

DELAY IN LENSES

Unexpected Set-Back to River Improvement.

COMING OF THE BOARD PUT OFF

Work at the Mouth of the Columbia Will Not Be Held Up—Government to Place Jetty Stone.

WASHINGTON, July 9.—It is now probable that the special board of engineers appointed to investigate the Harts project for opening the Columbia River at The Dalles, and the Marshall board to study the projects for improving the mouth of the Columbia, may not be able to meet until some time in September.

It was stated at the engineers' office today that while a delay at the Dalles is almost certain, work will not necessarily be held up at the mouth of the Columbia.

The chief of engineers realizes the anxiety of the people of Oregon and Washington to have work commenced looking to opening the river at the Dalles, and has been doing his best to get an early report from the board.

RATE OF INDIAN WAR PENSION.

Beneficiaries Will Receive \$5 Per Month From June 27.

WASHINGTON, July 9.—Under the Indian War veteran pension law recently enacted, pensions will be granted at the rate of \$5 per month, and will be payable from June 27 last, during the lives of the beneficiaries.

Under the old act, and therefore under the new one, every claimant will be required to establish his right to a pension, and any person falsely or corruptly making oath to any evidence required by the department will be guilty of perjury.

SPECTACLE MAKING.

The Difference Between American and Foreign Methods.

Jeweler's Circular Weekly. It has been estimated that the product of American optical goods manufacturers exceeds, yearly, 6,000,000 pairs of spectacles and eyeglasses.

Other countries possess remarkably few factories (as we use the term) devoted exclusively to the manufacture of spectacles and eyeglasses.

THE VATICAN'S REPLY.

Delivered to Judge Taft, Who Forwards it to Washington.

ROME, July 9.—The answer of the Vatican to the note of Governor Taft, Governor of the Philippines, concerning religious affairs in the archipelago, which was handed to Cardinal Rampolla, papal secretary of state, July 3, was delivered to Judge Taft at a late hour tonight.

The Vatican's answer to Judge Taft follows: The contract, which the Vatican proposes shall be signed by both parties, comprises 12 articles. The first article says the Philippine Government is to buy the lands of the four religious orders concerned, the Holy See acting as intermediary.

Doctors Told Mrs. Wake That She Was Doomed to Quick Consumption—Cured By Dr. Williams' Pink Pills.

To lie at the point of death for months, to be told by the physician that there is no hope of recovery, and then to be restored to health and strength by Dr. Williams' Pink Pills for Pale People, was the experience of Mrs. W. H. Wake, of No. 41 Broad street, Albany, N. Y.

CATARRH OF HEAD AND THROAT

The head and throat become diseased from neglected colds, causing Catarrh when the condition of the blood predisposes to this condition.

"About three years ago I was in a condition generally known as run-down. I was miserable indeed; lifeless and languid. I had no strength at all, and I desired for food had left me, I was terribly nervous, and could not sleep.

"Finally the doctor told me that unless I began to get better within two weeks, I was doomed to quick consumption. Then I gave up all hope.

"But about this time a friend, who knew something of Dr. Williams' Pink Pills for Pale People, advised me to try them. I did so, and, after taking the third box, I began to feel better. I continued using them faithfully until I was cured. Dr. Williams' Pink Pills for Pale People are a wonderful remedy for all the ailments I suffered from.

The disease from which Mrs. Wake suffered was anemia. It is characterized by a pallid complexion, pale lips, dull eyes, tongue and gums bloodless, shortened breath on slight exertion—such as going up stairs, palpitation of the heart, feeling of impending death, weakness, loss of appetite and ambition, irregularly and pain in the natural functions of woman.

The cure remedy that has proved itself a specific for anemia is Dr. Williams' Pink Pills for Pale People. They are sold at 50 cents a box or six boxes for \$2.50.

The Blue Mountains, and plans are on foot to extend it 100 miles farther during the present season into the rich territory of Grant and Harney Counties.

As to this district, I have not the slightest doubt that values will continue in depth to a point to which no modern mining appliances can operate a mine with profit.

"Baker City is near the geographical center of a territory 100 miles square, richly charged with the most elements of mineral wealth, and particularly of gold and silver.

"Baker City is the most central point to which this great mining district is tributary. Portland is situated 50 miles away, and the distance to other important commercial centers are even shorter.

"Enough has been said to show beyond controversy that Baker City is the ideal location for an assay office within the great mining district of the Snake River in the very midst of one of the largest gold-producing districts in the country, which produces so large a share of gold and silver bullion ready for deposit at an assay office.

"A quotation from a letter of the Director of the Mint addressed to a member of Congress will illustrate the point last mentioned very clearly.

"The gold production of the Black Hills is in the neighborhood of \$6,000,000 per annum, but the deposits at the assay office at Deadwood are not sufficient to handle the gold production of the State of Nevada, which was \$2,000,000, but the deposits at the assay office in Carson City was only about \$2,000,000.

"It is clear that the reason for the small deposits in the offices referred to arises from the fact that the gold and silver found in the mines mentioned is not placed in free-milling, but must be sent to a smelter, which makes its charges and sends its product directly to the mints.

"As was shown in the table, nearly \$600,000 of the gold and silver production of Eastern Oregon was deposited at assay offices. This amount deposited at Baker City would make it at once one of the most important offices of the kind in the country, and is reason sufficient for its location there.

"A small proportion of the present production of Eastern Oregon of gold and silver is not free-milling, but must be sent to reduction works at different localities. This amount will increase, no doubt, and, in fact, is rapidly increasing, so that arrangements have been completed for the erection of a smelter at Sumpter, some 50 miles from Baker City.

"The erection of this smelter would but add to the importance of the Baker City assay office, for the reason that the bullion from this smelter, when in operation, would find its natural resting place here. In and around Baker City, and directly tributary to it, are more than 8000 developing mines and prospects, and the great production of gold and silver which has been characteristic of the past bids fair to be doubled in a very short time.

"The district has the advantage of being a steady producer, as well as a growing one, and the need of an assay office is apparent, and by the passage of this bill the office will be located where it will be of the greatest benefit to the greatest number of those directly interested."

Children Prevent a Trainwreck.

NEW YORK, July 9.—Eldridge Finkle, 15 years old, and his 13-year-old sister have saved a train on the Poughkeepsie & Eastern Railroad from being wrecked by flagging the locomotive just in time to prevent it from rolling upon spreading rails.

SUPER-TIME

TO TREAT AND CURE CATARRH

Climatic Conditions Are Then Most Favorable, and the Liability to Take Cold Reduced to the Minimum.

DISEASE DESCRIBED BY SYMPTOMS

The Proper Course for Sufferers.

Great numbers of people suffer from the malign poisons of catarrh, as from other chronic maladies, without any correct or definite idea of the proper course for sufferers to follow. The following symptoms have been carefully arranged to enable many sufferers to understand just what it is that ails them.

CATARRH OF HEAD AND THROAT

The head and throat become diseased from neglected colds, causing Catarrh when the condition of the blood predisposes to this condition.

"Do you have a cough?" "Do you have a sore throat?" "Do you have a hoarse voice?" "Do you have a dry throat?" "Do you have a raw throat?" "Do you have a burning throat?"
