBANY, Or., May 28.—Victor B. Dolliver, of Iowa, spoke in this city tonight to a large audience and made a good impression. He spoke along the lines of the present prosperity as the outgrowth of Republican principles. He declared that the present election was a vote on President Roosevelt's policy, denied the charge of imperialism, and asked for the indorsement by the voters of Oregon of the Administration's Philippine policy. He closed by paying a glowing tribute to the Republican party.

Fusionists Give Clackamas Up.

OREGON CITY, May 28.—The fusionists have lost all hope of carrying Clackamas County. This was demonstrated today. George W. Grace, the fusion nominee for State Senator against Senator Brownell, is making bets that Brownell will have less than 200 plurality in the county. These bets are being covered as fast as they are offered. Mr. Brownell is sure to have a large plurality. In Highland precinct he will have over 80 votes out of 114, and will carry many precincts that have heretofore gone Democratic. An enthusiastic rally was held at Logan tonight. Representative A. S. Dresser and Mayor Grant B. Dimick, of Oregon City, accompanied by the Maccabee Quartet, went out to Logan and made addresses there. The Republican candidates held a rally at Maple Lane tonight. Speeches were made by all of the candidates and great enthusiasm was manifested.

Closing Democratic Rally in Baker.

BAKER CITY, Or., May 28.—The closing rally of the campaign, so far as the Democrats of Baker County are concerned, was held at the Opera-House this evening. About 500 people were present, only the lower part of the house being occupied. Chairman Sam White, of the State Committee, was billed to speak with Senator Pierce, but he was called to Portland last night and could not be present. Senator Pierce also failed to come. Hon. J. E. Godfrey, candidate for State Printer; Hon. Thomas H. Crawford, candidate for District Judge, and Hon. Dell Stuart, of Portland, were the speakers. Mr. Stuart made the principal speech. He devoted most of his time to answering the statements made by Senator Fulton when he spoke here a week ago. His address was well received.

Joint Meeting at Salem.

SALEM, Or., May 28.—Prohibitionists and Socialists held a joint meeting at the City Hall tonight. Rev. Benjamin F. Wilson, of Chicago, Socialist lecturer, was the first speaker, and talked for an hour. He was followed by Rev. A. J. Hunsaker, of McMinnville, Prohibition candidate for Governor. R. R. Ryan, of this city, candidate on the Socialist ticket for Governor, also talked briefly. The meeting was not considered a joint discussion, each speaker being permitted to state his own case. The meeting was not held by prearranged plan. The Prohibitionists had engaged the hall for the evening, and the Socialists intended holding an open-air meeting, but the weather was unfavorable, and upon request of the Socialists the Prohibitionists agreed to share the hall and divide the time.

Josephine Republican by 300.

GRANT'S PASS, Or., May 28.—The Republicans say politics is moving along very satisfactorily in Josephine County. Last night they held a meeting at the Greenback mine, and the night previous at Placer, and had attendances of about double what the Democrats had at their meetings a few evenings previously. Speeches were made by J. D. Lee, E. V. Kuykendall and W. H. Hampton, and a great deal of interest and enthusiasm were manifested. From the best estimates obtainable this county will give the Republican state ticket 250 to 300 majority.

Total Registration in Marion.

SALEM, Or., May 28.—County Clerk Hall has completed the recording of all registrations for Marion County, and the discrepancy in the registering of electors is not as great as was expected. The total number to register was 5964. The number registering in 1900 was 6409, showing a falling off in the registration this year of only 445, instead of 1000, as had been estimated.

Republican Rally at Perrydale.

PERRYDALE, Or., May 28.—A Republican rally was held here last night. The principal speakers were J. N. Jones, candidate for Joint Representative from Polk and Lincoln Counties, and G. L. Hawkins, candidate for Representative. Several other candidates were in attendance and made brief addresses.

Anxious to Hear Dolliver.

FOREST GROVE, May 28.—A large number of people will go from this section to Hillsboro tomorrow to hear Hon. Victor B. Dolliver discuss the issues of the day for the Republicans.

EAST WANTS OREGON PRUNES.

Outlook For Italians This Season Is Very Encouraging.

SALEM, Or., May 28.—W. T. Jenks returned today from an extended Eastern visit in the interest of Willamette Valley Prune Association. Mr. Jenks visited Boston, New York, Chicago and Montreal, and reports the 1901 Italian prune crop as practically cleaned up. The market has been seriously injured by a great quantity of 1900 holdover consignment prunes, which have been dumped into the market in competition with the standard quality of goods, and the result has been a demoralized price for Oregon prunes. Mr. Jenks says the consignment business is very injurious to successful marketing of prunes and should be discouraged. He says Oregon Italian prunes are meeting with great favor in the East, and that there will be an increased demand for the product this year, with encouraging prospects for remunerative prices.

TO STOP SEATTLE'S JULY 4

SPOKANE MOVES TO BREAK UP BIG CELEBRATION.

Trades Council Takes Up the Row Between Union and Moran Bros., Shipbuilders.

SPOKANE, May 28.—The Spokane Trades Council, acting, it is said, upon the request of the Western Central Labor Union of Seattle, has made an endeavor to spoil Seattle's Fourth of July celebration, the main features of which is to be the laying of the keel of the battle-ship Nebraska, now being constructed by the Moran Bros. Company, shipbuilders. In an effort to break up the celebration, the Spokane Trades Council extended invitations to Governors Ezra P. Savage, of Nebraska, and Governor Henry McBride, of Washington, to come to Spokane and participate in the celebration here. Both of the invitations have been declined, on the ground of previous acceptance of the Seattle invitation.

The Morans and the labor unions of Seattle are at war. The Morans employ nonunion labor almost exclusively. Members of the Spokane Trades Council are exceedingly reluctant to discuss their part in the matter, but it is generally understood that the labor unions of Seattle, either verbally or by letter, requested the body here to invite Governors McBride and Savage to Spokane on July 4, in the hope that one or both of them would accept the invitation, and thus tend to cripple the "doings" at Seattle.

In his reply, declining the invitation to come to Spokane, Governor McBride assured the Trades Council of his friendship for and his belief in organized labor. He pointed out, however, that in going to Seattle his purpose was to pay due courtesy to a visiting Governor of a sister state, and that as Governor he felt it his duty to pay such courtesy. The Governor went on to say that in accepting the invitation he did not presume to pass upon the merits of the controversy between the Morans and organized labor.

A mass meeting will be held in the near future, at a time when the farmers of the county can be present to take a part in promoting the great Exposition.

"SOONERS" MUST MOVE OFF.

Police Will Again Evict Them From Spokane Reservation.

SPOKANE, May 28.—Indian police will make another round-up tomorrow of "sooners" on the Spokane reservation. Agent Anderson's red constabulary recently evicted between 300 and 500 claim-seekers from the forbidden land, but word came from the reservation today that the evicted men have been slipping back. In the last movement, 85 Indian police and specials were employed. The Spokane River forms the southern boundary of the reservation, and when the "sooners" were evicted recently they were marched to the river, and warned not to come back again. Since then they have been in camp in large numbers along the stream. The upper bridge, seven miles above the confluence of the Spokane and Columbia, is a favorite camping spot, but many "sooners" have been strung along the Spokane for 20 or 25 miles above its mouth. A number of exciting encounters arose in the recent eviction. Some of the "sooners" declared that they would not be driven off. There were gun plays, and some of the claim-jumpers were ejected by force. Fears are expressed that bloodshed may follow this second effort to drive them off the reservation, as many of the "sooners" are sullen and determined, and the Indian police are resolute.

The men are held to their purpose by all sorts of rumors. Some of them have said to be in receipt of telegrams advising them that the reservation had been opened by Presidential proclamation. The truth is the reserve is not likely to be thrown open for a year or more. The original bill proposed July 1 as the date, but objection was offered because the Indians, of whom there are 700 on the little strip, had not yet taken land in severalty, and the bill has been amended so that the opening proclamation cannot issue until all the allotments have been made. Well-informed persons say this will take at least a year.

"Persons who are hoping to take up good farming claims when the reservation is opened to general settlement are doomed to disappointment," said Hal Cole, agent of this and the Colville and Coeur d'Alene reservations. "The reserve contains only 153,600 acres. It is only eight miles wide at the broadest point, and from that tapers down to nearly nothing. There is not half enough good land to supply the requirements of the Indians. There are some desirable tracts along the Spokane River, with little patches through the mountains, but for the most part the land is worthless for farming purposes. The upland prairies are too frosty for anything but oats. Other parts are fairly good grazing land, and there is considerable valuable timber. The mineral deposits are an unknown quantity."

A large proportion of the "sooners" are prospectors and miners from the south half of the Colville reservation, but among them are many ranchers from the Big Bend country. The reservation lies about 30 miles northwest of Spokane.

FOR A GREATER OLYMPIA.

Representative of Development Company Outlines Its Plans.

OLYMPIA, May 28.—The Olympia Development Company gave a banquet last night at the Hotel Olympia to the state, county and city officials, business men of Olympia and members of the press. About 25 guests were present, and toasts were responded to by Governor Henry McBride, J. O'B. Scobey, President Allen Weir, of the Olympia Chamber of Commerce, P. D. Moore, Judge O. V. Linn, Deputy Insurance Commissioner J. H. Shively, and J. R. Chaplin, the resident representative of the company. Phil Skillman was toastmaster. In his response, Mr. Chaplin stated that $200,000 of the capital stock of the Olympia Development Company had been paid in, and he outlined the company's plan for establishing a large university in Olympia, and the company's purpose to offer bonuses and factory sites to legitimate enterprises in the building of a "Greater Olympia." The company owns 5000 acres of land near this city, which includes 10 miles of water frontage.

One man has donated a site, and the entire stock of the company, which will be capitalized at $40,000, will be taken by Aberdeen folk. Over half the amount required was pledged in a few hours yesterday, and the remainder has been asked for by one other man as a family investment. The new mill will have a capacity of 75,000 feet of lumber per day, and will be equipped with modern machinery. Construction will be begun as soon as the plans for the plant can be perfected.

WALLA WALLA, May 28.—Articles of incorporation of the Washington & Oregon Electric Railway, Light & Power Company were filed in the office of the County Auditor today. The capital stock is placed at $1,500,000, divided into 15,000 shares of the par value of $100 each. The life of the company is stated to be 50 years, and the trustees for the first six months are H. Mellmann and R. W. Bachrach, of San Francisco, and F. B. Romo, of Walla Walla. Walla Walla is to be the principal place of business, and the objects for which the company has been organized are to build, purchase, own, acquire, lease and operate street and interurban railways, to be operated either by horses, steam or electricity, besides the business of supplying general commercial lighting and power.

This is the company that has asked franchises from the city, and has planned for concessions from the Commissioners of Columbia, Walla Walla and Umatilla Counties. The financial backing of the organization has not been divulged, and it is stated by prominent business men that the organization is nothing more than an attempt to get valuable concessions from the city and county, with little or no cost to the promoters.

LUMBER FOR NEW LIGHT PLANT.

Portland Man Going Ahead With His Baker City Project.

BAKER CITY, May 28.—A. B. Frame, of Portland, who is to put in a light and power plant here, is advertising for bids for 1,250,000 feet of lumber to be manufactured from logs on Eagle Creek. The lumber, Mr. Frame says, is to be used for flumes and buildings, in connection with the new power plant on Eagle Creek.

There has been considerable speculation about the final outcome of Mr. Frame's electric light proposition. He secured a franchise from the city several months ago to construct and maintain an electric light and power plant. One of the conditions of the franchise is that Mr. Frame is to construct a power plant on Eagle Creek and use the water power for generating electricity. Not long since, Mr. Henry, who owns the controlling interest in the present light and power plant, made a proposition to the city to furnish light on reasonable terms, but his offer was rejected. Mr. Henry then offered to light the city one year free of charge. This offer was also rejected. The city has now decided to call for bids for furnishing 50 arc lights for street lighting purposes. Mr. Henry and Mr. Frame will both have a chance to bid, and it is the general opinion that the contest will be a lively one. The prospects for the streets to be lighted before long seem to be very good. The people are not so particular as to who furnishes the light, so long as the streets are lighted.

"OVERLAP" LAND CASE UP.

Action of Railroads Versus Settlers in Washington State.

SAN FRANCISCO, May 28.—The appeal of the United States of America vs. the Northern Pacific Railroad Company and the Northern Pacific Railway was argued and submitted today to Judges Gilbert, Ross and Hawley, of the United States Circuit Court of Appeals, United States Attorney Wilson R. Gay appearing for the United States, and C. E. S. Wood and J. A. Murphy for the settlers. The corporations were represented by J. B. Kerr. The United States Circuit Court for the District of Washington, western division, had rendered a judgment in favor of the corporations and against the United States. The question involved in the case is the right of the United States to certain lands situated in the western division of the District of Washington, commonly denominated as "overlap" lands. The suit was brought under direction of Attorney-General McKenna, July 24, 1897.

Takes an Overdose of Laudanum.

WALLA WALLA, Wash., May 28.—After taking an overdose of laudanum with suicidal intent, Walter H. Cooper, a former inmate of the county poor farm, died today. He was a comparative stranger, and no cause can be assigned for the deed.

Sold by Collector of Customs.

ASTORIA, May 28.—Six kegs and three cases of whisky which were seized as excess stores on the bark Oakland in 1897 were sold by Collector of Customs Fox today. The purchaser was the Chinese firm of Hop, Yik & Co., and the price was the amount of the duty, $2 25 per gallon. Twenty-three cans of seized opium were offered at auction by the Collector, but as no one would pay the amount of the duty, $3 per can, it will probably be destroyed.

Robber's Wound Proves Fatal.

BAKER CITY, May 28.—Frank Moore, colored, who was shot while trying to rob two miners on a freight train between here and Huntington, Sunday night, died yesterday morning at 7 o'clock. Coroner Snow held an inquest over the remains of the colored man, yesterday, the verdict being that he came to his death from the effect of a gunshot wound inflicted by a bullet from a 45-caliber Colt's revolver. Nelson, one of the men the negro attempted to rob, says he fired at the man with a revolver of that description. Nelson will have a preliminary hearing as soon as he is able to leave the hospital.

"Out of Sorts."

Nothing tastes good. Nothing gives pleasure. The mind is dull and sluggish. The will is weak. Little things cause great irritation. What's the matter? The probabilities are that the stomach is deranged and the liver involved.

Dr. Pierce's Golden Medical Discovery makes a man who is run down and dispirited feel like a new being. It cures diseases of the stomach and other organs of digestion and nutrition, stirs the sluggish liver into action, and increases the activity of the blood-making glands, so that there is an abundant supply of pure, rich blood.

Mr. Edward Jacobs, of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again, the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.
