A GREAT OIL TRUST

Rockefeller, Rothschild and Nobel Have Combined.

ACCORDING TO THE DAILY MAIL

The Three Interests Enter Into a Working Combination to Control the World's Market for Petroleum.

LONDON, July 30.—In its issue of this morning, the Daily Mail asserts that there is no longer any doubt that the three monster oil interests of Rockefeller, Rothschild and Nobel have entered into a working agreement.

"Thus," says the paper, "without any publicity the greatest trust the world has ever seen has sprung into being."

This combination, the paper says, has been hinted at in messages from Batoum and Moscow and it has been more clearly shown in the offers made to Russian oil exporters by representatives of the Nobel and Rothschild interests for the absorption of the whole of their output. The exporters have been forbidden to sell through the interests of their agency except at a price arranged by them or to fight the combined forces of the three oil giants. This offer was made openly and with the idea of maintaining prices, and it has been refused, Russian exporters preferring to fight. It was doubtless this combine, continues the Daily Mail, which induced the Russian Government to issue invitations to an anti-trust conference. The spokesman of the great combine declare it means a fight to the death and that the independent exporters cannot hope to win.

EMANCIPATION OF RUSSIANS.

Campaign Begun by an Exile at Stuttgart.

ST. PETERSBURG, July 13. — Peter von Struve, the noted Marxist, who went abroad in 1901, when forbidden to live in St. Petersburg, has begun the publication in Stuttgart of a Russian periodical under the title "Oswoboshdenie" (Emancipation). In his prospectus, Von Struve proclaims the extreme of his paper to be emancipation of the Russian people from police oppression, and the attainment of individual and social liberty. In his prospectus he says:

"The social reaction which followed the murder of Alexander II has completely disappeared and the political reaction is constantly being strengthened. The government is making its last desperate efforts to perpetuate an antiquated order of things. We shall defend the necessity of granting to all classes equal rights to untrammeled development and we insist upon an immense change.

"Emancipation will not be the work of one class, party or doctrine. We shall illumine all sides of Russian life; the intelligence, especially of the youths in schools, the position of the organs of local self-government and of the press and the struggle for religious liberty. We shall criticise the acts of the government, thus supplementing the oppressed press in Russia.

"We shall show that economic improvement can come only through participation of the people in the government by electoral representation and shall expose the exploitation of the peasantry by high protective duties and excessive taxation. We shall not be moderate. Let emancipation be openly proclaimed by the common action of revolutionists and moderates. The oppressors of the people cannot meet such a challenge squarely given."

This journal will be circulated in Russia by sealed letter-post. It recalls the famous "Kolokol" (Bell) of Herzen, which was the organ of emancipation during the early years of Alexander II's reign. It found its way regularly onto the desk of the then Emperor and was read by him eagerly, though strictly forbidden for circulation in Russia. The influence of this journal with Alexander II was at one time very great.

Ten thousand three hundred of the 22,400 Finnish youth who were called upon to take the military oath had complied with the order July 6 and only 156 had expressed a wish to serve. The greatest percentage of compliance, 73 per cent, was in Abo-Biorneborg, where the Bishop of Abo's conciliatory influence was most effective. The average percentage of compliance was 46.6. The predominantly Finnish Provinces have proved rather more stubborn than those with a mixed Swedish population.

KITCHENER'S FINAL DISPATCH.

Warmly Praises Milner and the Colonial Governments.

LONDON, July 29.—Many pages of the Gazette today are filled with Lord Kitchener's final dispatch on the Boer War and his mention of officers and men who distinguished themselves while he was in command in South Africa. The same issue announces the General's new title as "Viscount Kitchener of Khartoum, and of the Vaal, and of Asphail, in County Suffolk."

In his last dispatch, Lord Kitchener said of Lord Milner, the British High Commissioner: "In many difficult situations it was the greatest relief to me to feel that I could always rely on his unfailing sympathy and assistance."

Referring to the deep obligation of the army to the colonies, he said no request of his had ever been refused by the colonial governments, and their consideration and generosity only equaled the character and quality of the troops they sent to South Africa or raised in the country. Lieutenant-Colonel Girouard, a Canadian officer, is warmly praised, Lord Kitchener saying "he is an officer of brilliant ability, and I wish him all success in his new capacity as head of a great civil department."

Almost all the leading Generals were commended, including the writer's brother, General Fred Kitchener, who was described as an exceptionally keen and energetic officer. General Lord Methuen. Lord Kitchener said, had done more than most officers toward maintaining the high standard of personal courage, modesty and humanity which characterize the British army. "I share his own deep regret," said the dispatch, "that his wounds prevented him from remaining in the field until the conclusion of peace."

MARRIED BELOW HIS RANK.

Compulsory Retirement of a German Privy Councillor.

BERLIN, July 29.—The marriage of Privy Councillor Leohning to the daughter of an ex-Sergeant in the German Army has caused Herr Leohning's compulsory retirement from the chief directorship of taxes for the Province of Posen. Herr Leohning, who was also Finance Councillor, and who was a man of wealth, has been circulating a pamphlet among his friends explaining his acceptance of a pension July 1 at the instance of Herr von Rheibenbaben, the Prussian Minister of Finance. The publication of this pamphlet in today's papers has caused much comment, both socially and politically. In this pamphlet Herr Leohning prints the interchange of communications between Berlin and the highest administrative officials of the Province of Posen. The Ober-President of Posen told him he had nothing to say again his fiancee, but that it was impossible for him to consent to the marriage of one of the highest officials in the province with a daughter of an ex-Sergeant; that it was as if the Colonel of a regiment proposed to do such a thing. A Ministerial Councillor or a superior government Councillor might possibly marry a Sergeant's daughter, but a Privy and Finance Councillor could not. The Ober-President said also that the commanding General and the police president shared his views on the matter. The father of Herr Leohning's wife is now a secretary in one of the government offices at Posen.

Some weeks after his marriage the Finance Ministry at Berlin asked Herr Leohning to retire, which he did. Herr Leohning affirms that his opinions in the matter of the Ministry's Polish policy had nothing to do with his retirement from office, but notwithstanding this it is believed the opinions probably did have something to do with the Councillor's retirement.

Herr Leohning affirms also that most of the high Prussian officials of the province of Posen condemn the government's general policy toward the Poles, the prosecution of Polish newspapers, and the surveillance of Polish societies. Herr Loehning, although favoring measures to Germanize Poland, is of the opinion that this should be carried out less ostentatiously. The pamphlet is the subject of noticeable editorial articles in the Liberal newspapers today, which predict attacks upon the government in the diet. The Vossische Zeitung says it is impossible to write about the matter coolly, and that it reads like the times preceding the battle of Jena, when Prussian aristocracy reached the acme of class insolence.

MINEWORKERS MAY ASK FOR HIS REMOVAL.

FEDERAL JUDGE JOHN JAY JACKSON.

The United Mine Workers may try to obtain the impeachment of Federal Judge John Jay Jackson, of West Virginia, who restrained them from holding meetings to induce men to quit work and imprisoned a number of the organizers for violating an injunction. The plan of action is not definitely outlined, but it is probable that the impeachment proceedings will be begun soon, if Judge Jackson, after a final hearing, refuses to dissolve the injunction. Secretary Wilson admits that the miners contemplate this course, and a complete transcript of the case, including the complaints and Judge Jackson's decision, will be prepared for submission to President Roosevelt and the Senate. The miners also intend to give to the public the evidence in the case. Wilson says that the miners will not ask the President to interfere with the injunction, as he says they realise that the President is without power as to injunctions; but if the habeas corpus proceedings fail to release the organizers the President will be asked to pardon them. The habeas corpus proceedings will be begun as soon as the papers can be made out.

A Liberal Victory.

LONDON, July 29.—The bye-election for members of the House of Commons to represent North Leeds resulted in the election of Rowland Barren, Liberal. Mr. Barren received 7539 votes to 6761 cast for Sir Arthur Lawson, Conservative. This seat also was vacant by the elevation to the peerage of William T. Jackson, Conservative, who had sat for North Leeds since 1890.

The loss of the state for North Leeds in the House of Commons has filled the supporters of the new Balfour Administration with dismay. The utmost ingenuity of the editorial writers of the Conservative press is quite ineffectual in explaining away the conversion of the Tory majority to a Liberal majority. The Morning Post, which is the frankest Conservative critic, admits candidly that outside of the Birmingham area, which it says is a "Chamberlainite" preserve, there is seemingly no seat in the House on whose loyalty the present government can absolutely rely.

Lieutenants Will Be Cashiered.

LONDON, July 29.—A military court of inquiry called to investigate the scandal caused by the alleged persecution of Second Lieutenant Gregson, of the Second Life Guards, has held a secret session at Windsor. Lieutenant Gregson and two officers testified. The evidence showed that Lieutenant Gregson's carpet had been torn up, his kit damaged and his uniform ruined. Much interest has been excited by the episode, which has already been the subject of Parliamentary questions.

It is said at the barracks that two Lieutenants will probably be cashiered as a result of the escapade.

London Fire Horror Inquest.

LONDON, July 29.—The inquest into the deaths of victims of the fire of June 9, in which nine young girls were burned to death, was concluded today, after having occupied the attention of the press and public for several weeks and having subjected the London fire department to much unfavorable comment. The jury found that the General Electric Company was guilty of gross neglect and of evasion of the factory acts. Chief Wells' explanation that the fire department had adequate equipment was characterized as unsatisfactory.

In Honor of King Humbert.

ROME, July 29.—King Victor Emmanuel and the Dowager Queen, Margaret, together visited the Pantheon today and joined in a solemn service in memory of King Humbert, who was killed two years ago today. The service was strictly private. After this service there was a public one. The crowd present was very large, and as the heat was intense, many persons were prostrated.

Japan's House Tax.

NEW YORK, July 29.—After three months' discussion the scope of the arbitration in regard to the disputed house tax question has been settled, says a Tokio dispatch to the Times, and the complication has been terminated. Japan probably will refrain from collecting the tax pending the result of the arbitration. The composition of the arbitration tribunal is now under discussion.

Panther Ordered to the Caribbean.

BERLIN, July 29.—The German gunboat Panther sailed for the Caribbean Sea today. The German cruiser Gazelle, which was first ordered temporarily to the Caribbean, has now been permanently attached to the American station.

Servian Crisis Ended.

LONDON, July 29.—A special dispatch from Vienna says that the Servian Cabinet, which resigned July 24, has ended the crisis which resulted from the resignation by consenting to remain in office.

KING IS ABLE TO WALK

NO FOUNDATION FOR SINISTER RUMORS ABOUT HIS CONDITION.

Preparations for the Coronation Continue—Future Movements of the Royal Family.

LONDON, July 29.—The latest and most reliable information indicates that King Edward's doctors were not mistaken in fixing August 9 as the date upon which His Majesty could be crowned. The sinister rumors which have pervaded all classes for the last few days now appear to have lost that semblance of probability which made even the members of the Cabinet nervous lest another postponement of the coronation might be necessitated. The apprehension that King Edward would be unable to stand the strain of the coronation ceremony has been greatly lessened by the announcement that His Majesty is now permitted to use his feet and, with the aid of a stick, has done a little walking.

A late telegram from Cowes, saying that nearly all the restrictions upon the King's diet have been withdrawn, has been welcomed as evidence that the recent ominous deductions were drawn without due allowance for the doctors' extreme caution. While the King was testing his ability to walk, two Jackies stood at his side. After this experiment, which boded well for his fulfilling the necessary coronation ceremony at Westminster Abbey, King Edward sat on the deck of the royal yacht and watched the races of the small yachts off Cowes.

According to the present arrangements, King Edward and Queen Alexandra will leave Cowes either August 6 or 8 for Buckingham Palace and will return to the royal yacht August 18, when the entire fleet will pass before King Edward and salute him, thus making a second naval review. After his return to the yacht, the King is expected to take an extended cruise to the northward and subsequently to spend some weeks at Balmoral, where preparations for the arrival of Their Majesties have been commenced.

Sir Joseph C. Dimsdale, Lord Mayor of London, expects King Edward to visit the City of London the week ending October 11, when a great luncheon will be held in the Guild Hall, which is to be followed by a royal procession through the South of London.

HERO WORSHIP AT THE CAPE.

Ovations to Generals Botha, Delarey and Dewet.

CAPE TOWN, July 29.—Generals Delarey and Botha were given an ovation yesterday at Stellenbosch. They were driven to the Town Hall and each of the carriages were drawn by 60 students. At a luncheon which followed, the students acted as waiters. General Botha, in a feeling address, said the day of surrender was the most painful of his life, but now that it had been done he prayed earnestly that his hearers should consider it God's will. Although Afrikander nationality, in a manner, had been buried, it would remain the most important factor in the social life of South Africa. General Botha paid a tribute to ex-President Steyn's abilities as a statesman. "Now let us stop bothering ourselves about politics," said the General, "and try to make ourselves happy in South Africa, because we have no home elsewhere."

The hero worship of the Boer commanders was strikingly illustrated at the marriage of General Delarey's daughter to his secretary, Ferreria, at the Dutch Reformed Church. The approaches to the edifice were packed, and the congregation cheered Generals Botha, Dewet and Delarey as they entered the church. Dewet was carried from the church on the shoulders of his more enthusiastic admirers. When the bridal party appeared, the congregation arose and cheered until the minister threatened to stop the ceremony or clear the church.

GOTTI SUCCEEDS LEDOCHOWSKI.

Looked Upon as a Probable Successor to the Papal Throne.

ROME, July 29.—Cardinal Gotti, prefect of the sacred congregation of bishops and regulars, and of regular discipline, was today appointed prefect of the propaganda, to succeed the late Cardinal Ledochowski.

Cardinal Agliardi was appointed prefect of economy of the Congregation of the Propaganda in place of Cardinal Vincente Vannutelli. Cardinal Vannutelli will replace Cardinal Gotti as prefect of the Sacred Congregation of Bishops and Discipline. The appointment of Cardinal Gotti to succeed the late Cardinal Ledowchowski in the most important post in the gift of the pope, is universally regarded as indicating the pontiff's personal wishes as to the personality of his successor. Cardinal Gotti has long been considered the most likely of the cardinals for succession to the papal throne.

MASS WAS SAID.

Requiem for the Repose of the Soul John W. Mackay.

LONDON, July 29.—Many Americans and English friends of the family were present today at a requiem mass said in St. Mary's Roman Catholic Church, Cadogan Square, for the repose of the soul of John W. Mackay. The members of the family were Clarence Mackay, the Princess Colonna, with her young son and the daughter, and two sons of the Countess Telfner. Mrs. Mackay, who is still prostrated, remained at her home with her mother, Mrs. Hungerford. The Countess Telfner is quite ill at the Walsingham Hotel.

Mr. Mackay's body was taken last evening to Nottingham convent, where it will remain until taken to America in September or October, when Mrs. Mackay will accompany it.

Among those present were: Joseph H. Choate, United States Ambassador to Great Britain; Commissioner Richardson Clover, Naval Attache of the Embassy at London, and Mrs. Clover; Bridley Martin, Mrs. Parkinson Sharpe, Mrs. Maitland Kersey, Mr. and Mrs. George G. Ward, Frederick Ward and Jefferson Levy, of New York.

AGITATION IN FRANCE ABATING.

Peaceful Solution of Catholic School Question Is Expected.

PARIS, July 29.—The agitation in connection with the circular issued by Premier Combes with regard to the closing of the unauthorized congregationalist schools has abated greatly, even in Brittany, owing to the circumstances that none of the recalcitrant schools will be forcibly closed until special decrees to this end have been signed for each department. In many departments such action will not be necessary, as the congregations have submitted, and, moreover, the decision of the government not to close those schools for which authorization was not asked, owing to misinterpretation of the law, has had something of a quieting effect. The leaders of the agitation still talk of organizing popular protests, but the life seems to be out of the movement, so far as Paris is concerned. The Socialists have determined upon counter-demonstrations to every clerical meetin. Some disturbances in the provinces, especially in Finisterra, are probable when the police close the schools; but there is evidently a lull in the excitement for the moment.

The only incident reported today was that a group of women at Rodez, in the Department of Aveyron, attacked a lay teacher and compelled him to take refuge in the communal schools. The teacher was followed by a crowd shouting "Down with Combes." The arrival of the gendarmes prevented further mischief.

German Pig-Iron Tariff.

BERLIN, July 29. — The Government succeeded in getting the pig-iron clauses of the tariff bill adopted by the tariff committee of the Reichstag today without amendment, but only after strenuous opposition and long debate. Count von Posadowski-Wehner, the Imperial Secretary of State for the Interior, opposed a plea to prohibit importation based on alleged attempts of the American trust to unload its goods in Germany at ruinous prices.

He declared that such prohibition would injure other German industries. In conclusion he said that without the protective tariff of 1879, the revival of German trade would have been impossible and that it would be a criminal mistake to abandon it now while foreign countries were combining to form a great protectionist union.

French Admirals Disciplined.

PARIS, July 29.—Two distinguished naval officers, Vice-Admiral Beaumont, Maritime Prefect of Toulon, and Rear-Admiral Sevran, commanding the Atlantic division, have been summarily relieved of their commands by order of President Loubet. Rear-Admiral Sevran's downfall is attributed to sensational developments which led up to the recent suicide of Commander Barry, who shot himself in the cabin of the cruiser Tage while off Martinique. Rear-Admiral Sevran was aboard the Tage at the time. De Beaumont's disciplining is said to be due to a recently published but denied interview, severely criticising the Minister of Marine, M. Pelletan.

De Mores' Assassins Sentenced.

TUNIS, July 29.—The trial of the assassins of the Marquis de Mores, at Susa, near here, resulted today in the condemning to death of El Kheir and sentencing of Hamma Shiekh to 20 years' imprisonment. The Public Prosecutor, in closing his speech, reviewed the allegations brought in behalf of Mme. de Mores, that local functionaries had been implicated, and declared that the evidence submitted to that effect had failed to prove any collusion. Seventeen others accused of the assassination of the Marquis de Mores were sentenced in default, six to death and 11 to hard labor.

End of Colonel Lynch's Trial.

LONDON, July 29.—The case of the Government against Colonel Arthur Lynch, who was elected to represent Galway in the House of Commons and who was accused of high treason, ended in Police Court today, and Lynch was remanded to give his counsel opportunity to review the evidence. Among the last witnesses called to identify Colonel Lynch were George Creig, an American, who was caretaker of a mine near Johannesburg, and another American, named Worthington. Both these witnesses testified that they were arrested by Boers near Vereeniging, charged with being British spies, and that Colonel Lynch was Public Prosecutor at their trial.

Lucas Meyer Lionized.

LONDON, July 29.—General Lucas Meyer, formerly Commander of the Orange Free State forces, is being lionized in London. He has dined with Alfred Rothschild, and he will lunch tomorrow with Earl Roberts, Commander-in-Chief of the British forces. General Meyer expects to interview Joseph Chamberlain, and he is overwhelmed with social invitations which he is unable to accept, as he will go to Carlsbad next Saturday on his doctor's orders.

King's Progress Toward Recovery.

LONDON, July 29.—All accounts today continue to state that the King is making excellent progress. There is no suggestion of a second postponement of the coronation. Their Majesties received a number of visitors aboard the royal yacht today, including the Prince and Princess Radziwill, and the Earl and Countess of Listowell.

Uprising Feared in West Africa.

Victor to Visit William.

ROME, July 29.—King Victor Emmanuel accompanied by Signor Prinetti, the Minister of Foreign Affairs, will start for Berlin August 22 to visit Emperor William.

A Governor Victimized.

NEW YORK, July 29.—Charles D. Kimball, Governor of Rhode Island, accompanied by a lawyer, appeared in the Tombs Police Court today and asked for a warrant for the arrest of Andrew F. Power, a promoter. Magistrate Duel declined to issue a warrant, but issued a summons returnable August 6. It is charged that Power went to Governor Kimball and asked him to join the directorate of a company, in which he said all the Governors of the Eastern States would be included. The Governor became interested to the extent of $2000, and he says he has never been able to get an account for the money. A joint complainant is L. B. Curtis, of Bridgeport, Conn., who, it is understood, invested $3000 with Power, but has never been able to obtain an accounting.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WILL SEE TARGET PRACTICE

President Will Go to Gardener's Bay to see the Mayflower Shoot.

OYSTER BAY, July 29. — President Roosevelt, after transacting some comparatively unimportant business which had reached him by mail today, left Sagamore Hill with Mrs. Roosevelt for an outing and did not return until evening. The Mayflower sailed today for Gardener's Bay, near Shelter Island, where she will put in several days target practice, before joining the North Atlantic squadron. The Sylph, which is to replace the Mayflower, will start from New York tomorrow, bringing Senator T. C. Platt and Colonel George W. Dunn, of Binghampton, chairman of the Republican state committee. President Roosevelt has offered a prize of $25 in gold to be contested for by the gun crews of the Mayflower, to be held in Gardener's Bay, which practice he will attend. He expects to leave Oyster Bay Thursday morning on a special train for Green Point, L. I. At that point he will go to the Mayflower in a launch, witness the gun practice and return to Oyster Bay in the evening by the special train.

It is announced that President Roosevelt has no present intention of visiting either Newport, R. I., or Richfields Springs, as has been reported.

THE DEATH ROLL.

Paul Vandervoort.

PHILADELPHIA, July 29.—Paul Vandervoort, past commander-in-chief of the G. A. R., died at Puerto Principe, Cuba, today of paralysis of the heart. He was born in Ohio in 1846. He was discharged August 1, 1867, as Sergeant. Past Commander Vandervoort joined the Grand Army in Illinois in 1866, and was assistant adjutant-general to Department Commander Hilliyard. He resigned the position on his removal to Omaha, where he was mainly instrumental in the organization of the Department of Nebraska, to which he was assigned as provisional commander. In the formation of the department he was elected department commander. He was elected senior vice-commander-in-chief in 1878, and commander-in-chief in 1882.

HAIL BEATS DOWN CROPS

Widespread and Destructive Storm in North Dakota.

GRAND FORKS, N. D., July 29.—Late reports show that the wind and hail storm of yesterday in the northwest part of the state was the most widespread and destructive of any that has ever visited the state. Damage was done in Pembina, Walsh, Grand Forks, Traill, Ramsey, Nelson and Cavalier Counties, the losses having been so numerous and so widespread that it is as yet impossible to give an accurate estimate of their total. Hail belts varying in width and severity are scattered everywhere, and the damage by wind and lightning is considerable. The section which appears to have suffered most is that in a belt crossing the Great Northern line near Michigan City.

Wineroom Mystery Cleared Up.

CHICAGO, July 29.—The woman who was found strangled to death in the wineroom of a saloon on Wells street was identified tonight by James Stewart, a Lake Forest contractor, as his wife, from whom he became separated in a crowd in a downtown street. Stewart's story strengthens the belief of the police that the woman was lured to the saloon and robbed. Ernest Blohm, a waiter, had previously identified the victim as his wife, who left her home two weeks ago, but today Mrs. Blohm walked in upon her husband. Eddie Gough, who took the woman to the saloon, is still held by the police, pending a further investigation.

Proves to Be a Rembrandt.

BOSTON, July 29. —In the course of housecleaning, the Museum of Arts finds on its walls in the picture gallery three genuine Rembrandts, instead of two. The new one has for a long time been ascribed to Rembrandt, but the authority was very doubtful, and many experts have disputed its genuineness. It is "The Shower of Gold," from the story of Dante, and was loaned to the museum first by Francis Brooks and since his death by his estate. An artist, while cleaning "The Shower of Gold," found in the lower north corner the signature "Rembrant, 1652."
