

A DAY ON THE RIVER

T. P. A.'s View Scenery on the Columbia.

DELIGHTFUL EXCURSION MADE

Visitors Are Enthusiastic Over the Grandeur of Oregon's Fallades and the Beauty of the Waterfalls—Evening Work.

TODAY'S PROGRAMME OF THE T. P. A.

9 A. M.—Resume work in convention hall.
10 A. M.—Card party for visiting ladies at Portland Hotel parlors.
3 P. M.—Baseball, at grounds, Twenty-fourth and Vaughn streets; Portland vs Spokane.
8 P. M.—Ball, at Armory Hall, Tenth and Couch streets.

The delegates to the National T. P. A. convention spent a delightful day on the Columbia River yesterday, leaving on the steamer Harvest Queen at 8:30 A. M., and returning late in the afternoon.
The boat steamed up to a point two miles above Bonneville, stopping for 30 minutes at Multnomah Falls on the return. The day was perfect, and the 500 excursionists were delighted with the outing, which was pronounced by the visitors as the finest trip in the annals of the National convention. Delegates from the East agreed that the scenery of the Columbia gorge was the most beautiful in the land, and many of the sturdy knights of the grip say that Oregon is truly "the best place on earth."

The Harvest Queen, in command of Captain L. A. Bailey, was comfortably filled with delegates, their wives and their friends. Jack O'Neill, special representative of the O. R. & N. Co., was turned out looking after the entertainment of the guests. Brown's band and orchestra was on board to furnish music, while the wants of the inner man were supplied by a competent steward and several waiters from the Hotel Portland. From start to finish, the outing was a pleasant one, no delays nor accidents clouding the journey.
As the boat passed along the water front of the lower harbor, salutes were whistled from a number of the river craft. The gay streamers and crowded decks of the swiftly-moving steamer formed a pretty picture, and as the bow was turned up into the mighty river of the West the band struck up "Hail Columbia," which was followed by "America," "Yankee Doodle" and other popular selections. The crowd was a jolly one, and the time flew swiftly by. Cape Horn being reached shortly after noon. As the panorama of the picturesque river spread itself before the guests, expressions of appreciation and wonderment were heard on every hand. One man from Kansas remarked that Oregon is as steep as the cyclone state is flat, and another declared with much emphasis that the rugged bluffs of the Columbia excel the Hudson in scenic beauty.

Points of interest were designated by Colonel D. M. Dunne and numerous local T. P. A. members, who took pains to make the excursion a complete success. The fish wheels and cornucopias were of especial interest to the visitors, who were cheered to the echo by the employees at several establishments. Shortly after 1 o'clock the boat entered the narrow gorge above Bonneville, turning back half an hour later for the homeward course.
At 2:30 o'clock a landing was made at Multnomah Falls. A fight occurred between a white bull dog and a white badger. Considerable betting was indulged in, and Jack O'Neill, envoy extraordinary of the O. R. & N. Co., made a speech to the crowd to stop the sport, but was told to "go away back." Finally Captain Bailey gave official permission for the fight to proceed, with P. Simpson, of Tennessee, as referee. The fight did not go the limit, as M. J. Davis, who held the chain of the dog, decided that the badger was not in good trim, and generously withdrew the canine.

A delicious dinner was served at 1 o'clock, and light refreshments at 5.
Late in the afternoon a fight occurred between a white bull dog and a white badger. Considerable betting was indulged in, and Jack O'Neill, envoy extraordinary of the O. R. & N. Co., made a speech to the crowd to stop the sport, but was told to "go away back." Finally Captain Bailey gave official permission for the fight to proceed, with P. Simpson, of Tennessee, as referee. The fight did not go the limit, as M. J. Davis, who held the chain of the dog, decided that the badger was not in good trim, and generously withdrew the canine.

A noticeable feature of the excursion was the display of badges, souvenirs and sections by the delegates. Candidates for president of the association had their campaign buttons on in real political fashion, and the partisanship extended to all the delegates.
The boat reached the city at 5:30 P. M. When seen by an Oregonian reporter on the boat yesterday, F. W. Crandall, delegate from St. Louis, and member of the National T. P. A. board, said: "The convention begins its work under the most favorable auspices, and I assure you that we have never before seen this part of the world so simply and so effectively displayed of beauty, wealth and resources. The Columbia is a mighty river, not alone in its scenic beauty, which surpasses the far-famed Hudson, but in the great possibilities afforded for a commercial highway. The Multnomah Falls are grand, and other bits of scenery here can be classed as the finest on the continent. The people of Oregon are greeted in their hospitality, and the T. P. A. delegates are very enthusiastic over the present convention and its probable results. Oregon is a great state, and as far West as it is used to be. The Philippines are getting to be 'out West,' and the Pacific Coast states the 'Middle West.' We expect to have a great world's fair at St. Louis in 1904, and if we get over the celebration in time, a good many of us will take in the Lewis and Clark exposition a year later."

CONVENTION AT WORK.

Delegates Assemble in Evening Session—New York Wins Prize Honors.

The hour set for the assembling of the convention was 8 P. M., but it was nearly 9 before the consideration of business was begun. After the reading of congratulatory messages from various Eastern associations, a telegram from John S. Harwood, of Virginia, chairman of the National legislative committee, was taken up. It stated that the House committee had reported favorably the bill of the association for the establishment of a Department of Commerce.

The message was received with applause. The delegates who will return home via Seattle or Salt Lake were instructed to leave their names with Secretary Morgan, of the Oregon and Washington division.
The committee on the award of the Texas horns, offered to the association showing the greatest increase of membership, reported that the four districts at the head of the list were New York, Nebraska, Georgia, and Oregon and Washington. The membership of New York was 208, a gain of 106, or 51 per cent; Nebraska, 113, a gain of 110, or 54 per cent; Georgia, 100, a gain of 240, or 32 per cent; Oregon and Washington, 107, a gain of 107.

SUCCESSFUL COUNTY CANDIDATES.

County Judge L. R. Webster, Rep.

County Commissioner F. C. Barnes, Rep.

Sheriff W. A. Storey, Rep.

County Clerk Frank S. Fields, Rep.

County Treasurer John M. Lewis, Rep.

County Assessor C. E. McDonnell, Cit.

County Auditor Carl D. Brandes, Rep.

County Surveyor John A. Hurlburt, Rep.

Coroner J. F. Finley, Rep.

or 30 per cent. The horns were awarded to New York, amid great applause. A brief speech was made by Neil McCout, of that state, and R. F. Hodgins, of Nebraska.

The committee on constitution and by-laws made the following report, which was adopted:
That the salary of the secretary be increased to \$3000 a year; adopted.
That when certificates are changed, a fee of 50 cents be charged, except in the event of the marriage or death of a member; adopted.

That the age limit be changed from 60 to 55 years, to comply with the laws of Michigan, where the association cannot under the constitution organize a division; adopted.

That an injury sustained by a member in an attempt made to rob him, when proof of the attempt is given, considered an accidental injury, and that the association be liable for benefits 10 consecutive weeks; adopted.

That the president and directors receive \$10 a day for all meetings they attend; rejected.

That all past state presidents be recognized as National delegates; rejected.

That the membership of the association be limited to 5,000 members; rejected.

That the secretaries of the state associations be not ex-officio members of the boards of directors; rejected.

That the salary of the president be \$25 a day for 12 days a year, instead of \$300, as at present; rejected.

That funds be remitted direct to the National secretary instead of through the state secretaries; rejected.

That the payment of benefits to injured delegates engaged in occupations more hazardous than those given when admitted to the association be in proportion to the risk of injury; adopted.

That the salary of the adjutant be reduced to \$125 per month; rejected.

That in cases of loss of sight by accident the association have two years in which to make an investigation before paying the claim; adopted.

BREVETS FOR GALLANTRY

List of Officers of the Fourteenth Named by the President.

Following is a list of the officers of the Fourteenth Infantry, formerly stationed at Vancouver Barracks, Wash., and who have recently been nominated by the President for brevet commissions for their gallantry in action during the Philippine and Chinese campaigns:

For Brevet in the Regular Army:

Captain L. A. Matile, to be Major by brevet for distinguished gallantry in action near Manila, Luzon, February 5, 1899.

Captain John Murphy to be Major by brevet, for distinguished gallantry in action near Manila, Luzon, February 5, 1899.

Captain Alfred Hinchbrook, Jr., to be Major by brevet, for distinguished gallantry in action at Santa Cruz, Luzon, April 10, 1899.

Captain Henry C. Cabell to be Lieutenant Colonel by brevet, for conspicuous gallantry in action at Guisuntio, Luzon, April 11, 1899, and at Santa Tomas, Luzon, May 4, 1899, to rank from April 11, 1899.

Captain by brevet, for distinguished gallantry in action near Manila, Luzon, February 5, 1899.

For Brevet in Volunteers:

Captain John J. Bradley, U. S. Volunteers, (First Lieutenant Fourteenth Infantry) to be Major by brevet for conspicuous gallantry in action at Legaspi, Luzon, January 23, 1900.

Justice of the Peace Arrested.

NEW YORK, June 4.—Jacob Simon, a Justice of the Peace in Paterson, N. J., has been arrested on a charge of receiving stolen property. Frederick Kreyer, a silk manufacturer, was arrested later as an alleged accomplice. Numerous silk hobbles recently from Paterson mills have puzzled the police, and the arrests just made are the first moves in an attempt to clear up the affair.

Simon is a barber, whose shop has been the rendezvous of many of the prominent politicians in Paterson. It is alleged Simon was the receiver for the thieves, and that he bought the goods, shipped them to Lyndhurst, N. J., whence they were sent to a mill in another place, and from there forwarded to New York as the product of that mill.

Escaped From St. Pierre.

NEW YORK, June 4.—Without a cent in the world, Edouard Reinhold, Saint Michel, formerly one of the most wealthy and influential men in St. Pierre, has arrived in this city. He was happy despite his impoverished condition, for his wife and son were with him, having escaped the ravages of Mount Pelée by the merest accident.

Mrs. de Saint Michel, who is a native of Port de France, was spending the day with her relatives at the time of the disaster, and her husband left St. Pierre to join her an hour before the blast of flame destroyed the city. He traveled in a tug to Port de France, and when he reached the Martinique capital the destruction of his native city was announced.

The all past state presidents be recognized as National delegates; rejected.

That the membership of the association be limited to 5,000 members; rejected.

That the secretaries of the state associations be not ex-officio members of the boards of directors; rejected.

That the salary of the president be \$25 a day for 12 days a year, instead of \$300, as at present; rejected.

That funds be remitted direct to the National secretary instead of through the state secretaries; rejected.

That the payment of benefits to injured delegates engaged in occupations more hazardous than those given when admitted to the association be in proportion to the risk of injury; adopted.

That the salary of the adjutant be reduced to \$125 per month; rejected.

That in cases of loss of sight by accident the association have two years in which to make an investigation before paying the claim; adopted.

That the salary of the adjutant be reduced to \$125 per month; rejected.

That in cases of loss of sight by accident the association have two years in which to make an investigation before paying the claim; adopted.

TWELVE BANDS TO PLAY

ONE GREAT FEATURE OF IMPOSING A. O. U. W. PARADE.

Finest Pageant Ever Seen in Portland Set for June 14—Plans for Visitors.

Members of the local lodges of the A. O. U. W. and Degree of Honor are making extensive preparations for the Supreme Lodge convention in this city next week. The great event of the two weeks' session will be the parade on Saturday evening, June 14, when it is expected the demonstration will exceed anything of the kind ever before seen in Portland, and the equal of any A. O. U. W. parade in any of the Eastern States. Twelve bands will furnish music, every lodge in the state and every jurisdiction in the United States will be represented, and the floats will be as elaborate as the committees from Oregon lodges can design. Many lodges from the Willamette Valley and from Eastern Oregon will construct floats at home and ship them to Portland to enter them in the parade. After the street parade the assembled delegates will witness a floor-work contest in the Exposition building for a prize offered by the Oregon lodges.

A special train bearing the delegates from the East will arrive at The Dalles next Monday morning, accompanied by a reception committee sent to the state line to meet them. Governor Geer will be chairman of the committee. A local reception committee, headed by Mayor Rowe, will meet the visitors at The Dalles and invite them to board the Bailey Gatzert, at the same time extending to them the freedom of the City of Portland. The delegates, numbering about 300, will arrive in Portland about 4 o'clock Monday afternoon, and will be conveyed in carriages to their respective hotels or rooms, whence their baggage will have proceeded them. Monday afternoon a short business meeting will be held by the Superior Lodge, Degree of Honor, and in the evening an informal reception will be held. On Tuesday and Wednesday business sessions will be held by both the A. O. U. W. and the Degree of Honor, and in the evening of the latter day the local lodges will give the visitors a reception at Woodmen's Hall, on the East Side.

Thursday, June 12, will be one of the most interesting days of the convention. The river steamer Potter will take all the delegates down to Astoria, where they will be entertained by the citizens of that place. The Astoria lodges will serve a lunch of a nature intended to impress upon the minds of the visitors the importance of the Columbia River fishing industry. The menu will be fishy from top to bottom. It will begin with clam chowder and end with crab salad. Baked royal chinook salmon will be served upon the table whole. After a visit to points of interest and a turn around the bay the delegates will return to Portland.

Friday will be spent in the transaction of business and in making short trips to places of interest in and about Portland. The first week of the session will be closed with the grand parade Saturday evening, June 14. Chief Marshal Patrick Feeney has announced that the procession will start at 8 o'clock sharp, and that it will move at that hour even if he should be the only man in line. The line of march has not yet been determined.

A trip up the Valley to Corvallis and return is on the programme for Monday, June 15. Short stops will be made at a number of towns, where formal receptions will be tendered the guests by the local lodges. At Salem the train will stop about an hour while the delegates partake of a lunch to be served in Marion Square by the Greater Salem Commercial Club and the local A. O. U. W. and D. of H. lodges. The return from Corvallis will be on the West Side, so that the visitors will get a good view of both sides of the Willamette Valley.

The second week of the convention will be occupied with the transaction of business, and adjournment will be had on Saturday, June 21. The delegates from the Eastern States will return home by way of Spokane, where a short stop will be made. A decoration committee, composed of J. E. Werlein, Phil Gervitz, P. H. Schulderman and Frank Joyal, has called upon nearly all the business men of Portland and asked them to decorate their places of business prior to the arrival of the A. O. U. W. delegates. Without a single exception the men called upon have promised to make such decorations as will demonstrate their appreciation of the honor of this visit from the Supreme Lodge of this great order. It is particularly desired that banners be displayed bearing the lodge emblems—the anchor and shield for the A. O. U. W., and the lyons surrounded with a wreath of mistletoe for the D. of H.

The north park block has been very beautifully decorated as Portland's welcome for both the T. P. A. and the A. O. U. W. conventions. Very artistic designs have been formed of growing flowers, and the decorations will remain in place until after the guests have departed. The

SUCCESSFUL REPUBLICAN CANDIDATES FOR STATE OFFICES.

Secretary of State F. I. Dunbar.

State Treasurer Charles S. Moore.

State Printer J. R. Whitney.

Superintendent of Public Instruction J. H. Ackerman.

Attorney-General A. M. Crawford.

BACKACHE? IT'S YOUR KIDNEYS

Mrs. Francis W. Gresham, Secretary and Treasurer Higher League of Educational Society, Washington, D. C., Says She Was Permanently Cured by

WARNER'S SAFE CURE

A TRIAL BOTTLE OF WARNER'S SAFE CURE, THE WORLD'S GREATEST KIDNEY CURE, SENT ABSOLUTELY FREE TO EVERY READER OF THIS PAPER.

Diseased or weak kidneys cause more trouble and suffering than any other sickness. If the kidneys become diseased and are unable to do their work properly, the liver becomes affected, the blood is deranged, the urinary organs, the blood and the stomach. The blood becomes impoverished, the urine becomes muddy, and will have a brick-dust sediment if it stands for 24 hours. The liver becomes torpid and pains in the back are almost constant as the system becomes pregnant with the disease. The stomach is rendered unable to digest the food properly, the result is a general breakdown.

CURES

Warner's Safe Cure will purify and strengthen the kidneys, kill the disease germs, prevent the serious complications that are bound to arise and restore perfect health.

MADE HER A WELL WOMAN

I firmly believe that I owe my life to Warner's Safe Cure. For two years I suffered with kidney trouble, and I could find no relief anywhere. I was spending dollars on doctors and medicines. Some would give temporary relief, and others would make me feel worse. I decided to try Warner's Safe Cure as a last resort, and wish I had followed the advice of friends sooner. It was only one thing that helped me. In less than four months it had made a new woman of me. I am entirely cured. I give all the praise to Warner's Safe Cure. Francis W. Gresham, Secretary and Treasurer, Higher League of Educational Society, Washington, D. C.

KIDNEY DISEASE.

WARNER'S SAFE CURE is purely vegetable and contains no narcotic or harmful drugs; it is free from sediment and pleasant to take. It does not constipate. It is a most valuable and effective tonic. It is a stimulant to digestion and awakens the torpid liver, putting the system in the very best receptive state for the work of the restorer of the kidneys. Warner's Safe Cure moves the bowels gently and aids a speedy cure.

Warner's Safe Cure is now put up in two sizes and costs 50 cents and \$1 a bottle. Refuse substitutes. There is none "just as good" as Warner's Safe Cure. It has cured all forms of kidney disease for thirty years. It is prescribed by doctors and used in leading hospitals.

TRIAL BOTTLE FREE

The manufacturers so firmly believe that WARNER'S SAFE CURE will absolutely and permanently cure any diseased condition of the kidneys, liver, bladder or blood they will send, postpaid, without any cost to you, a large trial bottle. If you will write to Warner's Safe Cure Company, Rochester, N. Y., and mention having seen this liberal offer in The Oregonian. The genuineness of this offer is fully guaranteed. Write the medical department for advice, medical booklet, diagnosis and analysis, which will be sent you free of charge.

work of beautifying the park block was planned and executed by H. Lowitz, Superintendent of City Parks.

Souvenir badges have been made for this session of the Supreme and Superior Lodges, and efforts have been made to make the souvenirs something that will ever be highly prized by their possessors. The badges for the A. O. U. W. delegates are of gold, while those for the sister D. of H. delegates are of silver. The design was made especially for the occasion, and after as many badges had been struck off as there are delegates, the die was destroyed. No person can secure a badge unless he is a delegate.

The delegates to this Supreme Lodge will be leading men of their respective jurisdictions. They must be the ablest, master workmen of the jurisdictions which they represent. The coming of so many prominent and influential men is expected to result in much good to the order in the way of spreading information regarding the characteristics of Oregon which make it attractive to residents of the Eastern States.

SAN FRANCISCO'S AUTHOR.

The Veteran L. P. McCarty on His Biennial Tour of Distribution.

Louis P. McCarty, publisher and proprietor of the "Statistical and Economic" of San Francisco, is in Portland on his biennial tour of distribution. The unique and universal value of this important work makes Mr. McCarty's visit always of interest. His book is one of the indispensables for reference and business libraries, while its vast store of knowledge is, for the ordinary mind a liberal education. The "Statistical and Economic" stands alone among books. There is none other like it in scope, design, or detail. It contains all of the past that must be preserved for daily use, together with more of the present than all other year books and almanacs combined. It embraces all the choicest material and best features of compact cyclopedias, technical handbooks and field guides, chronologies, summaries, and universal cottons. Within its covers are thousands of curious and valuable facts, never before chronicled in abiding form under a systematic classification. Numberless rare and useful truths, till now scattered and transitory, find here a permanent niche, and make a rich contribution to the store of human knowledge, that none, whether ignorant or learned, rich or poor, old or young, can afford to be without.

An index of 36 pages will be found at the close of the volume, to which the reader is referred for all principal facts contained in this issue. A hint that it contains over 80 sets of correct and reliable information which will be found the only correct result of the Presidential election in 1900 in every state of the United States, together with the elections in California by counties for 10 years; acts of the 56th Congress; special tax-payers; cigars and cigarettes manufactured; manufacturers' statistics; salmon fisheries; liquor and liquor dealers; wool, coal and petroleum production; corn, hay, oats, wheat, potatoes and fruit produced both for the United States and the world; domestic animals in barns and inclosures not on farms in the United States; the sugar and molasses crop, and products of the dairy; minerals; occupations, by sex, in the United States; patents, how obtained; copyright law; population of the United States, census of 1900, by states, counties and cities, and every town and village on the Pacific Coast segregated at the 12th census; island possessions of the United States; history and population of Cuba and Porto Rico, by provinces and cities, census of 1899; public schools, college fraternities and religious denominations in the United States; 56th and 57th Congresses; colonies and protectorates of nations; and what crop of the world to 1900; canals and shipping owned by each nation; forest reservations, military posts, customs, duties and war tax of United States; imports, exports, revenue, expenditure and public debt of every country; statistics of production, banking and money circulation; population of foreign cities and countries corresponding to the United States.

Money put into properly selected food that builds and maintains it is better invested than any other way.

A man who had spent hundreds of dollars in medicines to try and get well writes that he used Grape-Nuts and packages of Grape-Nuts. He says, "Several years ago I had two severe shocks of paralysis, bringing on general nervous debility. I was not able to do work of any kind for several years."

"I doctored hundreds of dollars away. About a year ago I began using Grape-Nuts Breakfast Food and have so steadily gained in strength and health that since last July I have worked every day at collecting for a large company, walking several miles a day and have not enjoyed better health for over 20 years than I do now. I am able to use all kinds of food, but do not eat much besides Grape-Nuts and Postum Food Coffee."

W. F. Albro, 207 Chestnut street, Scranton, Pa.

Don't overlook the recipe book in each package of Grape-Nuts.

Thousands, both men and women, have kidney disease, and do not know it. It is hereditary. If any of your family in this or past generations have been troubled with kidney disease of any form you cannot be too careful.

Bright's Kidney Cure, diabetes, rheumatism, inflammation of the bladder and urinary organs are caused by kidney disease neglected.

Refuse substitutes. There is none "just as good" as Warner's Safe Cure. It has cured all forms of kidney disease for thirty years. It is prescribed by doctors and used in leading hospitals.
