All's well that ends well. Whatever may have been the feeling of the Pertiand fans during the first part of yesterday's game, no matter how many noments of anxiety and disappointment they were obliged to undergo, even if their hopes were about crushed to death because of Tacoma's lead of the first four innings-all was forgiven in the sixth when Muller, Deisel, Anderson and Hupp were sent across the plate and landed the game for the local team. Score 8-6.

If it is a divergence of opinion that makes the excitement of horse racing, 4t is uncertainty that gives life to baseball; and uncertainty was what the Portland fans had in the earlier part of the

The game was not a model exhibition of baseball. Tacoma made many bad errors and Portland a few; Whitbeck was touched up for a string of hits and Johnson fared but little better. But when Tacoma commenced soaring skyward and Portland started its run-getting, the excitement ran high and the grandstand shock so that the official scorer could not steady himself long enough to chalk up the hits and errors, and the press representatives' notes looked like earthquake recorders.

## Tacoma Started Out Strong.

Tacoms started out etrong and at the end of the first two innings had a pair of deuces on the score board to their credit. These were made off five hits, including two doubles, an error by Detsel which opened the game, and a pass. In the third and fourth a pair of aces were added to the hand on the board-but this grand total of six was the extent of the Tigers' happiness.

Meanwhile Portland had drawn anothe two deuces from the deck, in the third and fourth innings. The first was made by Anderson getting a base on balls and Hupp following with the flukiest kind of me run. He sent the ball out to center field, where it should have been handled in time to have kept him from passing the second station, but Letcher was slowness personified and did not get after the ball until it was out in the mediate vicinity of the score board. The second two were made without the assistance of a single hit. Errors by Johnson, McCarthy and Hutchinson and base on balls being responsible for both

## Portland Wins in the Sixth.

The big event came off in the last part of the sixth. Max Muller started out by putting the ball in center field for a Letcher handled it in poor form and Muller traveled around to third. "Pretzel" Deisel followed with a hit that brought Max across the rubber. Van Johnson, much disgusted at his support, easily connected, and the left infield the issued a pass to Anderson and filled the home team was weak. The score: Amid cries for a home run, Hupp came to the bat. He sent the ball along the line to the first base and Swindella put him out, and Detsel came in and tied the score. Weed's long fly to left brought in Van Buren, and Anderson came home on a hit by Mahaffey. Mahaffey was caught at sec-

After that both teams settled down to good ball playing, and there was nothin' doin' in the line of run-getting for the remainder of the game. Muller was back in the game again yesterday, but in the seventh inning he caught his bad ankle seventh inning he caught his bad ankle under the bag in attempting to steal third and had to be carried off of the field. Engle took his place in left field. Buren's running backhanded, lefthanded catch of Hutchinson's long fly to center field was the fielding feature of the game.

Thursday's postponed game will be played this afternoon (weather permitting) and if the smiling, good-natured Jay Goul Andrews cannot shake the hard luck from his bunch, the Tacoma Tigers will leave tomorrow night with about five straight defeats at the hands of the Webfeet, and a running string of ten defeats. "His Chickens" Mr. Pisher is suffering from a severe injury and may be out of the game for several weeks to come. The score: PORTLAND.

Record-breaking, or so-called record-breaking, has degenerated into a farce in athletic circles throughout the Pacific Northwest. Every time an athlete makes Northwest. Every time an athlete makes fast time or good distance in field meets of any kind, his admirers go wiid and the newspapers of his locality tell in startling headlines of a wonderful feat for which a new Northwest record has been allowed. Particularly is this true at the University of Washington, where records are handed out with a rapidity that is, in-deed, astonishing. The University of Washington athletic team has just returned from a tour of the Inland Empire, and the Seattle newspapers are ful

of the wonderful performances and ex-cellent records made by certain repre-sentatives of the "windy 'varsity." For the benefit of those who are interested in track athletics, the following official records of the P. N. A. are 100-yard dash-A. L. Fuller, M. A. A. C.

ell and Cheek, of Culifornia. The records for the quarter and half mile, held by Payne, were made on the M. A. A. C. track, in the Oregon-Multnomah games a year ago, and are unquestionably cor-rect. Kuykendall's record of 23 seconds was made on the M. A. A. C. track in 1808, and was equaled by Payne in the recent Oregon-Multnomah meet. The latter's record cannot stand, however, as his lane was 18 inches short. Kruegel's time, 4:28 1-5 for the mile run, is probably correct, as are the 100-yard records of Higgins, Caulkins and Pearson. The latter, and Chestnut, another Washingon man, have been credited with "even ime" in the 100-yard dash, but there is no likelihood that such figures are cor ct. Chestnut has been beaten time ad again in 0:10 3-5, and disinterested parties who held watches on Penrson is his alleged 10-second runs, may that he cannot beat 0:10 1-5 under the best of circumstances

Great Interest Is Taken by Experienced Horsemen in the Amateur Sport-Notes of Horse World.

The weather of Saturday, which caused the postponement of the meet of the Portland Hunt Club, made the racing men of the city feel as if they had taken the wrong end of a 20-to-1 chot. It was not hat they expected that any records would be broken, or any bets would be madeexcepting that Lazarus could not clear all the barricades without kicking a fern -but they wented to see some clear ama-teur heats, and they were sorely disappointed when the meet was declared off for one week. The interest taken in the meet, by the way, shows that the owners and managers of the big racing stables recognize the fact that amateur racing contains instruction as well as sport. # COLLEGES FAIL TO AGREE.

Pacific University and Pacific College Fall Out Over Discus Throw. NEWBERG, June 1 .- The track athletes

of Pacific College are considerably dis-gruntled over the treatment received at the hands of Pacific University in Forest Grove, on May 24. A dual field meet had been arranged between the two institutions, and the local team journeyed to Forest Grove to participate in the sport. Upon going on the field Captain Heater was informed that Pacific University wished to add the discus throw to the or-der of events. The Newherg boys objected to this, as they had never practiced with the discus, and they believed that adding such an event would give Forest Grove an unfair advantage. Captain Heater steadily refused to allow the discus throw to be included, and Manager Gibson, of Forest Grove, declared that his team would not participate in the meet unless the disputed event be included. No agreement was reached, so the meet was called off. The Newberg boys say they never dreamed of having a discus throw until they arrived in Forest Grove, where they were treated in a most unsportsmaplike manner.

North Yakima Won, 7 to 6. NORTH YAKIMA, Wash., June 1 .-Owing to a decision of the umpire, the "Hoppickers" won today's ball game from the Daytons by a score of 7 to 6. It was not until the seventh inning that Dayton got a hit off Jewett, while four hits, including two doubles and a triple, had been lined out by the Yakimas, the score being 7 to 1 in favor of the home team. the ninth, three hits, one of which was a triple, were made by the visitors. These, with the help of errors, netted four runs. A dispute arose as to whether a base-runner left his base before a fly was dropped, but the umpire called the Dayton runner out at the plate. The tally would have tied the score.

Probably four American jockeys will ride in the race—J. H. Martin, on Ard Patrick; Jenkins, on Foul-ing Piece; Spencer, who will wear the Heene colors on Kearsarge, and J. Reiff, who will carry William C. Whitney's colors on Intruder. Reiff is retained by M. Callaut, the French racing magnate, who has permitted Mr. Whitney the use of Reiff's services for Wednesday next.

As to City Engineer. PORTLAND, June 1 .- (To the Editor.)-It is interesting to the property-owners who were obliged to pay for some of the worthless but expensive street improve-ments and badly planned sewers, constructed under the supervision of the fusion candidate for City Engineer when he was Superintendent of Streets, to be told of his "fitness for the office." The first improvement of Third street and Washington street with bituminous paving are notable cases.

The Holladay-avenue sewer system is another instance. Many thousand feet of sewers outside of the district and un-taxed have had to be run into this main because Nature will not admit of it being run anywhere else. "Skill and experi-ence" were factors in "these engineering problems" of the city which were demon-

strated to be lacking at that time. Such old stock phrases as "life and strength of materials," "stresses and strains of bridge timbers," "resistances of pipes," "forces of water," etc., dug out of some engineering work for the occasion, are intended to mislead. A TAXPAYER.
