BRYANISM TO REAR

Eastern Democrats Want to Raise New Issue.

TRUSTS AND TARIFF IN FAVOR

Olney Is Expected to Draw Up Platform-Bryan Will Hardly Accept It, and Then There Will Be War.

WASHINGTON, May 20 .- Efforts are be ing made by the element of the Democratic party which was not allied to Bryanism to secure a new declaration of principles so as to eliminate the Kansas City platform. It will be difficult to get the Democratic caucus to Indorse such a plan, as many Southern Demograts and the Bryan element seem determined to keep the Kansas City declaration as long as it is popular in their districts. But the Eastern Democrats want something that will give the Gold Democrats assuronce that a Democratic victory is not a triumph for Bryan, free silver and other victous ideas of the platform c* 1896 and 1900. It is expected that Richard Olney will draw up a declaration of principles to supersede the Bryan platforms, but there is no assurance that Bryan will accept the Olney proposition. If he does it will mean a merry war in the organization here, and will discredit Cable, Harmon, Shepherd, Quincand other Democrats of the Cleveland school, who have been added to the campaign committee to encourage Gold Democrats to return to the fold.

Trusts and tariff, it has been decided, will be the better campaign slogans than attacks upon the Army, anti-expansion and the old Bryan theories. spite of anything the men who have taken charge of the campaign may do, the onslaught upon the Army and the declarations in favor of "scuttle" in the Philippines has committed the Democrats beyoud hope of change. Democratic success will mean indorsement of Democratic ideas which prevail in this Congress. It is not the Olneys, Cables, Harmons and Quincys who will rule, should there be a Democratic success this year, but the Southern members of Congress who will be a majority of the caucus, and who will control the committees in the House. A shrewd Republican observer said today that the Democrats are so anxious. to regain power that they may even consent to sidetrack the issues which have been made by the party in Congress, but anything like a Democratic gain anywhere will be held as an indorsement of the anti-expansion issue, and will be heralded by the antis everywhere as the first move toward hauling down the flag in the Philippines.

TAFT MISSION TO ROME.

Said to Have Every Prospect of Suc-CCEN.

LONDON, May 31.-Cabling from Rome the correspondent of the Daily Chronicle says the Taft mission to Rome has every prospect of success. The vatican is willing to allow the monasteries and convents in the Philippine Islands to be under civil law, and it will permit the expropriation. of their property. The American Govern-ment, continues the correspondent, will authorize the creation of new dioceses in nes, to be under American bishops only.

Governor Taft at Naples;

NEW YORK, May 30.—Bishop O'Gor-man has telegraphed from Naples to the papal secretary at the Vatican announcing the arrival of Governor Taft, says a Rome dispatch to the Tribune. Governor Taft received a visit from Ambassador Meyer and several officers of the squad-ron at Naples, who met him in the Philip-pines. Bishop O'Garman reported to him pines, Bishop O'Gorman reported to him the situation in regard to the Philippine question at the Vatican since the Governor left New York, giving an account of the result of his conferences with Cardinal Rampolla.

STRIKE AT CHICAGO. Packers at the Stockyards Refuse

to Recognize Union Labor-Attacks by Strikers.

CHICAGO May 30.-Chicago began to realize today that a meat famine is im-minent. Butchers who have bought of the packers fighting the striking stock-yards teamsters lost their ice supply. Restaurants were in straits to procure choice meats. President Young, of the Teamsters' National Union, declared the strike would be backed by union labor and won, if it took five years. Chicago has practically abandoned the hauling of meat from the yards. All meat wagons sick her that go out are followed and traced. A few wagons leave the yards under heavy police protection. Monday a joint coun-cil of the local teamsters union will be aid in part;

A POINTED LETTER-SOMETHING ABOUT ONE T. T. GEER.

SALEM, Or., May 30, 1903,-(To the Editor.)-Myself, as well as hosts of other farmers of this state, believe that The Oregonian is giving too much notice to the importance of one T. T. Geer, of Marion County, as a political factor in this campaign. I am told by many who are not farmers and who reside in the cities and towns of this state that he assumes and arrogates to himself the scie representative of the agricultural class, and that we are greatly displeased and disgruntled and will bolt the Republican ticket on next Monday on account of the party refusing to keep him in office.

This is certainly a wrong impression, and I hasten to deny it for other farmers of this state as well as myself.

I can assure your readers positively that the farmers of this state have no such interest in the welfare of T. T. Geer, to the extent of keeping him in any office, much less the Governorship of this commonwealth. Why should we? In what respect does he shine that he reflects credit upon the farmer?

By whom has he been pronounced a successful farmer that he may ose as a model representative for men engaged in our occupation? I resided many years in Marion County, know T. T. Geer well, and only know of him as an office-seeker and not as a successful farmer, Why, he has even sought and obtained a clerkship on some trifling committee during a legislative session, after having served as a member of the Legislature from Marion County. Do you think that that sort of conduct comports with a successful farmer? Is not such eagerness as this for petty office beneath the dignity of a successful farmer? Does any man in Marion County know of any petty office too small for T. T. Geer to take in preference to work upon a farm? I will say right here that T. T. Geer is an office-seeker at all times, and does not represent the farmers of this state, and you can depend upon it that the farmers of this state are interested in the success of the Republican party and not in the personal ambition of T. T. Geer to be retained in office. We are not in the least disaffected at his overthrow and will continue to vote the Republican ticket, notwithstanding the claims of a few appointees of the Governor's office that their jobs are in danger. It is claimed also by one of his appointees that he should have been renominated, if for no other reason that the fact that he is the tallest man in Oregon. Is this a tangible argument? SILAS R. GRANDSTAND BURNED. Hundred-Thousand-Dollar Fire at Hawthorne Track,

CHICAGO, May 30.—The grandstand at Hawthorne track was destroyed by fire this evening half an hour after the last race of the day had been run. Nearly every one but the employes had left the track. The fire started in the cupola of the main building, and gradually worked downward, giving ample time for saving the horses in the paddock.

Before the fire was under control, the paddock and betting ring were in ruins. The loss will exceed \$100,000. Seven days of the present meeting remain. Arrange-ments were made tonight with the Harlem race track officials whereby the rest of the Hawthorne programme, beginning to. morrow, will be run at Harlem. New buildings will be erected for the next meeting, which will commence the latter part of July.

"Chicken Pete," a hanger-on at the track was killed during the fire and see

Minton, of California, who was Moderator of the Presbyterian General Moderator of the Presbyterian General Assembly held a year ago in Philadelphia, will preach next Bunday in the First Presbyterian Church of this city, and it is understood will be called to accept the pastorate of that church. It is also understood that Dr. Minton will accept the act.

Too Great a Risk. In almost every neighborhood some one has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is two great for any one to take. Kansas Miners May Go Out. PITTSBURG, Kan., May 30.—The min-ers convention here has made but little progress in the consideration of the grievances against the operators. All sessions are being held behind closed doors, and what new is recommended. doors, and what news is given out comes doors, and what news is given out comes through a censor. The present conditions are very unsatisfactory to the miners and a schedule of wages is being prepared which will be submitted to the operators next Monday. Tonight the miners wirled to National President Mitchell, offering to give full moral and finan-cial aid for the strikers in the anthracite fields. It is hardly believed here that the miners will favor a sympathetic strike with the Eastern miners, if the differences can be adjusted in Kansas Missouri. In case the demands are not granted by the operators next Monday, it understood the miners will order a general Western strike.

Hotel and Restaurant Employes. DENVER, May 30.—The annual conven-tion of the United Association of Hotel and Restaurant Employes today adopted resolutions favoring independent political action by labor organizations and advo-cating the establishment of the co-opera-tive commonwealth. Provision was made for the reference of this action to the local organizations of the association for ratification. H. B. Waters, of Denver, was elected president, and J. B. "In the first place," said Mr. Thomas F. Coleman, an engineer, living at No. 417 Post street, Salt Lake City, Utah, "before I tell you of my narrow escape, I will say that my position is a hard one. Not only are the hours long-sometimes I am obliged to work 24 to 35 hours at a stretch without any rest-but there is a continual strain of responsibility at-

"Now this strain and lack of rest had begun to tell upon me. I began to have sick headaches. I grew nervous and every little thing bothered me. Then I became irritable and could find no comfort in anything. Very often a dizziness would come over me, I would feel so faint that I could hardly hold my head up, and with it all came loss of appetite and restless, wakeful nights. I was so worn out that I was wholly unfit for my work,

"But I'm in good shape now," went on Mr. Coleman. "I suffered as I described to you for about three years, and during that time took prescriptions by the score from some able physicians, but nothing gave me more than temporary relief. All this time I was unfit for work, and, as I became more and more run down in health, I grew more and more discouraged. Then I saw Dr. Williams' Pink Pills for Pale People advertised in a newspaper, and in August, 1900, I began taking them. I got relief after a few doses, and five boxes cured me."

Nervous strain and hard work are the causes of much sickness. The system becomes run down, the nerves racked and the blood becomes poor. The power of Dr. Williams' Pink Pills for Pale People in the vast number of diseases due to derangements of the nervous system or to impure blood has been demonstrated in thousands of instances as remarkable as that of Mr. Coleman.

It is a well-established fact that Dr. Williams' Pink Pills for Pale People are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous hesdache, after-effects of the grip, palpitation of the heart, pale and sallow complexions, and all forms of weakness either in male or female. At all druggists, or direct from Dr. Williams Medicine Co., Schenectady, N. Y., 50 cents per box; six boxes for \$2 50.
