

GUILTY AS CHARGED

Court's Decision in the "Mother" Jones Cases.

RIGHT TO ISSUE INJUNCTIONS

Laborers Should Not Compel Employers Who Are Not Dissatisfied With Their Work to Quit.

PARKERSBURG, W. Va., July 24.—Judge Jackson, rendering his decision in the "Mother" Jones contempt cases today, held that all the defendants had violated the injunctions and corporations in sympathy with the miners, but who do not want their names made public.

Coal Shortage at New York. NEW YORK, July 24.—With shipments of anthracite coal from the mining regions showing a shortage of 11,125,200 tons in three months, as compared with last year, and no sign of a settlement of the strike in sight, the local market is becoming tight on the coast. Dealers are no longer able to supply the immediate needs of customers, and as for New York's winter supply, they say that the resumption of work in the mines tomorrow would not enable the operators to meet the demand.

There was an advance in the retail price of anthracite coal today to \$3 a ton for all sizes. This is an increase of 50 cents to the users of domestic sizes and 75 cents a ton to the users of steam sizes.

Ignored Mitchell's Recommendation. SAGINAW, Mich., July 24.—The Saginaw district of the United Mineworkers of America today in conference tabulated the vote of the various locals on the matter of accepting the scale offered by the recent conference of operators and miners at which President John Mitchell was present and which he advised they accept. The vote stood 86 to accept and 62 to reject and keep on strike. This action will be a sore disappointment to President Mitchell, who strongly urged the men to go to work, as the scale provided for no reduction in wages from last year.

Mitchell Returns to Wilkesbarre. CHICAGO, July 24.—President Mitchell of the United Mineworkers, left for Wilkesbarre tonight, where he will take charge of the anthracite miners' strike. He says he is confident of success in winning the strike because the men were standing solidly for their demands, and not one had deserted the union, so far as he was able to learn. He said the miners were ready and willing to submit their side of the contention to any board of the place, if the country, and were not at all fearful of the outcome.

Big Colliery Resumes. TAMAUCA, Pa., July 24.—The Lehigh Coal & Navigation Company today resumed operations at its No. 2 mine, one of the largest in the region. The move was unexpected. This is the first large colliery to resume. So far the striking men have made no effort to close down the place. It is believed other companies will now make an effort to mine coal.

TALKS TO NEWSBOYS.

Bryan's Speech at Tremont Temple, Boston. BOSTON, July 24.—Before leaving Boston for the Democratic League dinner at Nantasket today, William J. Bryan addressed the newsboys of Boston at Tremont Temple. He said in part: "I go on the theory that the happiness we get in life we get out of what we do for others, and not out of what is done for us. I do not like to talk to people, whether they be men or boys, without having some idea, I have known an idea to revolutionize a man's whole being, and not only that, but a whole community, a state, a nation or the world. You boys, all of you, are passing through that period which ought to be the happiest of your life. The first thought I have to suggest to you is that you cannot get too much of an education. I know that it is necessary for you to work in order to support your mother, or sister or brother, and one of my condemnations against the present industrial system is for this reason: That when they tell you you are prosperous, I tell them that this country is the most prosperous in the world, and that you can earn enough to send his children to school, instead of sending them to work. My second thought is that I want you to accustom yourselves to save. The boy who saves his money is enabling himself to become his own master. I object to the trusts because they destroy individual enterprise."

Confessed to Triple Murder.

ATOKA, I. T., July 24.—James Reeves has surrendered to the police here, explaining that it was he who killed his wife here several days ago; also her mother, Mrs. Grant, and John Knuckles. Reeves said that with his wife he had lived happily until the appearance of Knuckles on the scene two months ago. Since that time his wife had treated him with indifference, which maddened him, especially since her parents encouraged her attentions to Knuckles.

Body Sowed in a Sack.

NEW YORK, July 24.—The body of a man sewed in a sack, which was found near Bay Ridge last night, was identified today as that of John Calen, an Italian grocer of Brooklyn. Vincent Trini, an Italian fruitpacker, who the police claim made threats against Calen, was arrested on suspicion.

Contributions to Strike Fund.

INDIANAPOLIS, July 24.—Contributions to the mineworkers' defense fund for the anthracite strike in less than one week have reached \$12,000, exclusive of the assessment of the men. The first week's assessment of the bituminous district is now due, and it is expected that \$40,000 or \$50,000 will be received daily from this

"SOCIAU UNDESIRABLE"

BRITISH SNOBS OUTRAGEDLY WANT A FELLOW OFFICER.

King Edward Will Order a Strict Investigation Into the Affairs—Other Foreign News.

LONDON, July 24.—Details of a remarkable case of persecution by brother officers of a young Lieutenant of the Second Life Guards at Windsor, a regiment of which King Edward is Colonel-in-Chief, show that in this crack cavalry organization, like many others, the officers are intolerant of the presence of any one who takes his profession seriously. Second Lieutenant C. D. Gregson, who secured a commission February 15, 1902, was known to be a hard worker, efficient and popular with his men. Monday night a number of officers of the regiment chased Lieutenant Gregson out of his quarters, hunted him through the barracks with whips, at the same time using foul language, ducked him in a horse-trough until he was nearly blind and subsequently wrecked his quarters and destroyed his entire kit. The victim was forced to spend the remainder of the night on the bare floor of his room, wrapped in a blanket. The only explanation of this treatment is that Lieutenant Gregson was socially undesirable. There is no doubt that in view of the Lieutenant's record and the King's connection with the regiment, the king will order a strict investigation into the occurrence.

NUNS WILL BE EXPELLED.

Scenes of Violence Expected in Paris Today. PARIS, July 24.—Penalties varying from the payment of a fine of 5 francs to imprisonment for three months have been imposed upon seven of the persons arrested for having taken part in the demonstrations in connection with the religious riots. It is asserted that Abbe Barthelemy, the head of a suburb of Paris, who was prominent in yesterday's disturbances, will be disciplined.

M. Combes, the Premier, continues to receive addresses from public bodies congratulating the government on its energy with which it is dealing with the schools. Several newspapers have declared that the pope intended to make the recent action of the French Government the subject of a protest, but it is not likely, as the Cabinet has already intimated to the holy see that no discussion regarding the congregational schools could be entertained.

Only four unauthorized congregational schools now remain in Paris. The Sisters in charge of these have encouraged demonstrations in their favor, and are determined to remain until they are forcibly expelled. As the limit of delay according to Premier Combes, expired at noon today, it is likely that decrees ordering the expulsion of the Sisters will be placed in the hands of the police tomorrow, and the execution of these decrees will be accompanied by scenes of violence.

The clericals are busy throughout Paris trying to arouse their supporters and induce them to take part in a popular movement in favor of the congregational schools. Meetings have been held in many districts, and a monster assemblage is announced for Sunday, to be held in the Place de la Concorde. Letters in support of Premier Combes, expired at noon today, it is likely that decrees ordering the expulsion of the Sisters will be placed in the hands of the police tomorrow, and the execution of these decrees will be accompanied by scenes of violence.

THE IRISH DEBATE.

Healy Refers to Ireland as the "Stick Child of the British Empire." LONDON, July 24.—The debate on the Irish estimates, begun yesterday in the House of Commons, was continued today. Mr. Healy, the chief secretary for Ireland, Mr. Wignam, the chief secretary for the chief secretary, he said, had enforced the stringent coercion act without a shadow of justification. Mr. Dillon reviewed the case of Bergin and blamed the government for failing to prosecute him.

THE KING IMPROVES.

No Foundation for Story That He Is Worse. LONDON, July 24.—The British Medical Journal says: "We are glad to be able to say that the King is doing well in all respects. The wound is granulating well, but the King still keeps a strictly recumbent position and has not yet left the couch. He has moved from the bed to the couch daily and is wheeled on deck when the weather permits. There is no truth in the statement that he has walked, nor is there any foundation for the assertion that he is worse. His Majesty's health is excellent."

THE DEATH ROLL.

Episcopal Bishop of Alabama.

The St. Louis Fair Dedication.

ST. LOUIS, July 24.—Dedication of the world's fair will take place in the Palace of Liberal Arts, April 30, 1903, with pagantry and oratory. The drawings of the principal buildings have been given to the contractors for their bids. The structure must be ready for occupancy by April 1, 1903. This palace, with its hall, which it is estimated will seat 12,000 persons, will make the Anly serviceable building for large assemblies among all of the architectural giants of the fair.

MACKAY MEMORIAL SERVICES. Many Floral Tributes Sent to the Late Millionaire's London Home.

LONDON, July 24.—The pope has granted Mrs. John W. Mackay special permission to hold services over the body of her husband. A memorial service for Mr. Mackay will be held in the Church of St. Peter and St. Edward, Buckingham Gate, next Monday or Tuesday. Quantities of floral tributes are daily dropped at the Mackay home. One of these floral pieces is a five-foot column of water with a broken cable of steel-colored flowers, with the words "Atlantic and Pacific" at the base. The Postal Telegraph Company sent a handsome cross.

Mine Swindlers in Court. PARIS, July 24.—Summerfield and Clark, the two Americans arrested at Spa, Belgium, last month, charged with having sold Mr. Buchanan, a wealthy American in Paris, \$40,000 worth of bogus Arizona copper mine shares, were interrogated by an examining Magistrate today. Mines Prematurely Explode. VERSAILLES, France, July 24.—While a detachment of sappers was planting experimental mines at the Satory camp this morning, a mine was prematurely exploded, killing a Lieutenant and three non-commissioned officers, and seriously wounding six other sappers. Employers Sue a Labor Union. NEW YORK, July 24.—A fresh application of the principle whereby trade unions have been held responsible for breaches of the law, cables the London correspondent of the Tribune, is sought in an action brought by the colliery firm against the Miners' Association, which has a membership of over 125,000. This case is a suit for damages for cessation of work on four successive days under the orders of the federation. It is attracting much attention, since decision in favor of the employers in the courts would complete the record of a full financial responsibility of the Federated Labor Union for the acts of its officers, even when no aggressive action, such as picketing, is taken, and more serious than the stopping of work for a few extra days has been ordered.

Docks for Tobacco Company. BRISTOL, Eng., July 24.—The docks committee has recommended that the City Council erect warehouses at the Bristol docks for the Imperial Tobacco Company at a cost of \$90,000.
