BLOCKADE ON PORT

Rebels Take This Step Against Cape Haytien.

FOREIGN CONSULS ALL PROTEST

United States Instructs Commander McCrea, of Gunboat Machias, to Protect American Interests—Battle Believed Inevitable.

PORT AU PRINCE, Aug. 11.—The gunboat Crete-a-Pierrot, which is in the Firminite service, gave notice yesterday of the blockade of Cape Haytien. The foreign Consuls here and Commander McCrea, of the United States gunboat Machias, protested against this action. Soldiers have again gone out from here, and a battle in a few days is believed to be inevitable. The bad feeling against foreigners has increased.

Navy Department Instructs McCrea.

WASHINGTON, Aug. 11.—Commander McCrea, of the gunboat Machias, today cabled the Navy Department that a de facto blockade had been established by the insurgents at Cape Haytien. The Machias is at her anchorage.

Acting Secretary of the Navy Darling sent the following reply to Commander McCrea:

"If the blockade is not effective, Cuban, American and unprotected innocent neutral vessels shall be protected in their international rights. Can send you collier from San Juan if necessary."

Colombia Trying to Get More Ships.

VICTORIA, B. C., Aug. 11.—It is said that the Colombian Government, which purchased the steamer Cutch for war purposes, has been negotiating with the Canadian Pacific Railroad for the purchase of the steamers Athenian and Tartar for a similar purpose.

Minister Powell Reports.

WASHINGTON, Aug. 11.—Minister Powell has cabled the State Department from Cape Haytien that the provisional (Vasquez) government of Hayti has notified the United States legation that Gonaives, Port de Petit Goave and St. Marie provinces are in rebellion. The Government troops captured Petit Goave, after strong resistance, in which many lives were lost. Firmin's troops, in retreating from the place, set fire to and destroyed that town.

Break Through Rebels' Lines.

COLON, Colombia, Aug. 11.—No definite news has reached here of the battle between government troops and revolutionists at Agua Dulce, but it is said that General Berti, the Government leader, is still holding a strong position at Agua Dulce, and has been able to break through weak points of General Herrera's lines for the purpose of obtaining cattle. Government reinforcements from Savanilla are expected hourly at the Isthmus.

No Word From Missing Gunboat.

COLON, Colombia, Aug. 11.—Nothing has been heard of the government gunboat Boyaca, which has been missing since July 25, when she left Panama with 300 men on board to reinforce General Berti, at Agua Dulce.

FOUR THOUSAND ARE HOMELESS.

Petit Goave a Mass of Ruins From Fire Started by Revolutionists.

PORT AU PRINCE, Aug. 11.—The correspondent of the Associated Press visited Petit Goave yesterday and found that the town had been entirely destroyed, there being nothing left but a pile of ruins. About 4000 persons are homeless and are greatly in need of asistance. The greater number of them have sought shelter in the Simmonds factories, near the town. The French cruiser D'Assas arrived at Petit Goave yesterday with provisions for the sufferers and returned to Port au Prince with 200 women and children and 15 wounded men. The authorities refused to permit the Firminists to leave, fearing they would go to other points to take up arms again.

Each party accuses the other of having set fire to Petit Goave, but the general belief is that Chicayoe, the Firminist commander, resolved to destroy the town when he saw that he could not hold it against the Fouchardists.

A Port au Prince dispatch on Saturday last gave news of the burning of Petit Goave after an attack had been made on the place by Fouchardists.

According to that dispatch General Chicayoe, who is Minister of the Interior to the Firminist provisional government, set fire to the town and abandoned it.

A Complete Ministerial Victory.

COPENHAGEN, Aug. 11.—The Landsthing elections in the Faroe Islands resulted in a complete Ministerial victory. The campaign turned on the sale of the Danish West Indies to the United States, and the government captured all opposition. Other wards will hold elections next month. A good Ministerial majority is confidently expected. The treaty will be taken up soon after the opening of the Rigsdag, in October.

(At the last session those opposed to the sale of the Islands had a majority of three in the Landsthing.)

AMERICAN FORCE TO THE SCENE.

Americans in Venezuela to Be Protected From Rebels' Attack.

WASHINGTON, Aug. 11.—Minister Bowen at Caracas today advised the State Department that the Germans intend to land a naval force at Porto Cabello to protect German interests there, which are threatened by the uprising now in progress. The Minister advised that the United States follow suit. After a conference between the officials of the State and Navy Departments, instructions were cabled to Commodore Nicholas, of the Topeka, to proceed from La Guayra to Porto Cabello and to land a naval force in case of attack. The Topeka has left for Porto Cabello.

The trouble at Porto Cabello grows out of the uprising that has convulsed Venezuela for some time. It is directed against President Castro, and has kept the country in a state of ferment for many months. Minister Bowen recently sent word that President Castro was leaving for the front with the expectation of fighting a decisive battle with the insurgents. The latter have been gathering strength at Porto Cabello.

The American Consul at that point telegraphed recently that the lives of some of the American residents, including members of his family, were imperiled, and two of the ladies of the Consul's family were taken away in a Government ship. Since then there has been no word of a critical condition of affairs, but the dispatch of today indicates that a crisis has been reached.

There appears to be no question as to the right of the German naval forces to land for the protection of German interests. It in no way involves the Monroe doctrine. Germany has been keeping close watch on Venezuela for some months, and at one time contemplated taking a Venezuelan port in order to compel the payment of certain German claims.

The present landing of a German force has no connection with Germany's former movement against Venezuela, and the assurances heretofore given by Germany serve in the present case to show that there is no ulterior purpose behind the protection of German interests at Porto Cabello.

Dr. Wilson Safe at Bocas Del Toro.

WASHINGTON, Aug. 11.—The State Department today received a cable dispatch from Consul Gottschalk at Bluefields, saying that Dr. Russell Wilson is safe at Bocas del Toro and also that his mother will leave for the United States very soon. The State Department has never received any information from Nicaragua that Dr. Wilson had been under arrest there. The dispatch of Consul Gottschalk is interpreted as confirmatory of that of Dr. Wilson's brother in an Ohio dispatch, printed this morning, to the effect that his brother had not been under arrest.

Rebels Cut Cable at Barcelona.

WASHINGTON, Aug. 11.—Minister Bowen has cabled the State Department from Caracas, Venezuela, that the revolutionists have cut the cable at Barcelona. Minister Bowen says the cable was cut immediately after the receipt of a message stating that the revolutionists were entering the city.

Earthquakes in Corfu.

NEW YORK, Aug. 11.—A special cable dispatch to the Herald from Corfu says two earthquake shocks occurred there at five minutes before 5 o'clock yesterday (Sunday) morning, but no damage was done.

MUCH LIKE FREE TRADE.

Resolution Adopted by Colonial Conference of England.

LONDON, Aug. 11.—The final meeting of the Colonial conference was held today in Joseph Chamberlain's room at the Colonial Office. Consideration of the commercial relations of the empire, including preferential tariffs and the general fiscal policy, was continued, and a resolution on the subject finally was agreed to. Another resolution adopted provided for a uniform system of weights and measures throughout the empire.

The conference closed with a vote of thanks to Colonial Secretary Chamberlain. The proceedings of the conference will not be published, but the resolutions adopted will be issued shortly in a Parliamentary paper.

The resolutions include a recommendation to the Parliaments of the empire for imperial preferential trade in whatever direction this is possible. The resolution, however, recognizes that anything like free trade between the different parts of the empire is impossible for the present. An agreement was reported in favor of giving preference to British and colonial tenders as against foreign tenders in the allotment of public contracts. It was also agreed that the Australian contributions to the British Navy should be largely increased on condition that certain vessels in the navy may be officered and manned entirely by Australians at the local rates of pay, which are about 50 per cent higher than those prevailing in the British Navy.

STAND BY SISTERS.

French Towns Make Demonstration for Catholic Schools.

BREST, Aug. 11. — The prefect today called a meeting of the inhabitants of the towns of St. Moon, Lefolgoot and Ploudaniel, who having been resisting the closing of unauthorized congregationist schools by the authorities, in order to explain the situation to them and induce them to renounce their desperate resistance. The prefect said the agitation was casting discredit upon the country, and that his hearers could not imagine that three communes would be allowed to oppose the law. The prefect's speech was consantly interrupted with cries of "we will resist to the death; there will be bloodshed; we will allow ourselves to be massacred before we abandon the sisters."

Abbe Gayraud, Republican Catholic member of the Chamber of Deputies from Finisterre, replied to the prefect and said the agitation, far from discrediting the country, was uplifting in the eyes of the world. The only way to restore peace, said the abbe, was not to disturb the sisters. The meeting broke up with shouts of "long live the sisters and liberty."

Queen Presents War Medals.

LONDON, Aug. 11.—Queen Alexandra presented war medals today on the grounds of Devonshire House to doctors, nurses and others in the imperial yeomandry hospital service. The Prince of Wales and other royalties accompanied the Queen, who was welcomed by the Duke and Duchess of Devonshire, Earl Roberts, the commander-in-chief, General Lord Kitchener and others. Her Majesty was conducted to a stand where, under a canopy of blue and yellow silk, she handed the medals to the recipients.

Czar Will Liberate Students.

BERLIN, Aug. 12.—A dispatch to the Berliner Tageblatt from St. Petersburg says that the Czar has offered the liberation of all the students who were imprisoned at Smolenski in connection with the student disturbances which occurred in Moscow last February.

ATTEMPT TO FIRE A TOWN

Firebug Causes Loss of $25,000—Youth Is Under Arrest.

PEORIA, Ill., Aug. 11.—What is believed was an attempt to burn Peoria's business section was made about noon today.

Previous to this fire an attempt was made to fire the storerooms and offices of the Val Blatz Brewing Company, a few blocks away. A residence was fired early this morning. While the fire in a livery stable was raging the torch was applied to the roller mills of Horace Clarke & Sons, a few blocks away, and the entire plant was wiped out. The total loss is estimated at $25,000. The police have arrested Edward Flanagan, 20 years of age, on a charge of arson. They say they have direct evidence against him. When the Clarke flouring mills fire broke out, they say Flanagan was seen looking through a window and was seen to throw something into the building and then walk hurriedly around the block. He was followed, and after the firemen had arrived at the fire he returned and watched them work. He was watching the fire when the police arrested him.

CLOSE CALL FOR TENANTS.

Six People in Burning New York Bank Building Barely Escape.

NEW YORK, Aug. 11.—A fire early today in the Bank of New York building caused six persons to hustle for their lives. They occupied rooms on the top floor of the building, and were awakened barely in time to escape. The occupants of the floor were Mr. and Mrs. W. H. Smith, who are the caretakers of the bank building, and four colored men who are employed as attendants in the bank.

The fire was discovered simultaneously by the night watchman and three policemen. The watchman went up through the building and aroused the sleeping tenants on the top floor. The flames spread with such rapidity through the building that the blaze reached the roof almost as quickly as the watchman. The tenants did not wait for clothing, but got out as quickly as they could. By means of a shaft, the flames quickly spread through the three upper floors to the roof. Two alarms were sent in, and the firemen endeavored to keep the blaze confined to the bank building.

The Bank of New York's offices are on the first floor of the building. Many of the bank's books and records were stored in the room on the sixth floor, and these were destroyed. Much damage was done to the counting-room by water.

MURDERED IN COLD BLOOD

CORONER'S INQUEST OVER BODY OF MRS. BARTHOLIN.

Chicago Police Has Doubled Its Efforts to Locate Her Son—Important Witness Found.

CHICAGO, Aug. 11.—Developments today in the mysterious murders of Minnie Mitchell and Mrs. Annie Bartholin led the police to double their efforts to locate William J. Bartholin. At the Coroner's inquest, after the body of the older woman, which was found Saturday night crammed into the hole in the cement cellar of the Bartholin home, neighbors readily identified the corpse as that of Mrs. Bartholin. The burial today of Minnie Mitchell by her family removed all doubt in the public mind that the body in the field at Seventy-fourth and State streets last week was that of the young woman who was last seen with Bartholin.

Complete hearing over Mrs. Bartholin's body was postponed by the Coroner until August 21, in the hope that additional clews to the murderer may be obtained. Today it developed that Bartholin had quarreled with his mother just before she disappeared over the question of bringing his prospective wife to live at his mother's home.

Late developments today indicated that Bartholin may have made a careful survey of the field where Minnie Mitchell's body and clothing were found. William Waldrop told the police that on Wednesday, July 30, he met William Bartholin at Seventy-fourth and State streets within a few feet of the spot where the dead body of the young woman was found. Waldrop talked with Bartholin, whom he knew personally. The last he saw of him was when he boarded a northbound State-street car. It is supposed that the murder of Minnie Mitchell took place the same night. Bartholin's presence at the field where the body was found later gives color to the theory that the murder was planned in cold blood.

The police are using all their ingenuity to force Oscar H. Thompson, Mrs. Bartholin's principal roomer, to give additional information about the crime or crimes committed in the Calumet-avenue death house. They have been working on the theory that the Mitchell girl may have been killed there and taken in Thompson's laundry wagon to the lonely field. A test is to be made to prove this theory. The horse is to be started south and left to its own instincts in the hope that it will stop at Seventy-fourth and State streets.

Residents in the neighborhood of Forty-third street and Calumet avenue today filed a protest with the Police Department, stating that the crowds of curiosity hunters and rubbish occasioned by ransacking the Bartholin house were becoming a nuisance.

IMPORTANT WITNESS LOCATED.

Roomer Edwards Is in Denver—Why He Suspected Bartholin.

DENVER, Aug. 11.—Milton L. R. Edwards, who formerly roomed at the home of Mrs. Anna Bartholin, in Chicago, and for whom the police of that city have been looking in order to learn what he may know concerning the murders of Mrs. Bartholin and Miss Minnie Mitchell, is now in Denver. To a reporter of the Associated Press this morning he made the following statement:

"The reason they have been unable to find me is that I wrote Robert Mitchell, the brother of Minnie Mitchell, from Omaha, and told him why I had left Chicago so suddenly. I related to him the fact that I had become suspicious of the actions of William Bartholin, and decided that it would be unsafe for me to remain longer in Chicago. As soon as I read in an Omaha paper the story of the girl's murder I communicated with the brother, who is a personal friend of mine. I had been working in Chicago for the Chicago Junction Railway Company, which is connected with the Union stockyards. I was about to go on my vacation when the untoward actions of William Bartholin hastened my departure.

"Mrs. Bartholin had not been at the house for perhaps 15 days before I left. William Batholin, contrary to his custom, stayed about the house most of his time, and whenever I broached the subject of the welfare of his mother, or her whereabouts, he would immediately change the subject. Of course, I had no specific grounds on which to base any information for the police, but on the night of the 21st, as I remember it, I spoke to several of the neighbors of my suspicions.

"On that same night Mrs. Mitchell, the mother of the murdered girl, and her daughter-in-law, Mrs. Robert Mitchell, were callers at the house, and they wanted to know about William, who had not been seen for several days, and where Mrs. Bartholin was. At that time I told them of what I feared, and advised them to get a detective on the trail of Bartholin. If I had known that the body of Mrs. Bartholin was then lying under the floor of the basement of the house, I should certainly have informed the police.

"I did not know Bartholin very well, because he was rather uncommunicative. I knew of no motive that could have prompted the murder.

"Since I have left Chicago I have been more or less ill, and this was one of the reasons why I left Omaha. I am now in Denver for the purpose of securing employment. I have letters here from some of the influential men of Chicago, and other credentials showing my character. I served in the Spanish-American War and am a member of the Independent Order of Odd Fellows, Lakeside Lodge, No. 450."

Edwards Was in Omaha a Week.

OMAHA, Neb., Aug. 11.—Milton L. R. Edwards was in South Omaha all last week, and left there Saturday. He registered at the Rowley Hotel, in South Omaha, on the morning of August 2, and paid a week's board in advance. He had no trunk, but carried a grip. Edwards worked a few days in a South Omaha packing-house, but told the hotel clerk he was used to a better class of work, and that he was going to Denver.

STORY SON TOLD ROOMER.

Explained Mother's Disappearance by Saying She Was Out of Town.

TOLEDO, O., Aug. 11.—O. E. Hunter, a former roomer with Mrs. Annie Bartholin, found murdered in Chicago, is now in this city. He talks in a straightforward manner concerning his seven months' tenancy of the Bartholin house. He left Chicago on Friday, August 1, coming here in response to a letter from his brother, ex-County Treasurer Samuel A. Hunter. His story is this:

"To the best of my recollection, the last time I saw Mrs. Bartholin was on July 4, when I paid her my rent. I hardly ever saw her, except on pay day. I often met young Bartholin at a cigar store. He appeared to be a popular young fellow, well esteemed in the neighborhood."

Mrs. Bartholin disappeared on July 8, and two or three days after that Hunter says he met Will, the son, and asked where his mother was, as his (Hunter's) bed had not been made. Young Bartholin said she had gone to Michigan, and that he would see that the room was attended to regularly, which was done.

"July 28 was my next meeting with Bartholin," continued Hunter. "He said his mother had not yet returned, that the gas bill was due, and requested some money. I paid him $2. This was the last I saw of Bartholin. On July 31, a Mr. Thompson, who had been rooming in the house for 17 years, notified me that Will had gone away to get married, and that as nothing had been heard of the old lady he would close up the house. I left the next day for Toledo.

"The relations between Mrs. Bartholin and her son appeared all right during the time I was in the house," said Hunter.

Fraternal Order Shielding Him.

CHICAGO, Aug. 11.—Police Inspector Hunt, who has the Bartholin case in charge, tonight made the statement that a fraternal organization is shielding William Bartholin and baffling the efforts of the police to find him. The Inspector refused to give the name of the organization, and would not describe the methods it was using to protect Bartholin. He clung to the statement, but would not make other charges than of the most general character.

Probable Whereabouts of Bartholin.

GUTHRIE, O. T., Aug. 11.—The wires have been hot tonight between Guthrie and Chicago, the authorities there trying to locate William Bartholin, whom they believe came to Guthrie to join Harry Church, a former boarder at the Bartholin home in Chicago. If the men are here they are using assumed names, but the local officers are exerting every effort to locate them.

THROWS STONE THROUGH WINDOW

Trenton Business Man Is Believed to Be Insane—Under Arrest.

TRENTON, N. J., Aug. 11.—William J. Lee, who recently purchased the Phoenix Iron Works, of this city, was arrested today for throwing a stone through a window of the Trenton Trust & Safe Deposit Company. Lee will be held for a few days with the expectation that his family will have his sanity inquired into. Lee was an estimator for the New Jersey Steel & Iron Company for a great many years until displaced when the plant was sold. The police have a letter written by Lee, in which he threatens violence to State Treasurer Briggs, whom he holds responsible for his not having received a contract. Lee was arrested some time ago for throwing a stone through the window of the residence of President Mumper. He denied the charge, but was held for the grand jury. He has recently been writing letters to the local papers, attacking the big steel companies. In one of them was an invitation to Judge Reilstab to appoint a commission to inquire into his (Lee's) sanity. Lee is a man of some means.

WARRANTS FOR CATTLEMEN.

Charged With Making War on Homesteaders in Oklahoma.

GUTHRIE, O. T., Aug. 11.—Warrants were issued today by the United States Attorney for the arrest of eight prominent cattlemen of Western Oklahoma, charged with conspiracy in attempting to defeat the rights of homesteaders in the war waged against the farmers by the cattlemen for the possession of the extensive Government pasture ranges. The cattlemen are charged with driving away and killing stock, waylaying and shooting their owners, burning the houses of homesteaders, and destroying their crops and lands.

Cattlemen Resist Arrest.

GUTHRIE, O. T., Aug. 11.—Deputy United States Marshal Mundy returned tonight with one cattleman prisoner, Thomas Tyron, who is under $15,000 bond for participating in the cattle war on homesteaders in Western Oklahoma. He is one of eight for whom Federal warrants were issued. An armed posse of cattlemen prevented the deputy from serving but two warrants, and he returned here for advice and help. The Spear brothers, Frank and Ed, prominent cattlemen, resisted arrest by members of the posse.

For Removal of Suspects.

BUTTE, Mont., Aug. 11.—Judge Knowles today signed an order authorizing the removal of J. R. Kelsey to Kansas City, Mo., and Walter Ennis to Oklahoma. Kelsey is wanted for forgery, and Ennis for forgery and grand larceny. They will leave today or tomorrow.

CHEN AT OYSTER BAY.

Distinguished Chinese Pays President Roosevelt a Visit.

NEW YORK, Aug. 11.—Prince Chen, accompanied by Assistant Secretary of State Pierce, Wu Ting Fang, the Chinese Minister to the United States; Sir Liang Chen Tung, the new Minister, and the secretaries to the Prince and Mr. Wu, went to Oyster Bay today to visit President Roosevelt at Sagamore Hill. The party boarded the gunboat Sylph shortly after 9 A. M., and the vessel sailed a few minutes later.

The visit of the party to Sagamore Hill was very interesting and delightful, both to the President and to the distinguished Chinamen who were his callers. The visitors particularly appreciated the thoughtfulness and consideration of Mr. Roosevelt in sending the Sylph for them, and so expressed themselves to him. The visit was social in its nature. Prince Chen took occasion to express to the President on behalf of the Emperor of China the deep sense of gratitude the Chinese people feel toward the United States because the army of this country protected and really prevented the destruction of many handsome palaces in the City of Pekin during the troubles there two years ago. He also expressed the hope that the bonds of amity and commerce between the United States and China might become closer and closer as time went on. To this the President responded that it would be his effort by all means at his command to promote the good feeling at present existing between the two countries, as well as to improve the commercial relations.

The party left on the return to this city on the Sylph shortly before 3 o'clock. Senator Burrows accompanied them here.

Prince Chen and his suite returned on the Sylph early in the evening. Tonight they were the guests of President Roosevelt at a dinner at the Waldorf-Astoria. The President was not in attendance, but he was represented by Third Assistant Secretary of State Pierce. At the dinner Prince Chen toasted the President, and the new Minister, Chen Tung Liang Chiang, toasted Mayor Low, who was represented by his secretary, James B. Reynolds. Mr. Pierce toasted the Chinese Emperor. During the evening a delegation from the American Asiatic Society paid their respects to the Prince. The Prince and his party will leave tomorrow night for Niagara Falls.

LOADED STAGE TURNS OVER

Runaway Results in Five People Being Injured, One Fatally.

GEORGETOWN, Colo., Aug. 11.—The Grand Lake stage was wrecked near Coulter, five miles north of this city, today, and five persons hurt, one fatally. The injured are:

Louis Lafty, driver, internal injuries, will die; Mrs. J. Throckmorton, Georgetown, wrist broken and knee dislocated; Miss Allie Tab, St. Louis, Mo., left leg broken; Mrs. L. Bradley, Kansas City, Mo., three ribs broken; unknown man, head cut.

The stage was well loaded with passengers, most of whom were tourists en route to Grand Lake, a mountain resort in Middle Park. Near Coulter, the horses became frightened and got beyond the control of the driver. The stage was overturned and badly wrecked. There were a number of other passengers, but they escaped with a few bruises.

Ecuadorean Congress Named.

GUAYAQUIL, Ecuador, Aug. 11.—The Ecuadorean Congress was installed at Quito yesterday at noon. Aurelo Noboa was named the president of the Senate and Jose Julian Andrado was named president of the Chamber of Deputies.
