MASSACRE IN MINDORA.

Natives on Trial for Killing Four Americans.

WASHINGTON, July 29.—Manila papers received at the War Department give an account of the beginning of the trial of 23 natives in the island of Mindoro, who are charged with killing four Americans. The names and identity of the Americans could not be learned.

COLOMBIAN PEACE NEGOTIATIONS.

Efforts at New York to Settle the Matter Fail.

NEW YORK, July 29.—Peace negotiations which have been in progress in this city for the last week between General Campillo, Guiterrez, of the Colombian Government, and General Vargas Santos, chief of the revolution in Colombia, have come to an abrupt end.

OBVIOUS TO DISGORGE.

Restitution Secured in Embellishment Case in Mexico.

WASHINGTON, July 29.—United States Ambassador Clayton, at Mexico, has succeeded in securing restitution in one of the largest embellishment cases between the Mexican States. Deception by some time ago James Brown Potter, representing large American and English interests in the Tabasco Mining Company of Mexico, appealed to the State Department for justice, claiming that by a fraudulent conspiracy some of the directors of the company had embezzled funds to the amount of over \$2,000,000.

ACCUSED OF ASSASSINATION.

Arrest of the Chief of Police of a Cuban Town.

NEW YORK, July 29.—General Perico del Gado is under arrest, according to a World dispatch from Havana, charged with having assassinated Antonio Acosta, a nephew of Colonel Baldoiro Acosta. The arrest has caused a profound sensation, as General del Gado is one of the best-known Cubans. He commanded the Cuban sharpshooters who operated against Weyler's black Spanish guerrillas in the late revolution. He is now an officer in the Cuban rural guard, and has been acting as Chief of Police of Punta Brava, where Macco was ambushed and killed.

General del Gado's trial promises to be sensational, as there has been much mystery surrounding the disappearance of young Acosta from his home, six weeks ago. It is said that Colonel Acosta, the young man's uncle, obtained private information that his nephew was held by guards under Del Gado, and was afterward seen taken from the police station at night, handcuffed and between two of Del Gado's men. The colonel's account is said to have discovered that no record had been made of his nephew's arrest, that no warrant had been issued. He at once preferred the charges against Del Gado which resulted in an order from Havana for his arrest.

Young Acosta was held-de-camp to General del Gado during the recent war, and for a long time was the personal secretary. Not long ago charges were made against Del Gado by a number of cattle-owners in connection with the operation of cattle-thieves.

Yaguas on the Warpath.

TUCSON, Ariz., July 29.—Driven to desperation by hunger and thirst, a band of 20 Yaguas, nearly half of them women, swooped down upon the Carmo ranch, near Hermosillo, Saturday, and a fierce and bloody fight followed. The women fought with the ferocity of wild animals, and when the Mexican troops galloped down to the rescue, two of the women and five of the men lay dead. The Yaguas were quickly overwhelmed. They were weak from hunger, and when attacked by superior numbers they were compelled to surrender. Fifteen prisoners were marched to Hermosillo, where they will be sentenced by General Torrea. There are two Yaguas chiefs among his captives. The Indians are supposed to be the last remnant of those who took the warpath some time ago.

Not Binding on Cuba.

WASHINGTON, July 29.—Information has reached here that the lower branch of the Cuban Congress has passed a resolution declaring that the settlement made by the United States Government with the Catholic church regarding church property in Cuba need not be regarded as binding upon the Cuban Government and the church which was a party to the settlement. If the resolution passes the upper branch of the Congress, the whole question of church property will be open and will have to be adjusted by the new government and the church authorities.

No Tornado at Guaymas.

LOS ANGELES, July 29.—That a destructive tornado passed over the Gulf of California, wrecking vessels and destroying houses along the Mexican coast, as related in special dispatches received here last night from Tucson, Ariz., is denied in toto by George L. Bugbeum, auditor for the Southern Pacific Company at Guaymas, who is in Los Angeles from the latter place.

Threatened Trouble in Samar.

WASHINGTON, July 29.—A Manila paper published June 19 has quite a long account of trouble in Samar, indicating that the people of that island threatened trouble because General Guerverra was not made Governor. It is stated that Samar is keeping up its reputation as the storm center of the archipelago. In peace as well as war, the turbulent spirit of its people shows itself. Even the prospect of civil government could not prevent a display of opposition, and a vigorous expression of the popular will that Samar's choice was Guerverra, successor to Lukban, and the late leader of the insurrectionary forces in that island, and the stranger from Cebu, even though fathered by the civil commission, received scant courtesy. Disorder was prophesied, should the people's wishes be ignored. Governor Wright, however, refused to consider the matter, and was inaugurated according to the official programme.

Crippled by Cholera.

WASHINGTON, July 29.—The War Department is advising the sailing of a transport Buford from Manila with 422 enlisted men of the Eighth Infantry, 143 men of the Fifteenth Infantry, 104 men of the Twenty-sixth Infantry, 21 sick, five insane and 61 discharged soldiers.

Miner Kills Shepherder.

SARATOGA, Wyo., July 29.—Don Martin, a Mexican shepherder, was shot and killed near Copperton, by M. A. Sheep, a miner, better known as "Call-formis Red." Another herder was also shot at but escaped injury. Sheep went to battle and gave himself up. He claims the shooting was done in self-defense.

Explosion in New York Subway.

NEW YORK, July 29.—As the result of a premature blast in the Rapid Transit subway, on Park avenue, at Forty-first street, today, four men were seriously hurt, two of whom it is thought will die. This is the unlucky section of the tunnel in which a number of accidents have occurred.

Kept Tab on Receipts. New York Times. Money stories will crop out, even among the cultured ones of Broadway. The latest is told by Peter Rice, of "Wrong Mr. Wright" fame, regarding the manner in which a clerical friend of Dan Sully's kept "tabs" on the latter's receipts during Holy Week in Denver.

"The priest was, as a matter of course, unable to attend the performance, but sent his friend Sully an invitation to dine with him on Easter Sunday. During the dinner the conversation turned upon Sully's business during the week.

"You did well in Denver, Dan," said the priestly host.

"Very well, indeed," replied Sully. "The best business you ever did in the town, I take it."

"Yes, it was," replied the actor; "but how did you know?"

"Easy enough, my son. Every one who has been to confession during the past six days told me he had been to see 'The Parish Priest.'"

Rule of Spare Living. London Graphic. If we could exactly tabulate the mode of life of our distinguished men of all professions who have lived to a great age and been intellectually active to the last, I doubt not, judging from the details we have, that we should find the rule of spare living thoroughly represented in their histories. I think it is so with our men of science, our great lawyers, our doctors and our clergy, who live on far past the allotted span of three-score years and ten.
