FUTURE OF CAPE COLONY

DIFFICULTIES LIKELY TO CON-FRONT THE BRITISH.

If the Constitution is Restored the Afrikanderbund Will Dominate the Situation.

LONDON, May 30,-In connection with the resignation of Dr. J. W. Smart, Commissioner of Public Works, from the Cape Colony Cabinet, which was announced from Cape Town yesterday, an interesting sidelight of the difficulties likely to con-front the British administrators of South Africa after the conclusion of peace is furnished by an article which will be published in tomorrow's Empire Review, the editor of which claims to have excep-tional sources of information.

writer of the article points out that The Cape Coloney will present a most serious problem after the close of hostilities. The province, which is nominally self-govern-ing, is now deprived of a constitution, is under military law and is honeycombed with dieloyaky from end to end. The author of the article declares further that if an attempt is made to restore the con-stitution, the Afrikanderbund will surely dominate the political situation, and that campaign speeches will fan the existing race haired to a worse state than before or during the war. The only safety for the whole of South Africa, according to the Review, lies in smothering the last spark of sedition and in transforming the Cape to a crown colony and governing it on that basis for several years to come. Speaking at Leeds tonight, Lord Rosebery advised the leaders of the Liberal party to postpone the announcement of the programme until there is some imme-diate prospect of getting it carried out. Lord Rosebery said the first and greatest question before the public is peace, which he believes will be announced in a few days. He said he hoped that all might be able to support the government's policy of pacification, but warned his hearers that the Ministry is not concluding peace with a crushed foe, to whom no further attention need be paid. The speaker said he hoped the government would be wise enough to adopt a generous policy and convert brave foes into brave friends, This certainly could not be done, said Lord Rosebery, on the lines heretofore sketched by Lord Salisbury, the Premier, tems, in other. who said: "A resolute government might be required for generations." Referring to the present financial policy

of the government, Lord Rosebery said he thought the tax on corn was a prelude to a sort of gollyerein throughout the em to a sort of monverein throughout the en-pire. He said he could not summarily dismiss any proposal for the closer union of the British Empire, but the advantage must be demonstratedly great to justify such a departure as a gollverein would necessitate and that this departure would mean giving up the control of Great Britain's financial system to the British colo

LONDON, May 31.-Lord Rosebery's speech at Leeds last night, in addition to confirming the imminence of peace in South Africa, was a strong attack on the government because of the education bill and the grain tax, and in this respect it is regarded as bringing him still further into line with the Liberais. The Morning Post, Conservative, in its issue this morn-ing, says: "It is the speech of a leader, and the most effective attack which has hitherto been made upon the government. The latter would be prudent to take waraing thereby."

Kitchener Ready to Resume. LONDON, May 30-The government has not yel, resolved the decision from the Boer conference at Vereeniging, Trans-vaal, which was expected today and which was to snable Mr. Balfour, the government leader, to make his state-ment concerning peace next Monday. A dispatch received here from Pretoria says that the British columns in South Africa that the British columns in South Africa especially the horses, have been greatly benefited by their long rest. All preparations have been made, says the dis-patch, and Lord Kitchener will again take the field if there is any delay the acceptance of Great Britain's terms by the Boers. In the meantime, prepar-ations are being made for the repatriation of the Boer refugees upon the termi-

THE DEAL WITH SWEEK INCLUDES THE GOVERNORSHIP

The conspiracy between the Police Department and the District Attorney, looking to support of the fusion ticket by the slums of Portland, has become so universally known and understood that all pretense at denial has been abandoned. Every voter knows exactly the effect of his action as to Mayor. It has been arranged that Mr. Inman is to receive the "wide open" vote, in return for concessions that are to be made the thieves, gamblers, rumshops, prosti-tutes and pimps of the North End. Meanwhile vice holds high carnival in the various disreputable quarters of the city. There is no fight upon it by the police force, which is "standing in" to elect Inman. There is no concern in the District Attorney's office, which is concerned only in the success of the con-

spiracy. As to the reception of this nefarious undertaking, so far as it relates to the Mayoralty, there can be little doubt. The decent element of the community will vote for Judge Williams. It is sufficiently understood that the chief engineer and promoter of the enterprise is Aleck Sweek, who aspires to be the boss of the allied official and "wideopen" alliance-a sort of Richard Croker on a small scale, in whose hands Mr. Inman, so far as the regulation of vice is concerned, will be easily controlled. The perpetration of this alliance will be sufficient notice to the law and order

wireless telegraphy has reached an inter-osting stage. The Aligemeine Elektri-citaets Gesselleschaft, the owners of the Binby-Arso system, made a legal test of the Braun patents by bringing an action against the Slemens-Halske Company, and today the court handed down a decision sustaining the Braun claims. It is be-lieved this suit will go to the Supreme Court of the Empire at Leipsic. If this latter confirms the decision, the Braun system will be the only system of wire-less tolegraphy bacting rights in Germany. less telegraphy having rights in Germany. It is believed that such a decision by the Supreme Court would prepare the way for co-operation between the two sys-tems, in which one would supplement the COLONEL DONAN RESIGNS

Spanish Politician Makes Trouble.

PARIS, May 30.-It is announced in a dispatch from Madrid that Senor Sabrin dispatch from Madrid that Senor Sabrino Arana, leader of the Biscayan Nationalist party, sent a long cable message to Pres-ident Roosevelt, congratulating him on the establishment of the republican gov-ernment in Cuba, and that the Spanish censor suppressed the message. It is fur-ther asserted that the Spanish govern-ment ordered the prosecution of Senor Arana, and that President Roosevelt has "instructed the United States Legation at Madrid to ask for explanations."

WASHINGTON, May 30.-Official circless here are ignorant of the matters stated in the Madrid dispatch to the Patrie. The President has not instructed our le-gation at Madrid to ask for explanations of the reported course of the Spanish government toward Senor Arana; and, in fact, the administration is without any information concerning the alleged pur pose of Senor Arana to send a congratu-latory cablegram to the President and its frustration by the Spanish government.

Successor to Corrigan.

Successor to Corrigan. ROME, May 30.-The statement pub-lished by the Daller Mall, of London, that at the consistory to be held June 9, the Pope will name Archblishop Keane, of Du-buque La, to succeed the late Archblishop Corrigan, of New York, is without foundation in-fact. It appears now to be extremely improbable that the Pope will depart from his customary practice of ap-pointing an Archblishop's successor from among the clergy of the diocess in which among the clergy of the diocese in which

the vacancy occurs. It is expected that three candidates will be Bishop Charles McDonnell, of Brooklyn; Auxiliary Bishop convention of the Rallway John M. element of the city to defeat Inmar

and elect Williams. Portland is not yet ready to be Tammanyized. But the full duty of the voter does not stop with the Mayoralty. It extends to the head of the ticket. One of the principal beneficiaries of the deal, as he is also one of its principal contracting parties, is George E. Chamberlain, who is thus employing the office of Public Prosecutor to raise himself to Governor. The words of waming recently addressed by the New York Journal to District Attorney Jerome, of New York, are fitting here-"No man ever raised himself to the Governorship by the back door of the saloon." It becomes the duty of the intelligent and conscientious voter to set the seal of his disapproval upon, this miscon

duct of the District Attorney. He has gone too far. He should be taught in unmistakable terms that there are things which even in good-fellowship cannot be forgiven. A good, clean man, with no entangling alilances with vice and crime in any form is offered the suffrages of the

people by the Republican party for the office of Mayor and also for the office of Governor. The ballot is a solemn thing, and its exercise should be sol-emnly discharged. Alone with his conscience in the election booth, every selfrespecting man should mark his ballot for George H. Williams and William J. Furnish

HON. MICHAEL HENRY HERBERT MAX BE AMBASSADOR.

Now Secretary to the British Embassy at Paris-His Official Career.

LONDON, May 30 .- Hon. Michael Henry Herbert, who is nominally Secretary to the British Embassy at Paris, will prob-ably be the next British Ambaseador to the United States in succession to the late Lord Pauncefote. Mr. Herbert's ap-pointment will probably not be announced until the remains of Lord Pauncefote arrive in England. The only question in regard to Mr. Her.

bert's selection is the approval of King Edward. The Associated Press under-stands that His Majesty is taking a keen personal interest in the matter of Lord Panneefote's successor, but he will not be asked officially to confirm or disap-prove the candidate of the Foreign Office until the period of time during which the government pays respect to the late Lord

there. Mr. Herbert's marriage with Lella, daughter of Richard T. Wilson, of New York, as a result of which he became closely related to the Vanderbilts, the Og-den Goelets and the Astors, will not in any way interfere, according to opinion here, with his thefulness as Great Brit-nin's Ambassedor at Washington. Mr. Herbert's record at Washington as Charge d'Affaires in 1888 and 1859, and as Scoretary to the British Legation there in 1892 and 1893, and his work as British agent on the Venezuelan Commission, eminently fit him, so official, bellef in-clines, for his proposed new and important duties. closely related to the Vanderbilts, the Ogduties.

KING EDWARD'S BIRTHDAY. Officially Celebrated in London Yes-

terday. LONDON, May 30 .- The birthday of King Edward, who was born November 5, 1841, was officially celebrated today, it having been decided, as announced in the official gazette, April 15, that His Majes-ty's natal day was to be celebrated in

London and on the home stations May 30, as being the most suitable to make a military display. On the other hand, foreign stations will celebrate it November 9, the actual anniversary of his birth. General interest in the celebration was apparently not seriously diminished by the expectations of greater series of events surrounding the coronation. The towns throughout the kingdom were gally decorated and the shipping at the various ports made the gayest display of bunt-

ing. The day was observed at all the home military and naval headquarters with parades and salutas. The chief celebration was the ceremony of "trooping the colors," on the Horse Guards parade here, and the presentation of colors to the new Irish Guards. Stands covered with crimson cloth were erected on three sides of the parade grounds, and were oc-cupied by thousands of privileged spec-tators, including the United States Am-bassador, Joseph H. Choate, and Mrs. Choate, and the Secretary of the United

States Embassy, Henry White. Thou-sands of other persons were grouped closely around the lines of sentries. The
