AMUSEMENTS TONIGHT.

SHIELDS' PARK (19th and Washington)—Mendoza's Japanese, Londona, Washington and music.

TO HELP GIRLS IN INDIA.—The first regular meeting of the Portland branch of the Indo-American League was held in the assembly-room of the Norton yesterday, at which the purpose of the organization was discussed, and a complete organization was perfected. The officers of the club as elected at the first meeting are: President, Mrs. S. V. Hill; first vice-president, Mrs. Abigail Hill; secretary, Mrs. L. C. Driggs; recording secretary, Mrs. H. L. Roeth; and treasurer, Mrs. M. A. E. Stone.

PORTLAND HAS 98,000 PEOPLE.—City Superintendent of Schools Rigler, who is preparing his annual report, estimates the population of Portland at 98,000. Two years ago the population was 92,000. The 1900 census showed a difference of only about 1000. The report shows that the registration at the schools during the year was 12,328. Of the pupils, 588 were girls and 621 boys. The night schools were attended by 29 females and 233 males. As registered by departments, the High School had 560 pupils, with an average daily attendance of 383; the elementary schools, 12,08, with an average daily attendance of 7764. Excluding the City Superintendent, the number of teachers employed was as follows: Supervisors of drawing, 2; supervisor of music, 1; supervisor of physical training, 1; principals, 30; High-School teachers, 29; elementary-school teachers, not including the principals, 311, of whom 23 are women and 24 are men.

READY TO LAY NEW RAILS.—The City and Suburban Street Railway Company has a force of men at work on the Second street line, mending the broken parts of the track, and replacing the weak trolley and stay wires, so that as soon as the long-expected shipment of rails arrives from Europe for the Third street line, the traffic can be diverted to Second street while the work of reconstruction is progressing. These rails are due to arrive here during the present month, and as soon as they are put in an appearance a large gang of men will commence to lay them in a solid bed of concrete, similar to the Burnside street line. The present rails on Third street are of iron, and have long since outlived their usefulness, as the heavy traffic has mashed them out of shape at the joints. The new ones are of the seven-inch grooved variety, and are being used in the Eastern cities.

MUSIC AT CHURCH DEDICATION.—The music at the dedication of the new Italian church was rendered by the choir of that church, assisted by members from the Cathedral choir. It was under the direction of F. Victor Austin, the newly-appointed leader. The soloists were: Soprano, Miss Covach; contralto, Mrs. Coleman; tenor, Mr. Williams; and bass, Professor Adrian Epping, of the Cathedral choir. Special mention should be made of the singing of the extra number, "The Hallelujahs," by Miss Ethel Shea, and the offertory, "Ave Maria," written by F. Victor Austin, who played the violin obbligato. It was sung by Professor Adrian Epping.

AS GOON STUNG IRON.—Staggering under the weight of a basket containing railroad iron, bolts and rivets, Ah Goon was picked up yesterday in the Terminal yards, charged with larceny and trespass. Ah Goon wriggled to get away from the policeman who arrested him, and protested that he thought all loose railroad iron could be taken for his. "Come along," said the policeman, "if I had not caught you this time you were in a fair way to steal the whole O. R. & N. road." When taken before Municipal Judge Cameron and the complaint read to him, Ah Goon said: "No savvy." His case was continued until today.

THE DALLES SCENIC TRIP.—Take the White Collar Line. Daily boat 7 A. M., except Sunday, foot Alder street, "Dalles" electric sign, making all landings between Portland and The Dalles, passing through the gorge of the Cascade mountains; also through the Cascade Locks, built by United States Government at cost of \$4,000,000. Scenery grand beyond description. Most excellent. Officers attentive and explanatory. The ideal trip of the tourist; also where the citizens of Portland should take their visitors. Both 'phones Main 181.

WHITE COLLAR LINE, JULY 4.—Special excursion rates. Tickets sold by all agents and purveyors on boat 7 A. M., good returning July 6, inclusive, at one fare for the round trip to and from and between all points between Portland and The Dalles and between The Dalles and Astoria. You cannot afford to stay at home at these rates. See "Dalles" electric sign foot Alder street. Both 'phones Main 181.

GELIBSKY BROS. have been entirely recovered from their illness and will again take charge of their business July 1st. They will be pleased to see old friends as well as new ones at their market, corner Grand avenue and East Pine street. The house carries a full line of meat, fish, poultry, game and oysters. Orders promptly delivered. Both 'phones.

REGULATOR LINE STEAMERS FOR THE DALLES, LYLE AND GOLDENDALE, TROUT LAKE, ENGIN AND WHITE SALMON, HOOD RIVER AND STEVENSON, MOFFETT'S & ST. MARTIN'S HOT SPRINGS, CASCADE LOCKS, CAMP "SHERRIDAN," Y. M. C. A. BOYS, FROM OAK-STREET DOCK AT 7 A. M.

ASTORIA DAILY EXCURSIONS.—Take the White Collar Line from foot Alder street, 7 A. M., except Sunday. The views of the Lower Columbia are the most extensive of waters, salmon canneries, fishboats at Astoria, the Venice of Oregon, should be visited by all tourists before they return East. 'phones Main 351.

WHITE COLLAR LINE EXCURSIONS.—Clatsop Beach and Long Beach. Tickets sold on July 2, 4 and 5, good returning Sunday night, July 6, at \$2.50 for round trip. Stop over at Astoria good on Astoria railroad and all boat lines. Leave for Astoria daily 7 A. M., except Sunday, foot Alder street. Information both 'phones Main 181.

SUMMER BREAKERS, that new and elegant Summer resort on North Beach, will open formally June 25. A few guests can be accommodated now. See advertisement in Summer Reports.

WONDERFUL whistling cannon-crackers, 5c each, D. M. Averill & Co., 331 Morrison street.

Get your tents and camp outfit at Pacific Tent & Awning Co., 7 North First.

New Grimes Hotel, Seaside, open for the season.

HOW SIX BLUPPED HIM.—As the driver of a heavily-laden wagon was whipping a balky horse yesterday, near Tenth and Couch streets, a woman dressed in deep mourning stepped up to him and asked, "Driver, why do you sit on that wagon and whip your horse? I'm surprised to see such a delicate-looking horse." "He won't go, ma'am," said the driver, disconsolately, and then he looked as if he were about to give a surly answer, but the woman had such a refined, motherly look about her that he refrained. So he started to wag again to beat his horse, and the animal winced, but stood his ground. The woman could stand it no more. "Driver," she said, impressively, "if you touch that horse again, I shall report you at the next meeting of our society. You know this little button, I think?" pointing to a white badge on her breast. "I do, ma'am," replied the driver, civilly, and he dropped his whip with an apologetic air. The woman walked away, emitting with the air of a victor. An Oregonian reporter hastened after her, and was considerably astonished to find the badge she pointed to was a Prohibition button. The woman smiled, and said "Sh-h-h."

DISCUSSING HILLSBORO FRANCHISE.—A meeting of the franchise committee of the Board of Public Utilities was held in the office of Chairman Mills yesterday afternoon to consider objections to the ordinance granting a franchise to the West Side & Suburban Railway Company, to build and operate a line over city streets. Attorneys Lathrop and Brewster, representing the remonstrants, presented practically the same arguments that they made to the board at its meeting last Tuesday, and in addition they said that Lovley street was only 36 feet wide, and that the double-track railway would occupy about 20 feet, and there would be no room for the passage of vehicles. Constructing Engineer Graydon said that no objection could be made to the cars, which would be of the latest model. The company, he said, had the capital of \$250,000 and it would have the line built within a year, and he thought the board should not reverse the action of the Council, which granted the franchise. The committee, which is composed of Mr. Mills and Mr. Williams, took the matter under advisement and will make a report to the board at its meeting this afternoon.

SPERRY JURY WORRIED.—William A. Storey, Sheriff-deputy, visited the Sheriff's office yesterday and remained some little time, looking around and becoming familiar with the things. Asked regarding the case filed by John Driscoll, Mr. Storey said: "An answer will be filed as soon as my attorneys, Carey & Mays, who are away, get back, probably today. I think I might as well bring the case to an issue and be done with it. I don't know what my attorneys may desire to do, but so far as I am concerned I want to get this off my hands as soon as possible. At the present time I have a capital of \$250,000 and I would have the line built within a year, and he thought the board should not reverse the action of the Council, which granted the franchise. The committee, which is composed of Mr. Mills and Mr. Williams, took the matter under advisement and will make a report to the board at its meeting this afternoon.

BETTER HOURS FOR FERRY CREW.—Superintendent Fuller, of the Portland Railway Company, has arranged a new schedule of hours for his employees on the Vancouver ferry, by which the men will get a rest of a day and a half each week. The new rule takes effect today. Heretofore the men have been working a full week, and their only time of rest was after they finished their work each day. Under the new schedule the captain will have all day Monday and Wednesday morning; the engineer Tuesday and Saturday morning; the fireman Thursday and Friday and the last trip on Wednesday and Saturday. The pieces of the men off duty will be filled by a general utility man. The new schedule was entirely unexpected by the employees, and they were warm in their praise of the action of Superintendent Fuller.

HEAVY RECEIPTS AT POSTOFFICE.—The receipts from the sales of stamps, stamped envelopes and postal cards at the Postoffice, during the month of June amounted to \$26,444.14, as against \$23,928 during the same month in 1901. The increase of \$2516 is considered very gratifying by Postmaster Crossman, who said last night that it showed a beautiful growth of business. The receipts show that the office is approaching the mark which will entitle it to mere clerical service.

PILLARS HAVE ARRIVED.—The large cast-iron pillars supporting the non-arrival of which has so long delayed the construction of the new building on Third and Morrison streets, have at last put in an appearance. A gang of men is at work setting the supports in place, and on the top of the foundations, and as soon as the concrete sets the pillars themselves will be placed in position and work will be commenced on the first floor of the structure.

MONEY FOR INTEREST ON BONDS.—City Treasurer Weiden received from the Water Commission yesterday the sum of \$72,500, with which to pay the interest due on the water bonds. The Treasurer has already remitted \$12,500 to the Chemical National Bank of New York for the payment of the interest on the bridge bonds, which is also due today.

RACES, RACES. AT IRVINGTON PARK, JULY 4, 1902. FOUR OR MORE HIGH-CALIBER EVENTS. BROTHERS, PACIFIC AND RUNNING. COMMENCING AT 2 O'CLOCK, SHARP. ADMISSION, 50 CENTS. HELMAN & SIMPSON, LESSEES.

WILL MEET TONIGHT.—The John Burroughs Bird Society will meet this evening at the City Hall. After the meeting of the Burroughs society the Oregon State Audubon Society will hold a session, for the purpose of effecting a permanent organization and outlining the work of the state organization.

IF YOU wish to appear correctly in the new City Directory, notify us at once of any change in your address, either business or residence, since giving your name to our collector, R. L. Folk & Co., 322 Marquam building.

PROPER FOOD Better Than Ocean Breezes.

It makes a lot of difference in hot weather the kind of food one eats. You can keep the body cool if you eat Grape-Nuts, for in its pre-digested form it presents the least resistance to the digestive organs and contains as much nutriment as heavy body-heating food, such as meat, potatoes, etc. Grape-Nuts is probably entitled to the claim to be the most perfectly adapted food for human needs now extant. The meat-eater and vegetarian are alike charmed with its crisp taste, the delicate flavor of the grape-sugar and the nourishment to body and brain, while the housewife is attracted by its being thoroughly cooked at the factory and obtained from the grocer ready for instant use, with the addition of cream, making it a cool, delicious dish, requiring no hot stove and cross cook on a hot morning. When Grape-Nuts and Postum Food Coffee constitute the Summer breakfast, with the addition of a little fruit, it is not necessary to seek the ocean breezes for comfort, for external heat is unobscured when internal coolness from proper food is felt. The recipe book in each package of Grape-Nuts gives dozens of delicious dishes.

UP GO LUMBER PRICES

ALL SAWMILLS PUT INTO EFFECT NEW SCHEDULE TODAY. Rough Advanced \$1 50 Per Thousand, and Clear \$2 Per Thousand.

After today the price of all lumber retailed in the city will be raised. On rough lumber the advance will be \$1 50 per thousand, on first-class lumber, known by the millmen as clear lumber, it will be \$2 per thousand. This arrangement has been entered into by all of the mills of the city, with the understanding that the new prices would be demanded after July 1. This new scale has been contemplated for some time. During the times when the demand for lumber was slack and the competition among the sawmill men was keen, retail prices were lowered to a level with wholesale prices. This competition has now been removed, and all of the mills are able to dispose of all of the lumber that their plants will turn out. They turn away many orders from outside the city that they cannot fill. With the lumber market in this condition, the mill-owners see no reason for their retailing lumber for the same prices as they sell it wholesale.

"We do not need to," said one of the mill-owners yesterday, "and there should be a difference in the prices. In the city we have to deliver all of the orders and be put to more or less trouble over them. What we ship abroad is all loaded onto a barge or a boat, and is the last we hear of it. This agreement has been entered into by all of the sawmills of the city and will apply to all lumber sold in Portland. No special conditions have led up to this other than we thought that we were retailing our lumber at too low a figure."

POLICE COMMISSIONERS TALK.—The Police Commission had a two hours' executive session last night, attended by Mayor-elect Williams, Chief of Police McLaughlin, Commissioners Cobey, Bates and Maxwell and Clerk Louis Rau. Commissioner Rankin was also present. After the meeting it was stated no business of public importance was transacted. BLANK cartridge cases, 5c each, perfectly harmless for the children. D. M. Averill & Co., 331 Morrison street. Greatly reduced prices, Marks Shoe Co., F. W. Baltes & Co., typographers, printers.

CASTLE'S CONDITION.

Fireman Injured in Sunday Morning's Fire is Comfortable.

Fireman R. E. Castle, who was injured at the fire at Sixth and David streets Sunday morning, passed a fairly good day yesterday at the Good Samaritan Hospital, and many friends called to express their sympathy. District Engineer Young, who was injured at the same time, is improving.

Fireman R. E. Castle.

COMMUTATION TICKETS TO THE COAST. The O. R. & N. Co. has made a \$5 rate for the individual five-mile round-trip commutation tickets, Portland to North Beach and the reverse, which will be good any time from date of sale up to October 15, 1902, and will be honored in either direction between Portland and Astoria on the boats of the Oregon Railroad & Navigation Company, the White Collar Line, the Vancouver Transportation Company and on trains of the O. R. & N. Co. Tickets now on sale at O. R. & N. Co. Office, Third and Washington.

PORTLAND ACADEMY

Fourteenth Year. Will open Monday, September 15. The academy fits boys and girls for the colleges of the East and West. Its programme includes courses in English, mathematics, Greek, Latin, French, German, chemistry, physics, vocal music and drawing. The school includes a primary and grammar school, which receives boys and girls as early as the age of 6, and prepares them through a course of six years for entrance to the academy. The earlier years of this course are devoted chiefly to reading, writing and spelling; the later years to arithmetic, geography, English grammar, history and reading from English literature. Vocal music is systematically taught from the beginning of the course. One of the principals is at the academy daily from 8 A. M. to 12 M. For catalogue, address Portland Academy, Portland, Or.
