

FOR THE SCHOOL ELECTION

BOARD SELECTS OFFICERS AND POLLING PLACES.

Expense Will Not Be Great—How Much Proposed Kindergarten Scheme Will Cost.

The School Board met yesterday and appointed judges and clerks, and fixed polling places for the coming school election, at which Director J. V. Beach is a candidate for re-election.

All members were present except Director Wittenberg, who is out of the city. There was some discussion concerning how many polling places it is necessary to have, and the number, 21, and the various locations selected by School Clerk Allen were finally agreed upon.

The clerk was also granted authority to have 20,000 ballots printed and to obtain the necessary tally-sheets, poll-books, stationery, etc.

It was estimated by the board that the expense of each polling place, including rent and pay of judges and clerks, will be \$12. This will make the total cost of the election \$252.

Director Warren said that some time later the board should fix the limits of school election wards, as provided by the code.

There was an informal discussion, before the regular business of the meeting was taken up, concerning kindergartens. Director Sutton said that some people thought \$2000 would be sufficient for kindergartens, but this would not be enough when they were established all over the city.

Superintendent Rigler, in answer to a question, said in Los Angeles the school district expended \$35,000 on kindergartens last year. He thought that they would cost about \$25,000 per year in Portland. Mr. Rigler, as an illustration, explained that in Harrison-street school three and one-half rooms are required to accommodate the children between 6 and 7 years of age. He thought that four rooms would be necessary in this district for the kindergarten children between 4 and 6 years.

Mr. Rigler said that he had heard that the Chicago school district had given up kindergartens.

Mr. Rigler replied that he did not think kindergartens were ever generally established in Chicago.

Director Williams, who is opposed to kindergartens said he thought it was better to pay off the bonded indebtedness of \$100,000. They had all they could do to accomplish this and keep up school buildings.

The following is the list of judges and clerks to act at the school election to be held June 15, 1902:

Under the amended school laws the following persons are authorized to vote at school elections:

Any citizen of this state, male or female, who is 21 years of age, and has resided in the district 30 days immediately preceding the meeting or election, and has property in the district, as shown by the last county assessment, and not assessed by the Sheriff, on which he or she is liable or subject to pay a tax, shall be entitled to vote at any school meeting or election in said district; provided that any person shall be deemed to have complied with the property qualification imposed in this section who presents to the directors or judges of election satisfactory evidence that he or she has shares of ownership in any corporation, firm or copartnership which has property in the district, as shown by the last county assessment, and not assessed by the Sheriff, on which such corporation, firm or copartnership pays a tax, even though his or her individual name does not appear on the tax-roll.

According to this section, if the assessor has not made the assessment, and the Sheriff makes it after the assessment roll has been made up, the person so assessed by the Sheriff is not entitled to vote.

Railroad Notes.

General Freight Agent Miller, of the O. R. & N., is out inspecting business on the road this week.

Manager R. Koehler, of the Southern Pacific, returned last night from a four days' trip over the Oregon lines.

The Four Track News, published by the passenger department of the New York Central & Hudson River Railroad, is rapidly assuming the character of a magazine of general information and entertainment. The June number includes 45 perfectly printed pages covering a great variety of subjects. Oregon is represented by a note on the Powder River country.

Colonel William Crooks, assistant to President Mohler, of the O. R. & N., is confined to his room at the Imperial Hotel, with an attack of rheumatism.

Assistant General Passenger Agent Charlton, of the Northern Pacific, is expected home today from a trip of several days in the Puget Sound country.

Knights and Ladies of Security, H. L. Smock, a brakeman, was killed at Brant's Spur, on the Tumbull division of

the Southern Pacific, about two miles from Whiteson Junction, yesterday morning. While some switching was being done, Smock had occasion to pass around the rear end of a car that was standing on the sidetrack. At the moment he passed behind the car other cars that had been switched on the sidetrack struck the standing car with sufficient force to move it several feet, and the brakeman was caught and crushed so that he died immediately. He was the son of J. C. Smock,

the station agent and merchant of Sheswood. The deceased was about 25 years of age, and left a wife and young daughter. He had been in the railroad service nearly two years.
