ST. PAUL FIRST IN ACTIVITY, MIS-SOURT PACIFIC SECOND.

Advance Due to Disappointment Over Monthly Crop Report-Call Money Basy.

NEW YORK, June 11.—There was a further expansion in dealings on the Stock Exchange today, which was generally attributed to the resumption of activity by the newly-esturned leaders of the Western group. This activity centered in St. Paul. There was besides an active market in Missouri Pacific, which had no apparent connection with St. Paul's movement, so far as the identity of the brokers camployed would reveal it. These two stocks ran a prefty close race for the isadership of the market in point of activity, with Missouri Pacific getting rather the best of it, both in the volume of dealings and in the extent of gains. Just at the close the stock moved up more than NEW YORK, June 11 -- There was a further volume of dealings and in the extent of gains. Just at the close the stock moved up more than 2 points over last night. St. Paul's extreme rise was 1%, and was not fully held. Between them, the two stocks made up about a quarter of the aggregate dealings of the day.

There were considerable gains in other stocks, but these seemed to be more or less in sympathy, and there was at the same time some selling to take advantage of this sympathetic strength. There was no evidence that any credit outside was attracted to the movement. The advance was made in the face of a feeling of disappointment over the monthly crop builetin issued last night by the Agricultural Department.

NEW YORK, Juns 11.—The Commercial Advertiser's Loodon financial cablegram says:

Stocks were idle all around. The Americas department alone showed backbone, other dragging. Several failures are possible tomor row, but they will be small, even if they occur. Councie closed at 96 lb-lf, after having sold at 96 p. Dealings in Americans were restricted locally, but New York orders to be executed here were more than for some time. The market remains broad. The close wa good on the crop reports. Silver is firm on a small Indian demand. The market is very short of supplies.

Wheat Advances in East, and Then Tumbles to About Opening Prices.

Tumbles to About Opening Prices.

CHICAGO, June II.—Other speculative markets had to drop back and give wheat the place today. A good array of builtish influences were at work. Cables were higher, there was strength in the renewal of wet weather in the Central and Northwestern States, but most important was the Covernment crop report. This document placed June condition on Winter wheat at 761, as compared to May's 76.4, when an even 86 had been expected, and the Spring wheat area was reduced by 2,511,000 acres from last year. Northwestern receipts were small, and although there seemed to be little effect on that score early, Minneapolis eventually led the bulgs with sharp advances. There was an increased volume of outside business, largely on the buying side. France was bidding for stuff, and the cable strength from Livergool was largely due to the builtish French situation. July wheat opened 46% to 1805cc up, at 11% g713cc, and quickly meanted to 725cc. Liquidation for profits was in order, and prices tumbled back to 71%c, but closed strong and firm, 160% higher, at 71%c. Much of the buying was of the best character.

Corn showed good early strength when all markets were on the upturn. Support was necessary, however, when wheat broke. Weath-

markets were on the upturn. Support was necessary, however, when wheat broke. Weath-er conditions favored better prices, as did the smaller seceipts. July closed firm. We up, At

Chicago Provisions.

CHICAGO, June II.—Part of the looked-for reaction after the persistent manipulation of provisions by packers came today. After yesterday's remarkable advance of 3756 for Joly ribs, the inside crowd, led by the packers, unloaded on the shorts, and a break of 3756 followed. Commission houses advise their clients that the stuff is top-heavy, but at the same time they say the packers can put the price any place that suits their interests. July pork closed 256 lower, lard a shade down and ribe 3756 lower.

NEW YORK, June 11.—The potton market opened firm, and 385 points higher, and closed barely steady, with June 3 points higher, and later months 467 points lower.

ST. LOUIS, June H.-President Francis has been authorized by the exposition directors to sign a contract with Lestie M. Shaw, Secretary of the Treasury, in which the world's fair management pictges it-self not to operate the fair on Sunday at any time. This action was taken as the at any time. This action was taken as the result of a letter from Secretary Shaw, requesting the company to comply with the Federal act appropriating \$5,002,002. The Secretary notified the company that none of the vouchers of the National Commission for salary or general expenses would be allowed unless the contract was stream.

Subway for Chicago.

CHICAGO, June 11.—Ex-Mayor Hemp-stend Washhurne, William Alexander and H. S. Gregory will soon ask the Council for permission to build a subway ex-tending to sil parts of the city and honey-combing the entire downtown district. An expenditure of between \$40,000,000 and \$50,-00,000 is contemplated by the projectors.
