

SLATE IN WISCONSIN

Went Through With Two Exceptions in Convention.

LAFOLLETTE RENOMINATED

Stalwarts Propose to Carry Their Fight for Senator Spooner into the Various Assembly Districts.

- Governor—Robert M. LaFollette, Madison.
- Lieutenant-Governor—James O. Davidson, Soldiers' Grove.
- Secretary of State—Walter L. Huer, Mondak.
- State Treasurer—John J. Kempf, Milwaukee.
- Attorney-General—L. M. Sturdevant, Neillsville.
- Superintendent of Public Instruction—Charles P. Cary, Delavan.
- Railroad Commissioner—John W. Thomas, Chilpeau.
- Insurance Commissioner—Zeno M. Host, Milwaukee.

MADISON, Wis., July 17.—The Republicans of Wisconsin finished their work in convention at 8:25 tonight, after nominating a full slate ticket.

Governor LaFollette was renominated over John M. Whitehead by an overwhelming majority, receiving 70 votes to Whitehead's 29. The convention also nominated a full slate ticket.

The convention also nominated a full slate ticket.

North Carolina Democrats.

GREENSBORO, N. C., July 17.—The Democratic State Convention nominated Walter Clark for Chief Justice of the Supreme Court. The platform indorses the Kansas City platform.

THE PRESIDENT'S CALLERS

National Matters and Politics Discussed at Sagamore Hill.

OYSTER BAY, N. Y., July 17.—Ex-Representative Walter L. Weaver, of Springfield, O., arrived here today and held a conference with the President. He recently was appointed one of the Justices of the Choctaw and Chickasaw citizenship courts of Indian Territory, together with Judge Spencer B. Adams, of Greensboro, N. C., and Judge Foote, of California. Judge Weaver came by invitation to discuss with the President the proposed work of the National Citizens' League to eliminate citizenship frauds in Indian Territory. It is expected that the members of the court will meet this week in Washington to map out their work and to decide when and where their sittings shall begin.

Casper Whitney, editor of Outlook; R. B. Hawley, Republican National committee man from Texas; and Regis P. Post, of Bayport, L. I., were guests of the President today at luncheon. Secretary of the Navy Moody, who was expected at Sagamore Hill today or tomorrow, will not be able to arrive, on account of official duties in Washington, for perhaps 10 days. It is announced that Senator Platt and Governor Odell, of New York, will visit the President probably this week, to talk over state and national politics.

Several Boers who have been prisoners of war in Bermuda arrived here tonight and are the guests of William Gerard Beekman, who owns a handsome country home not far from Sagamore Hill. By arrangement, the party, including the Boers, Beekman, Commander Smythe, Commandant Bevan and two or three other Boer officers, called at Sagamore Hill to pay their respects to the President. They remained with the President a short time, and the Boer war was referred to only incidentally.

WOOD POSTPONES HIS VISIT.

WASHINGTON, July 17.—General Wood has decided to defer his visit to the President at Oyster Bay until early next week, in order to complete certain work assigned him by the Secretary of War in regard to the radical changes ordered in the uniforms of the Army. He is preparing his report as Military Governor of Cuba, and expects to complete it during the next few months.

SPAIN AND AMERICA.

Minister de Ojeda Wants Better Understanding Between the Peoples.

NEW YORK, July 17.—Emilio de Ojeda, the new Spanish Minister to this country, is in the city and will remain here for a short time before going to Newport for the remainder of the summer. Discussing the conditions of trade in Spain and the proposed reciprocity treaty with the United States, the Minister is quoted by the Journal of Commerce as saying:

"Spain having lost her colonies fully recognizes the importance of increasing her commercial relations in order to adjust her affairs to the new conditions. That what is needed as a preparation for increased commercial intercourse is a better understanding and more general intercourse between the two peoples. I find there is almost total ignorance, in a popular sense, in the United States as to what Spain is, and there is even greater ignorance, if possible, in Spain in regard to the United States. As a beginning, therefore, I favor increased intercourse between the two nations. When the people of Spain and the United States get to know each other better, the commercial opportunities will follow."

"And I think a happy and practical way of creating this better understanding has been hit upon. The idea is to establish a kind of syndicate, to comprise the rich bankers in Spain, the railroad companies, the hotels, etc., for the purpose of encouraging American tourists to visit our country. The plan is to make the trip as cheap and in every way as pleasant as possible, and have all conveniences."

"And in this connection, I may say that the spirit of conciliation of interests is already developing in Spain on very broad

lines. There has been wonderful progress in the Spanish shipyards, in sugar growing and planting. The Foreign Office has already given the matter great study, and as a first step has started a sample office for the purpose of giving our own people an idea of foreign requirements. Samples of all articles that Spain can produce and that have a foreign market are on exhibition with their ruling prices attached, and the new department is one that will undoubtedly prove of great value."

NEW ARMY UNIFORM.

Board's Report Approved by the President.

WASHINGTON, July 17.—While Secretary Root was at Oyster Bay, the President considered and approved the report of the Army uniform board. The order for the new uniform will go into effect on January 1, when officers of the Army will be equipped according to the regulations. Officers serving in the Philippines will be allowed to wear the old uniforms during their service there.

Among other changes are the following: The full-dress coat is about the same as at present, save that the buttons are more spreading, with ornate designs on the sleeve and with the rank designated on the sleeve instead of the shoulder knot. The dress coat will be what is called the dress blouse. A new dress uniform is provided, consisting of a sack coat of woolen or cotton material of an olive drab color, with trousers to match. It is intended to provide suits which can be worn in cold weather that are almost a duplicate of the present khaki uniforms worn in warm weather and in the tropics.

General and staff officers are to have full-dress trousers with gold lace as a stripe, officers of the line wearing the present stripes to designate the service. Brooches are provided for all officers and men, whether mounted or dismounted, although trousers may be worn when in barracks service. Brooches are provided to fit closely below the knee, extending to the top of the shoes.

The chapeau is retained for general officers and officers of the staff department, but not to be worn when mounted. A new full-dress cap is provided, differing considerably from the present cap in design and trimmings. Service caps also are provided, and the helmets are retained, as also are the present campaign hats.

Shoulder straps are to be used only on the dress coat. On the service uniforms the straps now worn with the khaki uniform will be retained.

A new pattern of saber has been adopted for all officers in place of the sword now in use.

Russet leather leggings are provided for all officers to be worn with the service uniform, but canvas leggings can be worn in the field.

The button is of a new design, to be of two sizes, and is slightly convex.

CHINESE AND RUSSIAN PRINCES COMING

WASHINGTON, July 17.—The State Department has been informed by Minister Wu that Prince Chen, who went to London to represent the Chinese Government at the coronation with his suite, will sail from Europe on the steamer Philadelphia the 26th inst. for New York. The party will remain in the United States 10 days or two weeks.

Minister Bick has advised the State Department that Prince Boris, of Russia, sailed from Japan for San Francisco the 16th inst. The Prince will remain for some time in the United States, but as he comes incognito, the Government will take no steps to recognize him formally.

Decision by Claims Commission.

WASHINGTON, July 17.—The Spanish Treaty Claims Commission rendered an important decision in the matter of claims of American citizens for the destruction of property by the Cuban insurgents. To all this kind of claims the government had set up deniers, which the decision of the commission overruled, the decision laying down the general principle that where proper averment is made, alleging American citizenship and neutrality of the claimant and the ability and the duty of the Spanish authorities to protect property, the claims should be admitted for proof.

FUNERAL OF A PRELATE

Services Over the Remains of Archbishop Feehan.

CHICAGO, July 17.—With much pomp and imposing ceremony, and in the presence of the cardinal of the church and a great gathering of ecclesiastical dignitaries, the last rites of the Roman Catholic service for the dead were performed for Archbishop Patrick A. Feehan today at the Cathedral of the Holy Name. Early in the day a series of masses was begun by the numerous visiting priests, ending in the great pontifical requiem.

During the funeral service crowds thronged the streets in the vicinity of the cathedral, which was filled to overflowing by members of the clergy and

a favored few of the laity. Cardinal Gibbons, with his deacon officiated at the solemn pontifical requiem, which was conducted by Bishop John Lancaster Spalding, of Peoria. Archbishop Ryan, of Philadelphia, delivered the funeral sermon. After the mass Cardinal Gibbons pronounced absolution. The body of the dead churchman was then borne to a vault in Calvary cemetery, where it will be removed later to its last resting-place in the new cemetery of Mount Carmel.

The funeral cortege was probably one of the grandest and most imposing that ever passed through the streets of this city. Catholic dignitaries from many societies of the country were present and did honor to their late co-laborer. Military, civic and church bodies accompanied the funeral car. Among the principal churchmen present was Archbishop Ireland. It is estimated that during the time the body of the dead archbishop lay in state in the cathedral over 75,000 persons passed it in review. So great was the demand for admission to the service today that, after the 13th visiting priests had been accommodated, only two lay persons from each parish in the Chicago archdiocese could be admitted.

WHALE BOAT CAPSIZED

FOURTEEN PERSONS DROWNED AT PORTSMOUTH, N. H.

Waiters and Waitresses on a Pleasure Trip Lost Their Lives by a Sudden Squall.

PORTSMOUTH, N. H., July 17.—A 20-foot whaleboat, containing 20 waiters and waitresses employed at the Oceanic House, Island of Shoals, who had gone out on the bay this afternoon on a pleasure trip, in charge of Skipper Fred Miles, capsized during a sudden squall, and 14 of the occupants were drowned. The other three were rescued by fishermen, who put out from the shore in their dories. The names of the drowned are:

HENRY FARRINGTON, Cambridge, Mass.

W. A. ALWARD, Fredericton, N. B.

BERTHA GRAHAM, Danvers, Mass.

M. J. M'DONALD, Cambridgeport, Mass.

EVA AND MAY ADAMS, Portsmouth, N. H.

CATHERINE and ELIZABETH BOEWE, Saxonville, Mass.

BESSIE CHASE, Malden, Mass.

ANNA SHEEHAN, West Medford, Mass.

ANNA and MAY MARSHALL, Haverhill, Mass.

ISABEL KAUSKA, Cambridge, Mass.

LAURA GILMORE, Exeter, N. H.

The saved are: Alice Haggerty, Lillian Bresnahan and Skipper Fred Miles, the bodies of Farrington, Alward, Bessie Chase, Eva Marshall and Isabel Kaouska have not yet been recovered. All the others were taken from the water by the fishermen, and then put into dories, where they were worked over for a long time by two doctors, but without success. Farrington and Alward were both law students at Harvard University, rooming at Forsythville. Both were good swimmers and lost their lives in trying to rescue the others.

The victims were all young people whose ages would not average over 20 years. Most of the Massachusetts girls were schoolteachers who had started their summer vacations here for several years as waitresses in the hotel.

UTAH MINE DISASTER.

All the Bodies but One Have Been Recovered From the Daily-West.

PARK CITY, Utah, July 17.—The excitement attending the disaster at the Daily-West silver mine yesterday has subsided and business has been partially resumed. The work of rescue was resumed at a late hour last night, and the bodies of Ray Jackman, John Eckstrom and George Richardson were brought up from the 1200-foot level. This morning at 9 o'clock the bodies of Thomas A. Kelly, T. M. O'Neill, John Carney and Charles McAlindine were secured, accounting for all the bodies in the Daily-West except that of John Burgoyne, the powder-monkey, whose body was blown to pieces.

The men overcome by gas and resuscitated by the physicians yesterday are reported out of danger. The mine is reported to be now practically free from the noxious gas generated by the explosion, and the work of exploring the damaged portion is in progress.

At the close of the Daily-West this morning it was stated that the damage to the mine is confined to the 1200-foot level, which is pretty badly shaken up, but is not damaged to the extent of more than a few thousand dollars. It is expected the mine will resume operations within three or four days.

State Mine Inspector Thomas is on the ground and will make a thorough examination into the cause of the explosion and report to the Governor.

The coroner's jury returned a verdict entirely blameless for the accident. Thirty students from Columbia University, New York, who had worked for over a month in the Daily-West to learn practical mining, left two weeks ago and returned to the East.

Only four of the dead miners leave families. No destitution up to this time exists as a result of the accident. The local tent of the Knights of the Maccabees is making preparations to raise funds for the widows and orphans. They will likely be assisted by other orders.

The remains of Charles Nelme were shipped today to his former home in Calumet, Minn. Nelme was a student at Ann Arbor University. He spent two years there, and came West to earn enough money to complete his education. The remains of John J. Gill will be sent to Bridgeport, Conn.; those of John McCallist to Parkersburg, W. Va.; those of Thomas North Greenfield, Wis.; Peter Haron to Scranton, Pa., and Elias Nelson to Story City, Ia.

The first of the victims to be interred was George Garvin, who was buried here today. The interment of the remainder of the dead, who were not shipped away, will take place tomorrow. Men have been engaged for two days digging graves in the cemetery.

Falls From a Carriage.

SALT LAKE, July 17.—Mrs. Elvira McEvey, wife of Thomas McEvey, a prominent horseman in this city, was driving this evening, fell from her carriage and was instantly killed.

ANTI-MERGER PROCEEDINGS

Case Will Go Before the Federal Court on Its Merits.

ST. PAUL, Minn., July 17.—Both litigants in the case of the State of Minnesota against the Northern Securities Company et al., being the so-called anti-merger defendants, agreed to submit to the jurisdiction of the United States Circuit Court. The state waived and abandoned its motion to have the case removed to the Ramsey County District Court, and the defendants abandoned their motion to set aside the service of the summons. The defendants also agreed to enter an appearance on rule day, the first Monday in August. They will then have 30 days within which to file their answers.

This means that the case will go before the United States Circuit Court on its merits. The attorneys for the state entered into a stipulation to this effect with the attorneys for the Northern Securities Company, the Great Northern and Northern Pacific. The Great Northern and Northern Pacific Railroads were not parties to the controversy over jurisdiction, but were defendants in the main action brought by the state to dissolve the merger. The defendants all agree to make a general appearance Monday to August 18. Then they will have 30 days to file their answer. After that the state will have the same length of time to reply. These proceedings originated in an injunction sought by the state to restrain the Northern Securities Company and J. J. Hill, as president thereof, from taking possession of and consolidating the stock of the Northern Pacific and the Great Northern Railroad Companies, and to prevent the two railroads from allowing the Northern Securities Company to hold their stock or participate in the management of the property.

Financing Its Purchase.

NEW YORK, July 17.—The Union Pacific Railroad Company announces a plan for financing the remainder of its purchase of Northern Pacific and Southern Pacific stock. A year and a half ago purchases of Northern Pacific stock were made in the interest of the Union Pacific, and the shares purchased were invested in the Oregon Short Line Company. They now consist of Northern Securities Company stock, for which the Northern Pacific shares were exchanged. Since that time the Union Pacific has also increased its holdings of Southern Pacific stock.
