

PROVIDING FOR A LOAN

ISLAND REVENUES PUT IN SHAPE FOR PAYMENT.

President of Cuba Authorized to Increase Customs Duties—To Aid Agriculture—Press Comment.

HAVANA, Aug. 7.—The newspapers of Havana publish many comments today on the proposed changes in the customs tariff for the island...

Regarding the news received here by cable that the American press considers the floating of these loans to be an infraction of a clause in the Platt amendment...

Mr. Squiers, the American Minister believes it advisable to assist the Cuban agriculturists. He has also said the American Government would be pleased that the Republic of Cuba should pay its debt to the revolutionary army by means of a loan...

Increased Cuban Duties. WASHINGTON, Aug. 7.—The State Department is advised by Minister Squiers that the Cuban Senate has authorized the executive to increase import duties to the following maximums:

Shoes and boots, from 10 to 17 per cent; lumber, 20 per cent; pine 1000 kilow; pine lumber 20 per cent; steers beef in cans, fresh beef, mutton, salt beef, mutton, hams, herring, coffee, cider, beer, 50 per cent; hats, 50 per cent; butter and lard, 70 per cent; poultry, fresh and salt, salt pork, bacon, lard, cheese, condensed milk, wheat flour, codfish, rice, alimentary preserves, eggs, beans, peas, onions, potatoes, olive oil, 100 per cent; common soap, 150 per cent; iron, 50 per cent.

CUBAN LOAN MAY BE MADE.

Not Inconsistent With Platt Amendment or Constitution.

NEW YORK, Aug. 7.—Regarding the status of the proposed Cuban bond issue, a dispatch from Havana to the Herald says:

The Platt amendment and the Cuban Constitution can be complied with, high officials here say. The Congress of the United States not having approved reciprocity, cannot prevent Cubans seeking money to face the existing crisis and pay recognized and valid debts.

It is the intention to negotiate a proper loan in the United States. The bonds will be payable in American gold and are to be advertised in New York. There is no intention to contract debts with Europe, which might cause difficulties for Cuba...

It is believed the loan proposition can be brought within the provision of the Platt amendment, and that it will not be necessary for President Palma to veto the bill.

GOVERNMENT REALLY WON.

Drove Out the Revolutionists, Who Have Little Ammunition.

PANAMA, Aug. 7.—A message has been received from Telegraph Inspector Gomez, at San Carlos, confirming the news of the defeat at Agua Dulce of the revolutionary forces under General Herrera. Inspector Gomez says that two government soldiers of the Fifth Battalion of Call, who were prisoners of the revolutionists, have escaped, and report that when they left the enemy, they had only a few rounds of ammunition for small arms, and consequently could only fire their cannon. The Liberal Generals Bustamante and Sotomayor are reported to have been killed.

The escaped messenger said that most of the revolutionists were being forced to fight by their officers, and that this was causing numerous desertions from their lines.

Castro at Cua With 6000.

WILEMSTAD, Island of Curacao, Aug. 7.—The political situation in Venezuela remains unchanged. President Castro, with 6000 men, has arrived at Cua. The revolutionists continue to hold up every train between Caracas and La Guayra.

Political prisoners to the number of 40, who were in Caracas, have arrived at Maracibo in chains.

Colombian Duties Go Up.

WASHINGTON, Aug. 7.—The State Department has received from A. M. Beaupre, secretary of the Legation at Bogota, the translation of a decree increasing the Colombian customs duty 50 per cent on all classes of foreign merchandise imported into that country. The increase went into effect July 1, 1902.

Costa Rican Volcanoes.

SAN JOSE, Costa Rica, Aug. 7.—The volcanoes Irazu and Poas are now quiet, but Turrialba was reported last night to be in eruption.

FIFTEEN WERE KILLED.

Railroad Wreck Worse Than First Reported. MARSHALLTOWN, Ia., Aug. 7.—It is known today that 15 persons were killed and 40 injured in the freight wreck on the Milwaukee Road yesterday afternoon. Of the injured, two or three cannot recover. It is thought possible that more bodies may be found, as the wreckage had not yet been entirely cleared away.

The dead: S. DANA MARECKRES, engineer of way freight. FRED M. BRAMAN, engineer of gravel train.

THOMAS CASEY. JACK RICHARDSON. DAN SULLIVAN. PATRICK SULLIVAN. FRANK RAY, laborer.

Eight unidentified laborers, four taken out of the wreckage yesterday afternoon and four found this morning.

Miners Were Killed.

SALT LAKE CITY, Aug. 7.—A special to the Telegram from Park City, Utah, says that Andrew Anderson and Horace Wardburg, miners, employed in the Anchor mine, were caught under the cage in the main shaft this morning and killed. The body of Anderson was cut in two, while Wardburg was so badly mangled that he died in a few moments. Anderson was married and leaves a large family.

Drowned in Cloudburst.

TRINIDAD, Colo., Aug. 7.—At Blossburg, five miles west of Raton, N. M., a cloudburst drowned four people. Mrs. Francisco Dominguez and three children. A man, his wife and three children are reported drowned at Teraco. They were seen just before the arrival of the big wall of water, but all efforts to locate them since have failed.

Woman's Body Found.

CHICAGO, Aug. 7.—Lying in the grass of a vacant lot and but a few feet from the cable track of the State-Street Line, on which thousands of people passed the place every hour, the body of a dead woman was found today. The corpse was entirely destitute of clothing, and none of the garments was found in the vicinity.

FINDING OF THE CORONER

RIOTERS HELD RESPONSIBLE FOR DEATH OF BEDDALL.

Constables, Assisted by Militia, Take Accused Men Into Custody—Strike Situation Unchanged.

SHENANDOAH, Pa., Aug. 7.—The Coroner's jury, which has been investigating the death of Joseph Beddall, who received his fatal injuries in the riot here last week, concluded its inquiry today and rendered a verdict holding Joseph Paluwicz, a butcher; Matthew Paulaskas, a one-armed saloonkeeper, and many "other rioters unknown to the jury," responsible for the killing. The men named in the verdict are now locked up, and the rioters will be taken into custody this afternoon by two Constables, who were protected by a platoon of soldiers from the Twelfth Regiment.

A large number of witnesses were examined, including the three workmen and Deputy Sheriff Thomas Beddall, who were first attacked by the mob, the six policemen who were subsequently set upon and some of them shot, and several eye-witnesses of the riot. Some of the testimony was considered very important by the coroner and jury. Paluwicz was identified by three boys, who testified they saw him in the crowd with a club; and Paulaskas is alleged to have injured Joseph Beddall. The police testified as they ran up the street pursued by the mob firing pistols, men standing at nearly every saloon door shot at them as they passed. At one doorway three men stood blazing away at them, and from an upper window of a building three other men were shooting down on them. The drinking places referred to are all owned by foreigners. Policeman Ringelstein testified that when he learned of the disturbance he immediately started to summon his fellow-officers. While doing so he met Pierce Walker, a minerworker. He asked Walker to call the miners' committee and outstrip them. An official of the company says that since the strike began hundreds of tons of coal have been stolen from the company. The men taken into custody today were bound over for court.

Another Degree for Roosevelt. CHICAGO, Aug. 7.—President Roosevelt will receive the honorary degree of LL. D. from the University of Chicago during his visit to Chicago in the Fall. October 3 has been fixed as the date of the ceremony. A special convention will be called, and the affair will be as elaborate as a full commencement, with the exception that the President will be the only man to receive a diploma. President Roosevelt will be the second President to become an alumnus of the University of Chicago by acceptance of an honorary degree. President McKinley received the title of doctor of laws November 16, 1898.

FINKLESTEIN'S MURDER.

Two Men Arrested on Warrant by the Mayor.

DES MOINES, Ia., Aug. 7.—Harry Levich, a second-hand dealer, and James Walker, colored, were arrested here today on a warrant sworn out by Mayor Bronson, charging the men with the murder of Henry Finklestein on Monday night. It is maintained by the police that Levich employed Walker to kill Finklestein. Several days ago Levich and Finklestein quarreled over the division of the proceeds received for a bond furnished prisoners in the police court.

HAD BOGUS CIGAR LABELS.

Chicago Man Arrested for Supplying the Counterfeits.

CHICAGO, Aug. 7.—Isaac Goldsmith, once a prominent cigar manufacturer of Chicago, is under arrest here under what is said to be a systematic plan for forging union cigar labels. C. B. Miller, a cigar manufacturer of McSherrystown, Pa., and I. B. Kuhn, president of the Cigar-makers' Union at that place, were instrumental in causing the arrest of Goldsmith. Through the mails Mr. Miller had received offers to supply the counterfeit labels at \$35 per 1000. After communicating with the union he came on to Chicago. Goldsmith was arrested at a downtown hotel in the afternoon, after he had delivered 3000 of the bogus labels to the Pennsylvanians.

CZAR AND THE KAISER.

Their Majesties Are Showing Each Other Great Courtesy.

REVAL, Russia, Aug. 7.—It was nearly midnight when Emperor William returned to the Hohenzollern, after having witnessed the night gun practice of the Russian fleet by flashlight. Earlier in the evening he entertained the czar at a state dinner on the Hohenzollern, and the two emperors subsequently proceeded to the Standart, where they viewed the brilliant electric illuminations of both fleets. This morning the czar and Emperor William went on board the Russian flagship Minin and proceeded to sea, where they witnessed the fleet's evolutions. They returned to the Standart for lunch. The afternoon Emperor William and the czar witnessed the operation of landing a force on the island of Carboe. This maneuver ended with the entire force marching past the sovereigns, who had followed the operations by boat on shore. During the day the czar and the Emperor exchanged salutations as a token of friendship. Emperor William conferring the Order of the Black Eagle upon Count Lamsdorff, the Russian Minister of Foreign Affairs.

Accident to Young Chemist.

Too much curiosity and not enough precaution caused Edward Frame, aged 22, a student at the University of Oregon, to be the victim of a sad accident yesterday. He was mixing a combination of potassium chlorate and sulphur in a mortar, when the mixture exploded, and his hand was badly cut to pieces. He was taken at once to the Good Samaritan Hospital, where it was found necessary to amputate one of his fingers, and it may yet be necessary to amputate his whole hand. The bones in his hand were splintered, and his little finger that was removed was so torn to pieces that there was no chance to save it. The end of his thumb was blown off, and his hand is in a very bad condition.

Groesbeck Explains.

WASHINGTON, Aug. 7.—Colonel Groesbeck of the Judge-Advocate-General's Department has written to the Adjutant-General a reply to the request for an explanation of an interview published on his arrival at San Francisco from the Philippines. In which he commented upon recent court-martials in those islands. Adjutant-General Corbin, to whom the reply was addressed, will return to Washington tomorrow and no statement concerning the reply will be made by the War Department until General Corbin arrives.

Church Schools in England.

LONDON, Aug. 7.—The House of Commons today, by a majority of 122, adopted clause seven of the government's education bill, which gives the predominance to churchmen. This clause had been hotly opposed by the opposition, and its adoption will enable Parliament to raise this week.

General Smith Goes East.

SAN FRANCISCO, Aug. 7.—General Jacob H. Smith, accompanied by his wife, left this city today for the East. The departure of General Smith was taken very quietly and few people knew of their going.

Viking Ships Unearthed.

CHRISTIANIA, Norway, Aug. 7.—A Viking ship, 60 feet long, has been unearthed on the island of Karmo.

STRIKEBREAKERS TO LOSE EARS.

Foreigners in Coal District Make This Threat.

SHENANDOAH, Pa., Aug. 7.—Rev. Charles Edwards, pastor of the Presbyterian Church here, and formerly state president of the Young Men's Bible Society, says today that the young men in his congregation, which is made up principally of miners, have informed him that foreigners have determined to cut off an ear of every man who returns to work as "unfair workmen." The foreigners think this is the easiest method for preventing attempts to break the strike.

Throwing of stones at the troops was reported early this morning. This time the attack was made against the provost guard stationed at the Pennsylvania station near one of the foreign colonies in the southern part of the town.

Company A, Eighth Regiment, under Captain Garet, was on duty there all night and early this morning. The captain said he was greeted by a shower of stones that came from the top of a hill overlooking the railroad station. The captain rushed a detail to houses from which stones were thrown, but before the soldiers reached the top of the hill the offenders had escaped.

English Judge Favors Labor. LONDON, Aug. 8.—The morning papers discuss with great warmth today the decision handed down by Justice Bigham in the King's Bench Division of the High Court of Justice yesterday in a case where the Welsh Coalowners' Association sued the Miners' Federation for £500 for ordering stop days without consulting the mine-owners. Formerly stop days had been usually arranged, but in this case the men acted independently.

Justice Bigham decided in favor of the defendants, on the ground that there was no malice in the action of the men, who believed that a reduction of the output would benefit both parties.

The Liberal labor organs hail the Justice's decision as a victory for labor. The Conservative newspapers urge that the dispute be carried to a higher court, in the hope of obtaining a reversal, on the ground that Justice Bigham's decision placed excessive power in the hands of the trade unions.

Disaffiliation on Manhattan I. NEW YORK, Aug. 7.—A. B. Youngson, assistant grand chief of the Brotherhood of Locomotive Engineers, and the Grand Chief P. M. Arthur to endeavor to adjust the difficulty between the motor men and engineers of the Manhattan and Railroad. The latter had that system, arrived today and met the representatives of the firemen also were also present. Prior to the conference Youngson said:

"I believe that if the railroad company treats the men in a conciliatory way the differences can be easily settled."

Charles Wilson, vice-grand master of the Brotherhood of Locomotive Firemen, also is on his way here from Peoria, Ill.

Small Tonnage of Coal. PHILADELPHIA, Aug. 7.—The Pennsylvania Railroad, for the week ending August 2, carried only 25,000 tons of coal. This is the smallest tonnage of hard coal the company has moved for many years. For the same week in 1901 the tonnage of anthracite amounted to 36,000 tons.

The shipments of bituminous coal continue to show a steady increase. Last week the company carried 87,000 tons, against 83,747 in 1901.

Will Appeal to President. WILKESBARRE, Pa., Aug. 7.—President Mitchell of the United Mineworkers, in an interview with a representative of the Associated Press today, said that the reference to the decision of Judge Goff in the habeas corpus proceedings against the miners in West Virginia:

"The one thing to do now is to make an appeal to President Roosevelt for the pardon of the men in jail, and this will probably be done at once."

Policemen at Union Pacific Shops. OMAHA, Aug. 7.—Chief of Police Donahue today detailed a squad of policemen to protect the nonunion men employed in the Union Pacific shops at this point. An officer was placed at the entrance to the shops, with instructions to arrest any striker caught in the act of interfering with the nonunion men in any way.

Britain Declines to Participate. LONDON, Aug. 7.—In a dispatch to the Daily Mail from St. Petersburg, the correspondent says that Great Britain, replying to the circular issued by M. Witte, Russian Minister of Finance, regarding the Brussels sugar conference, declines to participate in a conference on the sugar question and is significantly silent as to the reasons.

Trrolley Strike at New Haven Worked Toward Settlement. NEW HAVEN, Conn., Aug. 7.—A better feeling is apparent in the big trolley strike situation tonight, and the members of the State Board of Arbitration were so satisfied with the outlook that they returned to the homes after a conference with the Mayor. It is understood that if an amicable settlement by arbitration cannot be reached tomorrow, the board shall report to the Governor.

The business committee, at their meeting late this afternoon, succeeded in clarifying the situation greatly. It was agreed to recommend to the company and the strikers that a committee of three men, who are large employers of labor in the city, shall sit as a board of arbitration and hear the company's evidence as to why the 27 men were discharged before and after the formation of the union. The company asserts that it was because of incompetency.

If the committee of three is agreed upon, it will be left to them to decide how many of the discharged men shall be reinstated. As to the other demand made by the men, that their union be recognized, there is no doubt that the company will agree to it.

It could not be learned at the company's offices what reply will be made to the business men. If the business men are not told tomorrow that arbitration will be resorted to, they will decline further to attempt settlement. It is then that the State Board of Arbitration is to be called in.

So far as could be ascertained, no "strike breakers" have come into the city today, and no attempt has been made to run passenger cars. Travel is by stages and carriages.

Olds, Wortman & King

Just in Silk lisle Gloves, elbow length in black and white, also new lisle Gloves, both plain and fancy, very pretty

Friday Announcement

If you are just returning from your Summer trip, whether you have visited sea, springs or mountain, doubtless veils, gloves and neckwear are pretty well crumpled and your supply needs replenishing with fresh, cool things for these hot days. If you are just starting on your trip, a woman does not need to be told she cannot have too many such pretty trifles with her. Our end-week specials are largely along these lines and are very opportune, considering the weather. Many of them are brand new goods, just received, the Summer's newest offerings, which, owing to the waning season, we are placing direct on the bargain counter.

Women's Neckwear Just In

There are three lots of these with a little variation in the finish at the end, a different border, a touch of lace, a glimpse of embroidery, tucks, or a fold, so that scarcely any two are exactly alike. They are, all, however, very dainty, very dressy and delightfully cool.

- Lot 1: Shirtwaist effects in all white, and white collar with striped tie, also white hemstitched and bound in color, very neat and dressy, values 35c and 50c, special 23c
- Lot 2: Plain white and dotted mulls, hemstitched and bordered in colors, also trimmed with inserting and lace. Some especially pretty ones are of white mull delicately embroidered in pink, blue and black, in the fleur de lis, anchor and bow knot designs, having solid borders to match. There are many other taking designs in this lot. Values 63c to \$1.75, special 37c
- Lot 3: Linen automobile Ties, and collars with ties attached, hemstitched and bordered with colored silk, with silk stitching to match, also a bewildering variety of white dotted mulls with colored borders and plain white ones, with daintiest white and cream embroidery or lace finish. Values \$1.00 to \$2.50, special 49c

Dressing Sacques at Half Price

As the season departs we must part with the season's goods. What we have now is fresh and attractive, but a new season approaches laden with new wares of all kinds. For these we must make room, and for this reason we have reduced all our dressing sacques to half price.

White Dressing Sacques

These are warm weather comforts, delightful to rest in, delightful to lounge in and always charming. We have them of lawn, trimmed with deep insertions in imitation duchess lace, and finished with the same deep edging, ruffled. Some have broad collars of insertion. Some are held in at the back by ribbons run through embroidery beading. One especially graceful style is in the short back, with long, sweeping front. The sleeves are in various lengths, elbow full, long and flowing, finished with lace and dainty ribbon bow knots. They are all pretty and cool, and go at half price.

Colored Dressing Sacques at Half Price. Of sheer materials, in solid colors, stripes and the popular polka dot, trimmed in ruffles, lace and insertion, with fitted backs. Very neat and dainty and very cheap at half price.
