SPOKANE, Wash., July 15.—Spokane made a half dozen runs in the first, when, with one man down, and one on base, Mullane singled; McKeritt was declared safe, Elsey, Frany and Donahue got two baggers, and Kelly, Kostal and Howells singled. MrKeritt was put out at the plate in a mix-up. After that Spokane made only one run when McLoughlin singled in the sixth and Mullane brought him in by a three-bagger.

Kostal weakened in the eighth, when Vigneux, Zeigler and Engel singled, and Muller hit for two bases. The ninth was nerve-racking for Spokane. Weed was safe on Kelly's error, Vigneux walked, but was forced out at second, Zeigler roosting on first and Weed came home on the play and an error of second in attempting to complete a double play. With Zeigler on first, Harris hit the ball over the fence and both came in. It was up to Deisel and Engel, but one was out on an outfield fly, and the latter on a high foul to the catcher.

Portland played a much better fielding game than Spokane, but had too many men left on bases.

SEATTLE IS SHUT OUT.

Wiggs Delivered the Goods for the Helena Team.

SEATTLE, Wash., July 15.—It was a pitchers' battle today between Hogg and Wiggs. Up to the ninth Hogg allowed but two hits, but in the last time up Flannery was hit by a pitched ball and three hits followed. Wiggs finished strong. Both teams played almost perfect ball in the field, and not a decision was questioned. The score:

BUTTE WON IN THE NINTH.

McCloskey Behaves Himself in Visiting Tacoma.

TACOMA, Wash., July 15.—Butte won a good game today on a muddy lot by superior stick work. In the first inning Joe Marshall earned a round-trip ticket by pushing the ball over the far left fence, scoring three runs and the visitors were never headed thereafter. In the fourth the Tigers had the bases full with but one out, and could not score. Again in the ninth with one out, two runs in and the sacks loaded, Murdock and Andrews struck out. The Mary McLanes showed none of the dirty tactics said to have characterized their work in Seattle last week, and both aggregations obeyed orders like little men. McCloskey has released Treadway and will play Marshall in right, and McIntyre at third regularly. The score:

BIG DEMAND FOR SEATS.

Capacity of San Francisco Arena Will Be Taxed on Night of Fight.

SAN FRANCISCO, July 15.—The sale of seats for the big fight opened this morning at Harry Corbett's, and before the noon hour some large orders had been received, the demand for mediocre seats being much stronger and steadier than had been anticipated. The club officials claim that if today's sale can be taken as a criterion, the seating capacity of the improvised arena at Fourteenth and Valencia streets will be exhausted before the men are called together.

Jeffries spent an unusually busy day at Oakland. He took a walk into the Piedmont Hills early this morning and spent some hours with the punching bag and skipping rope, rounding out the day with a scrimmage, in which his trainers took part by turns, and easing up with a plunge and a rub-down.

Fitzsimmons meanwhile hammered away at his trainers during the afternoon as well. He declares that if Jeffries remains a favorite in the betting there will be a shake up among the plungers when the fight has run its length. The odds are remarkably strong thus far in favor of the champion, and still there seems to be plenty of Fitzsimmons money in sight.

Twenty-Cent Hop Contracts Filed.

SALEM, July 15.—Lilienthal Bros., of New York, today filed contracts for the following hop crops of the year 1902:

White Bros., Monitor, 20,000 pounds, at 20 cents; O. S. Pomeroy, Woodburn, 10,000 pounds, at 20 cents; Fong Poey, Butteville, 12,000 pounds, at 20 cents; Gearin & Van Wassenhave, St. Paul, 12,000 pounds, at 11 cents; Gearin & Hanlor, St. Paul, 12,000 pounds, at 11 cents.

YOUNGSTERS AT GLENVIEW

HAVE THE BETTER OF THE VETERANS IN OPENING STRUGGLE.

Sixty-five Qualify in the Medal Play in the Amateur Golf Championship Tournament.

GLENVIEW GOLF COURSE, Ill., July 15.—The youngsters had the better of the veterans in the opening struggle for the amateur golf championship honors, which took place over the Glenview course today. Of the 64 who qualified in the medal play at 18 holes, a large proportion were mere boys, lads who have learned the game in the last three or four years, and whose strength is not yet upon them. Many of the veterans fell by the wayside, while such old-timers as J. G. Thorp, Massachusetts state champion, and a prominent contestant in several National championships, and Herbert J. Tweedie, of Belmont, turned in scores that barely entitled them to contest in the match play beginning tomorrow morning.

Scores well under qualifying figures were made by many young players whose names are practically unknown to followers of National championships. The biggest surprise of the day was furnished by G. A. Ormiston, of Pittsburg, who tied Champion Travis' medal score of 79 made earlier in the day. A feature of the playing was the tieing at 94 of 13 men for the last two places on the qualifying list. These will play off the tie at 8 A. M. tomorrow, when the first round at 18 holes' match-play in the championship struggle will be called. The second round will be played off in the afternoon.

Two rounds at 18 holes will also be played Thursday. Friday, in the semi-finals, the play will be at 36 holes, as will the final struggle Saturday between the survivors. The tie for the gold medal given for the lowest qualifying score will be played off by Travis and Ormiston at their convenience, probably before Saturday.

There were 132 starters in today's tournament, one of the largest lists ever trying for championship honors. Medal scores below 90 were as follows:

	Out.	In.	Total
Allen Hibbard	41	42	83
Walter Travis	40	39	79

TENNIS TOURNAMENT OPENED.

Five Preliminary Matches at Multnomah Club.

Five of the 13 preliminary matches in the men's singles handicap tennis tournament being held on the Multnomah Amateur Athletic Club courts were played yesterday afternoon. Bethel, Seager, Ladd, Prince and Archer won respectively over Millis, Newell, Briggs, Shinkle and Valentine.

The matches were all interesting and well played. Mr. Ladd, in his match with Mr. Briggs, played a steady lobbing game and won many points on careful playing. His opponent was brilliant at times, but lacked steadiness. Archer is a young player of promise, and his match with Valentine was close and exciting. Miller also showed up well, but the speedy serving of the veteran Bethel proved too much for him.

The remainder of the matches in the preliminary round will be played off this afternoon. The tournament committee has decided to default all players in that round who fail to appear at the courts today. The first round will probably commence Thursday afternoon, although a couple of the matches may be played today. Nunn, Wickersham and Green drew byes, and do not appear in the preliminary round.

In the first round the results so far show that Bethel will meet Nunn; Green will meet Wickersham, Ladd will meet Seager, Prince will play the winner of the Dunne-Ewing match, and Archer the winner of the McAlpin-Leiter match.

The massive silver loving cup presented to the club by Mr. J. Wesley Ladd, to be competed for in the men's singles, is on exhibition at the clubhouse, and is attracting much attention. The cup is one of the most handsome ever offered in this city for any athletic event, and shows the great regard Mr. Ladd has for the fascinating sport.

The following is the summary of yesterday's matches:

Bethel, owe 40, beat Millis, receive 15, 6-3, 6-1.
Archer, receive, 15 3-6, beat Valentine, scratch, 6-4, 1-6, 10-8.
Ladd, receive 3-6, beat Briggs, receive 3-6, 6-3, 7-5.
Seager, owe 15 3-6, beat Newell, receive 15, 6-0, 6-2.
Prince, scratch, beat Shirkle, receive 3-6, 6-2, 6-2.

Today's programme: Jackson vs. Rosenfeld; Lumgair vs. McMillian; McAlpin vs. Leiter; Lewis vs. Cheal; Cawston vs. Goss; Dunne vs. Ewing; Zan vs. Warren, and Brandan vs. Carroll.

BLIND HORSE WINS.

Rhythmic Captures the M. and M. Stakes at Detroit.

DETROIT, July 15.—The Detroit Driving Club's classic Merchants' and Manufacturers' $10,000 stake for 2:24 class trotters was won at Grosse Point track this afternoon in hollow fashion by Rhythmic, a blind horse owned by Jesse Turney, of Paris, Ky., that had never before been started in a race. Rhythmic's best time was 2:11½, which is 2¼ seconds slower than the record for this event made last year by Eleatoa. J. C. McKinney's mare Zephyr ruled favorite in the early betting, but went lame while warming up for the race, and was drawn after a veterinary had pronounced the mare unfit to race. The track was good, and over 10,000 people were present. Summary:

2:15 trot, purse $1500 (two heats yesterday)—Silver Sign won the second, fourth and fifth heats in 2:10¾, 2:13, 2:12¾. Pug won the first heat in 2:12¾; General Johnson won the third heat in 2:12¼.

2:24 class, pace, Chamber of Commerce stake, $5000 (two heats yesterday)—Direct Hal, black stallion, by Direct-Bessie Hall (Geers), won three straight heats in 2:06¾, 2:08¼, 2:07¼.

2:19 trotting, purse $1200, two in three heats—The Roman won two straight heats in 2:11, 2:12¼.

2:07 pace, purse $1500, two in three—Shadow Chimes won two straight heats in 2:05, 2:05¾.

2:20 pace, purse $1500—Greenline won three straight heats in 2:07¾, 2:11, 2:10½.

M. & M. stakes for 2:24 class, trotters, $10,000—Rhythmic, by Oakland Baron-Duchess, by Strathmore (Hudson), won three straight heats in 2:11½, 2:11½, 2:11¾. Hallie Hardin, Lord March, Wentworth, Sphynx Lassie, Dalton McCarthy, Ted and Baron Deshay also started.

2:11 pace, purse $1200, two in three—Dicksee won two straight heats in 2:08, 2:09.

2:11 trot, purse $1500, two in three (unfinished)—Palm Leaf won the first heat in 2:10¼.

AROUND BANQUET BOARD

Oregon Braves Honor Great Chief—Those Present.

Last evening a short meeting was held at the hall of the Past Sachems' Association, at which Grand Incohonee Wiley was presented with two handsomely mounted Mongolian pheasants, after which the party repaired to the Quelle, where they enjoyed a delightful spread. A number of toasts were responded to, and all of the members expressed their determination to put forth their greatest efforts in the work of the order, and to attempt to make the visit of the great incohonee a red-letter day in the history of the organization.

F. H. Saylor, past grand minewa of the great council of the United States, acted as toastmaster. Dr. S. Lewis King spoke in behalf of the home organization, and welcomed the great incohonee to their wigwam. Dr. Wiley then replied, and said that he was pleased with the great hunting grounds of the West, and that he believed that the Red Men of this reservation had a great future before them. "Siya clattawa, hias skookum," said he, and the braves all nodded their heads in approval. "If I were a young man," said Dr. Wiley, "and had my life before me, I would come to the Northwest and pitch my tepee on the Oregon hunting grounds, and if I ever have a chance to say a good word for these hunting grounds I will picture to my brother chiefs and braves the glories of this country."

Toasts were then responded to as follows: "Great Council of Oregon," Past Grand Sachem J. H. Howard; "Great Council of Washington," T. J. Bell, representaive to the grand council of the United States; "Fraternity," Past Grand Sachem Otto Schumann; "Great Council of the United States," Great Representative A. B. Cherry; "My Country, 'Tis of Thee," Past Sachem Lewis Carstenson. In all there was a ring of loyalty to the order, and their great love of the flag and the country of liberty was brought into great prominence. After the programme was completed, a number of eloquent speakers were called upon, and later the song, "My Country, 'Tis of Thee," was sung with much expression. "She May Have Seen Better Days" was sung by Harry Gurr, and the company joined in the chorus.

Today a committee of the braves will take their great canoe and conduct the great incohonee as far as Cascade Locks, where he will be able to see the way that the Oregon hunters lift their canoes over the great rapids to reach the hunting grounds beyond. The great iron horse will bring them back to the camp of the chiefs in Portland, and in the evening the great incohonee will give them instructions in the secrets of the tribe.

The following were in attendance at the banquet:

Great Incohonee Dr. Edwin D. Wiley, Des Moines, Ia.; Great Sachem Dr. S. Lewis King, Past Great Sachem J. V. Lankin, Past Great Sachem F. H. Saylor, Past Great Sachem J. K. Carr, Past Great Sachem J. H. Howard; Great Representative A. B. Cherry, Past Great Representative T. J. Bell, Tacoma; Past Sachem B. F. Finke, Past Sachem, H. Gurr, Past Sachem George Baker; Brother P. Buehke, Past Sachem E. J. Hyland; Past Sachem John Englehardt, Past Sachem Joseph H. Jones; Past Sachem G. M. Orton; Past Great Sachem Otto Schumann; Great Keeper of Wampum J. H. Griebel, Past Sachem P. S. Langworthy, Past Sachem J. Reisch, A. E. Buttner, G. L. Klug, E. W. Klutsch, Past Sachem L. Carstensen, Past Sachem E. Froesner.

STEEL TRUST'S ANSWER

FILED IN SUIT TO PREVENT BOND CONVERSION PLAN.

Schwab Says the Company Earns Over One Hundred and Forty Millions a Year.

NEWARK, N. J., July 15.—The answer of the United States Steel Corporation to the suit brought by J. Aspinwall Hodge, William H. Curtis and Bernard Smith, who asked for an injunction to prevent the company from carrying out its bond conversion plan, was filed today before Vice-Chancellor Emery. When the case came up before the vice-chancellor, it was put over until July 23. The answer is sworn to by Charles M. Schwab, as president.

For the first time since the organization of the steel corporation, a detailed statement of the assets of the properties of the subsidiary companies is furnished. The total value of the company's property, including cash and cash assets, is placed at $1,400,000,000 by Mr. Schwab in an affidavit which is part of the corporation's reply. The company's earnings are stated to be at the rate of more than $140,000,000 a year. A saving of $40,000,000 a year is credited to the ore properties, and it is estimated that the ownership of transportation facilities saves the company $10,000,000 annually. The earnings of the coal and coke property are stated to be more than $1,000,000 a month. These statements as to value and earnings were presented to disprove a charge by the plaintiffs that Mr. Schwab, the president, and Mr. Trimble, the secretary, made a false certificate when they certified that in their judgment the properties were worth at least the par value of the preferred stock, after deducting all indebtedness.

The corporation declares it has no knowledge that Hodge is the owner of 100 shares of its preferred stock, but admits that in August, 1901, 100 shares of preferred stock were transferred to his name on the company's books. It is denied that William H. Curtis is the owner of any of the company's stock, and it is declared that Bernard Smith is the holder of 200 shares of preferred stock, which were transferred to him on June 26, 1902.

The conversion plan was agreed upon at a stockholders' meeting May 19. The answer admits that the conversion plan includes a payment of $10,000,000 to J. P. Morgan & Co. It denies that any of the acts contemplated will work fraud or injury to the complainants, but says, on the contrary, such acts, when consummated, will be greatly to the benefit of the corporation and of the stockholders. The answer says that some of the directors are members of the syndicate formed by J. P. Morgan & Co. to float bonds, and that that fact was communicated to stockholders in a circular dated April 17, 1903. It is further declared that the directors so interested constitute a minority of the board of directors; that they were individually at the time of the formation of such syndicate and now are owners and holders of large amounts of stock of the defendant corporation, and that they became parties to said syndicate and assumed their proportion of the liability thereof in order to secure the success of the plan for purchasing and retiring the preferred stock, as they believed such plan to be of great value to the defendant corporation and its stockholders.

Mr. Schwab, in his affidavit, maintains that his position is such as to give him knowledge of the actual worth of the properties. He says among other things that the earnings of the corporation in the 15 months of its existence have been in excess of 10 per cent of the entire capital stock. Mr. Schwab's answer contains the following statement of the value of the corporation's property, which estimate, he says, he regards as below its real value:

Iron and bessemer ore properties	$ 700,000,000
Plants, mills, fixtures, machinery, equipment, tools and real estate	300,000,000
Coal and coke fields (87,589 acres)	100,000,000
Transportation properties, including railroads (1467 miles), terminals, docks, ships (112), equipment (23,185 cars and 438 locomotives), etc.	80,000,000
Blast furnaces	48,000,000
Natural gas fields	20,000,000
Limestone properties	4,000,000
Cash and cash assets June 1, 1902	148,291,000
Total	$1,400,291,000

Mr. Schwab calls attention to the value of $320,000,000 placed on the Carnegie properties as a result of the Frick litigation. It is set forth also that the present fixed charges of the United States Steel Corporation are 5 per cent per annum on $303,557,000 of bonds, and an annual sinking fund of $3,040,000, making an annual charge of $18,227,850, and that when the proposed issue of second mortgage bonds is outstanding, namely $250,000,000 at 5 per cent, together with an annual sinking fund of $1,010,000, the total fixed charges of the United States Steel Corporation for interest and bond sinking funds will be $31,737,850, to provide which Mr. Schwab says the corporation is now earning at the rate of $140,000,000 per annum net.

"The profits of the United States Steel Corporation," the affidavit continues, "could be reduced more than 75 per cent, and there would still be ample funds to pay the interest and sinking funds upon the first and second mortgage bonds. Instead of a margin of 2 per cent as intimated in the affidavit of Smith, there is a margin of 75 per cent before the solvency or financial ability of the steel corporation can possibly be questioned."

Other affidavits corroborative of Mr. Schwab's estimate on the company's properties were presented by other officials of the company.

NO HORSES FOR PARADES

City Will Keep Them for Use, Not for Ornament.

The Board of Public Works yesterday opened three series of bids for public improvements, all of which were referred to the Auditor for examination. Sheehy Bros. received contract for some painting at the City Hall for $95. The board resolved to prohibit the public use of horses, belonging to the Street Department, for occasions such as Fourth of July and Memorial day celebrations. The City Engineer was requested to make frequent reports on the condition of streets and roadways and the progress of public improvements. As to restoring the roadway east of the Madison-street bridge, between East Water and East First streets, he was directed to ascertain from the property-owners on each side of the street whether they would meet the cost of the work.

Bids Opened.

Bids for construction of a sewer on East Main street were:

Jacobson, Bade & Co., $3315.
John Bays, $2550.
J. B. Slemmons, $3685 60.
J. W. Sweeney, $3428 90.

For the sewer on main and King streets bids were:

Jacobson, Bade & Co., $1157 24.
J. B. Slemmons, $1166 20.
J. W. Sweeney, $1150 20.

For improvement of East Seventeenth street bids were:

Reilly & Stevens, $4762 04.
Dan Kern, $5829 56.
Gleibisch & Joplin, $6350 67.

The contracts will probably be awarded at the regular meeting of the board next week.

Room for Historical Society.

The Oregon Historical Society was authorized to use additional room in the City Hall, but the space was to be given up whenever it was needed by the city. The society is crowded in its present quarters and the expansion granted will afford relief.

Street Matters.

City Engineer Elliot reported that the depression under the pavement at Fourth and Alder streets had been rectified. It was caused by a sunken sewer. This brought up the subject of the surplus tar or asphaltum on the new pavement. The board agreed that the substance sadly clogged the footsteps of citizens and that its adhesiveness was a sore drag. But the subject was too sticky to settle at that time, and the board passed on to the question of elevated roadways.

The bridges of the city are growing old, and some would get very shaky if they were not propped up. Engineer Elliot said he had his eye on them sharply. At the suggestion of Mr. Mills he promised to give the board frequent reports about his inspection of bridges. Bents of the bridges east of the Exposition building had been crowded out of line by dumpings from above, but he had had them straightened out. Mr. Mills called his attention to several bad holes in the decking of Alder-street bridge near Lownsdale.

Hawthorne Avenue Roadway.

The question of restoring the city's part of the roadway on Hawthorne avenue for a distance of one block east of East Water street was discussed somewhat at length. Everybody realized the need of immediate construction.

Richard Williams pointed out that as the burnt-out part of East Water street is to be replaced by a fill, traffic might go by East Clay street, but the response was that the fill would not come soon enough to relieve Morrison street, which is now hard taxed.

Mr. MacMaster proposed that the city fill in the center of the street only.

"And then put liens on the abutting property for sidewalks," suggested Mr. Mills, jokingly.

The plan of having the City Engineer sound the willingness of property-owners to stand the expense was then adopted. Mr. Elliot said that the city's part of the fill would amount to 5700 cubic yards of earth, would cost $1086, and would be cheaper than woodwork.

The sentiment of the board was against putting the cost on the city, but the regular procedure of assessing against the abutting property would take too long and the street must be restored at once.

No More Free Horses.

The board resolved no longer to lend out horses of the Street Department. A team had recently been given over to the Fire Department. Use of the heavy horses by that department was regarded as dangerous for the animals, and besides the Street Department was short of horses already. The resolution means also that horses of the Street Department no longer may be used for parades or celebrations. Free use of the animals was injurious to them and costly to the city.

Two Deputies for Poundmaster.

Poundmaster Reed asked through Mayor Williams that he be given two deputies, each at a salary of $50 a month, instead of one deputy, as at present, at $75 a month. The board recognized the need of two deputies, but as the one deputy and his salary of $75 were fixed by ordinance, the board decided to advise the Council to change the ordinance. Somebody suggested that Mayor Williams bend his influence in the matter, but that official responded smilingly:

"It is impossible for me to find what power I have. I never was so confused before."

Mayor Williams said that a delegation of labor unions had waited upon him to have the city withdraw its support from the Banfield-Veysey Company. That firm has a contract for delivering wood at the crematory. The board in an informal discussion did not see how it could break the contract.

Mr. Cogswell said that the Street Department needed two more lots adjoining the City Barn on the south side of Sixteenth street. Tyler Woodward owned the property and asked $4000 for it. The price was deemed too large. The city is now using several feet of the property for an inclined roadway.

Freed Boers at New York.

NEW YORK, July 15.—Among the passengers who arrived by the steamer Pretoria from Bermuda were 108 Boer prisoners from Bermuda. The Boers were clad in the same suits they wore in South Africa. Twenty-one of them had been officers. Among the most prominent of the officers were General J. B. Wessells, Peter Steyn, a brother of President Steyn; J. Devilliers, late Attorney-General of the Free State, and Joubert Reitz, a son of the Free State Secretary. None of the officers would talk about the way they had been treated by the British in Bermuda.

Injunction Denied.

ST. PAUL, July 15.—United States Circuit Judge Sanborn today denied the injunction asked by Mrs. Laura Tesson, of St. Louis, against the Louisiana Purchase Exposition Company, to prevent the condemnation of her property for exposition purposes. The complainant will appeal to the United States Supreme Court. Judge Sanborn held that the exposition company was organized for a public, and not a private purpose.

Thirty Russians Drowned.

ST. PETERSBURG, July 15.—Thirty persons were drowned today by the sinking of a small passenger steamer on the Luge River near Probroa-Schenskain. The disaster was caused by overcrowding. Only those who were on the upper deck were saved.

Train-Robbers Surrounded.

DENVER, July 15. — The robbers who held up the D. & R. G. train yesterday have been located 30 miles from the scene of the hold-up. Three posses have them practically surrounded, and it is believed a battle will be fought tomorrow.

Life Is Short Space Is Valuable Ads Are Usually Dull

Just a few words this morning.

We carry the three greatest pianos made in the world—the celebrated Chickering, of Boston; the beautiful Weber, of New York, and the now famous and superb Kimball, of Chicago.

We have about 25 other leading makes in stock.

We save our patrons from $50.00 to $100 on each instrument.

We give the most liberal terms—$10.00 down and $8.00 per month, if you want.

We do the biggest business—sell the best pianos.

"The proof of the pudding is the eating."

In April, May and June we sold more pianos and organs than any other piano house in the United States.

We can please you.

We know it.

Specialists For MEN

Not Weakness, Symptoms!

By far the greater number of patients seeking relief for so-called weakness are strong, robust men in every other respect. Loss of vitality, prematureness, etc., are not weaknesses, but the symptoms of inflammatory processes in the Prostate Gland (so-called neck of bladder), caused by contracted disorders and too-often-repeated and too-long-continued excitement. Under our local plan of treatment, directed toward reducing the enlarged and swollen Prostate, immediate results, as indicated by increased circulation and renewed strength, are observed. Our colored chart of the organs, which we send free on application, is interesting to any one wishing to study the anatomy of the male.

Consultation free and no charge whatever for treatment of any case in which cure is not effected.
