

BOTH LAWS GOOD No Conflict Between Carey Act and New Bill.

APPLIES TO UNOCCUPIED LANDS

When Withdrawals Have Been Made the Government Will Not Inadequate At Discretion of Secretary of Interior.

WASHINGTON, June 20.—Some fear has been expressed that the new irrigation bill would bear injuriously upon irrigation projects already begun under the Carey act, particularly those recently commenced in Oregon. But it is the consensus of opinion of those familiar with public land legislation that there will be no conflict whatever between the new law and the Carey act.

It is probable that when the general Government, under the irrigation laws, shall undertake the reclamation of a certain tract no state would select land in that same locality under the Carey act. The policy under the new law is to re-claim lands whose improvement has not heretofore been undertaken and which are now unoccupied.

THE AMERICAN DERBY

THIRTEEN HORSES EXPECTED TO START AT HARLEM TODAY.

Yesterday's Winners on European and American Tracks—Other Sporting News.

CHICAGO, June 20.—Thirteen horses are expected to start in tomorrow's American Derby, and it is likely that one or two others will be added to the list tomorrow morning, making one of the largest fields ever seen in the race. The practical absence of a heavy track may be responsible for the starting of several horses whose owners think they might have a chance in this kind of going which they would not have under other conditions. Owners do not have to make their final declarations until 10 o'clock tomorrow morning, and it is possible that some surprises may be sprung at the last moment. The following are the horses expected to start with the latest betting, follows:

Table with columns: Horse, Weight, Jockey, Odds. Includes entries like Singleton, Bullman, Redfern, etc.

Changes in Football Rules.

CHICAGO, June 20.—There will be some radical changes in football this year, according to the Tribune's Philadelphia correspondent. Walter Camp, of Yale, chairman, John C. Egan, Pennsylvania, and John W. Heisman, Princeton, R. D. Wrenn, Harvard; Paul J. Dashiell, United States Naval Academy; and M. Dennie, Cornell, the committee on football rules, have met to discuss the proposed changes. The most important revision was a rule providing that the opposing teams should change sides after each touchdown scored or field-goal kicked. The other radical change is in the kicking of goal from touch-down. The new rule provides for bringing out of the ball as heretofore, but the kicking is to be done from the goal posts; that this point shall be a line of scrimmage and the try for the goal can be made by snapping the ball back to the line of scrimmage. A drop kick behind the line of scrimmage.

Corbett and Sullivan Again Matched.

DENVER, June 20.—The proposed fight between Young Corbett and Dave Sullivan, which was postponed last week on account of the recent action of the Fire and Police Board in forbidding boxing exhibitions, Manager Gallagher, of Coliseum Athletic Club paying the \$50 forfeit. Later it was announced that Corbett and Sullivan have agreed to fight before the West End Club at St. Louis July 2. Charles Haughton, president of the club, has secured the agreement with the fighters. They are to weigh 137 pounds at 5 o'clock, and will fight for 50 per cent of the receipts, \$5000 guaranteed.

Terry McGovern's Injuries.

NEW YORK, June 20.—Terry McGovern, the pugilist, who injured his shoulder while playing baseball at College Point on Wednesday afternoon, is not so badly injured as at first reported. The New Regime With Beer.

After the end of this month the cost of a barrel of beer to the brewer will be 60 cents less than it is now. The internal revenue tax on his product will be reduced to 10 cents. The retailers would be pleased to know what the brewers intend to do with that 60 cents—whether they will keep it all or will divide it with the saloon-keepers. The latter are of the opinion that they are entitled to a generous share of the money. They say the brewers have made them pay all or the greater part of the war tax on beer.

FINEST HAT IN CONGRESS.

Said to Be Worn by Mr. Storm, of New York.

"A paragraph in the Washington Star about Senator Frye's fine Panama hat a few days ago made that hat famous," said a member of Congress from New York, "but I don't believe Senator Frye's Panama hat is the finest hat in Congress. There is one other man who has a finer hat. That man is Representative Storm, of the Oyster Bay district, of New York. Mr. Storm's Panama is said to be worth close to \$200. He won't tell the price of it himself, because he says it is too foolish for a man to spend so much money on a hat. It is a beautifully woven piece of straw and it is wonderful how the work could have been done by hand. The fact is that there are some expensive straw hats being worn by men in Washington this year, and I am beginning to wonder what the women are going to say about it. Up to a few years ago the women had a monopoly on high-price hats, and the poor men fumed and swore over having to put up \$15 or \$20 for a creation of the female sort. Now the men don't hesitate to pay more than that for their own hats, and even going up to \$50 and \$200 each for what they wear. About the time the wives begin to ask for this much money for a hat there will be a hot time in the old town and it is probable that expensive hats for men will not be in much demand after that."
